

BIG HAILSTORM

IN IDAHO.

Wheat Fields Destroyed and Pigs and Chickens Killed.

HAILSTONES SIZE OF EGGS

Damage to Grain and Fruit Crops is \$50,000—Hail Driven by a Wind With Terrible Force.

[Early Dispatches.]
Lewiston, Idaho, June 26.—A special to the Tribune from Denver, Idaho, gives an account of a disastrous hail storm which visited that section of Idaho county Sunday afternoon. Wheat fields and orchards were destroyed, and small pigs and chickens were killed by the hail stones, which ranged in size from a pigeon egg to a hen's egg. The hail was driven by a heavy wind storm with terrific force and horses were knocked down. The storm came from the south and covered a path of about one-half mile in width, and its duration in the vicinity of Denver was about fifty minutes. Damage to grain and fruit crops is estimated at \$50,000. Reports from other points indicate much damage to grain.

TRIED TO KILL THE KAISER.

Some Doubt as to the Truth of the Story.

Berlin, June 25.—A rumor was circulated in Berlin and other cities today that an attempt had been made to assassinate Emperor William. The Kaiser's police declare it to be pure fiction. His majesty telegraphed condolences to Emperor Nicholas upon the death of Count Muraviev, Russian minister of foreign affairs, adding an expression of his satisfaction that Russian and German had received a baptism of fire while standing shoulder to shoulder at Taku.

RELIEVE KUMASSIE THIS WEEK

British Force Expected to Drive Off the Ashantis.

London, June 25.—The government has received dispatches from Ashanti indicating that the relief of Kumassie should be accomplished this week. About 500 men of the British Central African national forces sailed June 22nd for Ashanti, where they will be employed to quell the uprising. This is the first time that the British Central African force has been called upon to participate in the responsibilities of the empire.

Wheat Crop Lost.

Winnipeg, Man., June 25.—Of 1,800,000 acres under wheat, 1,000,000 acres will never be cut. Rains cannot now change a stunted crop six to eight inches high and a small head into a crop. The more optimistic hope for seed and feed, but this is doubtful. This is the hottest day of the year.

GOVERNOR THEODORE ROOSEVELT.

Chicago, June 25.—The Times-Herald tomorrow will say: "Gov. Theodore Roosevelt will leave New York city next Friday for Chicago, arriving in this city Saturday and leaving the same night for Oklahoma City, where he will attend the reunion of his old regiment, the rough riders. He will not come West as the Republican vice presidential candidate, but as a private citizen, glad to meet his soldier comrades again and be welcomed by them. On arriving in Chicago, he will become the guest of Paul Morton, second vice president of the Santa Fe road, in whose car he will make the journey to Oklahoma."

BLUNDERING ON THE BRITISH SIDE

Ambuscade of Yeomanry and Capture of Convoy by the Boers.

BOTH FIGHTS TWO DAYS.

Boer Commander Then Gets Away When the British Thought to Capture Him.

[Early Dispatches.]
New York, June 25.—A dispatch to the Tribune from London says: Lord Roberts profits by the diversion of public interest from South Africa to China. Unpleasant incidents escape notice and the delay in winding up the campaign is screened from criticism. According to the accounts given in the press dispatches of yesterday the ambuscade of the yeomanry near Lindley was not creditable to the British, and details of the capture of a large convoy with an escort of highlanders near Heilbron show that a depressing story was suppressed as long as possible. There has clearly been a good deal of blundering on the British side in the Orange River colony, and there are several mysteries about Heilbron and Lindley and General Buller's campaign which require explanation. Further particulars of the fighting at Pinnarpoort, to the northeast of Pretoria, are forwarded by a Leader correspondent. The object of the British operations was to drive Gen. Botha from the position he had taken up. The fighting was continuous for two days and it was hoped that Generala French and Hamilton would be able to entrap the burghers on the following day. It was discovered, however, that Botha had in the night effected another masterly retreat. The Times correspondent at Kroonstad says that Gen. De Wet is showing capable generalship, but is unable to prevent his men from deserting daily.

Mr. Rathbone Removed.

Washington, June 25.—The postmaster-general has issued an order removing from office Estes G. Rathbone, who had been suspended by a former order from the position of general director of posts of Cuba, and detaching him to the position of inspector in the postal service, to perform the duties of director-general of posts until other orders. Fourth Assistant Postmaster-General Britton has been relieved from further work in Cuba, and has sailed for home.

Remove Soldiers from Cuba.

Washington, June 25.—According to reports recently received from Gen. Wood, the elections in Cuba, passed over quietly and without disorder at any point and affairs generally have become tranquil with no indication of future trouble. In consequence of this encouraging state of affairs, the officials of the war department are considering the question of a large reduction of the military force in Cuba. It has been decided that some of the troops can safely be brought home within the next few months. Nothing will be settled as to which regiments shall come until after Secretary Root returns to the city early next week.

The baseball aggregation from Pocatello got back at Father Glimlin's crowd at Ogden yesterday in fine style and gave them a sound trouncing. The game was played at the Driving Park in the presence of about 300 people.

It was undoubtedly the prettiest contest of the kind that has been pulled off in the Junction City this season, and the spectators went wild with enthusiasm. Nine good lively innings were played and the Pocatello's work was errorless. Only three small errors were made by Glimlin's lads. Both teams were cool and played an even determined game which was appreciated more than if there had been numerous sensational acts. Ogden still holds the first place in the league, but the Rio Grandes are not far behind. Hickley's lads are not saying much now but silently sawing timber.

Young Harmon did the pitching for the Pocatello's and Hansford pitched for Ogden. Both men did fairly well but the hits were plentiful enough. Hansford struck out four men, Harmon one. Harmon passed two on balls and Harmon five.

Following is the score by innings:

Ogden 1 2 3 4 5 6 7 8 9

Pocatello 0 0 0 0 0 2 0 0 6

Hits, Pocatello 15, Ogden 13; bases on balls, off Harmon 3, off Hansford 5; home run, Glimlin, three-base hit, Clark; two-base hits, Dillon, MacGregor; Hansford, Batesman, Batteries—Pocatello, Harmon and Kuran; for Ogden, Hansford and Henry.

The gate receipts over and above expenses will be claimed by the victorious team but if the receipts are less than the bill the losing team shoulders the responsibility. I mentioned to him that I had been similarly troubled and that Chamberlain's Colic, Cholera and Diarrhoea Remedy had cured me. He bought a bottle of it from the drugstore here and informed me that one dose cured him, and he is again at his work."
