

NEW BIKE TRACK S A CERTAINTY

Ten Lap Cycle Course to be Built
At Saltair for Next
Season.

LANGFORD LETS CONTRACT.

Silver Bros. Get Job and Firm is In-
structed to Rush Work Through
To Completion.

That a ten lap bicycle race track will be built at Saltair and be ready for operation next season is now a practical certainty. Manager Langford, of Saltair, who was interested in the project through the efforts of Johnny Chapman, has let the contract to Silver Bros. for the construction of the track and the firm has been instructed to rush the work to completion. It is planned to make the track one of the fastest in the world and the cost of construction will be between \$35,000 and \$40,000. In the stretches the track will be sixteen feet wide, the same as the Salt Palace oval, but the banks will be steeper and at some places the angle will be nearly 50 degrees.

The seating capacity will be a little over 2,000 and the inside of the arena will be boarded over. There will be a runway of twelve feet for the riders to start. The arena will be low enough so that if there is a crowd within the enclosure the view of both sides of the track will not be obstructed. The location of the track will be south and east of the pavilion and will be supported by steel pillars on a cement foundation. It is expected the track will be completed by May 20.

BAT NELSON WILLING TO MEET HYLAND

The "News" received a telegram last evening from Bat Nelson in which the Durable Dane declares that in his fight with Hyland he had all the best of it after the Laramie fight and should have received the verdict. In reference to a fight with Dick Hyland Nelson said: "I have match with Hyland at Los Angeles on the 25th. Will take on Hyland two weeks later."

A match with Hyland would certainly create a great deal of interest hereabouts and efforts will be made to get the two together. Dick is most anxious for a meeting with Hyland and has a swelled head as he replied: "Can't see Hyland." But a match with Nelson would prove a better one and would draw a larger crowd.

A GRATEFUL SERVANT.

Leaves Estate to Admiral Gherardi's
Family, Where She Lived.

New York, Feb. 8.—Bridget Stanton, who died Oct. 20 last, after spending the greater part of her 70 years in the employ of the family of the late Rear Admiral Bancroft Gherardi, left her entire estate, valued at \$8,000, with the exception of two small bequests to relatives, to be divided between the two sons of Admiral Gherardi, both of whom she nursed when they were children. The old nurse's will, which was filed for probate yesterday, recites the love she had for the two young men whom she had seen grow to man's estate and the pride she took in their success. The elder, Lieut. Walter R. Gherardi, U. S. N., is aboard one of Admiral Evans' battleships; the younger, Bancroft Gherardi, is living in New York.

THE L. D. S. U. ORCHESTRA.

Washington, Feb. 7.—William S. Rossiter, appointed as acting public printer in place of Public Printer Stillings, went to the treasury department today to have his bond approved. The department refused to consider the matter, on the ground that the president had exceeded his authority in appointing Mr. Rossiter; that under the law the associate public printer, Capt. H. T. Brian, succeeds to the vacancy.

Under this informal ruling, Mr. Rossiter later in the day stepped aside and his place was taken by Capt. Brian, who will administer the government printing office, as acting public printer for the time being. Mr. Rossiter, however, does not relinquish the work of inquiry laid out for him by the president. His position in the government printing office becomes that of the president's personal representative, and he is proceeding with the investigation.

SIX ITALIANS ARRESTED.

Pittsburg, Feb. 7.—Six Italians, members of an alleged "black hand" society, were arrested in a body today at Sedgewick Heights, a fashionable suburb. The foreigners are said to be responsible for the threatening letters mailed recently to Richard R. Quay, son of the late Senator Quay, C. C. Quay, and the late Senator Quay, C. C. Quay, wealthy residents of the Heights. The men captured today maintained headquarters in an old shanty in the same place a week ago. Since then "black hand" letters have threatened death if proceedings were not dropped.

SEEKING SUCERS.

Springfield, O., Feb. 7.—When "Rev." W. J. Whitaker, arrested in Dayton last Friday for alleged misuse of the mails, was searched in this city, \$1,700 was found in his pockets. Whitaker, it is said, has been in all parts of the country endeavoring to treat heirs to an alleged enormous estate in England, and he alleges that he has found 3,500 of these persons.

TALBOT DIVORCE CASE.

Wife Gets \$800 a Month Alimony, Chil-
dren Being Divided.

San Francisco, Feb. 7.—A decree granting a divorce to William R. Talbot from Annie D. Talbot, and settling property rights between the two, was handed down by Judge Seawell this morning. By this decree Mrs. Talbot is to receive \$800 a month alimony, a life estate in the residence at Scott and Jackson streets, and the furnishings of the same, and the custody of the daughter, Vera. In return Mrs. Talbot assigns her community interest to her husband, reserving a lien on the residence at Scott and Jackson streets to protect her in case of the husband's inability to pay the \$800 a month. Talbot has the custody of his sons, William and Eric, and pays for Vera's education.

RUEF CASE POSTPONED.

San Francisco, Feb. 7.—Proceedings in the case of Abraham Ruef were postponed this afternoon by Superior Judge Lawlor until Monday afternoon, at the request of the prosecution. Asst. Dist. Atty. John O'Gara stated it would be necessary to await the return of Asst. Dist. Atty. Francis J. Heney before the prosecution could make a counter showing of the affidavit filed by Ruef yesterday afternoon, reciting that he had been granted full immunity and repeatedly assured he would not be prosecuted.

Music Day at L. D. S. U. Astonishes Listeners.

THE L. D. S. U. BAND.

THE Latter-day Saints' university band and orchestra made its first public appearance Thursday morning in Barratt hall before the student body. This organization has been in existence only since about the first of October. Between then and now the boys have been practising most assiduously, and have made exceptionally rapid progress, as any one will testify who heard them Thursday morning.

Last September, when school opened, the L. D. S. U. had about \$600 or \$700 worth of band instruments, but required nearly \$1,000 for more band and orchestral pieces, in order to make a creditable showing and to accommodate the large number of young men who wished to join the organization. But as there were no funds on hand that could be devoted to this purpose, the faculty obligated themselves to raise the required amount by giving entertainments in the way of lectures, recitals and dancing parties. The instruments were accordingly purchased, and the band and orchestra organized.

Recently it was decided to give a

dancing party at the Odeon academy on the 14th of this month, and to make a gigantic effort by both teachers and students to raise the balance required—between \$600 and \$700. To this end the faculty volunteered to furnish among themselves the sum of \$200; the student body has offered to take or sell at least one ticket each. As there are something over 1,300 students on the rolls this year, it is confidently expected that enough money will be raised by this one party to only to clear this indebtedness, but also to purchase other musical instruments, including probably a piano.

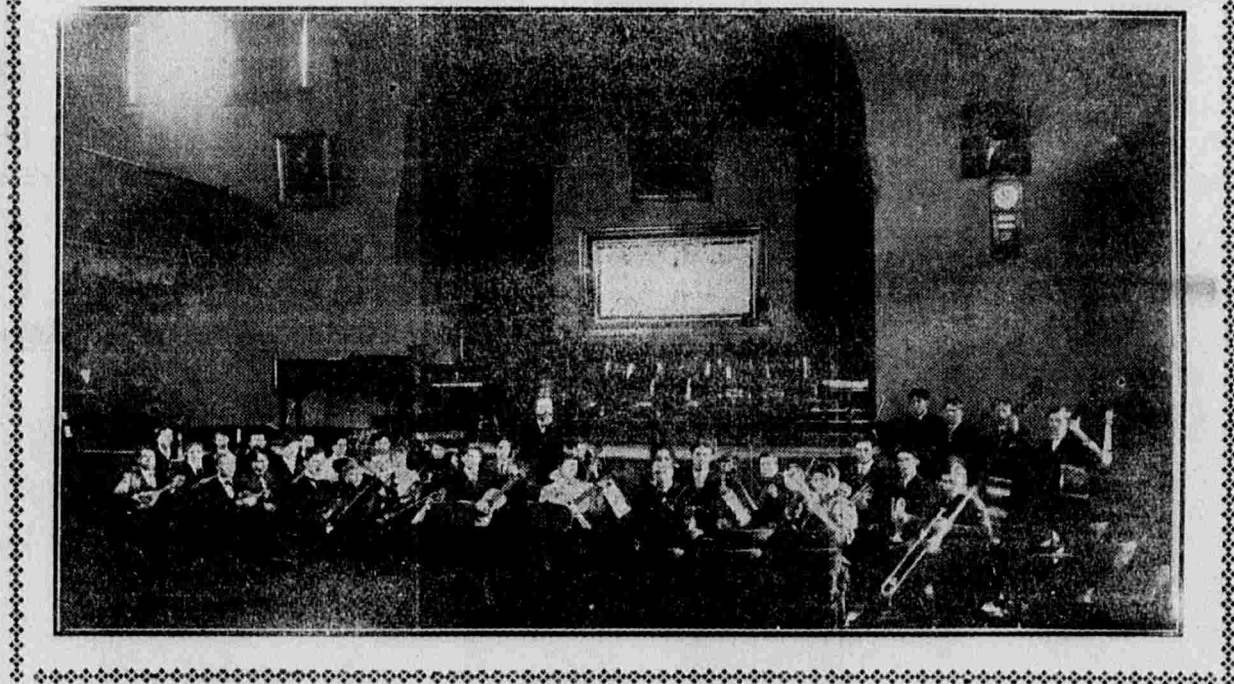

As a sort of object lesson in musical improvement, and as an incentive to enthusiasm for the coming party, the band and orchestra organized, gave a number of musical selections Thursday morning.

To say that the listeners were astonished is to put it mildly.

There were quite a number of visitors, in addition to the thousands or more pupils, and the applause was of the most vociferous sort. It was decidedly a morning of triumph for Prof.

Anton Kellersberger, head of the musical department, and the manner in which he mingled with the various instrumentalists, adding the youngsters to tune their violins, guitars, base viols, horns, cellos, etc., showed his decided versatility. The professor has 40 in his stringed orchestra, several being young ladies, and 30 in the brass band. It is only a few weeks since the instruments arrived from the east and President Willard Young, the faculty, the visitors and the listening students were astonished at the proficiency manifested in the several selections played.

Besides the band and the orchestra, the L. D. S. U. chorus, under Prof. Kirkham, rendered two pieces, "Hark, Hark My Soul" and "The Castle." The chorus numbers about 70 voices, and does very capable work, the sopranos, especially being clear and ringing. A conclusion of the exercises Prof. Kellersberger and Kirkham were warmly congratulated on all hands. Several of the faculty made stirring addresses urging the pupils to rally to the support of the band and to sell at least one ticket each for the coming big ball on the 14th.

DIAMOND NECKLACE LOST.

New York, Feb. 8.—Loss of a diamond necklace valued at \$15,000 was reported to the police last night by Mrs. George F. Donahue of East Fifty-seventh street, wife of a banker. Its owner believes it was either stolen by a clever thief in the crowd in front of the Metropolitan Opera House or dropped by her on the icy pavement as she was alighting from a carriage and picked up by some one. Search in the vicinity failed to disclose any trace of it. When Mrs. Donahue reached the opera house it is said she had the necklace on, having worn it at dinner and had not removed it on setting out for the opera. She also had it, she is certain, when she alighted from the carriage. Entering the house among other fashionably dressed women, she mechanically put the necklace on and went to her seat in the balcony.
