OGDEN, UTAH, AUG. 11, 1903.

WEBER COUNTY AFFAIRS.

Special Session of City Council Orders Paving Contract Paid.

Forgers and Other Caliphs Held—Webster County School Census—Palmer-Hansen Nuptials.

The forgery of bogus checks seems to be the principal graft working in Ogden by the criminal element and almost daily some storekeeper, saloonman or other person reports having been taken in by these flim-flammers. The police were busy all day yesterday running down forgers of checks and were successful in arresting one man who gives his name as Elmer Evans, who is suspected of having forged the name of Corey Brothers to a check for \$15.00, which was cashed by B. Kohr, the secondhand dealer. While Evans did not cash the check, the police have every cause to believe he wrote the check and had someone else cash it for him. The name of Kilmartin & Fitzman, the well known contractors, was also forged to two checks which were passed, one check for \$67 was cashed by Joseph Carlson and another for \$37 was cashed by B. Kohr, who seems to be an easy mark for the forger. The blank check in each case had been stolen from the firm's check books. The party who forged the contractors' checks has not been arrested.

HELD FOR FRAUD.
J. W. Watson alias Ed Shepard, who was arrested by Detective Pender and Officer Hendrick, was late yesterday afternoon arraigned before Thomas Maloney on the charge of "using the mails for fraudulent purposes" by sending out false representations to parties with the intent of obtaining money. When the warrant was read to him by Deputy United States Marshal Smythe, he expressed a desire to plead guilty, but when he was asked before Judge Maloney, learning that he would have to answer to the charge to the federal court and could not be sentenced by Judge Maloney, he entered a plea of not guilty and his bond was fixed at \$1,000, which he was unable to furnish, and he is now in the custody of the sheriff.

C. I. CARRINGTON HELD.
C. I. Carrington was given his preliminary hearing before Judge Howell on the charge of embezzlement preferred against him by Dixon, the employment agent. His testimony of the prosecution was that Carrington was employed by Dixon as clerk in his office, that during July Dixon went east to Denver and left Carrington in charge of his business, retaining his absence 80 men were shipped by Dixon's agency each man paying \$2 for his transportation, but that on the return of Dixon Carrington only turned over to him \$1 for each man, retaining the balance of \$1. The court held defendant to answer to the charge to the district court under \$100 bonds, which he furnished.

A special meeting of the city council was held last night to consider the matter of paying for paving and the engineer's estimate of \$14,516.32 was ordered paid to Contractor O'Neil. This order of payment was made by resolution, which provides that the city's portion shall be paid out of the general funds. The portion which the property owners are to pay has not yet

been collected and the council authorized the drawing of warrants on the city's funds, the warrants to be taken care of by the Ogden State bank, which is to receive 7 per cent interest, the city to collect the same rate of interest from the property owners.

Save the Children.

Ninety-nine of every one hundred diseases that children have are due to disorders of the stomach, and these disorders are all caused by indigestion. Kodol Dyspepsia Cure is just as good for children as it is for adults. Children thrive on it. It keeps their little stomachs sweet and encourages their growth and development. Mrs. Homer Carter, 706 Central St., Nashville, Tenn., says: "My little boy is now three years old and has been suffering from indigestion since he was born. I have tried the best doctors in Nashville, but failed to do him any good. After using one bottle of Kodol he is a well baby. I recommend it to all sufferers. Kodol digests what you eat and makes the stomach sweet. Sold by all druggists."

DRUGGIST'S SUDDEN DEATH

Fred L. Thomas of Springville, Found Dead in Bed.

Funeral services over the remains of Fred L. Thomas, a druggist, who died suddenly, will be held at 10 o'clock tomorrow morning at the residence of his wife, Mrs. Thomas, 1015 North Main street.

Provo, Utah Co., Aug. 10.—Fred L. Thomas of Springville, a druggist, employed by T. R. Kelly, was found dead in his bed in the drug store of Mr. Kelly Sunday morning. Mr. Thomas had apparently retired Saturday evening after taking a bath, and it may be, judging from appearances in the store, had taken some medicine before retiring, an overdose of which may have caused his death, or the death may have resulted from some heart trouble. This is, of course, all suppositions. It is not believed he committed suicide, for he was a competent, capable man, and had no bad habits. It was not considered necessary to hold an inquest as there were no indications of foul play. Mr. Thomas was 35 years of age. He was found under his pillow.

The deceased had worked in the drug business in Logan, Brigham City, and Ogden before coming to Springville. His home was in Braden, Georgia, where his mother, Mrs. M. C. Phillips, and his stepfather, Mr. J. T. Phillips, reside. They have been informed of Mr. Thomas' death, and an answer is awaited before arrangements are made for the burial.

Funeral services over the remains of Joseph Atkinson and Lucy Thomas, the victims of the accident on the railroad Friday evening, were held in the First ward meetinghouse yesterday afternoon. The house was crowded with sympathizing friends of the departed and their bereaved relatives. The following speakers addressed the congregation: Elder O. H. Bue, Elder J. P. Eggersten, President David John and Elder Reed Smoot of the Quorum of Apostles.

Beautiful music was rendered by the ward Sunday school choir.

The classmates of Miss Thomas, who graduated from the public schools last February, attended in a body.

Many beautiful floral offerings covered the caskets. After the services the remains of Miss Thomas were interred in the Provo cemetery.

The remains of Mr. Atkinson were sent to Spanish Fork for interment today. They will be laid to rest by the side of Mr. Atkinson's wife, who died about three years ago. She also died in Provo, while on a visit to her daughter, Mrs. M. F. Thomas.

KILLING TO BE INVESTIGATED.
A coroner's jury, consisting of S. P. Eggersten, E. J. Ward and Ed Van Wagoner, was impaneled Saturday afternoon by Justice John to officially investigate the circumstances surrounding the death of Mr. Atkinson and Miss Thomas. The jury viewed the remains and will hear testimony today.

"Nothing More to Pay"

That's what he said and further, he (Mr. Elbe Walter, of Clarksville, Del.) said this:

The fact is that a Fifteen-Year Distribution Policy, issued by The Mutual Life Insurance Company of New York is a very interesting document. A yearly dividend, increasing each year after the policy is paid up—a sum paid the estate, and options which make it almost like handling so much cash and yet keeping it for your heirs at the same time.

In writing for information about a policy of this kind, state what you would like to receive in cash at the end of limited payment period, amount you would like your beneficiary to receive in event of your death, and give your age.

RICHARD A. MCCURDY, President.

AMERICAN FORK.

PERILS OF UTAH LAKE.

Mayor Jackson Has Narrow Escape—Mrs. Armstrong Passes Away.

American Fork, Utah Co., Aug. 8.—Mayor Jackson and family went to the lake Thursday afternoon for a drive. In such holes, especially when they would drive in the lake and wash his buggy. He was driving along when the water was less than two feet deep, when his horse went through the crust, which seemed to be over the quicksand. His horse went out of sight the first plunge, and only the hind end of the rig was in sight. Mr. Jackson jumped out and managed to keep his head above water. He could get him loose from the buggy, he had to have help to get the rig out, and Mr. Jackson came home in his wet clothes with a bad opinion of the lake; he says it is very treacherous.

Parents should not allow children to go to the lake to bathe unless they accompany them, wisely suggests the citizen. The formation of the bottom is changing all the time, the spot where the two little girls were recently drowned was sounded and found to be 16 feet deep, what can a child or even a man do in such holes, especially when they are composed of quicksand which is almost impossible to get out of?

If children are going to be allowed to still go bathing there, the place must be so guarded by safety lines put out—otherwise we can look for more accidents.

HENDRICKSON-ADAMS NUPTIALS.

Thursday a marriage license was issued to John Adams, 23, and Carrie Hendrickson, 20, both of Pleasant Grove.

Justices Court Kept Busy With Lawbreakers.

Special Correspondence.
Beaver City, Beaver Co., Aug. 10.—The justice's court in this city has been kept unusually busy for the past few days, owing to infractions of the city ordinances by the saloonkeepers by selling liquor without a license, and in the other cases selling liquor to minors. Fines were as follows: Selling liquor on Sunday, \$10; selling liquor without a license, \$10; in two cases of selling liquor to minors, \$15 each, including costs. In the third case extending circumstances were urged, in that the father of one of the little fellows, who purchased the whiskey, had instructed the barkeeper to let the boy have liquor, and an order to that effect in writing is in possession of the saloonman. In this case the fine and costs were in the sum of \$15. The parties all entered a plea of guilty.

DON'T GET IN A SWEAT

Perspiration—"sweat" is what the Bible and we common people call it—is a way nature has of driving out of the body refuse that has no business there. We sweat more in summer, because, in the overheated bowels, undigested food ferments more quickly than in winter and produces irritating acids and gases. The bowels, overworked, try to relieve themselves by violent convulsions, causing terrible gripes and colics, and diarrhoeal discharges so acid as to make you sore, and leaving the intestines weak and worn out. Nature assists body-cleaning by sending the filth out through the pores of the skin. It is not safe to stop perspiring altogether but most of the impure matter should be sent out by natural movements of the bowels, and the offensive, linen-staining sweat done away with. Keep your bowels strong all summer with the pleasant, candy cathartic CASCARETS, that clean the system and don't allow the excrement to be sweated out through the pores. Take a tablet every night, before going to bed. They work while you sleep and make you feel fine and cool all day.

Best for the Bowels. All druggists, 10c, 25c, 50c. Never sold in bulk. The genuine tablet stamped C. C. C. Guaranteed to cure or your money back. Sample and booklet free. Address: Sterling Remedy Co., Chicago or New York.

each including costs. It is hoped that this will have the effect of suppressing this kind of annoyance, as it has to be almost unbearable. In each case the boys pleaded guilty. Names will be given if it is not stopped.

PROMINENT PEOPLE SICK.

Patience W. J. Cox and Mr. W. W. Hutchings, Sen., are both confined to the house by sickness, but hopes are held out for their recovery.

FINE CROPS.

The second crop of hay promises to be fine from the present outlook, and with one or two exceptions the farmers will have an excellent yield of grain. The chinch bugs are getting in their work in some places, but it is thought the danger to grain will be slight as it is well advanced to maturity. There are plenty of crickets close to us.

The weather is very hot, and dry, but the supply of water keeps up pretty well.

The county commissioners are in session discussing the tax question.

Potent Pill Pleasure.
The pills that are potent in their action and pleasant in effect are DeWitt's Little Early Risers. W. S. Philpot of Abany, Ga., says: "During a bilious attack I took one. Small as it was it did me more good than calomel, blue-mass or any other pills I ever took and at the same time it effected me pleasantly. Little Early Risers are certainly an ideal pill." FUNERAL OF THOMAS BRYAN.

Funeral services were held over the remains of Thomas Bryan at the ward meetinghouse on Saturday evening at 8 o'clock. The body was shipped to Springville Sunday morning for interment. The funeral was largely attended by all classes.

Mrs. Thomas Bryan will get \$15,000, the amount for which her husband was insured by the company who carries the Lower Mammoth Mining company's risks, he having been one of their employees. There has been a material falling off

of membership of the Old Fellows lodge of this camp of late, due, it is said, to the recent advance of assessments ordered from headquarters.

WANT LIQUOR TRAFFIC CURTAILED.

The presidency of the Relief society of this ward headed a petition, signed by about 350 of our citizens last week and presented same to the city solons, asking that the liquor traffic of the city be restrained, restricted, or prohibited.

A reply was forwarded the petitioners in due time, setting forth the alarming fact that under the present conditions existing in our city, and in the absence of a prohibiting ordinance, the prayer of their petition could not be granted at present. A kind of half promise was given, however, that after the present license on that class of business had expired, we might look for the retrenchment desired. It is rumored that our ladies will throw down a leading card next November, when their sentiment will count at the municipal election.

Business is reasonably good for the season of the year, and the health of the people is good.

Ladies Want Liquor Traffic Curtailed—Electric Franchise Forfeited.

Special Correspondence.
Cedar City, Iron Co., Aug. 10.—Before this reaches the eyes of the numerous readers of the Deseret News, Cedar City will be completed by telephone with the rest of our neighboring cities on the north. The Rocky Mountain Bell Telephone company has now a party of men settling the poles and stretching the wire on the north edge of town, and it is expected in the course of two or three days we will be able to say Hello over the wire to the Deseret News. The company procured a very favorable site for their plant, together with a franchise extending over a period of 25 years, conditioning that a failure to commence work upon the plant within 60 days would forfeit all the rights and privileges therein granted. The 60-day limit has just expired. Nothing has been done so far, and the gentleman has caused from our view to be continued to patronize the Coal Oil trust a little while longer.

The weather continues hot and remarkably dry. In fact, less rain has
