

ARRAIGNMENTS IN COURT TODAY.

Judge Morse Listens to the Pleas
Of ten Prisoners, Among Them
James A. Luke.

INDICTMENT CHARGES PERJURY.

Walter Edgar Arraigned Charged With
Attempting to Wreck a Salt-
air Train.

Arraignments were the order of business in Judge Morse's court again today. Ten prisoners faced the court and all but three entered pleas of not guilty to the various charges against them. James A. Luke was the first defendant arraigned. The indictment returned against him by the grand jury on July 7, charges him with perjury. It alleges that on July 25, 1900, Luke filed an affidavit for an attachment in Justice Kroeger's court against W. B. Ellis, in which he deposed under oath, as grounds for the issuance of the attachment, that the state was about to depart from the state to the injury of his creditors. The indictment charges that Luke well knew when he filed the affidavit, that the statements contained therein were untrue. The time for entering a plea to the indictment was set by the court, upon motion of E. A. Walton, attorney for Luke, for Tuesday, morning, Sept. 5, at 10 o'clock.

YOUNG EDGAR ARRAIGNED.
Walter Edgar, the 15-year-old boy who on Aug. 3, attempted to wreck a Saltair train, entered a plea of not guilty to the charge of placing an obstruction upon a railway train. The boy was accompanied in court by his mother and his attorney, A. B. Elder.

IRENE HALL ALSO.
Irene Hall, the colored woman, who created a panic on Franklin avenue on the morning of Sept. 1, by attempting to shoot her husband and a colored woman named Hattie Wilson, entered a plea of not guilty to the charge of assault with a deadly weapon with intent to do bodily harm.

MORETON SAYS NOT GUILTY.
A plea of not guilty was entered by William Moreton to both informations against him. One information charges him with battery and the other with resisting an officer. Moreton made an appeal upon Deputy Sheriff J. H. Sharp at Calder's office on June 13 and knocked out several of the deputy's teeth. Afterwards when Deputy Sheriff Sharp, Steele and Edwards attempted to arrest him, he resisted and put up a hard fight before he was subdued.

GRAND LARCENY CHARGED.
Bessie Johnson was arraigned on the charge of grand larceny and entered a plea of not guilty to the same. It is charged that she stole \$20 from the person of Robert Wilson on Aug. 7.

CHARGES AGAINST COHEN.
Samuel Cohen was arraigned on three informations charging him with receiving stolen property. He entered pleas of not guilty to all of them. On March 26, he is charged with having received two bars of copper bullion, valued at \$70, which were stolen from the Highland Boy store on April 1. He is charged with having received five pounds of brass, valued at 12 1/2 cents per pound, stolen from the Rio Grande Western Railway company, and on the same date, 44 pounds of brass of the same value and an oil lubricator valued at \$40, which were stolen from the Oregon Short Line Railroad company.

PEIT LARCENY CASES.
Fred Taylor was granted until Tuesday, Sept. 8, to enter his plea to the charge of petit larceny. It is charged that Taylor stole \$18.50 from Sarah Taylor on July 30.

WILLIAM CARLSON AND OLIVER ERICKSON.
William Carlson and Oliver Erickson, who were arraigned yesterday morning, today entered pleas of not guilty to the charges of burglary and petit larceny.

ATTEMPTED GRAND LARCENY.

William Hayden, who was also arraigned yesterday on the charge of attempting to commit grand larceny, today entered a demurrer to the information. Atty. Soren N. Christensen argued the demurrer for defendant and Dkt. Atty. Elcherson argued for the state. The court took the matter under advisement until Tuesday morning at 10 o'clock, at which time Hayden will enter his plea.

WOULD COMPEL FIGHT.

J. W. HOBLEY BRINGS MANDAMUS PROCEEDINGS AGAINST Mayor Miller of Murray.
C. L. Miller, mayor of Murray City, was made defendant in a mandamus proceeding filed against him in the district court today by J. W. Hobley, who seeks to compel the mayor to grant him a license for a sporting exhibition to be held in Murray on Sept. 9. The petition for the writ of mandamus alleges that on Sept. 2, Hobley made application to the city recorder of Murray for a license and, on the same date, he paid the amount of the license to the city treasurer, but the mayor refused to grant or sign the license.

It is also alleged that Hobley has been to a considerable extent in advertising the exhibition, and it is claimed that the mayor has no discretion in the matter, but must grant the license according to the terms of the ordinance of the city. Judge Lewis issued an alternative writ of mandate this morning upon the showing made.

COMPLAINS OF SEEPAGE.

Deseret Savings Bank Files an Injunction Suit Against John Wood.
An injunction suit was filed in the district court today by the Deseret Savings bank against John Wood to restrain defendant from permitting the water from his artesian well to flow upon the premises of plaintiff and thereby seep into the house on said property and render it unfit for habitation. The house belonging to plaintiff is situated on a part of lot 5, block 20, five-acre plat A, Big Field survey. It is alleged that the water from the flowing well of defendant seeps into the basement of the house on plaintiff's land and is dissolving the mortar in the foundation of the same and thereby making the cracks in the same loose. The water also keeps the house in a very damp condition and unfit for occupancy. A temporary restraining order was issued today in the case by Judge Stewart.

CRIMINAL CASES.

Judge Morse Makes a Setting of Those For Trial During September.
Judge C. W. Morse this morning made a setting of criminal cases for trial during the September term of court, which begins Monday, Sept. 14.

Rivals of Schilling's Best,
everyone of 'em, look to price
for their market; not one of 'em
looks to quality! Allspice, for
instance; there is no difficulty
in getting it fine; they don't
try; it costs too much.

It costs us less to sell; that's
how we afford the quality.

Moneyback; that costs nothing.

The cases against Francis G. Luke were set for September 22 and 23. The case against Will F. Wain was set for Wednesday, Sept. 16. The case against James A. Luke on the charge of perjury was not set today as he has not yet entered his plea to the charge, but it will probably be heard during the term. Following is a complete list of the settings made:

MONDAY, SEPT. 14.
State vs. G. R. Harmon, burglary and petit larceny; State vs. William Evans, attempting to commit a felony.

TUESDAY, SEPT. 15.
State vs. Jeffrey Curtis, burglary and attempting to commit grand larceny; State vs. William Hayden, attempt to commit grand larceny.

WEDNESDAY, SEPT. 16.
State vs. Will Wainless, dissuading witness from attending trial; State vs. R. L. McClain, housebreaking and petit larceny.

THURSDAY, SEPT. 17.
State vs. Irene Hall, assault with a deadly weapon.

FRIDAY, SEPT. 18.
State vs. C. P. Bray and J. E. Shaffer, adulterating milk; State vs. John Sears, feeding unwholesome food to dairy cows.

MONDAY, SEPT. 21.
State vs. Walter Edgar, placing obstruction on railroad track; State vs. William Morton, battery; State vs. William Morton, resisting public officer.

TUESDAY, SEPT. 22.
State vs. Francis G. Luke, defacing and altering public record (five cases).

WEDNESDAY, SEPT. 23.
State vs. Francis G. Luke, defacing and altering public record (four cases).

THURSDAY, SEPT. 24.
State vs. Bessie Johnson, grand larceny.

FRIDAY, SEPT. 25.
State vs. Samuel Cohen, receiving stolen property (three cases).

TUESDAY, SEPT. 29.
State vs. Edward Ray, assault with deadly weapon.

Case Transferred.

The case of C. E. Rives, R. S. Rives and J. H. Rives, against Henry A. Moreton, Majestic Copper Mining and Smelting company, et al, was today transferred from the Third district court to the U. S. circuit court. The action arose from a mineral transaction. Plaintiffs pray that the defendant Aitman be required to make an accounting and that the defendants be required to make any transfer or disposition of 15,683 2/3 shares of the capital stock of the Majestic Copper M. and S. Co., also that it be adjudged that plaintiffs are entitled to receive \$5,000 out of the profits made by Aitman in connection with the sale of the Salomon mines, the O. K. Old Hickory, Summit, Gothland and other properties owned by the Majestic.

McOmie Wins Suit.

The demurrer to the petition for a writ of review in the case of H. Christensen and wife against Justice of the Peace J. P. McOmie of Murray, has been sustained by Judge Lewis of the district court, and the writ quashed. O. H. Pike brought suit against Christensen and his wife in McOmie's court to recover \$50 for services rendered in Farmers' precinct. A default judgment for the full amount was rendered against Christensen, who then filed a petition in the district court for a writ of review of the proceedings in the case. He contended that the cause of action arose in Farmers' precinct and that both parties to the action resided in that precinct. Hence, Justice of the Peace did not have jurisdiction over the case. A general demurrer to the petition was filed and argued before Judge Lewis yesterday and was sustained. The writ was then quashed.

COURT NOTES.

Judge Tanner of the city court yesterday rendered judgment in favor of defendants in the case of J. M. Dart and George Boyd and wife. No complaint had ever been filed in the case at all. Summons was issued by plaintiff's attorney, summoning defendants to appear in the city court within three days to defend the action. Mr. and Mrs. Boyd at once placed the matter in the hands of Atty. Kinney & Christensen, who appeared to the court. The court granted the motion. Owing to the ill health of his wife, Judge W. C. Hall of the district court will not return from California as soon as he intended.

Emma Matthes has been granted a divorce from William Matthes by Judge Lewis on the grounds of desertion and failure to support.

Arrangements have been made whereby fruit growers who desire to exhibit their produce may have their fruit placed in cold storage by preparing express charges, and marking in ink on the cases, the names of the shippers.

100 Doses

For One Dollar

Economy in medicine must be measured by two things—cost and effect. It cannot be measured by either alone. It is greatest in that medicine that does the most for the money—that radically and permanently cures at the least expense. That medicine is

Hood's Sarsaparilla

It purifies and enriches the blood, cures pimples, eczema and all eruptions, tired, languid feelings, loss of appetite and general debility.

"I have taken Hood's Sarsaparilla and found it reliable and giving perfect satisfaction. It takes away that tired feeling, gives energy and brings the blood in good condition." Mrs. E. J. Lewis, 1333 10th Street, N. W., Washington, D. C.

Hood's Sarsaparilla promises to cure and keeps the promise.

ANOTHER NEW STAKE OF ZION.

Taylor Stake is Created at Conference Held Recently at Magrath.

IS TAKEN FROM THE ALBERTA.

Heber S. Allen is Made President and Theodore Brandley and John Wm. Knight His Counselors.

Special Correspondence.
Raymond, Alta., Sept. 1.—The Saints of Alberta Stake have been treated to a spiritual feast by the presence in our midst of Presidents Joseph F. Smith and Anthony H. Lund, Elders John W. Taylor, Reed Smoot and M. F. Cowley of the Council of Apostles, and other Church officials. The general quarterly conference was held at Magrath Saturday, Sunday and Monday, at which the above brethren gave some very good instructions to the Saints and never was there a better, or even as large, a conference held in Alberta stake. Among the important business transacted was the dividing of the Alberta stake into two stakes, the western portion retaining the old name of Alberta, while the new stake on the east is to be the Taylor Stake of Zion, named in honor of our beloved Apostle John W. Taylor, who has been most instrumental in the development of the community. The presidency of the Taylor stake is Heber S. Allen, president; Theodore Brandley, first, and J. Wm. Knight, second counselors. Of the Alberta stake J. D. Wood is president, and Thos. Duce, first counselor. The removal of Bishop Knight from the Raymond ward left without a bishop, so a ward conference was held here tonight, at which J. F. Anderson was chosen Bishop, with T. William Evans and Arthur E. Fawn as counselors. On other business was the division of the sugar factory is nearly completed. It will be ready to grind beets about Sept. 25.

DEATH OF MRS. SCOTT.
Milton Scott, former general agent for the "News," is called upon to mourn the loss of his wife, Almida Medora Baum Scott, on last Wednesday evening at her home in Raymond. The direct cause of her death was cholera, although she had been afflicted for several years with epilepsy, which disease brought her to such a stage of weakness that she was unable to survive through her confinement. The funeral services were held at the Raymond ward house on Thursday at 2 p. m. Elders Abraham Wild, Joseph S. Porter and Bishop Knight bore faithful testimonies to the worth and goodness of Sister Scott, her devotion to the Gospel and as a loving mother and devoted wife. Two beautiful hymns were sung which were very appropriate to the occasion. The remains were followed to the cemetery by a large number of vehicles, and interred with appropriate solemnity in the presence of a large number of friends and relatives. In the afternoon, the remains of the first adult death and burial yet to occur in Raymond.

E. B. Hicks and bride have arrived home from Utah, where they went to be united in holy matrimony. The bride is again here in the land. Quite a rush for homesteads is being made along the line of the C. P. railroad in the Woodcock precinct. Over 50 new locations have been made recently in addition to that number which was made last spring. A small village with a store, lumber yard and postoffice has been established, and the prospects of two more towns to be started in the near future. Most all the settlers are Latter-day Saints.

We are again enjoying some beautiful weather and if it continues for about three weeks nearly all the grain crops will be safe. Harvesting is now in full blast and threshing will soon begin.

MUSIC NOTES.

The demand for musical instruments seems to run at present in the line of talking machines, and the sale of the same is quite lively. The recent improvement in eliminating the objectionable hum of the gramophone has increased the efficiency of the device that its popularity is noticeably increased.

"Everybody" is selling sheet music at "half price," so dealers report, and there are stacks of white whiskered stock "thrown away" for a nickel a piece. It is fair to say that much of this alleged music is not worth a nickel—more than a nickel—if it is worth that. Dealers are benefiting the public by getting rid of it, and making room for their shelves for the higher grades.

The teachers are beginning to flock back to Salt Lake on the expiration of their summer vacation to the horror are finding that the heated term still stays with the town. Pupils are beginning to drift back to the studios, and the critics who began to begin in song again smites the town in spheres. The "musicians directory" of the Saturday "News" will begin to circulate from now on.

Prof. Careless remarked this morning that everything material has its individual key. He noticed once that his violin refused to play, so he struck a certain key on his piano, and the whole shook all over at that time. Strike a certain heavy pedal on an organ and the building will quiver and shake. In fact, he said that much of the building might be endangered. Prof. Careless believes that even bodies of water have their keys which will respond in sympathy when the key note is struck.

Musical gossip calls attention to the fact that the names of many of the music dealers who have ever done business in this city, began with the letter C, or as one man put it "in the line of C."

Local dealers in musical instruments say it would be a good thing for the cabinet organ trade if manufacturers would in fact make the organ of the board from the customary five to six and a half or six octaves. The present brevity is a damper to the sale, as so much music is written that requires five and a half octaves, and the keyboard shortage on the cabinet organ prevents its proper performance there. If the suggested improvement were made, it is claimed that the sale of organs in this part of the country would be largely increased. One man also claims that the establishment of an organ factory would prove a paying investment, as Salt Lake is such a great distributing point.

DEED.

MARTIN.—In this city, Sept. 3, 1903. Sarah, wife of the late George D. Martin, and mother of Mary E. Martin and Rosa B. Young of St. Louis, born Aug. 2, 1872 at 3 p. m. from the family residence, 212 Post street. Friends are invited. St. Louis papers please copy.

The Wholesome

Baking Powder

It's great strength and keeping quality; its Purity, Wholesomeness and reasonable price (25c per pound) explain why it is continuously rising in popular favor.

Ask your grocer for Three Crown.

KILLED WHILE HOLDING A RIFLE.

Sad Fate of Burton Oliver, a
Young Resident of South
Jordan.

SHOOTING WAS ACCIDENTAL.

He with Two Companions was Returning from a Hunting Expedition When Fatal Accident Occurred.

Burton Oliver, the 16-year-old son of Moroni Oliver, a carpenter residing at South Jordan, was instantly killed at 7 o'clock last night near the mouth of Little Cottonwood canyon, while returning from a hunting expedition with two other boys named Oscar and John Johnson. From the story told by the Johnsons it seems that young Oliver was accidentally killed by a shot from a 22-caliber rifle which he held in his own hands. The fatal accident occurred at what is known as Dry Creek and it appears that the boys had stopped to water their horses when the younger Johnson stepped out on the shore to uncheck the animal and permit it to drink. The elder Johnson and young Oliver were lying in the bottom of the spring wagon. Oliver had hold of the barrel of the rifle, the butt end of which was on the seat. Suddenly a shot rang out and Oliver was heard to groan. The other boys immediately made an examination and found that the bullet had entered the boy's head about an inch above the right ear. Not realizing that their companion was dying, they quickly started for Sandy Johnson's home, where they arrived about 8 o'clock. The boys were very much excited and when they entered the office they told the doctor that a number of witnesses had been shot. The doctor told them to bring him in which they did, when he at once discovered that the unfortunate lad was beyond all human aid.

The Johnson boys then hastened off and notified Mr. and Mrs. Oliver of the sad affair, while the remains of the young man were taken to the city hall, Sandy, by Justice of the Peace William Burrows, before whom an inquest was held at 10:30 this morning. The jurors were Brigham C. Ward, John E. and Reginald White, who, after examining a number of witnesses, also the wagon in which the deceased was at the time of the shooting, rendered a verdict that Burton Oliver died of a bullet wound in the head, caused by the discharge of a rifle in his own hands. The funeral will be held from the South Jordan ward meetinghouse tomorrow.

BREAKS EVEN THIS WEEK.

Ten Boys and Ten Girls Born Last Seven Days.

For the week ending Sept. 5, there were 20 births reported to the board of health, 10 males and 10 females, representing a decrease of one third in comparison with the preceding week and the corresponding period of last year, when 30 births were reported. The deaths for the week were three in excess of the previous week and two more than during the week ending Sept. 1902, the total mortality being 26, seven of the decedents males and nine females. Six bodies were brought here during the week and four were shipped away for interment.

There were five cases of scarlet fever remaining in detention from last week; two new cases developed and a third case was discharged. There were four cases of smallpox, one case was released, and two cases in quarantine, as against one case for the week preceding and three for the same period of last year.

One new case of typhoid was reported during the week and two cases were discharged, leaving two cases in quarantine, as against four for the preceding week and four for the corresponding week of last year. Thirty-five new cases of typhoid fever were reported during the week week before and four cases in the same week last year. There have been 29 cases reported thus far in the month of September, making a total of 132 cases since Jan. 1, 1903.

PENSIONS GRANTED.

Three People in Idaho Will Receive the Government's Aid.

(Special to the "News.")
Washington, D. C., Sept. 5.—Pensions granted: Idaho—Nicholas Hite, \$10; Andrew Herman, \$25; Mary S. Sargent, \$8.
Wyoming—Samuel T. Sisson, \$10; Samuel G. Asher, \$5.

SALINA CANYON WORK RESUMED.

Construction Again Being Pushed
By the Denver & Rio Grande
Railroad Company.

GANGS OF MEN TO THE FRONT.

While it is Said That They Will Only
Build Another Mile, There Are
Some Skeptics.

Work has again been started on the Salina cut-off with the result that men were shipped down there early in the week to the number of about 60 and labor agents have been notified to get ready to send in more as occasion may require.

It is given out that the men are building an additional mile of track in order to complete the first section of 20 miles which was commenced months ago.

The periodical spurt of activity in Salina canyon are puzzling more people than those who reside in the vicinity. That the doubt line is playing a waiting game is evident. It is believed that as soon as the Colorado Fuel & Iron people gets their affairs into shape for operations in Utah and the San Pedro's line is shown to be a real possibility, a doubt that the line will be pushed right through to Green river and also in a westerly direction from Salina.

GEN. SUPT. COLLINS DEAD.

M. K. and T. Officials Succumb to a Fall Wound in His Foot.

St. Louis, Sept. 5.—Edward M. Collins, general superintendent of the Missouri, Kansas & Texas railroad is dead at 10 a. m. as the result of a seemingly slight accident. Several weeks ago, in descending from a car he ran a nail into his foot, fever resulting from the injury. Mr. Collins was a native of Iowa and was well known in railroad circles.

TWENTY PARTIES IN FIELD

Western Pacific Has a Score of Surveying Corps in the Field.

A gentleman, who declined to be quoted, this morning stated that from what he could learn there were about twenty distinct and separate parties of surveyors working in the field in the three states of California, Nevada and Utah at the present time for the Western Pacific. The men are doing thorough work and in addition to checking old surveys run by other promoters. In days gone by, they are striking new lines independently. Reports have the parties headed for Ogden round the north end of the lake, for Grantsville, around the south end of the lake, and Salina, two of which are essentially Gould connections.

Conference Rates.

The Rio Grande, Oregon Short Line and San Pedro & Northern Pacific railroads have announced that the same rates that have prevailed will be in vogue for Conference. On far points the selling date will be Sept. 30, with limit to Oct. 15. On near points tickets will be on sale from Oct. 1 to 5, returning good until Oct. 12.

Another Moffat Survey.

New surveys are reported to be in progress by the Denver, Northwestern & Pacific surveying corps in the canyon. The original locating surveys were through this canyon, but it is now said to be probable that a new survey north of the canyon will be chosen in order to get easier grades.

J. J. Hill Has Enough.

New York, Sept. 5.—In regard to numerous reports connecting him with various vast new projects of sea and land in the west, James J. Hill, the railroad magnate, who has just returned from a week's cruise in his steam yacht, says: "I shall never undertake any work of magnitude in a new field. My interests are limited by the line I have already drawn, for the development of the great northwest. They will never be extended."

Kimball Delivered to Serve.

Chicago, Sept. 5.—The annual meeting of the stockholders of the Iowa Central railroad has been held here, 34,000 shares, a little over two-thirds of the entire capital stock, being represented. K. J. Kimball, declined to serve any longer as director and H. E. Huntington, of New York, was elected in his place. P. Shortz of Chicago and E. F. Bradley of New York, whose term of office had expired, were re-elected directors. No statement of earnings was presented, but the report shortly will be sent to the stockholders in pamphlet form.

T. C. Porteous Promoted.

Official credentials have been received in this city announcing the appointment of T. C. Porteous to succeed L. E. Perkins, resigned, as agent for the Merchants Dispatch Transportation company with headquarters at Denver. Mr. Porteous has a number of friends in this city who will be glad to hear of his promotion.

Electrical Workers Coming.

District Passenger Agent Drake of the Rock Island "recruiting" this morning from headquarters the morning notifying him that the New York and Chicago delegations to the Electrical Workers' convention here would leave Chicago, Sept. 9, for Salt Lake, via the Rock Island and Denver & Rio Grande in two special cars.

A Guaranteed Cure for Piles.

Itching, Blind, Bleeding or Protruding Piles. Four druggists will refund your money if Fazo Ointment fails to cure you. 50 cents.

LATE LOCALS.

Fergus Coulter is completing a fine new brick residence on Third street. The Salt Lake Collegiate Institute opens next Wednesday for the fall term.

The following business men have been chosen to membership in the Commercial club: Messrs. W. H. Ellison, W. H. Gray, F. N. Cameron, Ralph W. Foster of this city, and M. E. King, a new hotel man, and George E. Talcott of Denver.

Derrieks have been set up on the second floor of the Federal building as the walls are now up to that point. The contractor is making the most of the clear weather.

The Emery-Holmes apartment house is now up to the fourth story, and is where it can give some idea of the immense improvement going on at the Eagle Gate corner.
