ALL BIDS REJECTED.

South Temple Paving Contract Not Awarded-Hamlin's Claim Allowed.

At its meeting yesterday afternoon, the board of public works rejected all bids for the paving of South Temple street, that of the City Street Improvement company being too indefinite and the others being regarded as too high. The former was the lowest bidder for the work and agreed to complete the dob in 180 "working days." This term was not altogether agreeable to the board as under the construction placed upon it by the city attorney, it meant days fit for doing this class of work. The board will meet again next Friday advertise for bids. There was present at the meeting R. . . Campbell, manager of the Utah

Campbell, manager of the Utah Light & Rallway company, who notified the board that the company had de-cided to continue its tracks on South Temple street, as it was deemed im-practicable to move them at this time. Another matter to come before the board was the claim of A. L. Hamilin for the construction of the Liberty park greenhouse. It will be remembered that this claim came before the council some time ago but was rejected on the

GUARDING PRISONERS.

There was a company of Japanese oldiers whose khaki coats were black with mud and sweat gathered at the trench, quietly discussing events with no sign of excitement. Two big Rus-sian prisoners not wounded were resting there with a small Japanese sitting behind them. The Japanese soldiers of the column are heavier men than the average of most European armies, but the Russians in the Tenth and Twentyfourth East Siberian regiments are larg-er and the beards, which most of them wear after a season of campaigning, give them a particularly fierce appear-ance. The bodies of three Russians who had been killed on the parapet of the trench were laid in the road behind it with their snuff-colored great coats thrown over their faces. Four others the Tenth East Siberian, dressed in gray blouses and caps without any reg-imental insignia were on the ground Imental insignia were on the ground beside them. One was shot through both legs, one had been bayoneted in an arm and the leg, another had a bul-let hole in the abdomen, and another was shot in the foot. The man wound-ed in the abdomen was dying, his face already had the color of a corpse, and his breathing wear how wears. already had the color of a corpse, has his breathing was slow gasps. A hos-pital attendant sat near, a black-beard-ed, keen faced young fellow, displaying a white band with the Red Cross on his arm. His satchel of bandages was open on the ground. He had done what he could for his comrades and was stolidly awaiting developments.

Western Stockgrowers Urge That

Would Have Vacant Lands Classified -- Government Control Over Them Favored.

Denver, Aug. 5 .- The western stockgrowers who have been conferring here for three days with the special land commission appointed by President Roosevelt, finally adjourned this evening without taking any action with reference to the strike at the packing-

house centers. A resolution was adopted with practical unanimity urging upon Congress "the necessity of the transfer at the earliest possible date of the management of the forest reserves to the department of agriculture, where not only the forests, but all the inter-

ests involved, may be properly studied and protected." Discussion of the resolutions con-ctrning grazing lands was animated, there being a strong sentiment in favor of amending those reported by the com-mittee so as to urge the passage of a strict leasing law for arid lands of all states and territories. As reported and as finally adopted, the resolutions are

Big Fire in Kendrick, Idaho.

Kendrick, Ida, Aug. 5 .- Fire which kendrick, 10a, Aug. 5.—Fire which broke out in the old Pacific hotel at 10:30 this morning destroyed the whole business part of the city and all the residences between First and Sixth streets and between the bluff on the north and the creek on the south. The total loss is closely calculated at \$250,-000, on which there is about 50 per cent insurance. An alarm was promptly turned in and the depatment responded quickly, but the flames were soon beyond control.

Five minutes after the fire was dis-covered it jumped across Main street and ignited the brick buildings there, Several men were overcome by and fainted in the street, but all heat were carried to places of safety. About 36 business houses and 20 residences were destroyed. Nearly all the busi-ness men have already telegraphed to wholesale houses for new stocks and all

are arranging to rebuild. This is the fourth general fire here in 12 years. The origin of the flames is unknown. It is believed that the bank vault is intact. A meeting of citizens has been called to prevent any frame buildings being erected.
