$40,000 Fire.

NEW YORK, 6. — The Morton House stables, at Indian Harbour, Conn., were destroyed by an incendiary this morning; thirty-six horses and a large number of carriages were burned. Loss, $40,000.

Fined.

Jay Gould and forty-seven others were each fined $250 to day, for failing to answer when called on the list of petit jurors.

Not a Fool but a Knave.

A decision was given to-day, in the suit of Catherine Nesta Ennismore Hicks, Countess of Heinreactha, against Robert Martin and others, executors of Daniel Marly. The plaintiff's story is that Daniel Marley, Senr., was her banker; that he owes her about $50,000; that by arrangement with him she gave him a release, and sues for accounting and setting aside of this release. Plaintiff was an Irish girl. Judge Van Brunt, in his decision adverse to the plaintiff, says the case, when submitted to him, was almost impregnable, but a careful examination of the accounts shows that the evidence is made up of falsified accounts, of forgeries, and of perjury, and prepared with so much art as to escape the attention of counsel for defendants. The plaintiff is not a fool, although the case shows her to be a most accomplished knave.

Forced Out.

Some time ago Elias Brothers, of New York, took a lease on the Marion watch factory, at the West End, and entrusted the management to Frederick Giles, of Giles, Wales & Co., who formerly owned the place. Last Saturday, Elias Brothers dismissed Giles, but he refused to leave, claiming to own the machinery in the west wing. During his absence 300 men, employed by Elias, took possession of the factory, and when he returned drove him from the grounds with pistols and stones. Yesterday the same party removed all the machinery and placed men to guard it, so that Giles could not recover possession.

The A. and P. Telegraph Co.

The Executive Board of the Atlantic and Pacific Telegraph Company held a meeting, to-day. The directors say the total indebtedness of the company does not exceed $10,000, and instead of the company being debtor to Jay Gould, the company is his creditor to the extent of $50,000. A resolution was passed, and funds provided for the rounding out system of lines, especially in the northwest.

The Bark "Courser" in Distress.

The bark *Courser*, of Brooklyn, at Valparaiso in distress, reports the loss of Clem Ruck, the second mate, and Sylvester S. Dobbins, Samuel Solder, John Gray, and W. S. Roberts, seamen, during a heavy gale on May 10th.

Returned to Work.

The striking Silk Weavers of the two Patterson, N. J., establishments, returned to their employment, to-day, leaving still out the employes of one establishment. The strike is practically ended.

Crop Report.

KEOKUK, Ia., 6.—The *Constitution*, this evening, publishes a report of the condition of the crops throughout Des Moines Valley, extending from Keokuk to Fort Dodge, from which the following summary is made: Wheat, above the average, crop of good quality; Oats, heavy yield, average forty to sixty bushels per acre; Corn, with favorable season, will have more than an average crop; Rye and Barley but little sown, good yield, good quality. On the whole the prospects are very flattering.

Whiskey Suit

ST. LOUIS, 6.—A civil suit for damages was filed, this afternoon, in the United States Circuit Court by the United States Government against Wm. Kee. The action embraces 1,653 counts, for $1,490 each, aggregating $2,314,200. These counts are all alike in form except that the name of different distilleries is inserted in each, charging with the unlawful removal of distilled spirits, and also charging the defendant with aiding and abetting in the removal of said spirits, which act rendered him liable to the above penalty. Assistant District Attorney Dennison says, it is expected that about half a million of dollars will be recovered. The suit will probably re-open the entire proceedings of the whiskey ring, from 1871, as each removal of spirits will have to be proved separately before judgment can be secured.

$40,000 Fire.

The St. Boniface Hospital, situated about seven miles south of St. Louis, was totally destroyed by fire this morning. All the patients were safely removed. The building and furniture cost $40,000.

Arrested for Forgery.

NASHVILLE, 6.—A special to the Nashville *American*, from Cowan, states that John L. S. Robertson, *alias* Captain G. Robertson, charged with having, six years ago, committed forgeries in Iowa, to the amount of $100,000, was to-night placed in custody at Cowan, Tenn., to be taken to Iowa.

Considerable Shooting.

CINCINNATI, 6.—A special from Hopewell, Greenup County, says a fight occurred this afternoon, between David Floyd and his two sons and Dick Floyd, an old man, aged eighty, on one side, and Joseph A. Martin and his two sons on the other. David Floyd was shot through the bowels, and Dick Floyd was shot in the forehead. The Floyd boys were both shot, one it is thought fatally, but the extent of the others is not known. The affair originated in a dispute between the parties in June last.

Forest Fire.

BUFFALO, 6.—A fire is raging in Cedar Bush, near Bertie Station, Canada, about nine miles from this city, on the new Trunk Railroad. Six miles have been burned over.

No Sign of Returning.

SCRANTON, Pa., 6.—Two hundred and eighty regulars arrived, to-day, relieving the National Guards. The miners of Delaware, Lackawanna, and the western counties show no sign of returning to work, and threatening letters continue to be addressed to mechanics, who are thought to be in favor of going to work in the car shops.

$75,000 Fire.

MURFREESBORO, N. C., 6.—The main building of the Wesleyan Female College was burned, last night; loss $75,000, insurance $30,000.

WESTERN.

Affairs in Mexico.

SAN FRANCISCO, 6.—A San Diego press dispatch says: A special from Tucson gives news from Maymas to the 26th, and Hermosillo to the 30th of July. Letters from the City of Mexico say: "The Generals of Vallejo and Frisble have created general distrust there, and it is predicted that their mission will be a failure. At Mexico there were fools enough to talk annexation and non-recognition of Diaz. Leading Mexicans are represented as much against them. Regarding railway matters the report says, that it was stated to Ferguson, representing the commissioner approved by Diaz, that Stanford did not want the Sonora franchise and would not give a dollar for one; also that Ney privately told Diaz that Stanford did not want it.

R. C. Hopkins and Beraine of San Francisco had just arrived through Sonora. Hopkins says, there is a bad feeling among the people. A revolution is almost certain. Gov. Mariscal is a nephew of Lerdo's minister, Mariscal at Washington, hence Diaz is regarded unfavorable, and it is expected that Gen. Huerta, sent to Sonora by Diaz, will declare the late elections void. The good people are generally satisfied with Mariscal, but it is thought that Diaz and Huerta favor Pesqueira.

FOREIGN.

GREAT BRITAIN.

A Celebration and a Row.

BELFAST, 6.—The Nationalists, to-day, held a demonstration, celebrating the birth of O'Connell. Disturbances occurred in several parts of the town. Some houses were wrecked and a number of persons wounded. Up to a late hour the military, infantry and cavalry were patrolling the streets.

Eastern War News.

LONDON, 6.—An official dispatch, published in St. Petersburg, admits the loss of upwards of 5,000 men at Plevna, including one colonel killed, and a major general and two Colonels wounded. The dispatch admits that General Gourko has been obliged to retreat.

A Zara special says, after seven hours engagement, on August 4th, the insurgents, under General Despotovich, were defeated with great loss. Despotovich with 300 followers crossed the frontier, into Austrian territory, where he was interned and disarmed.

Russian reinforcements numbering 15,000, have crossed the frontier and occupied a strong position to the north of Ani, thus threatening the right flank of the centre of the Ottoman army. The Russian centre is divided into three columns at Ani, Golveran and Kurukdara. It numbers in all sixty-eight battalions of infantry, sixteen batteries, and 8,500 cavalry.

Ismail Pasha is about one hour's march west of Bayazid.

General Tergukassoff is on the frontier at Karadoulok with eighteen battalions of infantry, seven batteries, and seven regiments of cavalry.

Information has been received that the Porte has decided to retain more than 10,000 men in Thessalia and Epirus. Considerable bodies of troops from the provinces have been sent to Adrianople.

A telegram from Bucharest announces that Mehemet Ali and Osman Pasha have defeated the Russians at Tirnova, with a loss of 15,000 killed and wounded. The Czar has gone back to Fratesshti.

It is officially announced that it has been decided to form a camp of 70,000 men, near the capital in consequence of the recent appearance of the Russian steamer *Constantine* off Kilia, near the mouth of the Bosphorus. A corps of observation has been sent thither. Admiral Hornby, commanding the British fleet at Besika Bay, has visited the fortifications of Gallapi.

In consequence of the Turks showing no disposition to pursue, the orders first given to Prince Schackosky and Gen. Krudener to retire on the Osma river, have been countermanded. They have taken up their positions occupied before the battle.

Prince Schackosky's headquarters are at Poredin, and Gen. Kruedener at Tirstinik. They have their front, and are able to thwart any attempt of Osman Pasha to advance.

The Austrian ambassador had a confidential audience on Saturday with Katenia Bey, President of the Council of State. The latter is said to have intimated that the Porte, in spite of the late successes, was firmly convinced that the war was really a misfortune for the world. If Russia only demanded autonomy for Bulgaria, under Christian governors, the Porte would agree to make peace.

Orders have been issued for mobilizing the first class of militia to be ready in eight days. The officers and surgeons must be prepared in forty-eight hours to start for their destinations. Everywhere munitions and provisions are being quietly collected. The Red Cross Society is hastily preparing all necessaries.

Minister Bistias is to go on a mission to Vienna.

Prince Milan, when at Ploiesti, received permission from the Czar to participate in the campaign.

NET WOMEN OF THAT KIND.—General Wm. H. French, lately relieved of his command in West Virginia, for his irascible temper, has a facial affection which frequently causes a sudden contraction of the muscles, and gives him the appearance of winking with both eyes at once. On the march to Gettysburg, in the latter part of June, 1863, the general, accompanied by his staff, rode up to a Maryland farm house which he proposed to make his headquarters for the night. Several females appeared at the door, when General French inquired: "Ladies, can you accommodate me and my staff for the night?" at the same time discharging one of his double-barreled winks. The lady of the house, starting back and casting a frightened look at her companions, turned upon the general, and with all the asperity she could summon, replied: "Sir, you have made a mistake. We are not women of that kind!" "Who the h—ll said you were?" roared the general, with another double wink; "I am General French, of the Union army, and we simply want shelter for the night." There was a sniggle among some of the general's staff, when he turned about fiercely and demanded to know who had laughed, threatening to put the offender under arrest for his levity. Matters being explained, the ladies granted him the permission requested.—*Washington Star, July 24.*

—The American after-dinner orator in England will soon be able to say: "Speaking the same language, glorying in the same literature, of the same blood, and subject to the same potato bug," etc.—*Cincinnati Commercial.*

THE WORLD RENOWNED WILSON RECEIVED AT THE GRAND PRIZE MEDAL AND DIPLOMA. CENTENNIAL EXPOSITION 1876.

As the Best Family Sewing Machine.

Its competitors receiving only an award for some special feature of their machines.

The World-renowned Wilson Shuttle Sewing Machine

Has unlimited Capacity to do all kinds of Family Sewing and Manufacturing

ITS PATENT AUTOMATIC "CUT OFF" on the hand wheel prevents the machine from running backwards, and obviates the necessity of taking the work from the machine to wind thread on the bobbins, which must be done with all other Sewing Machines, to the great annoyance of the operator, especially in tucking, hemming and ruffling. It does one-third more work in a given length of time than any other Sewing Machine.

It Cannot Get out of Order, and the Adjustments are Absolutely Perfect.
