BY TELEGRAPH
THE WASHINGTON UNION TELEGRAPH AGENCIES
AMERICAN.
WIRE FROM WASHINGTON.

WASHINGTON, 16.—Comptroller
Lawrence decides there is no further
necessity for withholding the salary of
Delegate Singler of Idaho.
Ben Butterworth secures the position
of Commissioner of Patents.
The Secretary of the Treasury has
decided that the ad valorem duty on
cigars shall be placed upon the value
of the cigars in the boxed condition.

Fred. Douglas says the moral
effect of the Supreme Court decision
in the civil rights case will be, he
thinks, mischievous. Minister Lang
told, who says he drafted the civil
rights bill at the request of Charles
Sumner, says the only thing the
colored people in the States can do
when deprived of their civil rights
is to bring an action under the com-
mon law in the State courts. The
civil rights act, he says, did not confer
any rights upon the colored people,
but merely provided for the enforce-
ment of the rights conferred by the
constitution, and consequently the de-
cision of the court did not take away
from the colored people any rights
conferred by the Fourteenth Amend-
ment.

The President has appointed Emile
Mabie United States consul at
Manzanillo.
The colored people of the District
will meet Monday night to express
their views in respect to the recent
decision of the Supreme Court on the
civil rights bill.
Ex-Senator Bruce (colored) Register
of the Treasury, who has just
returned from the Ohio campaign,
was asked for his opinion on the
decision of the Supreme Court. "It
is a most unfortunate decision,"
was his reply; "and it grieves me
and thousands of others very much.
I think its effect will be to carry the
country backwards 15 years, at least.
It does not reflect the sentiments of
the people, as a court decision ought
to do. It is, in my opinion, a degrading
Calhoun's theory of State rights."

"What will be the effect upon the
colored race?" asked a reporter.
"That I would not attempt to
predict," was the reply; "but I do
say that nothing has occurred since
the war to embitter the race like
the decision of yesterday."
Governor Trille of Arizona Territory,
in his report to the Secretary of
the Interior, states that the popu-
lation is now 75,000, and the area of
the Territory in general are in an
exceedingly prosperous condition.
Value of gold and silver products
for the year ending December 31st,
1882, \$9,288,207, against \$8,198,700
in 1881. Yield of copper in 1882,
15,000,000 pounds. The combined
value of the silver and copper pro-
duct for 1883 will be between \$15,
000,000 and \$16,000,000. Number of
sheep in the Territory, 300,000,
producing 2,400,000 pounds of wool
yearly. The yield of
cattle for 1883 was 18,000,000
pounds of wool. In 1882, the
yield of wool was 15,000,000 pounds.
The fact that the Apaches, who
had been warlike and murderous,
are living in comfort at San Carlos
has a dangerous significance to
peaceable Indians, who are living in
want. The Governor says that the
Chiricahua, who still remain in the
mountains, are a menace to the
peace and security of Southern Arizona,
should be declared hostiles,
and treated as such by the army and
civilians. The present agreement
between the Interior and War De-
partments looking to guarding the
San Carlos reservation by the army
under Gen. Crook, seems to be the
greatest security possible under the
circumstances. If that plan should
fail, the government should provide
by treaty stipulation with the In-
dians that their removal be under
reservation to some other part of
the United States, and the reservations
should be opened to white settlers.
The Interior Department has agreed
to extend to the Territories the
concession now made to the States
of the 16th and 36th sections in
every township of public lands to
assist in defraying educational ex-
penses. Congress is also asked to
provide for boring artesian wells;
for geological survey; for erecting
a capital and other necessary public
buildings; for an increase of pay of
Territorial legislators, and for a
fourth United States judge.

Reparations and Disaster.
CHATTANOOGA, 16.—Last night
two freight trains while running at
high speed collided four miles east
of Cleveland, which resulted in the
death of engineer John Bailey, fire-
man Wm. Campbell and brakeman
Lee Gehman. Three were injured.
Cause, telegraph operator's neglect.
The train was on a sharp curve in
a deep cut, and the engines were
within a few feet of each other be-
fore the fact was known to the en-
gineers.

Cleveland, 16.—Castilla, Ohio,
special to Leader. Charles
Schreiner was home very
drunk last night with Henry Car-
son and Martin Kroch in the wagon
when he drove on the railway
track just in time for the locomotive
to strike the wagon and instant-
ly kill the three men. A young lady
in the wagon escaped death but
was seriously injured.

Mexico, 16.—Yesterday two spans
of the bridge on the Central road
near Agua Calientes fell with a
construction train, 18 cars and two
engines. Engineers Delaney and
Hopkins and three Mexicans were
killed. The train is a complete
 wreck. Delay to construction
slight.

Jersey City, N. J., 16.—The Erie
ferry boat *Pavonia* collided with
the Hoboken ferry boat *Westbury*,
last night in the Hudson River.
The bow of the *Pavonia* was cut in
two and carried away ten feet.
The gentlemen's cabin on the *Westbury*
was four feet in. Four passengers
on the *Westbury* were injured.
Connellsville, Pa., 16.—Yesterday
afternoon a disastrous and fatal ac-
cident occurred on the Baltimore &
Ohio railroad, a few miles from here.
A young lady named Curran and
three children named respectively
Dan and Mary Farrell and Alice
Kling had gone out for a walk and
while coming along the railroad
track, the little party stepped off one
track to get out of the way of the
south-bound freight train, and was
struck by the Mt. Pleasant accom-
modation train coming in an op-
posite direction. Two of the children
were killed instantly. The Curran
and the other child were badly hurt,
and will probably die.

Cincinnati, 16.—All the horses in
the stable of the Moeblin Brewery,
where an ammonia pipe burst last
night, that were not killed outright
were so affected by the gas as to
make it necessary to kill them.
Sixty-one fine horses were lost by
this singular accident.
Christon, N. C., 16.—A large
crowd gathered at Statesville on
Monday to witness a circus perfor-
mance Monday noon. A white man
named Fredmont got into a difficulty
with a negro named Campbell, the
latter fired three shots, killing Fred-
mont. The first shot struck a by-
stander named Tom Ball, inflicting
a painful wound. The second shot
killed Campbell from jail and
hanged him.

Denver 16.—*Tri-Union*, Las Vegas,
New Mexico: A bad state of affairs
exists along the advance of the
Mexican railway. Six men have
been murdered the past two weeks.
Parties returning after a great
discount. Two men to day
found the skeletons of three Texas
cattle raisers, murdered near Glori-
etta four years ago. The exact lo-
cation of the thieves has been unknown
until now.

Cleveland, 16.—Dannison special
to Leader. A young man named
Fehr was driven into a barn last
night by his infuriated uncle brand-
ishing a knife. Fehr drew a revolver
and shot his assailant dead, after
which he gave himself up to the
officers.

Little Rock, 16.—On Monday
night, 20, 21 and 22 of this city, up
the river, a colored woman named
Mitchell was assassinated by a negro
named Owen. He knew she carried
money on her person, and
decayed her from home by
saying word that she was wanted
at a neighbor's, and as she walked
through the woods shot her with a
double-barreled shot gun, which
blew her brains out. She was so
companied by a child, and her noise
frightened Owen away without rob-
bing the body. A large party is in
pursuit.

Wheeling, W. Va., 16.—A villanous
attempt was made to-night on
the C. & St. L. Railway to wreck
the passenger train at Glen's Run,
seven miles above this city. A rail
was tied across the track. There is
a stretch of track at this point level
and straight, and the train was
always made. The train was run-
ning at the rate of sixty miles an
hour, and when the engine struck
the obstruction it jumped the rails,
but fortunately kept the rails.
The rear cars broke the rails, and
the train passed uninjured. If the
engine had jumped the rails, the
train would have plunged off the track
into a deep ravine. The fact that
the train was so near the point,
and great loss of life would have
ensued.

44th Rock, Ark., 16.—*Gazette's*
Fort Smith: Jacks, one of the mur-
derers of Deputy Marshal Addison
Boggs, was arrested at Fort Smith.
He was brought in by deputies
and Ayers. Jacks, who was desper-
ately wounded in a fight with Beck,
was attempting to arrest him.
Lafayette, Ind., 16.—Nellings,
full confession is that under the
circumstances, Lynch is probably
sent to the house and murdered.
A. A. Hinson. It was read to the
excited multitude at Oxford this
morning. Lynch is a probable
back in wagons and buggies ran
over the road to town. Fowler,
sheriff, who was at Oxford, has taken
the nearest road, but is little in
advance. Lynch is a probable
back in wagons and buggies ran
over the road to town. Fowler,
sheriff, who was at Oxford, has taken
the nearest road, but is little in

Philadelphia, 16.—General con-
vention of the Protestant Episcopal
Church, 11th day. The bishops sent
a message to the assembly stating
they had adopted a resolution pro-
viding for the retirement of bishops
by reason of advanced age or bodily
infirmities, as a substitute adopted
in 1878 and for one recorded by the
joint committee. The resolution
was withdrawn to present it to the
committee of the whole.

Montreal, 16.—The Governor Gen-
eral and the Prince, with the
principal members of their suite,
drove through the city to-day,
a mounted guard of honor composed
of the Montreal Artillery Corps
accompanying them. The Mayor was in
the procession. The sidewalks were
lined with citizens who gave hearty
cheers as the viceregal party drove
past. The old citizens were watch-
ing the air being cold. They left
to-night by train for Quebec.

at the same time. Collision between
them and the Farnellites was pre-
vented by a mob of police and volun-
tary.
Many Orangemen and Farnellites
were armed with revolvers. Num-
ous Orangemen assaulted and se-
verely injured persons whom they
mistook for Healy.
Moody and Sankay opened in Cork
to-day. A mob gathered outside the
building and hooted persons who
entered. The mob was dispersed by
police.

General Items.
Paris, 16.—It is said the Govern-
ment has resolved to act energeti-
cally against agitators.
The manager of *Drapsau Noir*, anar-
chist Journal at Lyons, is arrested.
Other arrests of proprietors are ex-
pected.
The Cabinet has adopted the pro-
posal of Admiral Peyron, Minister of
Marine and the Colonies, to create a
Superior Council for the colonies, to
be composed of thirty-six members.
The proposal is to give Catholic mis-
sionaries an important part in the colony
of extension, as he considers the Catholic
missionaries may render substantial
service.

Berlin, 16.—The government of
Alsace-Lorraine has prohibited the
publication of French papers in that
province of articles lauding
France, and anti-Prussian.
O'Donnell's Health.
LONDON, 16.—A committee of Jus-
tices considered the letter of Guy
O'Donnell's solicitor, in regard to his
claim of being deprived of the use of
tobacco. The committee, after see-
ing the prisoner and having the
opinion of the prison physician that
O'Donnell was in excellent health,
refused O'Donnell the use of to-
bacco.

Emigration by Government.
The society for promoting state
aided emigration will inquire into
the condition of the working classes
in the east of London, with a
view to ascertain how many persons
may feel inclined to emigrate to
Northwestern Canada. The results
of the inquiry will be furnished to
Government.

SEELY CARTER, of Nashville, Tenn., "for
the benefits derived from
Ayer's Sarsaparilla.
Having been afflicted all my life with Scrofula,
my system seemed utterly ruined. It
came into my hands, Ulcers, and Matter
issues, all over my body. Mr. Carter said
that he was entirely cured by the use of
AYER'S SARSAPARILLA, and since dis-
covering the use, eight months ago, he has had
no return of the scrofulous symptoms.
All baneful infections of the blood are
promptly removed by this unequalled altera-
tive.
