STRANGERS FROM THE TROPICS, visiting this country, will find HALE'S HONEY OF HOREHOUND AND TAR a superior remedy for the Coughs, Colds, and bronchial difficulties which a change from a torrid to a temperate climate always engenders. Coughs who have tried it are loud in its praise. In fact, it has no equal in the pharmacopoeia, or among proprietary medicines, as a cure for throat or lung complaints. Procureable at all druggists at 50 cents and \$1. Great saving by purchasing large size. Pike's Toothache Drops cure in one minute. d1 w

Nature gives its Teeth, But she does not preserve them. That must be done with fragrant SOZODONT. The dental bone and enamel casting are made invulnerable to all destructive influences by the daily use of this beneficial preparation. d1 w

Go to the Grand Central Hotel, New York. It is the only first-class hotel that has had the courage to reduce rates from \$10.00 to \$5.00 per day. d

LYON'S KATHALION. Lyon's Kathalion is an invigorating tonic vegetable preparation, positively free from any mineral or deleterious substances. It is the most delightful of all hair dressing, cooling the head, allaying irritation, curing dandruff and itching, making the hair strong, fragrant, glossy and obedient to control, so clearly to use that it will not irritate the scalp, causing the hair to grow thickly and beautifully, removing dandruff and pimples. No man or woman can become bald who will use the Lyon's Kathalion properly. Good. d-3

New Meat Market. Mr. John Edwards, jun., has just opened a Meat Market in the 17th Ward, on the corner of South Temple and First West Streets, opposite the residence of Hon. Geo. Q. Cannon, where he will be pleased to supply his friends and the public with fresh choice meats. d300

Geo. C. FERGUSON, watchmaker, 14 First South St., a few doors east of Commercial St.

200 new patterns of wall paper from 10 cents to \$2.00 per roll at H. Pinnowsky's.

FOR WM. CULLEN BRYANT'S New Work, in parts, finely illustrated, responsible Canvassers and General Agents wanted. J. B. Ford & Co., New York. d271

RED CANYON AND ROCK SPRINGS COAL.—The only reliable market for lump, assorted and egg coal. Large stock always on hand, and full weights guaranteed. Prices low, and special attention given to suit the wants of the public. Office, 55 Main Street. A. GOTELD, Agent. d21

FOR SALE, one First-class mileage ticket in book form, for 1,000 miles, over the Chicago and North-western Railway; apply at this office. d

UNITED ORDER RULES.—Having had frequent enquiries for copies of the "Rules that should be observed by Members of the United Order" since the first edition of the same was all sold, we have lately printed an authorized edition on fine fancy colored paper, on a sheet 12 1/2 by 20 inches, suitable for framing or mounting on a stretcher and hanging up in the houses of the Saints. They can be had at this office, or mailed to any address for 10 cents per copy.

The Relief Society Woman's Mercantile Association. Opening a store for the sale of home manufactures in the building lately occupied by the Woman's Centennial Territorial Fair, known as the Old Constitution Building, opposite Z. C. M. I. store.

We are now ready to receive home-made useful and ornamental articles of all kinds, which we will sell on commission.

Many of our citizens have felt the want of a place devoted exclusively to Utah productions, and now that we are, in accordance with the wishes of President Young, uniting our humble efforts in this direction, we confidently trust that we shall not only have the support of all branches of the Relief Society throughout the valleys of the mountains, but also of our brethren and all others who feel an interest in the future welfare and prosperity of Utah.

Commencing as we do without capital, we wish it distinctly understood that at present we can only sell on commission.

ELIZA R. SNOW, President.
PRISCILLA M. STAINES, Vice President.
ELIZABETH DAVIS, Secretary.

THE RAPID popularity gained in this Territory by the OLIVER CHILLED PLOW during the short time it has been introduced here is something marvelous. This splendid plow has distanced all competition, and now stands at the head of the list, unequalled by any implement of the kind ever brought to Utah. With the Oliver Plow FALL PLOWING can be done QUICKLY and EASILY, no matter how hard and dry the soil. It is offered on the most favorable terms by Howard Sobers, at the Main Wagon Depot, one-half block south of Theatre. d288

HAGAN'S MAGNOLIA BALM is an unfailing prescription for a faultless complexion. Sallowiness, roughness, sunburn, moth patches, freckles, discoloration, dark spots, unwholesome paleness, and pim-

ples, eruptions, redness and every other kind of blemish disappear like magic by the use of Hagan's Magnolia Balm. A few applications applied with a soft linen cloth will leave the delicate lines of refined beauty and youthful bloom. Its application cannot be detected, and it is absolutely free from all possible harm, warranted purely a vegetable extract from the flowers of Southern France. d1000

EVENING NEWS.

Wednesday, November 22, 1876.

PRICE OF GOLD. Corrected daily by Deseret National Bank. SALT LAKE CITY, November 22, 1876. Buying at \$1.05; Selling at \$1.10.

Local and Other Matters.

THERMOMETER 47 degrees F. in the shade at 1 p.m. today. Fine.

In Pennsylvania.—We learn, by private dispatch, from Elder A. M. Musser, dated to-day, that he is at Scranton, Pa., in good health.

Benefit Party.—Deacon Mark Lindsey, of the 20th Ward, will be the recipient of a benefit party, at the School-house of that ward, on Thursday evening.

Missionaries.—We received a call this morning from Elders Wm. C. McGregor and Wm. Adams, both of Parowan, Iron County. They leave to-morrow morning for Philadelphia, having been called on missions and set apart to labor in the Pennsylvania district, under the direction of Elder Henry Groves.

The School Tax Cases.—It was inadvertently stated erroneously yesterday, regarding the two school tax cases, before Alderman Spiers, that Dr. Newton took an appeal to the District Court, whereas it was the other defendant, A. Taylor, who appealed. On account of an informal error in the assessor and collector's office, to serve the regular notices upon Dr. Newton, the amount of tax for the three years preceding the present was thrown out by the Alderman, who adjudged, however, that he should pay this year's, which he did, and the case thus closed.

Utah "Musical Times."—Before us is No. 9 of the Utah Musical Times, and it is even more interesting than its predecessors. There is some fine poetry, "The Home" and "On the Setting Sun"; the conclusion of an interesting little tale, "Adrian Boldewick"; "Mr. Brinley Richards on the Welsh Harp"; "The Infant Mozart"; "Sacred Hymns, with original music by T. C. Griggs and George Carless, respectively; an original paper on "Improvement Societies"; and another on "Write Your Thoughts," besides a large amount of other matter, of interest to the general reader, and more especially to the musically inclined.

Officers and members of Hierarchy or improvement associations should not fail to obtain this number, as it contains matter specially directed to them.

City Council.—The Council met last evening, Mayor Little presiding. Petition of Alexander McRea and fifty-eight other residents of the 11th Ward, asking that the delinquent taxes of said Ward be appropriated to repairs upon the streets in that part of the city; received, and \$400 was appropriated as prayed for.

Petition of D. Stuart and twenty others, asking that suitable ditches be made to drain certain springs in the 16th Ward; referred to the committee on streets and alleys.

Petition of M. Colton and nineteen others, representing that a certain house on Franklin Avenue was resorted to for purposes of prostitution, and was a source of annoyance and offense to the petitioners, and asking that it be abated as a nuisance; referred to the marshal.

Thomas Parsons was granted the privilege of erecting a platform over the ditch in front of his store, on First South street.

The Mayor presented his report of expenditures during August, September and October from the contingent fund appropriated to him. The report was approved, and \$500 was appropriated to be added to the contingent fund in his hands.

The committee on license recommended that the license on express business be reduced from \$100 to \$50 per annum; the recommendation adopted, and the committee on municipal laws instructed to present a bill for an ordinance accordingly.

The committee on municipal laws presented a bill for an ordinance repealing an ordinance granting liquor license to hotels and restaurant keepers; read and passed.

The city attorney's salary for November, \$168, was appropriated. Council adjourned till next Tuesday evening, at 7 o'clock.

From Australasia.—This morning we had the pleasure of a call from Elder Douglas A. Swan, who returned from Australia on Saturday morning, from a mission to that part of the globe. He left this city, in company with Elder Isaac Groves and other missionaries, in Sydney Harbor on Christmas night of that year. Elder Swan, accompanied by Elder Charles Burton, went to Tasmania, a separate island, south from Australia, where they labored from Jan. 21st, 1875, till Oct. 10th, where they preached every Sunday, excepting two, while there, and baptized four persons, one man and three women. They proceeded to Sidney, when Elder Swan was released, by President Groves, to return home, Elder Burton remaining at Sidney, with Elder John Young, while Brother Groves proceeded on a trip to Melbourne, and then to

When Elder Swan left Australia the missionaries were all well, and laboring diligently in the cause, which was progressing but slowly, owing to the indifference of the people to matters religious.

Brother Swan says himself and companion in Tasmania were treated with great kindness by a few friends there, although they had great opposition to meet from other sources, the press especially doing its best to make matters as disagreeable as possible for them.

The man baptized is Thomas A. Dosseter, whom they ordained an Elder, so that the work has yet a foothold on the Island.

Great Destruction.—The destruction and devastation caused by the late cyclone in Bengal, East Indies, was, from all accounts, most terrible and sweeping. This great calamity has few parallels, of its kind, in the history of either ancient or modern times. Besides the incalculable destruction of property the lowest late estimates and accounts place the number of lives swept out of existence at not less than 25,000, while some statements are to the effect that it will reach a quarter of a million, or about equal to double the number of the whole inhabitable of Utah Territory.

It is beyond the reach of the most vivid imagination to depict the scene of desolation that must now cover the great extent of country over which the dreadful cyclone swept. The remains of villages, towns and cities, scattered round in ruined masses, and the bodies of their former inhabitants, strewn around in putrid heaps, cause the air to be filled with an insufferable plague-breeding stench; in fact the effects of this terrible and remarkable event cannot be at present estimated, because of the horrible consequential results that are almost certain to follow in its wake. The polluted atmosphere is almost sure to cause the balance of the population of the devastated districts to be stricken with plague, and should some even escape that, famine, in its giant and hideous form, in consequence of the complete destruction of crops and all other local means of sustenance, is already there and doing its work.

A cyclone is a storm of wind which moves in tremendous whirls, rushing, at the same time, over the surface of the ground, spreading destruction in its course. Not only does it sweep away obstructions on the earth's surface, but, as in the case of the Bengal cyclone, where it encounters water it carries it before it in immense, irresistible waves, causing the "sea to leap beyond its bounds." Usually cyclones are from 200 to 300 miles in diameter, but sometimes are over 1,000 miles. Their central point is calm, and moves forward generally with great rapidity.

The Saviour and all the ancient prophets, and the prophets of modern times have predicted that in the latter times there would be "wars and rumors of wars," and "great desolations," prior to the second advent of the Lord, which momentous event draws nearer with each succeeding year. The times of desolation and calamity have commenced, and will never cease from this time forward until the "great and terrible day of the Lord shall come." Let the incredulous observe the signs of the times, as they are indicated by the stupendous and revolutionary events as they will surely occur from this time on. Already are "men's hearts failing them for fear" of the things that appear inevitable, but yet they are far from being aware of the vortex of desolation toward which the inhabitants of the earth are hurrying. War, famine, plague, pestilence, earthquakes, thunderings, lightnings, tearing down of thrones and governments, and other depopulating causes will destroy the people, until there shall be "but few men left." The Lord has spoken it by his own mouth and the mouths of his servants.

Coal, Coal. SALT LAKE CITY, Nov. 22, 1876.

Editor Deseret News: I am thankful somebody has mooted the "coal question." In addition to "Citizen's" suggestion, in yesterday's issue, I would recommend that the people in Summit county be also tied upon for a like number of teams to deliver Weber coal to Hardy's station, so that our citizens may be able to go and haul it from there in one day. Such an arrangement may suffice as a present forced alternative. In the mean time let mass meetings be called in Davis, Salt Lake, and Summit counties to take prompt measures towards the immediate construction of a people's railroad from the Weber mines to this city. This, I am satisfied, will prove our only salvation, and monoling companies who have no other motive, in our local investments, than the amassing of wealth. Let us ever remember that God helps those who are willing to help themselves.

ANOTHER CITIZEN OUT OF COATS.

Theatre.—The theatre-going public will be pleased to learn that Mr. Rignold has been induced to present the drama of "Henry V." again, to-morrow, Thursday evening, with two additional scenes—the great battle of Agincourt, and King Henry's triumphant entry into London.

It is needless to urge upon the lovers of the drama to be there, as they will all wish to see the play again and to hear the eloquent speeches of the King from Mr. Rignold's lips.

Gambling and Stealing.—Last evening George Burger was arrested for gambling and stealing a coat belonging to Mr. Louis Stein and another from Mr. Goldberg. He was fined \$100 on the gambling charge, and had not had a hearing on the other up two o'clock this afternoon.

Our Country Contemporaries.

Ogden Journal, Nov. 11.—C. W. Pennington, editor of the Junction City, Mo., writes his departure this evening for the C. & P.

road, on a brief trip to San Francisco, and other points in California.

Special Marshal Fife called in this afternoon to say that he has taken down four small-pox flags since our issue yesterday; that there have been no deaths nor any new cases, and that the existing cases are all doing well.

Beaver Enterprise, Nov. 18.—The Platte stream of emigration still continues to flow Toquervilleward.

Mrs. M. L. Horne, accompanied by her husband Joseph Horne, arrived in Beaver yesterday from Salt Lake City. Mrs. Horne is on business connected with the Church Relief Society.

Since the opening of the telegraph office at Leeds, the wires have been kept busy conveying messages to San Francisco, Salt Lake and other points. Twenty-two loads of lumber and shingles were met, on Thursday between Parowan and Cedar City going to Leeds.

Cedar City is declared by those who have lately visited it to be a live town. Robert Bullock is putting up a \$5,000 brick house which architecturally is the best building in Iron County. Bishop Lunt is making additions to his hotel in the matter of a piazza and a number of sleeping rooms. The Co-op. sheep herd, numbering 10,000 head, is paying a handsome dividend and entirely free from disease. The new Co-op. brick store has just been finished, and cost \$1,000. The goods are being placed upon its shelves.
