

UNIVERSITY OF UTAH.

The Rev. Dr. William M. Paden addressed the students during chapel hour on Wednesday. His subject was "The Chance of a Life." Mrs. Elsie Greenwood sang, "O Love Divine," and "A Dying Rose."

Horace Sheeley, A. B., '01, and Miss May Keld, N. '01, were visitors on Wednesday.

The officers of the second year normal class are: President, Ray Hatch; Vice-president, W. G. Grant; Secretary, Lucile McMaster; Assistant secretary, Ruby Gamett; treasurer, John Stewart; sergeant-at-arms, Wm. Hunt.

On Wednesday afternoon R. E. Caldwell, R. K. Patterson, A. D. Knowlton, Wm. Carr, A. Z. Richards, Leslie Greenwood, Ralph Watson and Harry Carter visited the Taylor and Brunton sampling works near Murray. These young men are doing special work in metallurgy. They were accompanied by Dr. R. H. Bradford and Instructor Elias Beckstrand.

Mr. J. V. Johnston will leave on Monday for the Green River country in Wyoming, where he expects to engage in cattle raising and farming.

Mr. Schetter's mandolin and guitar class met yesterday for their first practice.

The varsity senate will hold its first session Monday, Oct. 6.

The Zeta Gamma met Thursday and appointed J. Owen Carter and Chas. Manning a committee to confer with the secretary of the Y. M. C. A. and learn if arrangements can be made for the use of his lecture room one evening in each week.

H. B. Fry, N. '01, was recently elected superintendent of Morgan county schools.

The teachers of colleges and secondary schools will hold a meeting Monday at 3 p. m. in the physical building of the university. After the report of the committee on text books, the subject, "How to Establish and Maintain High Schools," will be considered. State Superintendent A. C. Nelson will lead in the discussion and will be followed by Pres. W. J. Kerr of the Agricultural College, and Pres. B. Cluff of the Brigham Young Academy.

This afternoon the university football team is playing a match game with the Ogden High school eleven at the Junction city.

Yesterday at 12 o'clock all work at the university was discontinued on account of the state fair.

Visitors yesterday were Mrs. Dalley and Miss Clark of Provo, Supt. Woodbury of St. George, H. M. Douglass of Springville, and Messrs. C. W. and F. O. Nielson of Richmond.

The Freshman engineers have organized with the following officers: President, E. W. Groo; vice president, J. C. Johnson; secretary and treasurer, Jos. Pickens; executive committee, R. W. Groo, J. Gardner and Stanley Gaddie.

At a meeting of the Athletic association held on Wednesday it was decided to issue season tickets to the university athletic grounds, at a cost of \$2.50 each. This also entitles students to a membership in the association. The committee decided to build a low fence around the football field inside the grounds.

Prof. Stewart addressed the principals of the city schools at Supt. Christensen's office on Thursday.

Thursday afternoon the fourth year normals gave a class social in the kindergarten rooms of the normal building. Mr. Earnest Burgess gave an extemporaneous speech, Miss Katherine Riddle sang, "Absence Makes the Heart Grow Fonder," Miss Dahlquist and Miss Halsten played a piano duet. The rest of the time was spent in playing games, eating pean-

nuts and dancing. The committee in charge were D. P. Howells, J. Owen Carter, Nellie Sutton, Ethel Dreue and R. S. Gardner.

Prof. Stewart has instructed his students in pedagogy and educational psychology to attend the lectures to be given by Dr. J. L. Hughes before the State Teachers' association. Each student will be required to make a report of the subjects treated by Dr. Hughes.

SALT LAKE CITY SCHOOLS

Principal Folsom of the Washington was a visitor at the Fremont Thursday.

Miss Marquandson of Elsinore, Mrs. Brixon, Mrs. Neftin, Mr. and Mrs. Achenson and Mr. Scott were visitors at the Lowell this week.

Mrs. Tomlinson visited during the week the Lowell, Union, Franklin, Jackson and Fremont schools.

Miss Corbett was a visitor in her work of supervision this week at the Bryant, Ogden, Hamilton, Sumner and Emerson schools.

By courtesy of the board of education, the schools were closed yesterday to give teachers and pupils an opportunity to visit the state fair.

Mrs. Howard, Miss Murphy and Mrs. Partridge were visitors at the Hamilton this week.

A literary society was formed at the Lowell this week with the following officers: President, Earle Rogers; vice president, Chas. Sharp; secretary, June Edmunds; treasurer, John Lyon. The colors chosen are red and white.

Frank Fisher, a former graduate of the Franklin, has been permitted to take advance work at the High school by reason of excellence in scholarship.

Mrs. Porter of the Riverside has charge of music on the upper floor of that building.

Mrs. McCune, Mrs. Hinton and Mrs. L. M. Bailey were visitors at the Webster this week.

President W. J. Newman of the board of education was a visitor at the Lincoln on Wednesday.

The Wasatch school has been closed the entire week through inability to heat the building sufficiently. The arrangement of the building plant caused the temporary difficulty.

The teachers at the Ogden were treated to a delightful luncheon on Thursday by Miss Rosalie Cope, one of the Ogden corps. Miss Cope in turn was presented with a box of beautiful cut flowers of great variety and profusion.

The upper corridor at the Fremont is soon to be adorned with some fine statuary, a feature that will be appreciated alike by teachers, pupils and patrons.

Miss Fannie Buckbee has been assigned to the Ogden to take charge of the overflow classes in the fourth and seventh grades.

Miss Minna B. Kendall of the Wasatch school was a visitor at the Lowell on Wednesday.

Supervisor Doxey reports great enthusiasm among pupils who are eligible to take manual training and the domestic arts. He states that with scarcely an exception, students are anxious to work out of school hours, and evince the deepest interest as to the character of the work done.

Miss Hobart of the American Fork schools was a visitor at the Twelfth school on Wednesday.

Supervisor Elliott was a visitor at the Lincoln and Fremont on Tuesday and Wednesday.

Mr. Coombs of the Hamilton took a prominent part in arranging the educational display from the city schools, at the state fair.

Miss Houghton has been assigned to

the Sumner and in addition to regular work will have charge of music in rooms on the upper floor.

The death of James Gardner of the Longfellow has produced great sorrow among the teachers and pupils of that school. He was a pupil greatly esteemed and will be much missed.

The pupils of beginners' first and second grades at the Franklin school marked interest in singing, especially for pupils of their years. Dr. J. L. Wetzel compliments them very highly for the progress in the work.

The recent change in the weather made it necessary to close two rooms at the Lincoln by reason of the new heating plant being unfinished.

The singing by the Jackson chorus of 50 voices at the state fair was most excellent and elicited many compliments. In addition to the prize given by the fair authorities, a prize of \$5 was awarded by Supervisor Wetzel.

A meeting of principals of the city schools was held in Supt. Christensen's office on Thursday afternoon. Prof. Stewart of the State Normal school was present and urged that teachers and members of the board of education be present at the meeting of the State Teachers' association the coming week, as the session promises to be an unusually interesting one.

The schools of this city will be closed on Wednesday and Thursday afternoons the coming week to give teachers an opportunity of attending the day sessions of the State Teachers' association.

Mrs. Tomlinson's work is being received with much enthusiasm by all students for whom the work is intended. The hours set apart for the domestic arts are far too short in the estimation of the students to pursue this important branch so much interested have they become.

WEST SIDE HIGH SCHOOL.

The game of football between the team from this school and the Ogden team took place on the grounds of the latter, Sept. 25. "The Ogden boys were compelled to submit to an inglorious defeat."

This being the fourth week of the school year, examinations in all departments have been held during the week.

Miss Corbin's class in English is studying Merchant of Venice.

The Freshman class in Classical and Scientific English is studying mythology.

Mr. Pendergrass reports 179 pupils in typewriting and stenography.

Mr. Townsend's four classes in arithmetic and stenography are all crowded.

Miss Duke's class in English has adopted the Grammar and Correspondence by the American Book company.

There will be full sessions in all departments during the coming week with no interruptions.

L. D. S. UNIVERSITY.

City-Missionary evening classes begin next Wednesday.

It is said that a night class for Germans is about to be organized.

There will be no classes next Monday, on account of the general conference meetings.

Conference visitors are cordially invited to call at the various departments to inspect the workings of the school in the complex labor of education.

The singing of "Our Alma Mater" by the students at Thursday's meeting, after only two practices, was a very creditable rendition.

Special efforts have been necessary this year to provide table accommodation in laboratory work for the class in zoology, which numbers 40 students.

At Wednesday's devotional Miss Katie Owen rendered two fine solos. President Paul read from the 6th chapter of Galatians and spoke from the text "Whatsoever a man sows, that shall he also reap." By means of two recent illustrations, the instruction given was made vivid and impressive.

An even 700, not counting two that have left, is the registration at the close of the third week of school, indicating practically the true attendance of the first half year; for though a number of missionary and special students will continue to enter, especially during Conference week, yet not many regular

course students are likely to come in after the first month.

The various students are classified as follows: High school and normal, 393; preparatory, 46; business college, 270; missionary, 83. The kindergarten school numbers about 40 children in addition. The evening missionary class, which will begin next week, and the Saturday Sunday school kindergarten, which will begin on Nov. 1, are expected to have a large enrollment this year.

The dedication of Barratt Hall on Thursday last was a quiet, beautiful and appropriate ceremony, conducted by the board of trustees. About 300 persons were present. President Lund presided, and President Smith offered the prayer of dedication. The double quartets and the solos of Mrs. Edward and Mr. Ashworth were very artistic. Prof. Stephens led, assisted by Mrs. Bridwell-Anderson, Mrs. and Miss Judith Anderson and Messrs. Best, Robinson and Squires. Those who spoke were Hon. John R. Winder, John Henry Smith, John W. Taylor, George Teasdale, Hyrum M. Smith, and Anthony H. Lund. Hon. John Nicholson opened the meeting in prayer and Hon. George Romney pronounced the benediction.

BRIGHAM YOUNG ACADEMY

Provo, Oct. 2.—Mr. Dodson from Minersville was a visitor for two days this week.

Movements are on foot to establish Stake Academies in Provo for the benefit of students of each Utah Stake.

The opening ball of the season will be given by the Poliotheological Society Friday night in the new gymnasium.

Cards are out announcing the nuptials of Miss Louisa Whitaker and Mr. E. C. Cheney, to take place in the Salt Lake Temple on Oct. 3. Miss Whitaker has been connected in the domestic science department of the academy for several years, and Mr. Cheney is an old student of the institution.

Parent's class met Wednesday evening with Pres. Cluff in charge. Little Miss Maude Fleming sang, "I Dreamed My Mother was a Queen," very sweetly, her soft notes sounding like those of a far distant bird. After this Apostle Taylor lectured on Obedience. He emphasized the necessity of obedience to the divine laws of heaven and showed by reading from the Bible and Doctrine and Covenants how great the reward will be to those who are obedient and how terrible will be the punishment to those who are not.

A rousing meeting of the Athletic association took place in college hall last Thursday afternoon. About four hundred enthusiastic students were there and they were determined to elect proper men to the positions, regardless of class membership. Eugene Roberts for president was the unanimous choice of the body; then, after some rivalry, Walter Merrill was elected vice president; Miss Lucile Young, secretary; Dilworth Woolley, treasurer; Frank Day, manager track athletics; Mark Crum, basketball manager; Joseph Anderson, manager base ball; Miss Deal, manager ladies' basket ball, and Mr. Charles Van Buren, school member of executive committee.

The old form of having Provo City divided into four academic domestic wards has been done away with and in its stead is effected an organization in which the students are brought together according to their membership in Utah Stakes. Each Stake will have its branch in the academy and these branches will have their regular meetings and will be presided over by officers suggested by the presidents of the various Utah Stakes. Pres. Cluff with two counselors and twelve student aids will be the general overseer of the new system.

E. L. Jarvis, one of last year's members of the missionary class, who is laboring in the newly opened Japanese mission, has written Prof. N. L. Nelson a very interesting letter. Elder Jarvis finds the country and inhabitants very grotesque and interesting. He is particularly struck with the unique way which nature has provided the Japanese fruit with a leafy protection against rain and sun. He also says that the language is decidedly hard to learn and that the native food is just as difficult to get used to, but regardless of this he is learning some Japanese, and is gaining some flesh. He has a Japanese convert as instructor.

NOT DIIGNED FOR LIFE.

"I was treated for three years by good doctors," writes W. A. Greer, M. D., "but when all failed, Bucklen's Aches and Pains cured me in two weeks. Cures Burns, Bruises, Cuts, Corns, Sores, Eruptions, Salt Rheum, Piles, no pay. See at Z. C. M. I. Drug department."

New England Conservatory of Music has now the finest building devoted to music in the world. Founded 1862. Unsurpassed advantages in composition, vocal and instrumental music, and education. George W. Chadwick, Musical Director. Pupils received at any time. For year-book address FRANK W. HALE, General Manager, Boston, Mass.

DEAFNESS CURED

By No Method Until "Actina" Was Discovered.

Ninety-five percent of all cases of deafness brought to our attention, is the result of chronic catarrh of the throat and middle ear. The inner ear cannot be reached by probing or spraying, hence the inability of aurist or physicians to cure. That there is a scientific cure for deafness and catarrh is demonstrated every day by the use of Actina. Actina also cures asthma, bronchitis, sore throat, weak lungs, colds and headache, all of which are directly or indirectly due to catarrh. We are receiving hundreds of letters like the following: F. W. Harwood, 188 Walnut Street, Springfield, Mass., writes: "Actina cured me of deafness of six years standing, after all other remedies had failed."

Rev. W. H. Moss, Joshua, Texas, writes: "Actina cured my wife of deafness of 40 years standing, also improved her eyesight." F. E. Thomas, 250 Bagless Ave., St. Anthony Park, St. Paul, Minn., writes: "Actina cured my father of catarrh and total deafness in one ear." J. E. Sligh, Fairhaven, Wash., writes: "Actina has improved my hearing and greatly benefited my eyes." H. H. Hynes, Honey Grove, Texas, writes: "Actina has done wonders for me. It cured me of catarrh and deafness; no signs of catarrh or deafness now."

Actina is sent on Trial, Postpaid.

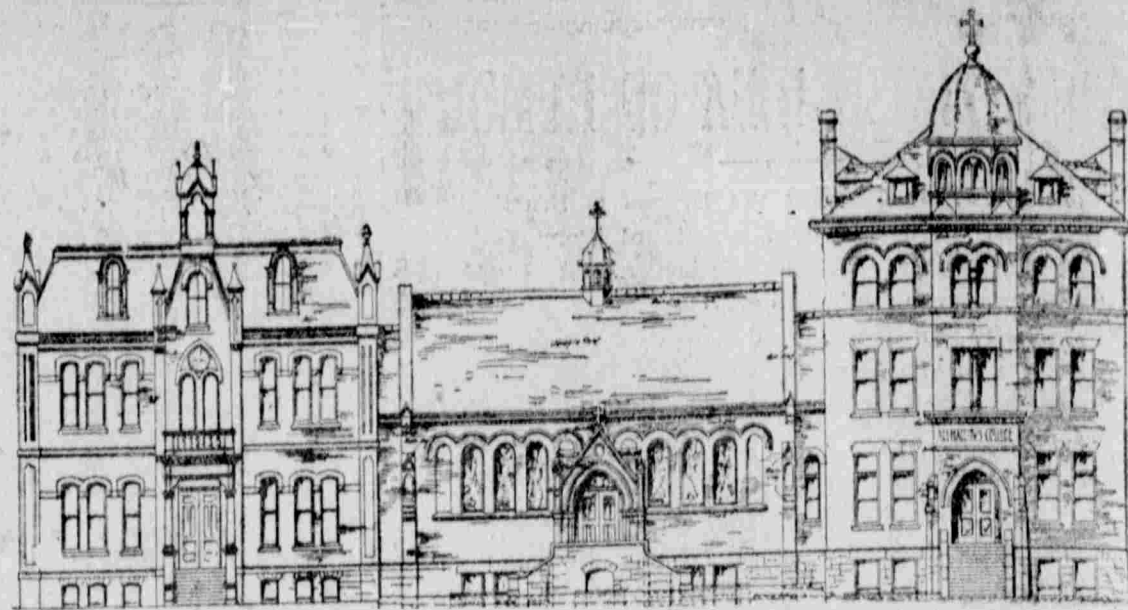

Call or write us about your case. We give advice free and positive proof of cures. A valuable book—Prof. Wilson's 100 page Directory of Diseases, Free. Address New York and London Electric Association, Dept. 375, 25 Walnut Street, Kansas City, Mo.

CULLEN HOTEL.

THE LATE EMILE ZOLA, FAMOUS FRENCH LITTERATEUR.

In the death of Emile Zola France has lost perhaps the most famous novelist produced by her during the latter portion of the nineteenth century. Since his intervention in behalf of the much persecuted Dreyfus he had rather dropped out of public notice, though it is generally conceded that but for the persistent efforts of the great novelist Dreyfus would still be suffering the tortures of the well named Devil's Island.
