FOR STATE-WIDE PROHIBITION

Petitions from 6,000 Citizens of Weber County Presented to Legislative Representatives.

FOR A STATE BOULEVARD.

Weber County Good Roads Association Favors Model Road from Logan to Salt Lake.

Ogden, Feb. 4.—The prohibition movement in Weber County was brought to a focus last night when 25 leaders of the temperance cause met the four members of the lower house of the state legislature at the Eccles building and presented to the state solons the petitions for state-wide prohibition which have been circulating in Ogden and Weber county for 10 days or more. The several petitions bear the signatures of 6,000 citizens, who ask the county representatives in the state legislature to work for the passage of the prohibition bill now before the legislature. The presentation of the petitions was made by Hon. David O. McKay. Other temperance leaders made short addresses, each of whom urged the Weber county members to stand for prohibition first, last and all the time. For some reason the state senators from Weber county did not think the meeting of sufficient importance to attend.

FOR A STATE BOULEVARD.

At the meeting of the Weber County Good Roads association held at the Weber club last evening, plans were formulated for the purpose of launching a movement for the building of a state boulevard from Logan to Salt Lake. The meeting was well attended and much enthusiasm was shown for good roads.

At the conclusion of the discussion a committee consisting of J. A. Howell, O. B. Madison, A. L. Brewer, R. E. Hoag, W. G. Wilson, W. B. Porter, and L. L. Reynolds was appointed to meet a like committee from the Salt Lake association, and these two will meet with the committee from the legislature on good roads and will then lay plans before the latter committee with a view to bringing about legislation for the building of a state boulevard from Logan to Salt Lake.

After the meeting of the committee in Salt Lake, the various county associations will take up the matter with their respective counties for the purpose of boosting the movement. In Weber county the local association will hold mass meetings at which all those interested in the movement will be expected to attend.

PANTONE HOPELESSLY INSANE.

Advises received in Ogden last evening from Provo were to the effect that Dominick Pantone, the Italian, who was taken to the state mental hospital at Provo was hopelessly insane and was what was termed a dangerous patient. Deputy Sheriff Naylin has returned from Provo, where he escorted a patient. He states that on Tuesday evening Pantone made an assault upon one of the guards with a sharp weapon made from a spoon and stabbed him through the hand before he could get away. With the aid of other attendants Pantone was finally overpowered and placed in a padded cell.

Dr. Calder, superintendent of the asylum, advised Deputy Sheriff Naylin that he considered Pantone one of the most dangerous patients, without hope of cure. He stated that the patient was suffering from the poison of a disease and there was little hope of his ever recovering or living any length of time as a result of the affliction.

ROBBERS CAUGHT.

Frank Smiler, Philby Koger, Frank Mickelson and Matt Yandura, four foreigners who could not speak the English language, were arrested last evening at 6 o'clock at the Utah Hot Springs, by Sheriff Wilson and Deputy Sheriffs Hutchins and Naylin, who were held upon the charge of robbery. According to the information in the hands of the officers the foreigners entered and robbed the home of a widow lady, named Peterson, came home she lamented, early yesterday afternoon when Mrs. Peterson came home she saw the four men loitering by a rear window. She immediately notified the sheriff's office and gave a description of the men. A revolver and a few articles were stolen. The men will be held pending an investigation. This morning the men were positively identified by the Mrs. Peterson. In fact one of them was wearing a suit of clothes which belonged to her deceased husband.

The Central hotel restaurant was the scene of a lively scrap yesterday afternoon between Dan Sullivan, a laborer, and the proprietor of the place, Emil Pittman. Sullivan ordered a hamburger. He then made himself a hamburger by emptying the contents of the bottles on the table into the hamburger. The belligerent one was taken to the city jail, where Dr. Browning attended to his bruises.

Miss Tille Gardner of this burg and Mr. Walter Healey of Taylorsville, were married in the Salt Lake temple today.

Quite a business is being done in hauling clay from the Wadley and Culliner mines here; the "truck" is used at the smelter. The bad condition of the roads hinders the work very much.

Several pieces of farm and orchard lands have changed hands lately and prices are going up.

The price of hay is soaring skyward; farmers are the "hold-ups" in this case.

The country roads are so bad they would mire a saddle blanket.

David A. Adamson of this town is at one of the Salt Lake hospitals in a critical condition.

Sheep owners are very much encouraged over prices of wool.

Most of the farm land has been plowed, the farmers only waiting for dry weather to seed their land.

This town is fully avowed to the prohibition movement. The people here have seen enough of saloons and their evils, and hope the cause will be stamped out, root and branch.

C. B. Kluger, the Jeweler, 1650 Virginia Ave., Indianapolis, Ind., writes: "I was so weak from kidney trouble that I could hardly walk a hundred feet. Four bottles of Foley's Kidney Remedy cleared my complexion, cured my backache and the irregularities disappeared, and I can now attend to business every day, and recommend Foley's Kidney Remedy to all sufferers, as it cured me, and I do not think other remedies had failed."—P.
