BOY LOSES ARM IN MACHINERY

Frank C. Harris Shows Remarkable Pluck in Shocking Accident at Laundry.

CLEVER CAPTURE OF THIEF.

Theatrical Troubles at the Utahna—Funeral Services—Special Jury Venire—Marriage Licenses.

(Special Correspondence.)

OGDEN, May 12.—Frank C. Harris, the 17-year-old son of Mrs. Tella Harris, residing on Adams avenue between Twenty-third and Twenty-fourth streets, will lose his right arm as the result of having it crushed in an extractor at the Ogden Steam Laundry, yesterday. Immediately after the accident the plucky boy walked from the laundry without saying anything to anybody and asked to be sent to the hospital. The proprietor of the laundry secured a conveyance and took the boy to the hospital, where he was attended by Dr. Ezra Rich, who amputated the arm at the elbow. Harris displayed remarkable nerve throughout the operation.

The young man went to work in the cleaning department of the laundry yesterday morning. Late yesterday afternoon, while working at an extractor, his hand was caught in the pulleys and his entire arm crushed between two rollers and badly bruised and mangled. Harris succeeded in extracting his arm and immediately left the building in search of medical aid without going into the main laundry building where there are many girls working. He was accompanied by a nurse among the medical profession last evening. It is thought that no serious complications will set in.

CAPTURE OF PICKPOCKET.

OGDEN, May 12.—The prompt action of Detective Burdette, of the Ogden Police Department, resulted in the capture of a pickpocket yesterday afternoon. The offender, a man named Murphy, was seen by Burdette in the act of picking a pocket in a crowded street car returning from the races and from a victim he succeeded in securing a pocketbook containing \$3.50. As soon as he had the book in his hand, Murphy jumped from the car and ran across the street to the rear of the mill. Knudsen saw him and started after him. Murphy jumped in Ogden river but the water proved too cold and he soon emerged and was caught and taken to the police station.

BOND PROPOSITION FOR COUNTY SCHOOLS

Cache in Great Need of More and Larger Schoolhouses—Suggested Remedy of Board.

(Special Correspondence.)

LOGAN, May 11.—The county board of education has issued the following letter which explains the schoolhouse situation in Cache county and offers suggestions for improving the same:

To the School Patrons of Cache County School District:

The schools of the county are at present in a very crowded condition, and it appears they will be still more crowded next year. We have been compelled to secure the use of 12 rooms for school purposes, in one district; and for nine of these over \$500 per year is being paid for rent. Some of the rooms we have been obliged to hire are very unsuitable, almost criminally inadequate for school purposes. In one district a room 17x17 feet, poorly equipped for ventilation, is being used for 40 pupils. Most unsanitary. In another, a room so dark as to require the use of kerosene lamps and cast a gloom over anyone in use; and in another one, school is kept in an abandoned saloon building. Because of the scattered location of these rooms it is impossible for the principals to give the schools proper supervision. And again, because of these congested conditions many of the principals are teaching as many as or more pupils than the ordinary teacher, hence cannot properly supervise the schools under their charge.

To alleviate these unwholesome conditions and put the schools of Cache county upon the footing they should be, we recommend the floating of a bond issue of \$100,000, to raise money for the erection of new school buildings.

The district is at present bonded as follows: Lewiston, \$19,750 at 5 per cent; Newton, \$10,000 at 5 per cent; Hyrum, \$5,000 at 6 per cent; Riverside, \$2,000 at 5 per cent. Total \$36,750.

The board of education now has power to levy sufficient tax to raise approximately \$9,000 per year for building purposes. With this amount it will take 11 years to build the schoolhouses we need today. By that time our need for new buildings will have greatly increased. During this time thousands of dollars will be spent for rent, to say nothing of the inconvenience that would necessarily have to be endured. By floating a bond we can have the schoolhouses now, with all their beneficial results; and then when the immediate benefits will be the future tax payers and will liquidate the indebtedness.

A tax one-half mill, one-half less than the present levy will raise a sufficient fund to cover the interest and sinking fund. Hence we can realize these improved conditions on less taxation than heretofore, and which in increased tax we should have to pay if no bonds are voted.

Those living in some of the districts may object to the proposition of bonding on the grounds that they have adequate school buildings. Looking over the accounts that were turned in from the various districts, we note that in general these districts which have new buildings are the ones which turned over indebtedness to the board of education; while those in need of new buildings transferred money to the board of education, which no doubt would have soon been expended for the erection of these buildings. Now let us pull together, and give to our neighbor's child the same privileges enjoyed by our own, and which they are helping us pay for. It has been feared by some that a bond could not be sold on account of the litigation pending against the board of education. The Granite school district, which is consolidated as a unit with the board of education, has just sold a bond for \$100,000 at 4 1/2 per cent interest and received a premium of \$1,000.

In order to meet the urgent needs of the schools in this district, and that our boys and girls be not huddled together in unsanitary rooms, we earnestly recommend the bond issue. We feel that the proper way to raise the money needed is by bonding, and that the time is now; and further, it comes first in the needs of this county. We intend to use our best efforts to realize these results.

NEED COUNTY SUPERINTENDENT

LOGAN, May 11.—On May 21, the board of education will consider application for a county superintendent. The appointment will be made the first meeting in June. The board has decided to make offers to the old teachers they desire to retain instead of adhering to the old plan of having all those who desire to teach make application.

IMPRESSIVE OBSEQUIES OF WILLIAM D. HENDRICKS

RICHMOND, Utah, May 10.—The funeral of William D. Hendricks was held in the Richmond Tabernacle on Sunday May 9. There were present all his wives, 20 children, 150 grandchildren and about 40 great grandchildren. The remains lay in state at his residence, from 10 a. m. to 12:30 where friends

WM. D. HENDRICKS.

from far and near came to pay respect to one of Cache county's most substantial citizens, and the father of one of the largest families in Utah. There was a profusion of floral offerings.

Bishop Thomas H. Merrill presided over the service. Many friends and business and church associates bore testimony to the probity, honor and integrity of the deceased in every calling in particular.

Mr. H. E. Hatch, cashier of Thatcher Bros. Banking company of Logan, who had been a business associate for twenty-seven years with the deceased, stated that in all his business transactions he had found Elder Hendricks to be the soul of honor. Many times trying problems had come for decision and in all cases they were decided with justice to all. Elder Samuel Rockwell of Smithfield recounted many of the early scenes of Pioneer life and his varied experiences with the deceased in the settlement of Utah and the early history in particular. Elder Lyman R. Mathews of Salt Lake City, a former business associate of the deceased, felt it an honor to know and associate with such a noble spirit, whose name as an empire builder would go down in history to the latest generation.

President George C. Parkinson of the Onida stake spoke of his association with the deceased as counselor to him as president of the Onida stake from 1884 to 1887.

Joseph Hendricks, the surviving brother, who now lives at Marysville, Idaho, was the next speaker. He told of the sacrifices made by his family in the trials and persecutions of saints in the early days of Nauvoo and Missouri, of the time when his father James Hendricks was wounded in the battle of Crooked river, Mo., at the time Apostle David Patten was killed. This left the wife with 6 children and William but 15 years old to support the family. He also referred to the patriotism of the deceased enlisting in the famous Mormon battalion to fight for his country, and of the sacrifices it entailed upon the family.

Brigham A. and James W. Hendricks, sons of the deceased, endorsed the endorsement of the other speakers and bore testimony to the kind and loving disposition of their father, and to his justice and integrity in his domestic relations.

Present Alma Merrill of the Benson stake testified to the sterling character of the deceased, who had lived a good life and kept the faith.

Besides selections by the choir Messrs. Sansom, Webb and associates rendered several quartets.

A long cortege followed the remains to the Richmond cemetery, where the last services were held, the grave being dedicated by Senator H. Bullen, Jr.
