

FAIRBANKS' BOOM DULY LAUNCHED

At the Biennial Love Feast of the
Republicans of In-
diana.

VERY STRONGLY ENDORSED.

Senator Beveridge, the Principal
Speaker, Said Hooster Dele-
gations Would be for Him.

Indianapolis, Dec. 26.—Resolutions
were adopted unanimously today at
the biennial love feast of Indiana Re-
publicans, urging the nomination of
Vice President Charles W. Fairbanks
for the presidency. The resolutions
were introduced by Gov. J. Frank
Hanly, and were adopted with a round
of cheers by the thousands and more
active party workers of the state who
were present. The resolutions were as
follows:

"We, the Republicans of the state of
Indiana, in biennial love feast assem-
bled, send greetings and felicitations
to Charles W. Fairbanks, vice presi-
dent of the United States, and turn
to him for leadership in the pending
presidential campaign. We have often
trusted him, and have many times given
him high commendation.

"His clean life, his public and in the
home, his clearness of concept, his
character, his courage and his great
ability have long appealed to us.

"His love of the people, from whose
joints he came, the faith he has in
institutions and in the Republican
principles, his ripe experience in public
affairs, the support he has given Presi-
dent Roosevelt, in the senate and in
his present high office, and the mem-
ory of the confidence and affection in
which the late President McKinley held
him, lead us to declare him great and
good and brave enough to deal with
the new conditions now before the
country.

"We ask his leadership with full con-
fidence in his wisdom and his patri-
otism, and promise him, in return, our
highest effort and best endeavor to se-
cure for him the commission of his
party at the national convention to be
held at Chicago next June."

"United States Senator Albert J. Be-
veridge presided and made the principal
address, dwelling on the notable ac-
complishments of the vice president's
public career, and asserting that the
Indiana delegation would stand solidly
by him in the national convention.

"Others present included Senator
Hemenway, many of the Indiana repre-
sentatives in Congress, members of the
legislature, county and city officials,
and a number of candidates for places
on the ticket, with their friends.

The gathering was large and en-
thusiastic.

ABNER MCKINLEY ESTATE.

Nephew Files Suit Against it for Ten
Thousands Dollars.

Canton, O., Dec. 26.—William H.
Duncan of Cleveland, a nephew of the
late President McKinley, filed suit for
\$10,000 against R. F. Shields, adminis-
trator of the Abner McKinley estate,
and against the widow and daughter of
Abner McKinley. Duncan alleges that
Abner borrowed \$10,000 from Helen
McKinley in return for an assignment
of his interest in President McKinley's
estate, and that Helen assigned the
claim to Duncan. He says Abner re-
fused to recognize the claim in his life-
time.

POLICE AND STRIKERS.

210 Men Killed, 50 Wounded in an
Encounter Between Them.

Valparaiso, Dec. 26.—According to
an official statement the recent encoun-
ters at Iquique between nitrate strike-
rs and the police resulted in the killing
of 210 men and the wounding of
about 50. During one of the engage-
ments, the troops fired particularly at
the leaders of the strikers, but their
aim was poor and the men were not
hurt.

RALEIGH, N. C., GOES "DRY."

Raleigh, N. C., Dec. 26.—By a ma-
jority of 645 Raleigh today voted out
its liquor dispensary, and will become
a prohibition city, the dispensary to
close at noon tomorrow. In the city
there were 928 votes for prohibition,
881 for dispensary and two for saloons.
The dispensary has been in operation
here for four years. The sales have
amounted to about \$250,000 a year,
with about \$75,000 profit, this being
placed to the credit of the school
fund, the road fund and the city ex-
penditure account. It is reduced tax-
ation, but the voters here felt that its in-
fluence was not for the city's best in-
terests.

SNOW SHEDS ON FIRE.

San Francisco, Dec. 26.—Word was
received this afternoon that a bad fire
had started in the snow sheds on the
Southern Pacific line near Truckee.
The flames, it was reported, had de-
layed many trains and had also cut off
all telegraph communication with the
east along that line.

POWERS TRIAL NEARLY OVER.

Georgetown, Ky., Dec. 26.—The case
of Caleb Powers, charged with a long
complicity in the murder of William
Goebel, will probably go to the jury
about Wednesday noon. The greater
part of today was taken up by testi-
mony of contradiction of that of Hen-
ry B. Yontay.

Sour Stomach

"I used Cascarets and feel like a new man. I have
been suffering from sour stomach and constipation
for the last two years. I have been taking medi-
cine and other drugs, but nothing has helped me
until I used Cascarets. I feel like a new man
and I can eat and sleep like a child. I am
stronger and more active than I have been for
years. They are very nice to eat."

A TITLER WHO USES BOTH ARMS

Herrmann of Manhattan Club
Makes Great Record
Of Strike-Outs.

An ambidextrous pitcher, one that can
pitch equally well with either hand, has
come to the surface in New York. How
rare it is to find such a man may be
gathered from the fact that there is
no record of an ambidextrous pitcher ex-
cepting Tony Mullane having pitched in
any league in the country.

Herrmann men are inclined to regard
the development of such a man as an
impossibility. They say that even if a
twirler could use either hand for pitch-
ing, he would be so much better with
one hand that he would seldom risk us-
ing the other in an important contest.

But William Herrmann of the Man-
hattan club of the Bronx is a twirler who
pitched with either the right or left hand
with perfect freedom. He has pitched in
the major leagues for the last six years
and is now regarded as one of the best
pitchers of the upper part of the city.

ALWAYS IN SHAPE.
Manager W. E. Pfaff of the Man-
hattan club, who is a cousin of the am-
bidextrous pitcher, says it is fascinating to see
the ease with which Herrmann shifts his de-
livery from one side to the other.

"He has got down so fine that many
spectators might watch him pitch several
innings without noticing it. I never have
any doubts about Herrmann being in
shape for a game, for if one arm is
tired, he will use the other. I know
that he is there with the other."

Like most good pitchers, Herrmann
began on the left hand when a youngster
in knickerbockers. He has played every po-
sition on the diamond but the pitcher's
years ago thought that catching was his
real forte. Then he discovered his abil-
ity to pitch with either hand and to his
surprise a little practice made him per-
fectly ambidextrous. Herrmann is a
sturdy young fellow, 37 years old, lives
with his wife and children at 774 Prospect
avenue, Bronx. This fact has made him
a trial in one of the important leagues.

He hopes that either the Jersey City
or Newark club, of the Eastern league, will
give him a chance next spring.

His friends feel sure that Herrmann
will make good wherever he goes, for he is
not only a good natural ball player, but
has made a thorough study of the art
of twirling. He knows every curve and
can deliver them all with either hand. He
also has a new curve of his own that he in-
tends to use some day when he has thor-
oughly mastered it. Herrmann pitched
nine games for the Manhattan last
season and won six of them. In these
nine games he struck out eighty-three
men.

TOM PAINTER CHOSEN TO REFEREE FIGHT.

Williams and Smith are rapidly round-
ing into form for their Queensbury ar-
rangement scheduled for Lagoon on the af-
ternoon of New Year's day. The
fight fans are promised a rare boxing
clash in the ring and a rare prize fight
clash in the ring. Both boys
are working hard at their training quar-
ters. Williams is in Ogden while Smith
secured training quarters at Fort
Lias. There are a number of clever box-
ers among the soldiers recently arrived
and they keep Smith busy and give him
all the exercise he wants.

The question of referee has finally been
settled. Smith wanted Clint Flook of
Denver, while Williams wanted someone
else. The name of Jim Williams was
mentioned but not the selection of
Tom Painter of Evanston, Wyo., was
made.

NOW A PEARL DIVER.

Amos Rusie, Once Great Baseball
Pitcher Seeking Fortune.

According to a Richmond, Ind., dis-
patch Amos Rusie, once the greatest
pitcher that ever stood in a box, is now
a pearl diver at Vincennes, Ind., and
while he has thus far not discovered any
great veins of pearls, he has made a
fair living for his family. When Rusie
first retired from baseball, having spent
the many thousands that had been paid
him for his services as a twirler, he
found employment in a planing mill at
Vincennes, Ind., and it was there that he
became a pearl diver. He was paid a
day, \$9 being crowded into his hand
each Saturday night. Later he tried to
switch to independent work, but his arm
failed him. There is a great lump under
the arm of the former celebrity and
the arm of the New York fans in the
long ago, and medical science can do
no way to reduce it.

When the pearl fishing craze struck
Vincennes, Rusie did not pay particular
attention to it, but as one after another
of his neighbors began to find pearls and
build houses and buy property on the
proceeds he became interested.

Thus far Rusie has discovered nothing
but buttons and slugs, he later being
worth about 10 cents each, but he is hu-
pied of some day finding a pearl that will
make him rich.

FLEET AT TRINIDAD.

Sir Henry Moore Jackson, Governor,
Entertains the Captains.

Fort of Spain, Dec. 26.—The cap-
tains of the American battleships and
their staffs were entertained at lunch
today by Sir Henry Moore Jackson,
governor of Trinidad, and later
were the guests of the governor at the
horse races. The weather was ideal
and the race course was thronged with
officers and men of the fleet, together
with a holiday crowd from the city.

American horses carried off the hon-
ors, being winners in nearly all the
races, and the visitors gave themselves
over to applauding these victories in an
appropriate manner.

Owing to the fact that the ships will
have finished coaling by tomorrow
noon, thousands of the battleships will
be given shore leave. Most of them
undoubtedly will find their way to the
race track, where the contests have
been more than ordinarily exciting.

The tender Yankton of the auxiliary
division, having taken on supplies to-
day, will leave for Rio Janeiro to-
morrow in advance of the fleet. The
collier Marcellus, which arrived here
Dec. 1 from League Island navy yard,
will start on her return trip tomorrow.

SULLIVAN ISSUES TIMELY STATEMENT

Growth of Professionalism in
Amateur Sports is a
Menace.

New York, Dec. 27.—The growth of
professionalism in amateur athletic cir-
cles has become so serious that Presi-
dent James E. Sullivan, of the Amateur
Athletic Union, has issued a statement
on the matter in which he calls attention
to the menace to amateur sport that
now exists in the professional, who poses
as an amateur and thereby pollutes clean
sport. Special attention is called to
the athlete who represents the second
signal corps of the Military Athletic
league, who have been suspended by the
union, but whose members continue to
play with teams that have a more or
less clean record. Many of these teams
have been in turn suspended. Mr. Sul-
livan says, that the efforts of the union's
committee for clean sport are not get-
ting the support they should receive, and
asks athletes throughout the country to
metropolitan district, but the country at
large to aid in the effort to purge sport
of those who pose.

The union is about to deal with the
protest against the selection of Mat-
thew H. Halpin as manager of the Ameri-
can team which will take part in the
Olympic games at London next summer.
It is said that the committee in
charge of the selection of the team will
hold a meeting soon at which all the
protest will be considered. Halpin is
not accused of dishonesty, incompetency
or in showing favoritism, but rather of
a lack of diplomacy, a lack of consid-
eration for the needs of the amateur
athletes, and boresomeness. A number
of the best known athletes in the country
have stated that in case Halpin is retain-
ed as manager they will make no ef-
fort to secure places on the team. Among
them are Eamon the sixty-yard flyer,
Sheridan, the weight thrower; Sheppard,
the half mile, as well as Harvey Cohen,
Mike Spivey and others.

In the meantime college athletes all
over the country are planning to capture
many places on the team. The track
squad, will enter the preliminaries
for the selection of a team, has already
been called out and the preliminary
work will begin training immediately af-
ter the holiday vacations have ended.
There is every prospect that there will
be a good representation of the colleges
on the team.
