NEW ORPHANS' HOME AND DAY NURSERY FOR THIRTEENTH EAST ST

PROPOSED NEW HOME FOR HOM ELESS CHILDREN.

The above is a picture of the proposed building for the Orphan's Home and Day Nursery, to be built at Tenth South and Thirteenth East streets.

Over 20 years ago, the need for such a work became apparent and through the instrumentality of Rev. Mr. Putnam of St. Mark's church, two rooms were secured at the corner of First South and Third East and put in charge of Mr. and Mrs. Fairclough, whose first charges were two tiny babies. The work grew rapidly, large quarters became imperative, so a group of unselfish women drew up plans, organized the work, incorporated, built a house on lower State street and set themselves to the task of caring for helpless and unfortunate children. That the work has been done faithfully and at the least possible expense can be testified to by many grateful beneficiaries as well as by the city and

county authorities who have sent their charges largely to this institution.

With the growth of the city and the increase of children in county and state, the old quarters have become entirely inadequate, and the work necessarily has suffered. The association, being the sympathy and generosity of Salt Lake citizens, has planned a building, suitable to the needs of the present and immediate future, and a concerted effort will be made immediately to raise the money to complete this building.

The main building will cost in the neighborhood of \$25,000; the completed building with the two wings will cost \$55,000. By obtaining the latter sum a hostry ward for the care of little children will be a possibility, thereby meeting a long felt want. A desirable site has been purchased on Tenth and Thirteenth East streets, where the new building will present an attractive appearance.

The work and responsibility of this worthy charity has rested on the shoulders of 13 women, acting as a

board of directors, who have given of their time, their means, their heart. Never have they asked the Salt Lake public to give largely of its means, but now they ask that a generous response be made to their request for funds for this child's work, and that their soliciting committee be met cordially for the sake of the cause they represent.

The main building, or central part, will be erected first, 50x80 feet, two stories and basement high. The basement contains the heating plant, as well as the children's playground, with laundry, store rooms, etc. On the first floor are the nation's room, reception room, offices, halls, dining room, stairways, kitchen, pantries, etc. On the second floor are the wards, and dormitories, with special quarters for infants, bath rooms, and but rooms for nurses. The third story is an attic, with two large dormitories, closets, and a large hall. The building will be 32x44 feet, containing servants' quarters and children's dormitories. The architect is J. A. Headlund of this city.
