

## MOYER GETS WRIT OF HABEAS CORPUS

Gov. Peabody, Gen. Bell and Capt. Wells Must Show Cause Why He is Detained.

ISSUED BY U. S. JUDGE THAYER

Prisoner Must be Produced July 5 in St. Louis—Turned Over to Sheriff Of San Miguel County.

St. Louis, June 15.—United States Circuit Judge A. M. Thayer, sitting in chambers, has granted a writ of habeas corpus to have Charles H. Moyer, president of the Western Federation of Miners, brought before him on July 5. The writ is directed against Gov. J. H. Peabody of Colorado, Adj. Gen. Bell and Capt. Bulkeley Wells of the national guard. The three have been cited to appear with Moyer and show cause why Moyer is being restrained of his liberty by being confined in a stockade, or better known as "the bullpen," at Telluride, Colo.

Today Atty. Hawkins and Richardson of Denver arrived in St. Louis and went direct to the federal building, where for more than three hours they laid the case of Moyer before Judge Thayer.

Their arguments were that the prisoner was being held in the "bullpen" without any law or authority and was being restrained of his liberty. At the conclusion of their arguments Judge Thayer granted the writ asked for, making it returnable July 5.

Gov. Peabody declared to a group of newspaper men at 5 o'clock this afternoon that he had not yet been informed of the action of Judge Thayer at St. Louis in the Moyer case. He further said that orders to the civil authorities for Moyer's release had been prepared early today and a telegram was sent to Capt. Wells at Telluride this morning to deliver Moyer to the civil authorities at once.

Atty. Gen. Miller also says that the orders concerning Moyer and martial law at Telluride were decided upon early today. About noon a newspaper man, who had heard of the St. Louis proceeding through officials of the Western Federation of Miners here, apprised the attorney-general of the matter. The latter hastened to the governor's office and upon returning to his own quarters in the state house the attorney-general said that he was anxious to find out whether or not the orders concerning the Telluride situation had gone forth. He also said that he had made no mention to the governor of the habeas corpus action brought before the United States court at St. Louis. The point is raised as to whether the action of the governor today in ordering Moyer placed him in contempt of the order of Judge Thayer of St. Louis.

SHERIFF HAS MOYER IN CHARGE.

Telluride, Colo., June 15.—Capt. Bulkeley Wells delivered President Moyer of the Western Federation of Miners, who had been in the bullpen here for several months, to the sheriff of San Miguel county here, at 4:15 this afternoon. In pursuance of telegraphic orders from Adj. Gen. Bell, Capt. Wells says that he acted on instructions as soon as they were received.

MINERS MUCH PLEASED.

Denver, June 15.—Satisfaction was expressed about the headquarters of the Western Federation of Miners when it became known that Judge Thayer of the United States Circuit court at St. Louis had taken up the Moyer case.

Vice President Williams said: "It is all the more satisfactory because the whole affair will be reviewed from beginning to end, including the decision of the supreme court of this state." James Kerwin of South Dakota, who has been retained as assistant secretary on account of the illness of Percy Haywood, said:

"We consider the action of the governor in hurriedly transferring the custody of Moyer as a confession of weakness and evidence of his fear to have the federal authorities assume jurisdiction."

MARTIAL LAW AT AN END.

Denver, June 15.—Gov. Peabody today issued an order declaring martial law in San Miguel county at an end, directing the release of the troops from duty, and instructing Capt. Bulkeley Wells, in command of the troops, to turn over to the civil authorities President Charles H. Moyer, of the Western Federation of Miners, now a prisoner in the bullpen at Telluride. Gov. Peabody said that these orders were issued before he had any knowledge of the action today of Judge Thayer of the United States circuit court of appeals at St. Louis, directing that Moyer be produced before him in St. Louis on July 5.

It is understood, however, that the order did not go into effect in San Miguel county until 9 o'clock tonight when it was publicly read in Telluride by Capt. Wells.

GEN BELL A LITTLE SORE.

Colorado Springs, June 15.—Adj. Gen. Bell while here was interviewed on the Moyer suit in the United States circuit court at St. Louis. Bell said:

"Mr. Richardson, who has brought suit in St. Louis, knew 10 days ago that the civil authorities or turning him loose before this. This action was to have been taken last Tuesday, but Cripple Creek has occupied the time so much that we had to let San Miguel county go temporarily. Gen. Peabody was in St. Louis when the supreme court rendered the decision. We were waiting for that decision before turning Mr. Moyer over to the civil authorities and had not the independence catastrophe occurred 10 hours before the supreme court rendered its decision Mr. Moyer would have been released from our custody and would have been at an end in San Miguel county by the end of last week. Mr. Richardson knew this but he seemed to be anxious not to have Mr. Moyer turned over to the civil authorities."

A POSSIBILITY.

That Becomes a Fact and Pleases Many People.

A. R. Lewis, M. D., in a lengthy article in the columns of the American Journal of Health says concerning hair: "Its deterioration is a constant source of worry to humanity, consequently bald people are readily deceived by 'fake' hair restoratives. The wish that a hair preparation will give the bill is rather to the fancy than to the fact. It is likely to be a rare case in point is that of Newbro's Herpetide, which actually loses 'all the bill.' It destroys the parasite that attacks the hair root, and prevents dandruff, falling hair and baldness." Sold by leading druggists. Send 10c. in stamps for sample to The Herpetide Co., Detroit, Mich. ## Danger!

Headache, Trembling Hands, Twitchings, Irritability, Are Signals.

Not every headache is a sign of nervous break-down.

But, if you suffer often from headache that seems to re-occur at intervals, nervous or brain trouble is very evident.

Again, if you can't hold a pen to paper without trembling or twitching, there's a screw loose somewhere.

Or, if you seem irritable and cross without cause.

All these are signs and symptoms.

Not necessarily that you are dangerously sick—but, at any rate, sick enough to need Dr. Miles' Nerve.

The danger lies in neglecting the slight symptoms.

Some of these signs are Sleeplessness, Dizziness, Excitability, Loss of Memory, Fretfulness, Headache, Melancholy, Nouralgia, Muscular Twitchings.

Do not neglect them. Begin to take Dr. Miles' Nerve.

"For five years I have suffered terribly from nervous prostration. I tried one physician after another, but received no benefit. I continued to grow worse until I was afraid to be left alone and despaired of ever being cured. Three months ago I was induced to try Dr. Miles' Nerve. After taking the first bottle I felt so much better that I was greatly encouraged. I continued to take until I had taken three bottles, and am now in better health than I have been for years."—MRS. WHO ARE DEPORTED.

Only Those Who Have Sympathy With the Federation.

Cripple Creek, Colo., June 15.—Since the deportation last night of 38 union miners there remain in the city and county jails and the military guard houses in this city and Victor, about 75 against whom no charges have yet been filed. Many of these men, it is said, will be charged with murder, rioting and inciting to riot, and some are held as witnesses. District court is now in session, with Judge W. P. Seeds on the bench, but the criminal cases cannot come up until the next term, in September, unless a special venire is decided on, and it is a question whether the cases can be prepared before the convening of the regular session.

Judge H. A. McGarry, a member of the committee which investigated the records of prisoners and determines, subject to Gen. Bell's approval, what shall be done with them, explained the reason for deportations as follows:

"We are not deporting any criminals nor yet any who might make good witnesses. The only difference between those deported and those remaining is in their expressed sympathies. Those who are on the wrong side of the federation question have to go. Otherwise they are just as good men as many who are permitted to remain in their homes."

A secret investigation preliminary to the preparation of a case against the prisoners held in connection with the independence disaster was conducted by Dist. Atty. Henry Trenchard and Deputy Dist. Atty. Sam D. Crump today. Several witnesses were examined.

St. Louis, June 15.—The knights and ladies of security in biennial council elected officers as follows:

W. B. Kirkpatrick of Topeka, president; J. W. Dempster, vice president; E. G. Miner of Topeka, and W. J. Combs of Emporia of the executive committee; Rev. T. Martin of Baldwin, Kas., prelate; Mrs. Mary E. Merry of Los Angeles, conductor, and Mrs. Amanda McGinnis of St. Louis.

Denver was unanimously chosen as the place to hold the next biennial council.

Victims of Paralysis.

Eastport, N. Y., June 15.—The fourth victim of paralysis within 48 hours in this place, three of whom were members of the same family, has been stricken.

Mrs. William Gordon received a stroke Monday afternoon and died an hour later. Mr. Gordon was standing by the body of his wife Monday evening, when he, too, was stricken with paralysis.

Tuesday morning Mrs. Edgar F. Howell was preparing the body of Mrs. Gordon prior to its being placed in a casket, when she fell unconscious by the side of the dead woman.

Irene Gordon, whose home is in Patchogue, went to Eastport yesterday morning to view the body of her mother and to look after her father, who is still unconscious. Immediately after his return home he suffered a stroke of paralysis and there is little prospect of his recovery. His father, it is feared, cannot live. Mrs. Howell is the only one of the three whose recovery is looked for.

The residents of Eastport and nearby villages were so shocked by the strange fatality that many of them were afraid to attend the funeral of Mrs. Gordon.

Want Persons Guilty of Committing Crime Under Pretext of "Military Necessity" Punished.

Springfield, Ill., June 15.—The following addresses were sent to President Roosevelt and to President Compers of the American Federation of Labor tonight by officers of the Illinois Mine Workers' union:

"In behalf of 50,000 union coal miners, comprising the United Mine Workers of Illinois, embracing all miners engaged in the production of that important commodity which constitutes a large share of the commercial interests of the state of Illinois, we, their executive officers, appeal to you as president of the United States, asking that a thorough and searching investigation be made at once, and that immediate steps be taken to punish the parties guilty in Colorado under pretext of 'military necessity,' 'law and order,' etc., and that a men be protected in their inalienable rights as guaranteed by the laws and constitution of our country."

"We feel that the parties in power are going beyond the limits of human endurance in closing the mines and exiling the men of Colorado from their homes and from their wives and families, for no other reason than their membership in a labor union."

"Respectfully yours,

"H. C. PERRY, President.

"W. E. SMITH, Vice President.

"Springfield, Ills., June 15, 1904.

F. of L., for the purpose of considering the Colorado situation and taking such steps as may be deemed necessary to curb the murderous, despotic, un-American and unconstitutional acts of the military-mad official of that western commonwealth."

URGED TO INTERFERE.

Butte, Mont., June 15.—President Roosevelt will be urged by 15,000 Butte miners to interfere in the present deplorable state of affairs in Colorado. The Butte Miners' union is the latest organization to ask the nation's chief executive to act, and his reply is anxiously awaited. A message was drafted and by a unanimous vote was ordered sent to President Roosevelt without delay.

Very Annoying to Some People.

People that are known to be weak and sickly, by their neighbors, are asked the question every day whether they are feeling better. Do you feel stronger? Are you gaining flesh? Their friends know if they are gaining flesh, it is one of the sure signs of returning health. If they can only get a remedy that will make solid healthy flesh, recovery is assured. People with nervous trouble, loss of flesh and strength, no ambition, languid, and always tired have this watery blood. The food they eat does not nourish them, it does not make blood. If after each meal they could take Dr. Cassin's Blood and Nerve Tonic, their food would be turned into rich, red blood, making solid flesh and strength. The tablets are sold in boxes by all druggists for 75 cents or 3 boxes for \$2. People who use this Tonic gain in solid flesh from 10 to 2 lbs. per week, they feel better and know they are on the road to health. For sale by Z. C. M. I. Drug Dept.
