

## VOTERS PILED UP IN BAL RUNAWAY.

Carriage Load of Citizens Came to Grief on West Temple This Noon.

## C. PAUMIE'S LEG WAS BROKEN.

Woman, However, Escaped, Without Sustaining Any Serious Injury.

C. Paumie, proprietor of the Parlan Dye Works on west First South street, was thrown from a runaway team this noon, at the intersection of West Temple and Second South streets, and suffered a broken fibula bone in the right leg. J. M. Abernathy and a woman who were in the conveyance were also thrown into the street, but escaped injury.

It was a two horse team belonging to Fox's livery stable, and was taking voters to the polls. The young man in charge, was driving down West Temple street, with Mr. Paumie on the front seat with him, when the driver gave the left horse a cut with the whip. This started the horse, and the other was not slow in joining his mate in an escape. The driver claims that he would have stopped had he not been for Paumie's catch. As it was, this interference, the driver says, started the horses directly into the pole at the corner of the street intersection. The collision let the team free and threw the occupants unceremoniously into the roadway. Paumie's leg struck the pole and was broken. He was carried into Hill's drug store where Dr. W. S. Elmer, Beck ascertained the nature of his injuries and sent him home to be cared for. He will be laid up for several weeks.

## THIS IS NOT SECTARIAN.

Dr. Paden to Address School Teachers On Cruelty to Animals.

At the meeting of the principals of the city schools this afternoon at 4 o'clock, Dr. Paden will deliver an address in support of the "Friends of Mercy," which are being organized among the school children for the prevention of cruelty to animals.

Laxative Bromo Quinine removes the cause. Get the genuine call for the full name and look for signature of E. W. GROVE, 25c.

## POSTOFFICE RUSH.

Heaviest Busy in History of Salt Lake Is Predicted.

The postoffice is already laboring with the holiday rush, and present indications are that the heaviest business in the history of the office will be done this month. There is an especially marked increase in the money order and registry departments, and a great deal of money is being sent to foreign countries. Another notable feature of the rush is the advent of periodicals, which are being sent into this state in large quantities. This is making it the more onerous for the carriers, who are already bent down under the ever-increasing load. Postmaster Thomas calls attention to the fact that the blocks of this city are 10 acres lots, and it requires time for carriers to cover such districts particularly when they are heavily loaded.

## ASSAULT AND THEFT.

Complaints Issued in Which Jamison Is Complainant and Defendant.

John Jamison is complaining witness in one complaint issued by County Attorney Whitaker yesterday and defendant in another. He charges Henry Roberts with assaulting him with a butcher knife on last Friday. In another complaint E. T. Rice charges Jamison with stealing some hogs from him valued at \$20.

## E. R. GROW IN TROUBLE.

He is Accused of Obtaining Money Under False Pretenses.

County Attorney Whitaker has issued a complaint charging E. R. Grow with obtaining money by false pretenses. It is charged that Grow and his wife executed a chattel mortgage in favor of A. Heyman and that they later sold the goods mortgaged with intent to defraud the complainant.

## BOARDER REPORTED.

Landlady Who Reads the "News" Writes the Board of Health.

The secretary of the state board of health is convinced that the "News" is widely read. Some time ago, it was published in this paper that the state board would examine free, specimens of sputa from persons supposed to have tuberculosis. A reply and sample was received from Norway later, as was noted in the "News," also a specimen from Raymond, Canada, the sputa in the latter case being found free from bacilli. And now comes a communication from Mrs. Lily De Wolf, proprietor of a boardinghouse containing a specimen of the sputa of a boarder who, she fears has consumption. Secy. Beatty examined the specimen and finding it a clear case of tuberculosis, so notified Mrs. De Wolf, giving also the instructions necessary for the protection of her boarder and the rest of her household. But for this offer of the state board being known this patient would have continued to endanger quite a number of people before his real condition was discovered.

## TRIBUNE, OF COURSE.

Another Weird Story Flattens Out Upon Investigation Today.

Pauper Clerk James Sabine of the board of county commissioners takes issue with the statement made in the Tribune this morning in regard to the refusal of Commissioner Standish to render assistance in a case of destitution which was reported to him yesterday. At about 11 o'clock yesterday it was reported to Mr. Sabine that Mrs. Sophia Kindgren and her daughter, who reside at 138 Park street, were in need of assistance, and that they had been refused medical attention. Without delay the case was reported to the commissioners. Mr. Sabine states that Dr. Odell called upon the girl at the

## TIM GOT SCALDED.

City Prisoner's Experience With an Air-Tight Can of Coffee.

Tim Sullivan "doing" 30 days for vagrancy in the city jail, is in dire straits and disgrace, and all because of his craving for coffee. The other night he took from the table a can of coffee into his cell. This is a privilege sometimes allowed to prisoners.

The next morning Jailer Kimball was amazed to see Sullivan nursing a badly burned face, and for a time it looked like the man would lose an eye. His face was burned to a blister.

After much questioning he told his story.

He said he had the coffee in an air-tight can, and with the use of some paper he made a fire in the cell to heat the coffee. The liquid was soon boiling and when Sullivan removed the top of the can there came a sort of a volcanic eruption and Tim got the full force of it in the face. He is now troubling Jailer Kimball hourly for more vasoline.
