

## DESERET EVENING NEWS

## WEATHER REPORT.

Today's record at the local office of the weather bureau: Barometer, 25.80; current temperature, 43 degrees; maximum temperature, 46 degrees; minimum temperature, 40 degrees; mean temperature, 43 degrees, which is 4 degrees above the normal.

Accumulated excess of temperature since the first of the month, 23 degrees. Accumulated excess of temperature since January 1st, 207 degrees. Total precipitation from 6 p.m. to 6 p.m., none.

Accumulated excess of precipitation since first of the month, .54 inch. Accumulated excess of precipitation since January 1st, .06 inch.

FORECASTS TILL 6 P.M. WEDNESDAY.

Local forecast for Salt Lake City and vicinity: Cloudy tonight and Wednesday; probably light rain Wednesday; mild temperature.

Forecast made at San Francisco for Utah: Cloudy tonight and Wednesday.

## WEATHER CONDITIONS.

The crest of the area of high pressure still covers the Great Basin. An area of low pressure has made its appearance over the Pacific Northwest. Precipitation has fallen over Washington, Oregon, northern Idaho, southeastern Montana, western South Dakota, and along the west Gulf coast. But slight changes in temperature have occurred.

L. H. MURDOCH,  
Section Director.

## LOCAL BRIEFS.

Barney B. Quinn, formerly county assessor, has formed a partnership with J. Bogan & Co.

The funeral of John Franklin Hamner was held at the undertaking parlors of Joseph E. Taylor this forenoon.

The State Senate will be under Republican control while the Cedar City junketers are away. They will return from Cedar City Thursday.

State Superintendent of Public Instruction Nelson today buried his little son at Mantli, who died from a gathering in the head resulting from a cold.

The Hewlett Bros. company has let a contract for building a two-story 20x40 feet addition to their factory and for installing improved bottling machinery. The contracts are to be executed before April 1.

A night mail delivery will be made to the hotels for the benefit of travelers. The mail on the late trains will be delivered except that on the Rio Grande Western No. 4, which arrives in Salt Lake at 11 p.m.

The appointment of James E. Lynch as a clerk in the office of Treasurer Dale, at \$75 a month, has been confirmed by the county commissioners. Lynch takes the place of Joseph M. Cohen, who resigned.

The committee that was appointed to ascertain how much support can be raised for the conduct of a Unitarian church in this city will meet this evening to outline a definite plan and to begin work at once.

Word has been received in the city that W. J. Halloran and daughter arrived in San Francisco on the Alameda from Honolulu, and would reach Salt Lake tomorrow evening. Emmanuel Kahn, wife and daughter were expected on the Alameda.

Dr. Plummer read an interesting paper on "Lupus," an eating sore, before the Salt Lake Medical society last evening. He illustrated his paper by exhibiting two of his patients one of whom he has cured and the other he is curing.

Since the operation removing a portion of the skull which was pressing on his brain, William J. Brace is recovering at St. Mark's hospital. Brace was injured in a mine at Sunnyside a few days ago. The operation was first thought that he could not recover.

At the meeting last night of the El Sababkha temple, No. 29 of the Dramatic Order of the Knights of Khorasan, the following officers were elected: Venerable shah, Dr. C. I. Douglas; royal vizier, W. D. Bragman; grand shah, George R. Stoney; mahdi, W. E. Evans; secretary, A. T. Sanford; treasurer, A. S. Watson; menial, J. J. La Bee; sahib, C. H. Fisher.

The portion of the Hooper-Eldredge block that was damaged by the recent fire, is being repaired by Taylor, Romney & Armstrong. The loss has been settled for \$267. Architect Klotting has settled for \$267. Sid Hooper's settlement is for \$31, and W. H. Moore settled for \$822, through Caine & Hooper, in the London, Liverpool & Globe, Barton & Co. have settled also, but the amount is not known.

The board of education will meet in the city and county building this evening, in company with representatives from the boards of education of Ogden, Provo and Lehi, and a committee from the State kindergarten association. The purpose of the meeting is to discuss the question of increasing the bill for the introduction of the kindergarten into the public schools of the State.

The five-cent limit on the Pen line of the Rapid Transit company has been extended to Smoot's corner, Sugar House. The fare to the State prison remains at 10 cents, but a twenty-cent ticket can be bought at \$1 each, five-cent ticket being good to the prison. The change was made for the reason that the Ninth East line has the five-cent fare limit at Cook's corner on Twelfth South, which is but two blocks from Smoot's. The five-cent service to Smoot's will be continued.

BIG CELEBRATION  
NEXT SUNDAY.

On That Day the Chinese Festivities Will Come to an End.

## SOME GOING TO WYOMING.

Yee Wing Choy Makes Some Serious Charges Against Jong Ming—He Will Race Again.

Sunday will see the wind-up of the Chinese New Year's festivities in this city, and the boys on Plum Alley say they will have a real good old time. An interview this morning with a number of the Chinamen, including Chin Chin, Wong Meo and Yee Wing Choy, developed the fact that Sunday has been selected as the day for the "big time," by reason of the fact that the Chinese gambling cases will be settled in Judge Timmony's court Saturday morning. As they confidently expect the cases to be decided in their favor, they will have double cause to rejoice. Chin Chin said: "We have seen Chief Hilton, and he says we can have a big time Sunday. We have got lots of firecrackers saved up for that day, and we are going to shoot them then. So far everything has been very quiet, because Jong Ming is interfering with everything we try to do, and make Chinese New Year's no good, but maybe so we have some good time anyway."

Chin was asked if it was true that "between forty and fifty" of the boys had left for Evanston, Wyo., this morning to attend the celebrations there. "No," said Chin Chin, "about four or five go, and by Sunday maybe 25 altogether." He said, however, that they would have just as good time here as they would in Evanston.

Before the reporter left Chin Chin's place, the latter insisted on producing the wine, candy, nuts and fruit, and made the pencil purveyor accept his compliments and the compliments of all Chinatown. He said he wanted to thank the newspapers for the "good light" up of China boys who will be remembered by the patrons of the Salt Palace bicycle track as the champion rider of the Boxer circuit, stated that he was going to Evanston this week to see some of his friends there. "Like all of his countrymen, Yee Wing blames Jong Ming for the indifferent state of affairs on Plum Alley at the present time. Said he: "You see, stranger, he come here and play a little game and spend plenty of money here and everything all right. Jong Ming try stop all games, stranger go away and everything slow. Now, I tell you something: I know him for three years, and all that time he no work at all. In Ogden he gamble all time. Then he get Clinton come here and stop Chin Chin from playing. In Ogden he steal chickens and some boys shoot at him. "What is he doing all this for?" asked the reporter.

"I tell you," said Yee Wing, "He trying to make money and no work like us. He say to some boys 'you give me money and I go away,' but China boy no give him any, nobody give him one cent and he get mad and say 'I stop games'."

Yee Wing said that all the games were in full blast at Evanston, and the boys who were going could gamble all they wanted to. He denied, however, that he was going there for that purpose, but merely wanted to see some friends who he had not met for several years.

Chin Chin said that just as soon as spring opened for earnest he would begin training for the bicycle races. He is still undaunted despite the accidents he met with on the track last summer, and he thinks he will be able to capture a few prizes this year. He alludes with pride to the undisputed fact that he is champion of all the Chinamen when it comes to riding the wheel.

## SCOFIELD STRIKE.

Prominent Agitators Are Told That They Are Not Wanted.

Lewis George and Pat J. Rooney, the two members of the strike committee from Scofield who have been in this city for some weeks past in an endeavor to enlist sympathy for their cause, have received a communication from John Bell, the chairman of the strikers, to the effect that the Pleasant Valley Coal company will not take back any men who have been prominent in the strike. This means that Bell, the members of the committee and some 150 men will have to find work elsewhere, owing to the fact that they have refused to sign the "non-strike" Mr. Bell, in his letter, stated that he will remain at Scofield until a labor organizer arrives from the East and who has been expected at the coal camp for several days past.

The Salt Lake committee also reports that a miner named J. W. Musgrove and his family have come up from Castle Gate on account of the company telling him that his services are no longer required. They say that Musgrove is not the only man who has received his walking papers from the company at Castle Gate, but that there are fully twenty men there who have expressed sympathy with the strikers.

The strike leaders, however, have not given up all hope yet of making things unpleasant for the coal company; they state that when the organizers arrive and the various camps are included in the union that the next time the men go out on strike that the issue will be decidedly different and the company will not have things all its own way.

Zion's Savings Bank and Trust Company was established in 1873, and has since opened more than twenty-six thousand savings accounts. Have you an account? If not, start one NOW.

## LORENZO SNOW, President.

UTAH COMMERCIAL AND SAVINGS BANK. Interest paid on savings, W. F. Armstrong, pres., P. W. Madsen, vice-pres., J. E. Caine, cashier.

## UTAH COAL.

Castle Gate, Sunnyside and Clear Creek—Lump, \$2.00 per ton. Winter Quarters Lump and all nut coal, \$4.75 per ton. Anthracite all sizes, \$5.50 per ton. 73 south Main St., Telephone 43.

## D. J. SHARP, Agt.

THE GREAT SALT LAKE PRESENT AND PAST.

By James E. Talmage, Ph.D. F. R. S. E. F. G. S., professor of geology, University of Utah, a book of 115 pages, beautifully illustrated. The first complete and authentic work on the region of the Great Salt Lake. The book is a masterpiece of research. For sale by the Deseret News and all news dealers.

HARD TRIP FOR  
JUNKETING PARTY

Met at Lund by Cedar City Citizens With Vehicles.

## WEATHER IS VERY COLD.

There Has Been Much Precipitation in the South, Which Insures Good Crops for the Coming Season.

[SPECIAL TO THE "NEWS."] Lund, Utah, Feb. 26.—At Lund, the legislative party was met by a delegation of Cedar citizens with carriages and buggies to convey the law-makers to Cedar, a hard drive of thirty-five miles through deep mud, much of the way, the most arduous junketing undertaken by the present legislature. The day was fine and clear, but very cold.

From the condition of the road there is every evidence that there has been abundant precipitation in the shape of snow and rain.

The ground is thoroughly soaked to a good depth, and if ordinary conditions prevail from now on, good crops are assured in the south.

## GIVEN A SPECIAL CAR.

Cedar City Legislative Party Numbers Twenty-One.

[SPECIAL TO THE "NEWS."] Milford, Utah, Feb. 26.—Conjoint committee of education, Senate and House left last night for Cedar City on visit of inspection to Branch Normal of University of Utah. The party consists of Senators Evans, Smoot, Murdoch, Tanner, Kiesel, Thomas, Lawrence and Barnes, and Representatives Williams, Axton, Morris, D. H. McGregor, Bench and Van Wagenen, besides the legislators, President Kingsbury and wife, of the University, Mrs. Senator Thomas, Mrs. Axton and Mrs. Senator Smoot. Miss Tanner and Bert Smoot, Senate messenger and the "News" scribe. A special Pullman car was provided by the U. S. L., which was attached to the regular train, which made good time to Milford, arriving there at 6 a. m., after breakfast this morning the party boarded the regular 8 o'clock train on the Utah and Pacific for Lund.

## JOHN HISLOP KILLED.

Former Salt Laker Secures a Bride and Is Killed by a Train.

John Hislop, the former Salt Laker and civil engineer, was crushed to death under the wheels of a train at Eggleston station, Chicago, last Friday. Hislop recently came from Alaska, where he assisted in the construction of the White Pass and Yukon railway, and was chief engineer of that road. He came to the State of Wisconsin to marry Miss Mary Young of Prescott, in that State, and the ceremony was enacted about three weeks ago. Hislop was in the act of boarding the train, which was moving, and he lost his footing and fell beneath the wheels. His wife was notified of the dreadful mishap, and her husband died as she was entering the hospital ward, where he had been taken. He was identified by return to Alaska in a few days.

Mr. Hislop was a man of marked ability in his line and was a member of the Robert Stanton party through Southern Utah in 1898, referred to so feelingly by Nat Brigham in his recent lecture here. Mr. Hislop surveyed the proposed spur from Milford to Cedar City, and he and Stanton surveyed the coal fields about Cedar City. After the Milford-Los Angeles project was abandoned he went to Denver and then to Alaska, where he superintended the building of the Alaska railroad over the White Pass.

He was a Canadian by birth and graduated with honors from McGill College. H. M. McCartney of this city was associated with him on the White Pass railroad, they having always been close friends.

PROF. MUTCH WILL LECTURE

Public Invited to Hear Him at L. D. S. College Tomorrow.

The public are invited to listen to the free lecture to be delivered tomorrow, Wednesday, morning at 10 o'clock, in the new assembly hall of the Latter-day Saints' college. Prof. Leslie R. Mutch, psychologist and alienist, will speak before the college students and teachers on the subject, "The Physical Basis of Mental Power in Students."

Prof. Mutch has made extended researches into the relative values of different foods, the effect of climate upon character, and the connection between bodily nutrition and mental breakdown. He has diagnosed the mental and disorders of many criminals in different state prisons, and is regarded as a good authority on criminal sociology. An interesting and profitable hour may be anticipated by all that attend. The lecture is addressed primarily to the college students, but of interest to every mental worker.

## GLASSMANN'S BILL.

Some Flaws in Proposed Taxation and Assessment Measure.

Speaker Glassmann was mounted on his pet hobby at the meeting of the House committee on revenue and appropriations this morning. The speaker attended the meeting for the purpose of explaining his bill on the taxation and assessment of private banks, brokers, etc., and he believes he has got the tax dodgers in a corner this time.

There is a section in the bill, however, that will prove itself a target for its enemies when the bill comes up for debate on third reading, and the members of the revenue committee have little faith that it will prove bullet-proof. The fatal section deals with the taxation of deposits on their individual deposits. The committee considers the bill a good one, but believes that the desired end would not be achieved. It was suggested that it would be an easy matter for depositors to draw out their money on the day when the assessor made his rounds, possibly placing it back next day, and it was feared that in such an event there would be a run on banks that would create a financial panic. The committee will probably do some job work on the bill before recommending it to the House for passage.

## Women's Co-op. Stockholders.

The stockholders of the Women's Co-op. Store are requested to meet at 4 p.m. Saturday, March 2nd, 1901, in the Fourteenth Ward Assembly Hall.

## M. I. HORNE, President.

## SHORT LINE YARD IMPROVEMENTS.

Undertaking of Lowering Twenty-four Tracks is Nearly Completed.

## SEVENTY-FIVE MEN WORK.

Big Gang Has Been Busy All Winter Bridging Over City Creek and Otherwise Repairing.

The trackage improvements in the yards of the Oregon Short Line in the vicinity of North Temple street are rapidly nearing completion. All the steel girders of the twenty-four tracks which cross City Creek have been put in place, the masonry and concrete work composing the long culvert completed, twenty of the tracks lowered, and the "hog back" practically leveled. Tomorrow the steel gang will commence work lowering the main line to the same grade as the other tracks which flank it.

Some seventy-five men have been at work upon this undertaking for the major portion of the winter, and the work completed represents several thousands of cold cash. It is a great improvement on the old state of affairs, when the small switch engines and even the larger locomotives used to get stalled at stated intervals while endeavoring to negotiate the hump.

This morning one of the heavy new switch engines recently received from the Cooke Locomotive works had been working away with a train of thirty loaded cars over the greasy tracks.

## ROAD TO BE BUILT.

Senator Clark Denounces All Rumors Against His Proposed Road.

The following clipping from the Los Angeles Herald of Saturday in regard to Senator Clark's proposed road is of interest at the present time: "The transfer of the Terminal company's property to the new Salt Lake line as it was announced yesterday, has occasioned a great deal of talk. Engineers are now engaged in making a thorough examination of the property, with a view of ascertaining what improvements will be required to place the property in a condition necessary to meet the demands of the new line. As soon as their labors have been concluded it is announced that the transfer of the Terminal interests will be made. In fact, the papers have already been drawn up and are ready to be filed. It is stated that extensive improvements will be made on the property as soon as the deeds have been recorded and as soon as materials can be laid on the ground."

It is in the Los Angeles Herald of Saturday that the rumor is taken occasion to denounce the rumors that have been circulated from time to time to the effect that his road would sell to some transcontinental line as soon as built. The senator declares that it is the intention of himself and associates to build the road as already planned, believing that the company will have no trouble in securing an eastern outlet after the line is in operation between Los Angeles and Salt Lake. The projects of the Salt Lake line say that the sale of the Southern Pacific to the Union Pacific will not interfere with their plans in the least. Senator Clark announced that the first seventy-five miles of the road, between the city of Los Angeles, will be in course of construction within sixty days. He endeavored while here to set at rest the rumors concerning the sale of the road of which he is president, and assured all those who had been in the upper room of the Mill Creek meeting house on Wednesday, the 27th inst., at 7:30 p. m. A full attendance is desired.

FRANK Y. TAYLOR, President of Stake.

Elder Andrew Jensen, of the Historical Office, will visit the following wards in the Jordan Stake of Zion, in the interest of Church history, on the dates here given:

Bluff Dale and Riverton, Sunday, March 3rd.

## NOTHING EQUALS IT.

## For the Cure of Catarrh.

A physician now retired from practice, but who still keeps abreast of the times, in speaking of the advance made in medicine in the last ten years says: "One of the most obstinate and baffling diseases is the very common trouble, catarrh."

Nasal catarrh is only one of its many forms; catarrh of the throat, catarrh of the stomach, bowels, liver and bladder are very common, but the sufferer usually thinks it is something else than catarrh and is treated for the wrong disease.

The best and most successful treatment for any form of catarrh is now admitted to be by internal remedies through the stomach and the safest and probably the most efficient is in the tablet form, sold by druggists as Stuart's Catarrh Tablets.

I have seen many remarkable cures of catarrh resulting from regular daily use of these tablets, which seem to act on the blood and liver, driving the catarrhal poison out of the system through the natural channels.

At any time I have known the sufferer take these tablets and find them to contain no cocaine nor opiates, but simply a combination of harmless antiseptics like Eucalypti, Guaiacum, blood root, etc.
