

GREAT INTEREST IN COMING MEET

B. Y. U. Athletes of Provo Are
Working Hard to Beat
U. of U.

LATTER WILL HAVE TO HUSTLE.

If They Neglect Their Training They
May Be Given a Few Dizzy Sur-
prises by Opponents.

As the time draws near interest in-
creases both in Salt Lake and at Provo
in the track and field meet scheduled for
next Saturday at the Garden City between
the U. of U. team and the B. Y. U. team.
They each and every event on the pro-
gram will be hotly contested there can be
no doubt, and the winning team will
have to come pretty close to breaking a
few state records.

The Provo athletes are full of con-
fidence that they will land the greater num-
ber of points, and while they are not
saying much, or doing any boasting, they
certainly are working hard to condition
themselves for the struggle with the east
benchers.

Coach Teezel, a Michigan man from the
same school Maddock hails from, is work-
ing hard with his men, and he believes he
understands all their weak points. He is
doing all he can to strengthen them.
There are some events which he is con-
fident of taking first points in, and he will
make a determined effort to land enough
to win the meet. This is the first year
that Provo has had a professional coach,
and the boys are making the best of the
advantage.

They feel sure of three firsts with
Adams. He will surely win the pole vault,
they say, and it is believed he will also
be there with the high and broad
jumps. Teezel has also developed a cou-
ple of exceedingly fast sprinters who, it
is believed, will make the local runners
go as they have never done before. There
is some good material in the hurdles, too.

While Provo has had a professional coach,
Maddock's men are also confident, but it is
reported that some of the boys are not
paying as much attention to their training
as they should do. If this is true, they
had better follow the advice of Maddock
and keep hard at work all the time, for
they cannot afford to take any chances
with the Provo bunch, if they desire to
win the state championship.

Whether they win or lose, the U. of U.
boys will have the toughest time on track
and field they have had this year, for the
boys down south are determined to win
if they can.

The meet will probably be witnessed by
the biggest crowd ever assembled at
Provo for a sporting event. A large crowd
will take advantage of the excitement to
be run from this city, and the U. of U.
boys will have a big crowd of rooters on
hand.

BIKE RACING CIRCUIT.
That is What Payment and Heagren are
Trying to Organize.

A bike racing circuit to include Denver,
Salt Lake and Ogden is among the possi-
bilities.

John A. Payment of Denver, the man
who promoted the new bicycle track in
that city, and who will manage the
circuit, is in Salt Lake at the time. He
is in the city to see Harry Heagren of the
local circuit, who is the local leader
with reference to the game this summer.
Payment is a confident, and that he is con-
fident that the sport will be boomed in Den-
ver this summer. He says he has plenty
of amateur riders but he lacks profes-
sionals. He would like to land a few of
them here and take them to Denver for
the opening of the season.

The first card at Denver will likely be a
match between Billy and Mike. Billy
Hamilton, the old-time crack rider of
Denver, Payment and Heagren are inter-
ested in a scheme looking to the organi-
zation of a circuit, but whether it is formed
or not, they will work in harmony for
the good of the game in both cities.

ON THE RACE TRACK.
The First Four Events Were Won by
Long Shores.

San Francisco, April 24.—The first four
races were won by long shots. In the
second event Mischief, who has started
at once before this season, opened at
20 to 1, but under a heavy plunge was
backed down to 10 to 1. Jockey Traversa
broke him away from the pack, and he
led to shake up the horse at the end
of the race, but he was out of the race
at the end of the race. The judges were
under the impression that Mischief might
be a ringer, but his identity was proven
and it was allowed to stand. Weather, cloudy; track, good.

Summary:
First race, three and one-half furlongs—
St. Francis won, 10 to 1; second race, five
furlongs—Legal Fern third, 10 to 1.
Second race, Futurity course—Mischief
won, 20 to 1; third race, mile and one-half
furlongs—H. C. Cup third, 10 to 1.
Fourth race, five and one-half furlongs—
Angelic won, 10 to 1; fifth race, five furlongs—
Cloudlight third, 10 to 1.
Sixth race, mile and one-half furlongs—
Ray won, 10 to 1; seventh race, five furlongs—
Jackpot third, 10 to 1.
Eighth race, mile and one-half furlongs—
Ray won, 10 to 1.

MORE FIGHT TALK.

Another Match Between Herrera
and Nelson is Now Proposed.

Joseph Wood, erstwhile manager of
Herrera and now interested in Maurice
Thompson, is exceedingly anxious to
push the Corbett-Thompson go, accord-
ing to a letter received by Jerry Hurford
yesterday. In which Joseph advanced
the financial possibilities of the match
in glowing terms, and according to the
report there is no chance under the conditions
demanded by Corbett, which are that Geo.
Silver referee and a referee according with
transportation both ways, thrown in.

Wood also states in his letter that
Herrera is the decision to fight Young
Ernie in Philadelphia Saturday night.
Ernie is the boy who went with Young
Corbett a short time ago and who
would have beaten the ex-champion if
he had kept up his nerve. However,
Herrera's defeat of him was a great
not go for much. The fact that Ernie
might have gotten the better of the
Mexican on points means that there
are lots of dub fighters who may have
it on the Mexican for science, but
when they go the pace and feel a few
of his swallows their science does not
count for much.

The man who gave Battling Nelson
the toughest fight of his life while a
weak and miserably conditioned man
is not going to let Nelson get the
best of him. This stage of the game
unless he is again getting careless
will himself.

When Herrera's name is mentioned
it is always in order to speculate on
what he might have been had he taken
care of himself and listened to the ad-
vice of those who knew what was best
for him. There was a time when
Herrera beyond question was the hard-
est man in his class to beat in this
country, and it has always been a mat-
ter of regret that he never met a
latter was in his prime, or with
Jimmy Britt, who would have been
Nelson's master and can also defeat
him.

Billy Nolan, manager of Battling
Nelson, writes that he will let his man
meet Herrera again in Butte, provid-
ing the inducement is satisfactory, add-
ing that the weight must be 131
pounds ringside. Nolan says he can-
not get either Britt or Nelson for his man
and will come to Butte if the arrange-
ments are agreeable.

Nolan has been in this city enough to
know he could get an enormous gate with
Nelson matched against Herrera. With
the latter in good condition there are still
many who would bet their last dollar on
him and the contest would draw the big-
gest audience ever at boxing bout in
this city. Nolan knows this.

"PENNY" GOSSIP.

Secretary Shepard of the Salt Lake
Club has gone north with Reilly and
his string of ball tossers.

Coach Maddock had his track and field
men out today for work in preparation
for the big meet at Provo on Saturday
afternoon with the B. Y. U.

Yesterday afternoon the Oquirrh school
baseball team in the game with the
defeated the Lafayette by a score of 19
to 6. The winners lined up as follows:
Hardy, c; Duff, p; Berkeley, 1b; Mal-
quist, 2b; Edwards, s.s.; Tresler, 3b;
Shaffer, r. f.; Wise, m. f.; Samuelson, l. f.

The intercollegiate football rules com-
mittee, composed of Paul Dashiell, chair-
man, United States University, Wash-
ington, D. C.; L. M. Dennis, Cornell;
John C. Bell, University of Pennsylvania;
Robert A. D. Ward, Harvard; John
Fine, Princeton and A. A. Stagg, Uni-
versity of Chicago, will meet shortly.

The demand by prominent educators all over
the country that football be made a less
violent game will probably result in
changes tending to that result.

Pat Sheedy was in St. Louis during the
world's fair. He registered at a well
known hotel.

"Mr. Sheedy," said the clerk, "you'll
have to double up. Two in a room is
the rule."

"All right," replied Sheedy. "I'll register
John Shannon. He'll share the room
with me and pay his own expenses."

Sheedy stayed a week. Then he came
down, paid his bill and left. The room
key stayed in the key for several days,
and then a porter went up to the room
to find Mr. Shannon and learn why he
hadn't been down. The room was gone
for \$10 a day.

Mr. Shannon was not there, and his
baggage was gone.

The clerk telegraphed to Sheedy in
New York City. "Where is Shannon? Let
him without pay!"

Sheedy replied: "Shannon was a priest
I knew in Tipperary. He's a ghost now."

The New York League baseball club
went down to the Fourteenth Street
Court to see Mr. Carr, who has been
week, and the audience made Manager
McGraw get on the stage with the former
player and away played with him.

And they do say it was a terrible moment
for the baseball impresario.

The "blunders" or, rather, the gallery,
screamed its delight at the sight of
the great man of baseball and the great
man of the glove on the stage for one
of admission, and continued the yell until
"Mugsy" turned pale and ran.

The upper tier crowd wanted to get the
whole team on the stage, and for Jim
Jeffries and Ted Sican, and then fall over
the railing and die happy.

Maude Thompson has an offer to
fight Spider Welch at the saucer track
in this city some time next month, and
will accept the match under the condi-
tions named by the other parties to
the arrangement. The Thompson is will-
ing to accede to any arrangement
with reason, for he is anxious to keep
fighting.

The weight will probably be 131 pounds
at 5 o'clock or 10 pounds at the ring-
side. This is easy for Thompson, and he
is strong at either weight. Thompson is
going against a pretty clever boy, who
has had worlds of experience, and has
some of the best of them at his weight,
and if Maude succeeds in winning or
even in making a strong showing, he will
have little difficulty in making future
matches.

Barney Oldfield has sent word to New
York that he would like to have a match
race at the opening of the Morris park
track on May 20, with any driver who
care to dispute his title of American
champion. Although Oldfield has un-
questionably redeemed himself after his
defeat by Hermin and Sartori at Brighton
Beach last fall, he wants another race
before the New York public.

Oldfield still pins his faith to the
Green Dragon, which he has used since
and with which he defeated every
driver with whom he raced, and which
he also piloted when he carried all the
track records from one to fifty miles.
Oldfield says he prefers the distance to

lief that with its big turns only one of

ing mile, he can cover the standard dis-
tance in better than fifty seconds as
against the existing mark of fifty-three
seconds.

COLORADO'S GREAT STORM.

Six Inches of Snow Cover East-
ern Plains of the State.

Denver, April 24.—The storm which
began early yesterday morning contin-
ued until noon today. The downpour
changed from rain to snow, about mid-
night, and the plains of eastern Colo-
rado were covered with about six inches
of heavy, wet snow this morning. The
precipitation in Denver during the 24
hours ending at 6 a. m. was 2.30 inches,
and has been exceeded only four times
since 1876.

Telegraph wires north, west and
south of this city were generally un-
serviceable this morning. The storm
extended from the Panhandle of Texas
to central Wyoming. Live stock on
the ranges is in good condition, and all
the temperature is not low, there will
be little loss. The benefit to grasses
on the range is incalculable.

Even if the storm is followed by
frost, as is usual in Colorado in April,
the fruit trees are safe, for the cool
weather of the past two weeks has kept
the buds from opening.

Little damage, so far, is reported to
the railroads.

Pueblo is looking for a rise in the
Arkansas.

The storm abated during the forenoon
and the snow melted rapidly. The
train service on practically all roads
in Colorado was delayed by the storm.

A landslide in the Royal gorge, on the
main line of the Rio Grande, covered
the track and delayed traffic for several
hours. In the Cripple Creek district
the snowfall was extremely heavy and
trains were operated with great diffi-
culty.

CHICAGO TEAMSTERS' STRIKE.

Business Agent Arrested for
Shooting at Men.

Chicago, April 24.—Montgomery Ward
& Co.'s teamsters, who struck in sym-
pathy with the firm's locked-out gar-
ment workers, were formally discharged
today, having failed to return to work.

Joseph Young, business agent of the
Baggage and Parcel Delivery Drivers'
union, was arrested today after he had
been beaten by four men whom he
says he recognized as "non-union sug-
gers." Incidentally Young fired upon
two policemen, who afterward took him
into custody.

"Non-union suggers," Young al-
leges, is a new element of the strike
situation. "I thought at first they
were hold-up men," he said, "they at-
tacked me and I fired at them."

A private detective agency employed
in the strike has increased its quota of
special policemen for strike duty to 175
an additional 100 having been put to
work today. What the appearance of
the increased strike force, the detail of
city police on strike duty was re-
duced.

The teamsters tonight called off their
strike dogs on the Montgomery Ward &
Co. Refusal of the garment workers,
in aid of whom the teamsters went
on strike, to parties to a fight against
only one firm, when they had grievan-
ces against a number, led to a disruption
of the committee managing the strike
and the collapse of the struggle.
