Last Night's Dispatches.

EASTERN.

WASHINGTON, D. C.—Attorney-General Williams does not contemplate a wholesale pardon of parties now in confinement for crimes against the enforcement of Ku Klux acts, but will continue the same policy heretofore pursued, viz., wherein proper recommendations for pardon are received, he will consider the case of those whose crimes are least, and those charged with greater crimes. It is the intention of government to pardon all in due course of time.

The President, accompanied by General Babcock, returned to Long Branch last night. On Monday night he will make his trip to Maine and other New England States. The President has appointed Stevens Durham, Secretary of Legation at Japan.

PORTLAND, Me.—A railroad war commenced to-day, between the Maine Central and Boston & Maine roads, the former refusing to make connection with the latter. The latter issued a notice that they will make such connections to-day at hazards.

NEW YORK, 7.—Money very easy, three to four per cent. Gold inactive, steady at 15¼ @ ¼, with loans one to four per cent. For carrying exchange, steady 108¾ and 109¼ @ ¼. Government securities firm. Currency six 114¼ @ —. Stocks dull except Pacific mail, which closed at 39½, having been 39¼. W. F. etc., 73, quick silver 39. The Treasury sold $1,500,000 in gold. For which there were 19 bids, amounting to $8,129,000 at from 115 to 115¼. Exports of specie to-day, $283,000, in silver bars.

NEW YORK, 7.—A letter from the Yellowstone Expedition, dated July 30th, says that the steamer *Josephine* has been successful in passing the rapids and the obstructions near Powder River, and is proceeding up the Yellowstone. The captain is of the opinion that the river can be navigated to the Big Horn.

The steamship *Everhardt* is fifteen days over due at this port, from Stettin, *via* Havre. She has on board about four hundred passengers, cabin and steerage, and about 750 tons of freight. The owners say she is a new vessel, this being her third voyage. She is not over loaded, has plenty of provisions, and is a fine sea boat. It is believed that some of her machinery has given way, and that she is under sail.

SARATOGA, N. Y.—The second race, for a purse of six hundred dollars, all ages, one mile and a half, was won by Arizona, time 2:38.

NEW YORK, 7.—Mr. Whalley, a member of the British parliament, has arrived in this city. He comes to collect funds for the benefit of the Tichborne claimant.

A writ of error, which operates as a stay of proceedings, has been granted in the case of William J. Shockey, who was sentenced to be hanged on Friday, the 15th inst.

WASHINGTON, 7.—The Secretary of the Treasury, to-day, received a one thousand dollar bond of the Pennsylvania R. R. Co., with seventy-four coupons attached, from the conscience stricken writer, who desired it placed to the credit of the conscience fund.

NEW YORK, 7.—The *Constitutional* gives a favorable account of the harvest prospect in France. There has been a marked improvement in the appearance of the crops, and there is a promise of an abundant harvest of excellent quality.

WASHINGTON, D. C., 7.—An official letter dated Reilluns, says: "On the evening of June 29th a terrible earthquake appeared here, carrying death to many and consternation to all. The dead are counted by tens, and the material injury done by millions. Every fourth or fifth building was made uninhabitable. The principal monuments are overturned or seriously injured. Every where the cry of anguish is heard and seeks prompt and effective relief."

WORCESTER, Mass., 7.—Fourteen German beer sellers were summoned before the central district court to-day, most of them for the third time. They were fined $100 and costs, and sentenced to the house of correction for six months, and ordered to find $1,000 bail not to violate the laws for a year. They all appealed, and found the bail required.

KANSAS CITY, 7.—A special dispatch to the *Times*, from Coffeyville, Kansas, says that information reached that place yesterday, that the Cherokee Indians were having a bloody war among themselves, at Cody's Bluff, twenty-five miles south of there.

WASHINGTON, 7.—The publication, a few days since, by a New York paper of the coin owned by the treasury, and where deposited, will probably lead to an investigation by the secretary as to where the information was got. It is said there are only four men in the treasury department who have access to the specie account, and should guilt be fastened on any one of them his tenure of office will be at an end.

RICHMOND, Va., 7.—On the reassembling of the conservative convention this p. m., Hon. Jas. Barbour, chairman of the committee on resolutions, reported the following platform:

1st. Contrasting the condition of the conservative and radical rule; 2nd, resolving that the chief purpose of the party shall be to secure exact and impartial justice to both race and color; 3d, disclaiming captious hostility to Gen. Grant; 4th, recognizing the necessity of building James River and Kanawa canal by the federal government; 5th, recognizing the successful establishing of the free school system under conservative rule, and continuing the same.

Gen. Early said he objected to the fourth resolution, because he did not believe the federal government had the constitutional right to build it. On the vote being taken the platform was adopted.

A resolution was offered that the tax on tobacco and ardent spirits was ruinous and should be repealed. The resolution by vote was adopted.

The convention adjourned at 10.30 this evening, after which a mass meeting was held.

WASHINGTON, D.C., 7.—As regards the treasury, Secretary Richardson asserts that the regular balance statement of gold represents the gold which is actually and not constructively in the treasury, and is a bonafide exhibit of the treasury represented by the banks at the time when the several statements were made. He is also certain that he will be able to protect the general business interests of the country against the operations of any cliques or gold, which may be preparing to control the market at the time of importations. There is reason, however, to believe that the gold product is much greater than has been supposed, and henceforth the gold coinage monthly will be nearly equal to the export demand. The importations, as reported to the treasury, are considerably less than they have been in corresponding times in the previous years. The treasury officials say that the stagnation of business is not so much the cause for this reduced importation as a general plan on the part of importers, whereby they import in much smaller quantities, and conduct business on a safer method. There is occasion to believe that the treasury will reserve its currency balances during the summer months, so far as possible, in order to meet the necessities of the crops and of the fall trade. The programme for the sales of gold for this month, and the assertion of the treasury officials, warrant this statement. The secretary of the treasury has stated that no bull clique in gold should be permitted in any way to cripple the business of the treasury, and although it is unlikely that he will reserve the currency recources to such an extent as to postpone the payment of current liabilities, it seems certain that all proper measures will be used to prevent a clear currency market during the fall months. Much interest has recently been manifested by the Treasury officials to discuss the actual cost of the Modoc war. It is known that a very large allowance is to be made for the companies in the campaign, but the war department has hitherto declined to give the treasury any information as to the amount.

NEW YORK, 7.—The wrestling match for $2,500 a side and the championship of America, best two in three falls, between Albert Ellis, the champion wrestler of London, and Jno. McMahon, took place this afternoon The betting was in favor of McMahon 10 to 7. The men commenced the struggle at four and wrestled one hour and 20 minutes, when, owing to a dispute regarding a fall, claimed by McMahon, the latter refused to wrestle any longer, and the match was declared a draw. The men agreed to wrestle within six weeks for $350.

BROOKLYN, 7.—The trustees of the Brooklyn Trust Co., met to-day and prepared a card to the public, announcing that the company would resume business on Saturday, and that the trustees had contributed to guarantee the sum of half a million to repair the deficit in the capital.

WASHINGTON.—The findings of the court martial convened to try the Modoc Indians have not been received at the department although they have been expected for some time. A report was published a few days ago that all the Indians had been condemned to be shot, and that the verdict, together with the testimony taken, had been received at the war department and was awaiting consideration.

The following were the balances in the treasury at the close of to-day: currency $9,114,747; coin $1,833,453; coin certificates $43,905,900.

WESTERN.

SAN FRANCISCO, 7.—The mining shares market attracts but little attention. July and August are generally the dullest months of the year in stock circles, and hence the inactivity is not unexpected. The sales at the San Francisco stock board for the past week aggregate $2,172,000. Newark was again the leading feature in the number of shares sold, over 15,400 shares changing hands. The next most active was Imperial, 9,100 shares being disposed of. Belcher and Meadow Valley were next in the list, the transactions in each exceeding 7,000 shares. The next highest were from 4,000 to 4,700 shares, and these were Baltimore Con, Caledonia, Gould & Curry, and Savage. Those ranging from 3,000 to 3,800 shares were Eureka Con, Hahn & Hunt, Minnesota, Raymond & Ely, and Washington & Creole. The Idaho mines claim increased attention, and two of them have declared dividends this week.

A subscription was started to-day for the Portland sufferers. At noon twenty-nine firms and individuals had subscribed $7,000, and the amount was telegraphed to Portland. This p.m. additional subscriptions will be telegraphed as rapidly as the amounts reach a few thousand.

L. R. Meyers & Co. have been awarded the contract for furnishing 20,000 barrels of Eastern Rosendale cement for the Appraisers' store, to be erected on the Custom House lot, at the reported price of $324 currency, the barrels to be returned.

There were sales to-day of 100 shares in the San Francisco Gaslight Co., at $67.50 per share, and 1,500 San Francisco Bonds of 1758, at 92½.

An assessment of $1.50 per share has been levied on the stock of the Eldorado South Con. Mining Co. It is proposed to increase the capital stock of the Ida Ellmore, an Idaho mine, from one to three million dollars, and from ten thousand to thirty thousand shares.

EUROPEAN.

LONDON.—The election in East Staffordshire to fill the vacancy in the House of Commons caused by the death of Mr. McClean, resulted in the return of C. Alsopp, Conservative candidate, by a majority of ninety.

A rumor is current this morning that Robert Lowe, Chancellor of the Exchequer, and Acton Smee Ayrton, First Commissioner of Works and Buildings, have tendered their resignation.

The report of Mr. Motley's illness being the result of a paralytic stroke is incorrect: he was suffering from a severe attack of neuralgia, but is now much better, and expects soon to be completely restored.

The journals this morning contradict the report that Prince Arthur is betrothed to the Princess Thyra.

The reported severe illness of the Hon. John Lathrop Motley is contradicted by his physician, who states that Mr. Motley is at present in good health.

There have been numerous accidents in England during the past few days. The loss of life, fortunately, has been light, but many have received injuries.

A large rice mill in Stepney, an eastern suburb of London, was completely destroyed by fire last night.

The rate of discount for three months' bills in the open market is 3-16ths per cent. below the Bank rate. The bullion in the Bank of England has increased £200,700 during the past week.

PARIS, 6.—Dispatches received here this a.m. from Vienna, state that as a result interview between the Count de Paris and Count de Chambord, the former announced his recognition of De Chambord as head of the house and only legitimate monarch of the French.

ROME, 7.—His Holiness the Pope, replying to the address from a fraction of the French Assembly, predicts the restoration of the glory and greatness of France.

MADRID, 7.—The Carlists claim a victory over the government troops at Elgueta Ginpusuna, capturing the republican general in command.

CANADA.

OTTAWA, Ont., 7.—Indignation meetings are being held throughout the Dominion, strongly censuring the ministry for the sale of the Pacific Railway Charter, and the use of the proceeds for the purchase of constituencies. Petitions to the Governor-general come from all parts of the country, urging him not to prorogue parliament, which meets on the 13th, until the most searching investigation is made.

McMullen has sued the *Toronto Mail*, the government organ, for libel, in connection with this matter.

— A little girl, daughter of a clergyman, being left one day to "tend door," and obeying the summons of the bell, found a gentleman on the steps who wished to see her father. "Father isn't in," she said, "but if it's anything about your soul I can attend to you. I know the whole plan of salvation."
