JUNCTION CITY SCHOOL AFFAIRS

Teachers Elected—Prof. L. B. Austin Principal High School—Squire Coop Music Director.

HOBOT SHOT IN DEPOT YARDS

Ogden, Utah, July 29.—At the meeting of the board of education last evening...

The following grade teachers were elected: Nellie Maguire, Alice B. Spencer, M. Inis Ketchen, Alta M. Fisher, Lizette Thompson, Susan Thompson and Julia Gorry.

Miss Elizabeth M. Orth was re-elected primary supervisor of the public schools. Her resignation was accepted as a member of the examining board of the city.

The treasurer's annual report showed receipts and disbursements for the past school year of \$117,735.85.

The treasurer reported an overdraft of \$187.75. It was also reported that it will cost \$600 to finish the Five Points school. The committee was instructed to arrange for the money.

The bids of P. A. Isaacson of \$750 and T. E. Newton of \$725 for the construction of toilets at the schools, were opened and referred to the buildings committee with power to act.

The teachers committee reported that 143 teachers short.

HOBOT SHOT

No further light has been thrown on the shooting of Nick Goerke, early yesterday morning in the Union depot yard in this city. The police have searched the case, which is a mystery, but have not been able to find the man who fired the shot which never was found.

Goerke still maintains that he was shot by someone whom he took to be a railroad watchman. The theory is advanced, however, which seems the more probable, that Goerke and his companions, who were endeavoring to jump the west bound train, must have been seen by a holdup, who thought they would be easy money, as the man who fired the shot said, as he approached, "What are you fellows looking for? Get around there and line up."

It was when this command was uttered that Goerke started to run and the bullet struck him, but as it struck in the fleshy part of the leg, it only caused a sting for a short time and he kept on running until he met the officer. His wound, which is being attended by Dr. Dickson, is getting along very satisfactory, and unless some complications set in he will be able to leave the city jail, where he is stopping, in a short time.

CHATELAIN-REEDER NUPTIALS

Francis H. H. Reeder and Miss Madeline Chatelain sprang a surprise on their parents and friends yesterday by calling at the office of the county clerk, and securing a marriage license, giving their ages as 21 and 18 respectively.

Before leaving the office they secured the services of Elder George Ritchie, who tied the matrimonial knot for them, and they left happy. The bride is the daughter of Mr. and Mrs. Ed Erickson, 1205 West Second street, and Mr. and Mrs. Wm. H. Reeder, and is well and popularly known throughout the city. Their many friends wish them every happiness and prosperity.

SUIT ON MORTGAGE

R. W. Emmett has commenced an action in the Second district court to foreclose a chattel mortgage, given in his favor for \$142.30, in security for money loaned Mrs. Mary Ferrin, proprietress of the roominghouse in the Emmett block.

FINE WRESTLING MATCH

The Monarch carnival will complete its week of performing in Ogden under the auspices of the A. R. Knight. Last evening the show attracted a large and appreciative crowd.

The wrestling match between Tom Davis, who travels with the carnival, and Mike Yokel of Ogden, was witnessed by several hundred people. The bet was that Davis would throw Yokel twice in less than sixty minutes. Both men were in the pink of condition and wrestled well, each having some severe holds. It took Davis 14 minutes to get Yokel on the mat for the first time. They then rested ten minutes, and went at it again, but it was Yokel who was the victor, as in less than a half minute Davis had him on the floor again, winning the match. The money was \$50 each and \$100 a side.

PROVO DEPARTMENT

The "News" is delivered by carrier in Provo at 2 cents per month. R. J. Dugdale, Agent.

NEIGHBORS' SERIOUS DISPUTE

Attachment Suit—City Officials Looking For Power Site.

Provo, July 29.—J. H. Morgan has commenced attachment proceedings in the Fourth district court against J. H. Glaser, who, plaintiff alleges, is indebted to him in the sum of \$2,625.15 for labor in removing earth and ore at Manning Utah between the first day of June and the 25th day of July of this year, for which amount plaintiff prays judgment.

SERIOUS DISPUTE BETWEEN NEIGHBORS

Probation Officer Woodruff has reported to Judge Booth in the case of Glen and Otto Weeter of Provo bench who were brought before Justice Noon on a charge of disturbing the peace of John Richards, a neighbor, and by Justice Noon turned over to the probation officer as they were under 18 years of age. Mr. Woodruff reports that he has investigated the case and has found that Glen Weeter has used foul and abusive language towards Mr. Richards and that he has threatened to kill everything belonging to Mr. Richards, and that some of Mr. Richards' chickens have died under very peculiar circumstances. One of Mr. Richards' sons, the report states, has also shot at Weeter's pigs when they were trespassing on the Richards' property. The Weeters keep a loaded pistol in the house and it is not believed to be responsible for his when angry. Mr. Woodruff is of the opinion that if stringent measures are not adopted serious trouble will grow out of the disputes between the neighbors.

LOGAN DEPARTMENT

The "News" is delivered by carrier in Logan every night (Sundays excepted) at 2 cents per month. All orders for delivery should be made to Joel Hicks, Circulator. The Semi-Weekly News in Logan is in charge of C. B. Robbins, 100 North Main.

DISPUTES OVER WATER

Outcome of Water Famine—Three Couples Made Happy.

Logan, Cache Co., July 28.—The prolonged drought is causing a scarcity of water in all parts of the valley, and for the first time in years people are beginning to inquire into their water rights. In the south end of the valley, residents of Welliver and Hyrum are contending over the division of the water of the Little Bear river. Some time ago their differences were submitted to arbitration, and an agreement was reached, but as the water was not obtained a decree of the court, and it is that error that is now causing the trouble. The waters of the Little Bear have been divided under the agreement until a few days ago, when Welliver sought to have the diversion made according to the decree, and called upon Water Commissioner Melkel to shut out the Hyrum water, which was done. Hyrum parties restored the dam yesterday, and now have men guarding it constantly.

NORTH OGDEN

VETERAN HONORED

On 75th Birthday—Fruit Crop Light—Grasshopper Plague.

North Ogden, Weber Co., July 25.—A few of the relatives and friends of Aunt Sarah Ann Mower met with her at her home in Pleasant View a few days ago to celebrate her 75th anniversary. Much of her early history being interwoven with that of the Church during its most severe persecutions, including the martyrdom of the Prophet Joseph and the expulsion of the Saints from Nauvoo, makes her society the more pleasant and added greatly to the enjoyment of the occasion mentioned.

COALVILLE

TERRIFIC WINDSTORM

Streets Filled With Uprooted Trees—Hoy Allen Hurt.

Coalville, Summit Co., July 28.—Ward conference was held here Sunday. All ward affairs were shown in good shape. No changes.

TERRIFIC WINDSTORM

One of the most terrific windstorms ever experienced here struck the town this afternoon about 5 o'clock. It lasted but about half an hour, but did much damage. Trees were snapped off or torn up by the roots all over town. Almost every street has trees lying across it, some streets are entirely blocked and the place looks as though a Kansas cyclone had struck it. Fortunately no one was hurt, as there were many on the streets at the time. It will take days to clean the streets again; there were 50 trees blown down. Roy Allen, about 10 years old, climbed up one of the trees that had been blown over and left in a leaning position of about 15 feet, lighting on his back and the back of his head. He was picked up unconscious and it was some time before he was revived. The boy is pretty badly hurt and there are fears of serious results.

LOA

IMPRESSIVE OBSEQUIES

Over Remains of Elder Benjamin H. Robinson—Devoted Life Cut Short.

Loa, Wayne Co., July 28.—The largest funeral services ever held in Wayne Co. were conducted here yesterday over the remains of Elder Benjamin H. Robinson, who died at Rich-

MANTI

Destructive Work—Mrs. Wilson a Temple Worker at 94.

Manti, Sanpete Co., July 28.—Today about noon a blaze broke out in the corner of Thomas Hansen in the south-west part of the city. It burned his house and was very destructive. The cause was brought for separate maintenance. The court after hearing the evidence attempted to effect a reconciliation without success, and then refused the plaintiff's petition suggesting that the matter could be better settled by a divorce proceeding.

LAGRANDE, ORE.

STAKE CONFERENCE

New Bishopric for Union—Wm. R. Jack Dead—Immense Crops.

LaGrande, Union Co., Oregon, July 28.—The stake quarterly conference just closed was an unusually good one. The stake presidency, about all the High Council, and the stake officers generally were present, and as visitors from Salt Lake we had President Francis M. Lyman and Elder J. K. Kimball. At nearly every session of the meetinghouse was crowded, and at intervals of the day it was impossible for all to get inside. It is pleasing to note, however, that the stake tuberculosis is well on the way, and it may be used for next quarterly conference even in an unfinished condition. It looks fine and is admired by all.

Bishop James England of the Union ward has been honorably released from acting as Bishop, and Elder F. A. Hammond installed. The Union ward promises to become very large, and is daily growing. Bishop England was one of the first to settle in this valley, and is generally beloved. He retired with the ease of all. Bishop Hammond is a bright young man, and we feel sure will handle the stake in a businesslike manner and for the good of all.

William H. Jack passed away recently. Mr. Jack came from Wilford, Idaho, some three years ago, and has enjoyed excellent health until recently, when he suffered a general collapse. Friends from all over the stake attended a general gathering here.

AMERICAN FORK

AFTER UTAH LANDS

Mrs. Martha Webb is Stricken With Paralysis.

American Fork, Utah Co., July 28.—Some of our farmers are feeling blue on account of losing their beets through a blight. Other crops are good, but the beet crop will be reduced from last year by the blight.

Much activity is shown now in American Fork mining district.

Many of our citizens are anticipating taking a chance for land in the coming draw for the reservation country.

Mrs. Martha Webb is suffering from a stroke of paralysis.

SPANISH FORK

Flattering Crop Prospects—New Water System Insures Wellbeing of Citizens.

Spanish Fork, Utah Co., July 28.—The crop prospects could not be better, and if all proceed to maturity to the same extent that it has reached to date, we are a record breaker will follow.

The health of the community is good, better than it has been for some time. Perhaps the new water system is responsible for the improvement.

MANASSA, COL.

STAKE REORGANIZED

Levi P. Helm is President—John W. Shawcroft Bishop of Richfield.

Manassa, Conejos Co., Colo., July 18.—The quarterly conference of the San Luis stake was held at this place yesterday and Sunday, July 15 and 16. President Francis M. Lyman and Elder John Henry Smith of the Apostles' quorum were in attendance and gave much good counsel and advice. Bishop Shawcroft was chosen as Bishop, with Erastus Beck and Henry W. Valentine as counselors.

The quarterly meeting of the Young Men's Young Ladies' M. I. associations was held Sunday evening at 5:30 o'clock, and all meetings were well attended, the stake house being filled at nearly all of them.

BYRON, WYOMING

ROSEATE PROSPECTS FOR THE BIG HORN COUNTRY—NEW RAILROAD LINE

Byron, Big Horn Co., Wyo., July 28.—The machinery for the new flour mill is being unloaded at Franke today and the hauling of rock and excavating for the building. Prospects have never been brighter in this stake. The crops are excellent and the weather fine.

The E. & M. H. R. officials are in the basin heading on the route of the road from Garland to Thermopolis. Assurances are given that grading will commence in early fall. This with the number of cattle being bought and the great amount of water in the rivers and other natural resources, bespeak a great future for the Big Horn basin.

PARAGOONAH

SILAS S. TOPHAM DEAD

Noble Career Cut Short by Sudden Attack of Appendicitis.

Paragonah, Iron Co., July 28.—The many friends and acquaintances of Silas S. Topham will be surprised and grieved to learn of his sudden and unexpected death, which occurred on the morning of the 28th inst. Ten days before he was a hale, hearty man, and although not more than a long life before him. He was suddenly attacked with appendicitis and died within a few hours. He was a member of the Paragonah Stake, and was a devoted member of the church. He was a native of New Zealand and came to this country in 1870. He was a successful farmer and a prominent citizen. He was a member of the Paragonah Stake, and was a devoted member of the church. He was a native of New Zealand and came to this country in 1870. He was a successful farmer and a prominent citizen.

GRANTSVILLE

WARD CONFERENCE

Grantsville, Tooele Co., July 27.—We are having the hottest weather yet in the history of the village. The thermometer registers from 92 to 98 in the shade every day, and the nights are hot, which is unusual for this spring.

The range looked better this spring than for years, but we have had no rain, and as a result the feed has dried up and stock is beginning to fall away. With very little snow and winter and no rain this summer the water is very nearly gone.

Grain is being harvested but, as a result of hot dries which prevailed last season, it is pretty badly shrunken, and a light yield generally, although some few good patches are seen.

VERNON

Hottest and Driest Summer in History of Village—Crops Light.

Vernon, Tooele Co., July 27.—We are having the hottest weather yet in the history of the village. The thermometer registers from 92 to 98 in the shade every day, and the nights are hot, which is unusual for this spring.

The range looked better this spring than for years, but we have had no rain, and as a result the feed has dried up and stock is beginning to fall away. With very little snow and winter and no rain this summer the water is very nearly gone.

Grain is being harvested but, as a result of hot dries which prevailed last season, it is pretty badly shrunken, and a light yield generally, although some few good patches are seen.

CASPER, WYO.

TOPS THE LAMB MARKET

Charles Souther Markets March Lambs Which Bring Over \$4 Each.

Casper, Wyo., July 27.—Charles Souther, a stockman of Lander, has returned from the eastern markets, where he disposed of a trainload of lambs at \$3.30 per cwt., the highest price obtained for lambs at this season of the year for many years. Mr. Souther topped the market.

For several years Souther has been experimenting in stock raising and this year he went into the business on a large scale. His stock landed in sheds in March, and when they were weighed at Chicago a few days ago they averaged 45 pounds. The lambs netted a little over \$4.

The success attained by Mr. Souther has attracted the attention of other sheepmen, and next summer there will be heavy shipments of March lambs to the eastern markets.

PARKER, IDAHO

HANS SORENSEN DEAD

Phenomenal Growth of Vegetation—Snake River Falling Fast.

Parker, Fremont Co., July 28.—We are having the hottest weather known for some years, with a correspondingly rapid growth of vegetation. Hay will soon be over, and the grain, beet and garden stuff are something wonderful to look at. Fruits also are doing well. The river is falling fast.

We have many visitors who, after seeing our beautiful country, conclude to settle here.

Horn, to the wife of Harvey Brower, a girl.

After a lingering illness of many months, on Sunday, July 25, Hans Sorensen died at his home here, aged 73 years. Funeral was held today at the meetinghouse.

LEWISVILLE, IDAHO

GRANDMA BINGHAM DEAD

Highly Esteemed Utah Pioneer of '47 Goes to Her Reward at 88.

Lewisville, Fremont Co., Idaho, July 27.—Mrs. Olive Bingham, better known as Grandma Bingham, after an illness of six months, passed quietly away Saturday morning at the home of her daughter, Mrs. Louisa Walker. She was in her eighty-eighth year, and was one of the pioneers who came to Utah in 1847. She was a woman of sterling integrity, and was loved, honored and respected by all who knew her. She leaves a large family.

LEWISVILLE, IDAHO

STAKE CONFERENCE

Stake quarterly conference of the Lewisville stake was held Sunday evening at 5:30 o'clock, and all meetings were well attended, the stake house being filled at nearly all of them.

DAVID H. STEPHENS, A PIONEER OF OGDEN CITY, UTAH.

David Henderson Stephens, who was born in Brown county, Ill., Oct. 22, 1825, departed this life July 18, 1905, at 8:59 p. m., at his home in this city, surrounded by his family, brothers and sisters. He was the son of John Stephens and Elizabeth Briggs Stephens. When a boy with his parents he went to Nauvoo, where at the age of nine he was baptized into the Latter-day Saint Church by Patriarch Hyrum Smith. Throughout his entire life he was true to his religious convictions, and loyal to the priesthood which presided over him. He was ordained to the office of Elder, Seventy and High Priest in the Church. In 1851 he crossed the plains to Utah, locating in Ogden City, where he resided up until the time of his demise. In 1853 he was called on a filled with honor and satisfaction to all concerned.

He took up farming shortly after his arrival in Utah, later followed carpentering, and for several years conducted a successful photograph business. On March 29, 1869, David H. Stephens was married to Abertine Peterson in the ward of the Church, Salt Lake City, and to this happy union three sons, four daughters and five grandchildren were born.
