

## SHORT LINE'S

### BIG NEW DEPOT.

Splendid Structure to Be Erected  
At Foot of South Temple.

### OPTIONS HAVE BEEN CLOSED

Property in Twenty-Second Ward  
Changes Into Hands of Railroad  
Company This Week.

As soon as the necessary property for additional track facilities for the Oregon Short Line north of North Temple street adjoining Fourth West has been secured, if present plans are carried out, ground will be broken for the big new depot which is to cost about \$200,000.

Already the representatives of the leading brick firms are submitting samples of the product which will be a red brick with the idea that upon the return of General Manager Hancock and Resident Engineer Ashton from New York the contract for the furnishing of the material will be awarded.

A gentleman who professes to know the plans of the Oregon Short Line regarding the new depot, which will be a credit to a city even much larger than Salt Lake, is the authority for the statement that providing an ordinance is granted, it is the purpose to erect the depot at the foot of South Temple street to extend right across that street, thereby closing it to traffic west of Fifth West.

This will make a handsome site for the big structure and will, it is argued, work no hardship to residents west of Fifth West, as for traffic purposes that street is practically useless already with the Lexington cut-off tracks and the line of the Salt Lake & Los Angeles, while for two blocks west of the proposed site there is a labyrinth of tracks that makes driving any description of a vehicle a hazardous and uncertain undertaking.

### OPTIONS TAKEN UP.

The Oregon Short Line, through its agent who has been working with a number of property holders in the north-west section of the city, has taken up the options on the various properties in the vicinity of Second and Third North and Fourth West streets which were to have expired tonight.

Among those to whom the purchase price has been paid over within the last two days are John Hagman and the other parties mentioned in the "News" early in the week as having accepted \$200 options.

### FRAUD IS CHARGED.

BILL IN Equity Filed Attacking Validity of Rock Island Reorganization.

Chicago, Jan. 31.—A bill in equity was filed today in the state circuit court by C. H. Verner & Co., of Boston, through their counsel James Hamilton Lewis, against the Chicago, Rock Island & Pacific Railway company, of Illinois, the Rock Island company of Iowa, the Rock Island company of New Jersey, the Central Trust company of New York, and the officers, directors and prominent stockholders of those companies including Wm. H. and James H. Moore, Wm. B. Leeds, Daniel C. Reed, H. C. Fry, Marshall Field, Ogden Mills and others, attacking the validity of the late organization of the Rock Island Railroad system and the legality of the issue of \$50,000,000 of new stock, and demanding that the new stock be cancelled and that the Iowa and New Jersey companies of the consolidation be declared "frauds," as created in violation of the Illinois constitution, and that the Central Trust company, the holders of the stock and bonds of the consolidation roads, be enjoined from voting the stock or acting as trustees in Illinois; also that the officers be removed and that a receiver be appointed for the stock properties.

Verner & Co. who bring the action, claim to represent a majority of the dissenting stockholders. About \$200,000 is represented in the bill. There has been, it is said, some bad feeling among certain stockholders of the system since the re-organization was effected last July.

### W. H. Bancroft in Denver.

W. H. Bancroft, vice president and general manager of the Oregon Short Line, left Chicago on Burlington No. 1 last night and arrives in Denver this evening, where his private car is in waiting to bring him home. Mr. Bancroft has not been in consultation with President Burt of the Union Pacific in Omaha over the strike situation as has been erroneously reported; and the Oregon Short Line officials generally are said to be in no wise disturbed for the simple reason that no attempt to introduce piece work in the shops has been made.

### SPIKE AND RAIL.

J. A. Foley, commercial agent for the Illinois Central, has returned from a trip to Chicago.

Chief Surgeon O'Connor, of the Rio Grande, after looking into affairs in Salt Lake, returns home to Denver this evening.

The Princess Club company leaves for Omaha over the Oregon Short Line tomorrow morning.

The new time table on the Oregon Short Line, effecting a number of trains, goes into effect at midnight.

Gen. Supt. E. E. Calvin and J. F. Dunn, superintendent of motive power and machinery, are still in Pocatello.

General Manager Mudge of the Santa Fe announces that his road would extend from Dodge City to Liberal, Kan., at once to connect with the Rock Island, a distance of 350 miles, the Santa Fe will use the Rock Island tracks.

The Baltimore & Ohio R. R. has announced a new by which it is expected to render the train dispatching of the road more satisfactory. Each dispatcher is required to append some time of each month traveling over the division, familiarizing himself with every fact that enters into the moving of trains. Such points as the exact location and length of sidings, the grades, crossings, etc., each dispatcher is supposed to know as well as the trainmen. The need of the system locally is due to the constant changes in the way of adding more facilities and extensions of the three and four-track system—Railway and Engineering Review.

## CHURCH MEMBERS

### APPROVE SALE

Of Land to Citizens for Public  
Building Site.

### WILL HAVE CADET CORPS.

Ogden High School to Have Military  
Organization—Necessity of  
Text Books.

(Special to the "News.")

Ogden, Jan. 31.—Another step in the direction of securing a government building at Ogden was taken last evening by the members of the Episcopal church. A meeting of the vestrymen and congregation of that church was held last evening to consider the question of whether they should sell the property on the corner of Grant avenue and Twenty-fourth street to the citizens' committee for the purpose of erecting a federal building thereon. The meeting was presided over by Rev. Alfred Brown, and was unanimous in favoring the sale of the land in question for the sum of \$13,500, the sum offered by the committee.

This is the last step necessary to give to the government a clear title to the property, except the making of the necessary papers of transfer, which will be attended to immediately. The citizens' committee in charge of the matter has already collected the necessary \$13,500, which has been placed in the hands of Postmaster Davis. (Of the amount to be paid to the Episcopal church, \$11,500 will go to Bishop Leonard, who holds a mortgage on the land sold for that amount; the balance—\$2,000—will be expended by the church in the purchase of the property on the corner of Lincoln avenue and Twenty-fourth street, upon which the Episcopal church contemplates the erection of a handsome church school building in the near future.)

### BOARD OF EDUCATION.

At the meeting of the board of education held last evening, Prof. Leland and Mr. Conroy, the committee which had been appointed to investigate the advisability of organizing a cadet corps in connection with the Ogden high school, reported favorably on the proposition, but recommended that the matter of selecting a uniform for the students be postponed till the opening of the school in the fall. The board accepted the report of the committee and adopted its recommendations.

A scarcity of text books has prevailed in the Ogden schools during the past year, and the school board was accordingly discussed by the board. It was the opinion of the board that if the book agents here could not furnish a sufficient number of books to supply the schools that the board itself would put in a stock on its own account, as the schools have been much crippled by the difficulty complained of. A committee of teachers were appointed to look into the matter and report what was best to be done.

On account of the great increase in the number of pupils at the Madison school it was decided to furnish an additional school room to relieve the crowded condition of that institution. The report of the committee was presented showing a balance on hand of \$20,000.

## My Boundless Faith

Deserves Your Confidence.

You who are sick should write me. And that is all I ask. Simply send me this coupon, or write me a postal stating which book you need, and I will mail you an order on your druggist for six bottles of Dr. Shoop's Restorative. You may take it a month on trial. If it succeeds, the cost is \$5.00. If it fails, I will pay your druggist myself. And your mere word shall decide it. That offer has no parallel. Such confidence has never been shown by anybody in any other remedy made. And everybody knows that such an offer would ruin me if my Restorative did not succeed.

I only wish I could show all you sick ones how well it does succeed. I will do what I can when you write me. I have 65,000 letters from those whom I have cured, and I will send all you care to read.

On Jan. 11, 1903, I published in the Chicago papers the names and addresses of one thousand people in that city alone, whom I had cured of chronic diseases in just the past six months. I will send you the names, if you wish. Who can measure the merit of a remedy which can accomplish results like that? My Restorative succeeds because it strengthens the inside nerves. It brings back the power that alone operates every vital organ. It forms the only way known to restore that power, and I spent a lifetime to find it. Instead of doctoring the weak organ I give it power to do its duty. I treat it like an engine that needs steam. And I assure you, from a vast experience, that most of these chronic diseases cannot be cured in any other way.

My book will tell you why. And when you are cured, by Restorative will prevent future troubles if you keep it in the house for use when you don't feel well.

### CUT OUT THIS COUPON.

## GOWAN'S PETITION DENIED

Judge Morse Refuses to Issue Writ of Certiorari.

Judge Morse has denied defendant's petition for a writ of certiorari in the case of Salt Lake City vs. W. H. Gowan. In his petition for the writ to be issued against Judge Tanner, alleged that he was charged with selling liquor on Sunday, and that before the case was set for trial he made affidavit and moved for a change of venue to another justice of the city court, but Judge Tanner denied said motion, and tried the case and found defendant guilty. Gowan alleged that the court exceeded its jurisdiction and asked that the proceedings in the case be reviewed by a judge of the district court. His petition was denied, however, by Judge Morse.

### AT MEETING OF GOVERNORS

Of Stock Exchange, Held This Afternoon, It Was Decided to Submit  
Proposition to Members.

At a meeting of the governing board of the mining exchange, held this afternoon, it was decided to submit to the members next Monday the matter of allowing the curb selling of stocks. It is proposed to limit such sales to 4 p. m. each day except Saturday, when the time limit is fixed at 2:30 p. m. All brokers will be required to sign up tickets for such transfers and the secretary of the exchange will be required to keep an office open until a half hour later than the time allowable for trading to receive the tickets.

The proposition will no doubt be accepted and it is also anticipated that commercial stocks will soon be listed upon the board.

Those in favor of the proposed changes in the rules of the stock exchange argued that a large volume of business can be shown in the future by adopting the resolution to be submitted next Monday.
