NATIONAL WOOL GROWERS' CONVENTION

Three Days Conference and Sheep Ex-
hibition Begins Jan-
uary, 6, 1910.

OGDEN, Dec. 18.—On Jan. 6, the
National Wool Growers' convention
will be called to order at the beau-
tiful Ogden theater, recently com-
pleted. There will be in attendance hun-
dreds of visitors from all parts of
America. The large sheep raising in-
terests will be well represented by
delegates and the capacity of the
house will be taxed in the endeavor to
accommodate all those desiring to at-
tend.

There is a strong movement on foot
to make Ogden the permanent loca-
tion for all the wool growing in-
terests and the committees having in charge
the entertainment of visitors, the prepa-
ration of programs, the sheep show,
and all other important features will
do all in their power to demonstrate
that Ogden is the logical location for
meetings of the association. Nothing
which will add to the success of the
Ogden convention will be left un-
done. The sheep show will be the
equal of any ever given in America
and the accommodations for this fea-
ture far surpass those at the recent
show held in Chicago. Over 1,200 re-
gistered sheep have been entered for
exhibition. The convention will be in
full swing for three days and some
of the finest band music ever heard in
this locality will be a big feature
of the entertainment. Every citizen
of Ogden is a "booster" for the success
of this big convention, which promises
to do much for the future of the city,
and every visitor will be welcomed
with open arms.

WEBER ACADEMY NOTES.

OGDEN, Dec. 18.—Leo Francis Ly-
barger, the noted lecturer and orator,
who was scheduled to appear at the
Weber academy on Thursday evening,
was on a snowbound train and there-
fore missed his engagement on that
date. On Friday morning he arrived in
Ogden and addressed the students of
the academy in general assembly at
11 o'clock. He has arranged to give
his scheduled lecture on Monday eve-
ning, Dec. 27.
Friday afternoon, the Weber academy
closed until Jan. 3 for the mid-winter
holidays. Many of the students of the
institution are from distant points and
in order to allow them the opportunity
of going home for Christmas, it was
necessary to give two weeks' holidays.
Principal W. M. McKendrick of the
academy states that the new school la-
boratory is now fitted up with gas,
and that it is one of the finest in the
state. A new feature of this depart-
ment is the miniature fish hatchery
which allows the students to become
familiar, in a practical way, with many
useful items connected with fish rais-
ing. It is thought that more benefit can
be derived in a single session where
live fish are hatched than in an entire
year where theoretical training alone is
given.

CONFERENCES SUNDAY.

OGDEN, Dec. 18.—Quarterly confer-
ence of the North Weber stake will be

Those Corpuscles

In your blood, red and white, keep
you well if they are healthy, cause you
sickness if diseased.

To make and keep them healthy and
strong, is to have pure blood, freedom
from disease and vigorous health.
The chief purpose of Hood's Sarsa-
parilla is to do this, and its success is
attested by thousands of wonderful
cures. Cures of all blood diseases,
scrofula, eczema, rheumatism, catarrh,
Hood's Sarsaparilla effects these
cures, not simply because it contains
sarsaparilla but because it combines
the utmost remedial values of more
than 20 different ingredients, each
greatly strengthened and enriched by
this peculiar combination.

held on Sunday at the tabernacle.
There will be two meetings, one at 10
a. m. and one at 2 o'clock in the after-
noon. An evening meeting, at 7 o'clock
will be held under the auspices of the
Mutual Improvement association.

There will be a number of the general
Church authorities from Salt Lake in
attendance at all of the meetings.
Sarsaparilla will be held in the
Ninth ward on Sunday, with the usual
meetings in the afternoon and evening.
As this ward was recently organized,
they have no meeting place of their
own and will use the meetinghouse of
the First ward on this occasion.

Sunday school union meeting of the
Weber stake will convene at the We-
ber academy at 2:30 on Sunday after-
noon. A full attendance is desired.

ARRESTED FOR EMBEZZLEMENT

OGDEN, Dec. 18.—Acting on advice
from Sheriff Sharp of Salt Lake, Wil-
liam Hawthorn, alias William Robin-
son was arrested Friday afternoon at
the Bee Hive rooming house, charged
with embezzling the funds of the Owl's
Lodge at the capital city.
Hawthorn, formerly treasurer, claims he
was only \$32 behind in his
accounts and that he was paying the
amount back in installments. One of
the trustees of the lodge, who was
Ogden later in the day and took Haw-
thorn to Salt Lake, where he will
stand trial on the charge.

OGDEN POLICE COURT.

OGDEN, Dec. 18.—Harvey Macafee
was arraigned in police court Friday
on the charge of petit larceny. Testi-
mony showed that Harvey had stolen a
suit case. The court sentenced him to
60 days in jail on a fine of \$60.
James Johnson pleaded guilty to the
charge of drunkenness and received
the usual sentence of \$5 or five days.
Joe Shaner was charged with petit
larceny and his case was continued
until \$20 bond.
Mike Sullivan was before the court
again on the charge of petit larceny.
His case was continued, pending
further evidence in the matter.

OGDEN COAL SHORTAGE IS GROWING SERIOUS

OGDEN, Dec. 18.—There is some
apprehension felt here over the short-
age of coal. The supply has been
falling behind for some time on ac-
count of the railroads being unable
to furnish a sufficient number of cars
to meet the demand. It is not at all
improbable that another coal famine
similar to the one that prevailed last
year will again visit the city.
Several carloads of coal consigned
to other points this morning di-
verted to Ogden, as many dealers ran
out of their supply yesterday.

The mines at Rock Springs have been
turning out an average tonnage of
400 tons a day, but sufficient cars to
carry this cannot be secured from the
railroads.

Coal dealers have thus far been able
to fill their orders, but they are now
advising their customers to order in
advance. They desire to arrange their
supply so they can handle the situa-
tion unless the railroad companies
make some change that will regulate
matters better.

FIRST ICE HARVEST.

OGDEN, Dec. 18.—Ice dealers of the
city today began harvesting their first
crop of ice on the streams and ponds
about the city. For some time the
ice has been forming and is now a
little better than of average thickness.
If the cold weather continues it is
probable that several crops may be
taken in this year.

MISERY WITH COLD WEATHER.

OGDEN, Dec. 18.—Cold weather
and the shortage of the coal supply
has brought to notice a number of
cases of poverty and destitution.
Sheriff Barlow Wilson and County
Commissioner O. P. Madsen have
been visiting a number of poverty-
stricken families whose cases have
been reported to the authorities.
At one time they found a widow
with nine children suffering in a one
room shanty, without provisions or
fuel. Temporary relief is being given
wherever deserving cases are found.
Coal will be distributed during the hol-
idays.

FORESTERS TO MEET.

OGDEN, Dec. 18.—A call has been
issued for the holding of a meeting
of the foresters and their assistants
of District No. 4, immediately follow-
ing the adjournment of the conven-
tion of the National Wool Growers'
association on Jan. 9. A number of
resolutions and other matters closely
associated with the two organizations
will come up at the "Wool Growers"
meeting and these matters will be
taken up immediately by the foresters.
It is expected that 60 foresters and
assistants will be present at the meet-
ing.

COLDEST DAY FOR YEARS.

OGDEN, Dec. 18.—Yesterday was
the coldest day reported from this place
in many years. Although the sun was
out for a time, the mercury refused to
move higher than 9 degrees above zero.
Last night the liquid indicator gradu-
ally dropped until early this morning
it had passed the mark. It is said
that yesterday was the coldest day
ever reported at this time of the year
in this locality.

OGDEN BRIEFS.

The inmates of the state school for
the deaf and blind will have no Christ-
mas holiday as there are several cases
of scarlet fever in the institution. The
trustees fear the further spread of the
disease if the children are permitted
to go to their homes.

Frank Lloyd, a car repairer, while
at work in the Southern Pacific rail-
road shops received an injury to his
right hand which necessitated the am-
putation of two of his fingers. Lloyd
was repairing a box car when a switch
engine bumped into the car, catching
his hand in the coupling.

The value of the estate of the late A.
R. C. Smith, the well known sheepman
of North Ogden who died last August,
has been placed by the district court
appraisers at \$72,000. Upon the peti-
tion of Rebecca Smith, the widow,
District Judge Howell issued an order
allowing her \$125 a month from the
estate as a regular allowance for the
support of herself and children.

In the district court yesterday
Judge Howell denied the motion of
the attorneys for the Union Pacific
Railroad company for a change of
venue to Salt Lake in the damage suit
brought against the company some
time ago by Evan Hunter. The judge
held that the chief offices of the com-
pany in this state are located in Og-
den and that for this reason the trial
of the action should be heard in this
city.

TO DEFEND THOMAS.

John Thomas, the old Civil war veter-
an, who was arrested here last Sunday
when he was betrayed by the limp of
his cork leg, which he is compelled to
wear because he lost his left leg in fight-
ing for his country, will be vigorously
defended in his trial on a charge of hav-
ing embezzled \$350.74 from Genesee
county, N. Y., in his capacity of county
comptroller. So says his son, Blaine
Thomas, who arrived in Salt Lake City
from Batavia, N. Y., Friday, with the
news that the sheriff of Genesee coun-
ty is expected to get here today and will
return immediately with his prisoner.
John Thomas, who is alleged, misprop-
riated about \$3,000 of a fund for the
building of a big county jail in Batavia.

COUNCIL WRESTLING WITH PROHIBITION QUESTION

(Special Correspondence.)

LOGAN, Dec. 17.—The city council is
wrestling with the prohibition ques-
tion to comply with the wishes of the citizens
as expressed at the late election. At its
session on Thursday night it had under
consideration the ordinance prepared by
James T. Hammond of Salt Lake. The
council is divided on the question of
whether it is decided to refer the matter
back to the community with a request
that it invite Mr. Hammond to appear
before the council at the earliest possible
moment. The liquor men have made a
valorous effort to have their licenses
extended at least six weeks after the
present term expires and three months if
possible, but the council last night
turned down their application for the
renewal of their licenses and ordered
that Jan. 3 be the day when the ordi-
nance becomes effective.

county detention house. Of the 289 cases
that came into court, 13 were handled
the second time. Twenty-four parents
were summoned into court for contrib-

and there were 14 adults who were fined
for giving liquor to minors. About one
half of the cases taken up arose in this
city.

MURRAY WILL OWN ITS WATER SYSTEM

Negotiations About Concluded to Buy
Works From Progress Com-
pany for \$27,165.29.

(Special Correspondence.)

MURRAY, Dec. 18.—Murray City will
buy its water system at a cost of \$27-
165.29. The Progress company offers
the system at \$29,475.15, but a motion,
duly seconded, at the city council ses-
sion, sets the price as above mentioned,
which price will no doubt close the
deal. The system is to be paid for in
five annual installments, with interest
at 6 per cent on deferred payments.
The first payment will be made as soon
as the legal details of the transaction
are prepared and completed.

The company presented a statement,
showing that \$3,901.09 has been ex-
pended on the system in the year 1909,
and that the company has material on
hand to the amount of \$846.32. In the
communication, the company through
Mr. John P. Cahoon, agrees to furnish
the city of Murray, from the present
intake of the water system, the neces-
sary water the city needs for the next
five years free of cost.

The matter is now in the hands of the
city attorney to attend to legal de-
tails of the proposition, and to pre-
pare and submit a resolution authoriz-
ing the purchase of the said water sys-
tem.

MAXWELL SENTENCED FOR
MANSLAUGHTER AT KANAB

(Special Correspondence.)

KANAB, Kane Co., Utah, Dec. 15.—
James Maxwell, who was convicted a
day or two ago of manslaughter, has
been sentenced by Judge Chidister to
one year in the state prison.
The charge against Maxwell was
murder in the first degree. He was
tried for the shooting of "Billy" Jones
in the streets of Glendale on the 24th
of last August. Maxwell had been
drinking and was driving about town
with a number of companions, and on
meeting "Billy" Jones offered him a
drink. Jones refused on the pretext
that all in the wagon were not his
friends. Maxwell answered with an
insulting epithet and a quarrel follow-
ed. A fight was prevented by friends
of both men. They parted with an
"I'll meet you again." Both went
home. Later, both started out with
guns. When they met they both com-
menced shooting, with the result that
Jones was killed and Maxwell escaped
unhurt.

HUNTING OPPORTUNITIES.

Eastern Men Come to Salt Lake to
Study Its Condition.

That business opportunities of Utah
are appealing to the eastern people is
shown by a number of persons who
have arrived in the city recently to look
over what the state has to offer. The
enormous growth of Salt Lake City in
the past year has been a source of
wonder to many of the eastern people,
and they are now wishing to place
their money where it will produce the
most interest. They declare they
wish to take advantage of some of the
business opportunities here.
