THE "RED UNION" IS CLOSED TODAY.

Triumph for Law and Order in the Fight Over Big Den of Vice.

RENEWAL OF LICENSE REFUSED.

Chief of Police Lynch Did Not Give it His O. K.—Davis Made Hard Fight to Save Resort.

As many of the descendants of Robert Smith as could be gathered together, are this afternoon assembled at the Red Union house in this city for the purpose of commemorating the birthday anniversary of Patriarch Hyrum Smith, father of President Joseph F. Smith, who was born Feb. 9, 1800, or 104 years ago today. The gathering will consist principally of the family in this state, although all the descendants of Robert Smith, the first of the Smiths to come to America, were invited. Among those from the outside who have come to attend the celebration, is Frederick M. Smith, son and counselor to President Joseph Smith of the Reorganized church, and associate editor of the Saints' Herald, published at Lamoni, Ia. This is Mr. Smith's first visit to this section and from what he has seen he is much impressed with the city and its surroundings. He will perhaps remain here over Sunday, meanwhile visiting all the points of interest in this locality.

Robert Smith, the illustrious ancestor of the Smiths, emigrated to America from England, in 1635, when he was yet quite a young man. He married Mary French and moved to that part of Rowley, in Essex county, Mass., which afterward became the township of Boxford, where he purchased 200 acres of land. He was known among his neighbors as a quiet, unassuming man, devoted to the welfare of the settlement, and was the father of 10 children, some of whom became quite prominent in the community.

The program this afternoon will consist of songs, recitations, reminiscences and a short history of the Smith family to date. There will also be a sumptuous spread and other exercises lasting well into the evening. The reunion is an annual affair and today's function will likely be as enjoyable as its predecessors.

"I can strongly recommend Herbine as a medicine of remarkable efficacy for indigestion, loss of appetite, sour taste in the mouth, palpitation, headache, drowsiness after meals with depressing mental depression and general prostration. Herbine is a unique preparation for cases such as mine, for a few doses entirely removed my complaint. I wonder at people going on suffering or spending their money on worthless medicines, when Herbine is procurable, and so cheap." 50c a bottle at Z. C. M. I. Drug Dept.

The Red Union saloon, the scene of the recent shooting scrape between Bruce Johnson and a white man named Burns, was closed up some time after midnight last night, because of the fact that the city council refused to renew the license for the place. The license expired at midnight last night 50. In pursuance to the action of the council, Capt. Barbridge notified the proprietors of the saloon that they would have to close up the place.

UNDER INVESTIGATION.

The character of the place was under investigation by the city council and was to have been considered in the committee of the whole on Wednesday night. But inasmuch as the license expired yesterday and Chief of Police Lynch refused to approve a renewal of the license, pending the investigation, there will be nothing for the council to consider Wednesday night for the reason that the proprietors have no license to revoke. A. J. Davis tried hard to get the council to renew the license last night, but as the chief of police had not approved of the renewal as provided by the ordinances, a point of order was raised against considering the matter at all, and the point was sustained.

WHY LYNCH DIDN'T O. K. IT.

Chief of Police Lynch reported that Yancy & Frazier, proprietors of the Red Union saloon, had applied for a renewal of their license and he stated that, inasmuch as the license was under investigation by the council, he deemed it advisable not to approve the license until the investigation is concluded. It was moved that the communication be referred to the committee of the whole to be considered on Wednesday night. Wells raised the point that there is nothing in regard to the license for the council to consider as it expired yesterday, and hence the parties have no license to revoke.

DAVIS PLEADS FOR BRUCE.

A. J. Davis made a long talk in favor of renewing the license of Yancy & Frazier and then moved that the license be renewed. Fernstrom raised a point of order, claiming that the license had not been approved by the chief of police as required by ordinance, hence it was not properly before the council. Pres. ident Hewlett sustained the point of order. The communication of the chief was then received and filed.

SOUTH TEMPLE PAVING.

Upon the motion of Fernstrom, the council reconsidered its action last Monday night in passing the resolution for special paving of the city streets. The engineer to propose plans and estimate for the paving of east South Temple street. The resolution was then referred to the committees on engineering and streets.

MAYOR DISAPPROVES.

Mayor Morris notified the council that he disapproved of the entry on the payroll of \$42 in favor of Joe Redman for special paving of the city streets, because that he desired some information as to the character of the labor performed by Redman. The matter was referred to the sprinkling committee for investigation.

WATER UNDERFLOW.

John T. Frye of Sugar House ward, submitted a proposition to the council to locate an underground flow of water immediately east of the city. He asks that the city furnish him engineering assistance and if he succeeds in locating the water the city is to pay him \$12,500 for each million gallons of water per day obtained. The matter was referred to the waterworks committee.

WHAT ODELL WANTS.

Dr. T. G. Odell put in a claim of \$2,000 for damages for injuries received by him on Jan. 25, 1904, by being thrown out of a sleigh at the corner of Second East and First South streets. The doctor states that at the corner mentioned there is a manhole which is in a dangerous condition by reason of the fact that it is several inches above the ground. The manhole caused his sleigh to be overturned causing him injuries which prevented him from attending to his practice for about two weeks. The matter was referred to the committee on claims.
