LAME-BACK!
BROOKS' CAPSULE FORCIBLY PLASTER is the best remedy for a lame back or painful back, or weakness of the back ever invented or known. It soothes, it strengthens, it cures, where other plaster fails, and all diseases fail.

GILLET'S YEAST POWDER.
The best never fails to please. d&w

Facsimile Composites
Is greatly enhanced by a fine set of teeth. On the other hand, nothing so detracts from the effect of pleasing features, fine eyes and a graceful figure, as yellow teeth. That popular toilet article SOZODON checks their decay, and renders them as white as snow.

NATURE has provided a most potent specific for diseases of the skin, throat and gut, viz: sulphur. That admirable remedial agent is made available in an infinitely less cost than formerly in consequence of the introduction of GLENN'S SULPHUR SOAP. Sulphur baths are expensive, so are visits to Sulphur Springs, but at a cost of sixty cents, the price of the above article per box containing three cakes, precisely the same curative results can be effected as sulphur bathing accomplishes. GLENN'S SULPHUR SOAP like the healing bruises, sores and all abrasions of the skin, whitens and softens as well as purifies it. The ladies prefer it to any cosmetic not only because it is a more effective complexion beautifier, but also because it is eminently conducive to health, which cosmetics are not. It is a capital disinfectant of clothing contaminated with disease, and its timely use prevents maddies communicable by contact. It is far preferable to any saline or ointment for the cure of affections of the skin, being infinitely more effective and cleanly. Sold by all druggists.

LOCAL AND OTHER MATTERS.

MISSIONARY NOTICE.
Elders Goudy Hogan, of Orderville, Ole Ellinson, of Lehi, L. M. Olson, of Ephraim, Nels M. Anderson, of Ephraim, Lars Swenson, of Moroni, N. P. Larsen, of Levan, and others, having been selected to go on a mission to Scandinavia, we shall be pleased to have such of them as can make it convenient start from this city with Elder John Nicholson, on Tuesday, the 20th of this month. It would be well for those who are not prepared to leave at that time, to make their arrangements to start from Salt Lake City on the 3d of September.

JOHN TAYLOR,
President of the Council of the Apostles.

TO THE SEVENTIES.
The Seventies throughout the Territory are hereby notified that wherever there is an organized Quorum, they will please bear in mind that it is necessary they should keep up their meetings for missionary and other business transactions. They will please give the names of the members of their Quorums.

We would also suggest to the Presidents of Quorums that, as we are called upon from time to time by the Apostles, for missionaries, they have the liberty, and we respectfully invite them, to call upon their brethren for volunteers, and make their reports in person or by letter, of those who are accepted and are prepared for such missions, to our Council meetings, held in the Council House, in this city, on the first Wednesday in each month, at 7 o'clock p.m., or at our weekly meetings held at the same place, on each Saturday, at 11 o'clock a.m.

We are, your fellow-laborers in the New and Everlasting Covenant.

JOSEPH YOUNG, SEN.
A. P. ROCKWOOD,
JOHN VAN COTT,
ROBERT CAMPBELL, Clerk.

Wanted.—Allen Wakeling who recently arrived in this city from England is requested to call at the DESERET NEWS Office.

A Warning.—While playing baseball, yesterday afternoon, on Washington Square, a young man fell in a fit. Some time and attention were necessary to restore him to sensibility.

A Smash.—Last evening a hay wagon came slowly into town, having in tow a very badly smashed buggy and a dependent looking half-bred horse. Somebody had been out for a ride and there had been a runaway.

Trustee Elected.—Last night a meeting of the taxpayers of the 21st School District (21st Bishop's Ward) was held at the meeting-house, for the purpose of filling a vacancy in the board of trustees, created by the removal from the city of Mr. Tweede. Mr. Soren P. Neve was elected to the position.

Fatal Accident.—J. A. Lelahman sent the following by Deseret Telegraph:
LOGAN, August 9th.
Editors Deseret News:
August Johnson, aged 16, while riding on a load of hay, yesterday afternoon, in the Fifth Ward of Logan, fell off his load and was instantly killed, the wheel passing over his head.

Accident.—On Wednesday, the 7th inst., Mr. J. Severn, of Ogden, an employee of the Union Pacific transfer, met with a painful accident. He was scuffling with a fellow-laborer, on the platform, from which he fell, breaking one of his ribs, fracturing another, and injuring one of his legs. So we learn from the Junction.

Changes.—By letter from P. A. French, secretary of the Williamsburg Branch of the Church, New York, we learn the place of holding meetings has been changed from 176 Grand Street, Williamsburg, to 170 Jay Street, Brooklyn, N. Y.

The address of the Branch President, H. G. Bywater, is 96 Prospect Street, that of the Secretary, 170 Jay Street.

Drowned.—A correspondent, in the Junction, writes from Smithfield, Cache County, under date of August 6th, of the accidental drowning, at that place, of a little boy, about 15 months old, son of Mr. Peter Nelson. The little fellow had gone, in company with his sister, a girl of 7 years, to visit their aunt, who lived some distance away. This lady had been brewing some beer, and left a tubful of the liquid outside the door. The unfortunate little one wandered out to the tub, and fell into it. He was found soon afterward, but though the most strenuous efforts were made to restore him, all was in vain. He was dead. It is also stated that, seven years previous, the same parents lost a child, nearly of the same age, in the same house. On that occasion the little one fell backward into a vessel of hot water, and was scalded to death.

A Voice from the Horse.—A society for the prevention of cruelty to animals publishes a slip for circulation, from which we extract. It is applicable here as well as elsewhere, and we regret to say. Could the horse speak for himself wouldn't he say:
"Don't beat our sides so hard and so often, and we shall be stronger and better servants to you. You know how oppression only makes you set up your back, but you will do anything for a kind master.
"I don't ride and drive us about till we are ready to drop, and our wind is almost broken, and we are reeking with heat and rough usage.
"Let us have a little more water when we stand, weary and thirsty, with our poor dry tongues, unable to ask for it. You have felt the suffering of thirst."
"And, for pity's sake," the horses would say, "loosen this torturing bearing-rein; we toss and shake our heads, or we try to keep them still, and nothing gives us a moment's ease. You, master, would suffer severely if your head were held in such a position, and we could do more work and much better without it.
Please remember that we can always hear your voice, and shall understand what you want us to do much more quickly if you speak to us quietly, than if you roar at us, and drag our tender, worn mouths about. We get so puzzled and frightened when you are in a rage with us, that we only flounder and plunge, and make you more and more angry.
Our last entreaty is, that when we get old and weak, you will not let our poor, wasted bodies stagger along under some load, when our lives have been spent in your service, but that you will reward us by having us immediately put out of our pain."

Little Colorado.—This afternoon we met with Brother James Clark, formerly of the 11th Ward of this city, who recently arrived from Allen's Camp, on the Little Colorado, of which he is one of the first colonists. He reports that the settlement has continued to increase in prosperity from the time of its first establishment until now, the present circumstances of the people being comparatively comfortable to what they were.

The people are living in a united system, each laboring for the good of all of the little community, and an excellent feeling prevails. About five acres of orchard has been planted out with as choice fruit trees as were procurable from Kansas, and are quite thrifty. About 100 acres had been sown in wheat, 40 to 45 in corn, 10 to 15 in oats and barley, 10 in sugar cane, and other crops in proportion. Appearances were favorable for a good yield at the time Brother Clark left. He proposes returning to his southern home in the fall.

The Indians in the neighborhood of the Little Colorado settlements are peaceful, and have great confidence in the brethren, who treat them with hospitality and kindness.

A Fine Sight.—To witness a scene of beauty and interest, one has but to take a trip through the northern counties of Utah, along the route of the Utah Central and Utah Northern Railroads. At this season, the fields are heavy with ripe, golden grain, lying in shocks, awaiting teams to haul it away, or bending beneath its own weight, in readiness for the sickle of the laborer. Cache Valley has truthfully been styled "Utah's Granary," but this year in that region, as well as most of the others, the harvest is one of unprecedented bounty. Many of the farmers are enlarging their granaries on account of the unusual abundance, while others make the comical complaint that they don't know what to do about it.

We advise them to provide the best storehouses possible, of their own, or get the use of their neighbors, and store up grain, while Providence continues to bless them with plenty, for the time is coming when it will be found that this precaution was inculcated by the spirit of truth and wisdom.

Manchester Conference.—Elder A. A. Kimball, President of the Manchester (England) Conference, wrote to the *Millennial Star*, July 15th:

Brother McArthur and I have just returned from a three weeks' tour in the Conference. While gone we held quite a number of open-air meetings, having very good hearing and some opposition. As to the results we are able to say further than that we baptized two and re-baptized three. Three others (ladies) promised to come to Manchester to join us by being baptized. Since my return I went to engage the baths for the purpose, but received no decided answer, they seemed to hesitate on account of the religion, saying they knew only the Baptists, who immersed. So I informed the manager that the Latter-day Saints did so, then he could not answer me without seeing the committee. Brother Steele baptized one and re-baptized one last week, and reports good prospects ahead. Bro. Walsh and he are traveling in company at present."

Agricultural Park.—Improvements on Agricultural Park are progressing finely, under the direction of the Driving Park Association. The mile track now lacks only scaping to fit it for use. A very neat stand for judges has been erected, also a grand stand which will seat 500 persons. A board fence, seven feet high, is to be built on the south side of the park. Work will be commenced on it in a few days. Pipes are being laid to carry pure spring water from Union Square to the grounds.

It is designed to inaugurate a series of races as soon as the proper arrangements can be made. The Association will carry the improvements to the fullest extent justified by the encouragement they receive from the public.

New Bathing Resort.—Steps are being taken, by some capitalists, to erect a number of bath-houses, and establish a public resort on the shore of Salt Lake, between Centerville and Farmington. Arrangements will be made with the Utah Central Railroad to run trains to and from the place, as the accommodation of the public may require. The movement seems to be a popular one.

Theatre.—"Under the Spell" and the "Wandering Minstrel" are the great attractions for to-morrow night at the Theatre. Mr. W. C. Croble and Miss Cecil Gray are the chief performers; they will be supported by the company. It is a very attractive bill, and there are many Salt Lake who want to see Croble on this stage again.

Still in the Penitentiary.—Recently the *Beaver Enterprise* published, by request, a private letter, to a friend, from Alonzo Colton. The communication was written in the penitentiary, where the writer of it is serving out a two years' sentence. Colton's conviction was procured in Boreman's Court, under the now repealed Territorial statute against "Lascivious Cohabitation." The law never was intended to apply to cases of polygamy, like that of Colton, who was therefore illegally convicted, sentenced and held. It will be remembered that an effort was made last year to induce the Governor to pardon him. The case was so glaringly illegal and wrong in every sense that the petition was signed by many who are in declared opposition to the institution of plural marriage.

The Governor declined to grant the prayer unless the application was supported by the judges of the Supreme Court of the Territory, and Boreman, who twisted and misapplied the statute to meet the case, remained inexorable.

Artesian Well.—Owing to a press of work at the railroad shops, the machinery for the artesian well can not be turned out as rapidly as was anticipated. Boring will therefore have to be deferred until the middle of next week. Our reporter to-day visited the well and found there a busy scene. The stationary steam engine is already in place, and the hoisting apparatus, with its gear, pulleys, &c., is being arranged in proper position for work. Mr. Pierce was down in the well making all ready for the admittance of the sheet iron pipe, which he designs commencing to let down on Monday next. On emerging from the narrow opening, Mr. Pierce, who had been beneath the surface for about three hours, complained of headache. The atmosphere near the bottom of the well is fearfully oppressive although bellows are provided, with which surface air is forced down. Several snakes, of a little, city, but brilliantly colored appearance, have been discovered near the surface of the water. Where they came from is a mystery, though the gentlemen at work there incline to the belief that the reptiles descended the well between the wall of earth and the curbing and, on reaching the end of the latter, wiggled through.

Pertils of the Telephone.
The telephone may prove a dangerous matter for some time. One of our leading merchants, whose home is not a thousand miles from Brooklyn, and who occasionally luxuriates in his leisure hours in mechanical and philosophical experiments, put up the other day an excellent telephone at his residence, connecting the parlor with the rear of the house. On a certain evening, while he was at work at one end of the instrument, there were a couple of young bucks being entertained in the parlor by the young ladies of the family, and one of them, whose wish may have been father to the thought, spoke—just for the fun of the thing, of course—at the instrument. The quiet old gentleman received at his end of the wire this complimentary message:

"Old Mr. Watkins, isn't it most time you went to bed?"
The young sauce-box in the parlor nearly jumped from the floor at the reply that came back:

"Yes, sir, and quite time you went home, young man!"—Editor's Drawer, in *Harper's Magazine* for August.

A great, big ripe tomato, if well aimed, will do more to make an orator forget his subject than all the cheats a mad crowd can utter.

CITY ASSESSMENT.
To the Taxpayers of Salt Lake City:
In accordance with the provisions of Sections 15 and 16 of "An Ordinance to Provide for Assessing and Collecting City Taxes," passed March 12th, 1878, the City Council of Salt Lake City will, on Tuesday, August 13th, 1878, at 2 o'clock p.m., in the Council Chamber of the City Hall of said city, sit as a Board of Equalization, "to determine all complaints made in regard to the assessed value of any property;" also to hear and consider any petitions which may be presented to "omit or abate the taxes of any persons, idiotic, infirm or indigent persons, on an amount not exceeding five dollars, for the current year;" and to correct and approve the assessment roll previous to its being delivered to the collector for the collection of the taxes.

Let all persons take due notice and govern themselves accordingly. In testimony whereof, I have hereunto set my hand and affixed the corporate seal of Salt Lake City, this 8th day of August, A. D. 1878.

JOHN T. CAINE,
City Recorder.
