LOCAL BRIEFS.

Says School Bonds.—The state land board has decided to purchase school bonds of the Wales school district in the sum of \$3,200. The bonds will pay 5 percent interest.

Girls Camping Out.—Fourteen girls of the Phillips Congregational church went to Big Cottonwood canyon, where they will camp for the next 10 days and enjoy rest life. Miss Charlotte Armstrong is the chaperone.

Two Pay Days.—The Utah Light & Railway company management has decided to have two pay days a month instead of one, for its street car men, pay days coming on the 10th and 25th of each month. This will be a marked convenience to new motormen and conductors, many of whom are decidedly short on beginning service.

Riley Denies Story.—C. C. Riley, a special policeman who occasionally participates in east South Temple street incidents, takes issue with Mrs. Emma Steer, who stabbed him with a hat pin Monday night, claiming that he had insulted her. He says that he did not insult her, and also says he will appear in court to prosecute her.

Not Marjorie's Car.—The automobile that ran amok in Commercial street the other day, although it bore the number 285, was not the Salt Lake Seeling company's machine, which carries that number, and Manager Marjorie does not understand how the auto came to carry the number of one of his cars. Neither of his two cars is ever on that street, and besides, they are not electric, while the runaway was of that class.

Likes Salt Lake.—Dr. I. Clarence Smullyan has moved to Salt Lake from Atlanta, Ga., and will make this city his permanent residence. He graduated from the Baltimore Medical school in 1899 and while at Atlanta endeavored himself to the Mormon missionaries by his volunteered services in their behalf. From the good impression of Salt Lake he gained while in conversation with them, he decided to make his residence here.

Brighton Hotel Leased.—T. C. Davis, the Sugar House property man, and Dan H. Brighton, son of W. S. Brighton, after whom the popular resort is named, have together leased the Brighton hotel from the owner, Hon. James H. Moore, for a term of three years. The arrangement, which appears in this issue of the "News," states that a daily stage line will run from Sugar House at 6 o'clock a. m. The formal opening of the house occurs on Monday next.

New Auto Company.—The Knight Carriage & Automobile company has filed articles of incorporation with the county clerk. Capital is \$50,000, and shares of the par value of \$100 each. The officers are: John A. Knight, president; John M. Knight, vice president; William A. Knight, secretary; and Charles L. Knight and Isora M. Knight are the directors. The new company takes over the stock of the Knight Carriage & Wagon shop at 145 East Fifth South.

Barber Report Filed.—The annual report of the state board of barbers has been filed with the governor, showing there are 43 of the craft working in the state, with 60 apprentices, in 302 shops located in 121 towns. Sixty-five shops and 1,907 barbers and 24 apprentices are working in Salt Lake, while in Ogden there are 70 barbers and four apprentices. There are no barbers in San Juan or Wayne counties. During the year, the board examined 133 men, of whom 146 qualified. Ten shops were closed on account of unsatisfactory conditions, and of 18 persons who were convicted. The board is composed of W. M. Hight, C. M. Benedict and Perley A. Hill.

INDIANS OF PRESENT PROBLEM

J. W. Lablance Declares His Tribesmen Could Govern Themselves.

HE IS A SCHOLARLY REDSKIN.

Speaks English Fluently, This Sioux Stands Over Six Feet of Stout And Wiry Manhood.

J. W. Lablance, a Sioux Indian from the Umatilla reservation in Oregon, spoke at the university of Utah summer school yesterday afternoon. The speaker was attentively listened to, while he for a period of an hour and a half told his hearers of conditions existing among his people. Many suggestions were advanced as to how the Indian could be benefited, mentally, morally, educationally and financially.

Lablance is a young man, of athletic build and splendid appearance. He speaks English fluently and grammatically and is impressive in manner and speech. He says that it is manifestly unjust that the educated and better class of Indians should not become citizens of the United States as easily as any other class. He says that he is not a fool, he says, and if permitted to have representation and to have a hand in the management of his own affairs, his advancement would be rapid and sure.

SHOULD MANAGE THEMSELVES.

Education should be given to Indians, and such recognition and without the privileges of citizenship, not very much can be expected of the Indian. After the allotment of land, it is found that the owner cannot take care of all his holdings, he should be allowed to rent out his land, and for this purpose real estate and rental agencies conducted by Indians should be encouraged.

"Teach any class of people correct principles, and they will govern themselves," said Lablance. Asked if he knew whose sentiment he was quoting, with slight variation, he said yes, that the language had been employed by Joseph Smith.

"I am not a Mormon," declared Lablance, today, "but I am more or less familiar with the policy that has been followed by the Mormons regarding the Indians."

He said that he had been followed by Brigham Young and his people were friends of his people, among the best friends that they ever had.

INDIANS IN UTAH.

The educational status of the Indians of Utah is better than in any other place in the Union, and that the moral condition of the tribes was better. Here as elsewhere many Indians are becoming educated, but are not receiving the recognition that they deserve. When Indian delegations are sent to Washington to present grievances, the rule is that the uneducated, interpreter excepted, go to represent the educated, while the reverse plan should be followed. Let the government employ the progressive elements of the tribes in proper and legitimate ways, and the Indian problem will soon settle itself.

Lablance is a graduate from the Western Federal school of Oregon. He is to lecture in several eastern cities, and will make his next stop at Denver.

CHAMBERLAIN'S COLIC, CHOLERA AND DIARRHOEA REMEDY WOULD HAVE SAVED HIM \$100.00.

"In 1902 I had a very severe attack of diarrhoea," says R. R. Farrar of Cat Island, La. "For several weeks I was unable to do anything. On March 13, 1907, I had a similar attack, and took Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave me prompt relief. I consider it one of the best medicines I have ever used. In the world, and I have used it in 1902 believe it would have saved me a hundred dollar doctor's bill." Sold by all druggists.

BANQUET TENDERED MURRAY.

Retiring Manager of Bell Telephone Company Honored by His Friends.

June 30, 1908, is a date that will long be remembered by D. S. Murray, who for many years has been general manager of the Rocky Mountain Bell Telephone company, and when he thinks of the date it will always be with the most pleasant of recollections.

Mr. Murray has left the company with which he was so long identified and is leaving for the Pacific coast, to assume a responsible executive position with the Pacific states company.

It was decided by officials of the local company to tender to Mr. Murray a banquet where they could say good-bye, and a presentation to Mr. Murray of a beautiful gold watch and fob. The two places so constructed as to strike the guests of honor was surprised, but he replied in a most fitting speech, and present expressed regret at parting with Mr. Murray because of their pleasant association with him.

Mr. Murray was slow to accept a position which places him in a broader field where his abilities will be needed and felt.

The banquet was served in one of the largest rooms on the second floor. Among those present were:

Cl. Vance Lane, president of company; J. E. Blaney, treasurer; C. D. Willcutt, chief clerk to the general manager; H. W. Kline, Angus W. Cannon, chief clerk of the contract department; C. C. Pratt, superintendent of the Utah division; S. Peters, chief engineer; George W. Wooten, secretary; George Maher, chief clerk to the auditor; P. H. Hopkins, contract agent; P. C. Roberts, chief clerk of the Salt Lake City division; George Y. Wallace, attorney; John Annley, city foreman; Leo P. Marx, representative of the contract department; H. L. Irwin, superintendent of the Salt Lake City division; and D. S. Murray, general superintendent.

Mr. Murray first became identified with the company in 1884 as a collector. He was promoted from one position to another until he became general manager. During his administration the company has steadily grown with lines covering four states.

Mr. Murray will leave tomorrow for Los Angeles where he will meet Mrs. Murray. After a rest he will go to San Francisco, where his headquarters will be. With him he takes the hearty good-will and best wishes of many friends.

Francisco, where his headquarters will be. With him he takes the hearty good-will and best wishes of many friends.

OVER THIRTY-FIVE YEARS.

In 1872 there was a great deal of diarrhoea, dysentery and cholera infantum. It was at this time that Chamberlain's Colic, Cholera and Diarrhoea Remedy was first brought into use. It proved more successful than any other remedy of treatment, and has for thirty-five years maintained that record. Nine druggists out of ten will recommend it when their opinion is asked, although they have other medicines that they think a greater profit. It can always be depended upon, even in the most severe and dangerous cases. For sale by all druggists.

Improved bathing facilities Salt Lake, 1,200 rooms, water 80 degrees.

SMOKER STARTS FIRE.

A careless smoker threw a lighted match into some bunting in front of a cigar store owned by E. L. Price, 7 east Second South street last night, and started a fire that gutted the store, doing damage to the extent of \$250.

Within a few seconds after the match had been thrown into the bunting, the flames broke the heavy glass in the show cases and the fixtures and stock were soon burning. The fire fighters arrived quickly on the scene and soon had the blaze extinguished, but not before the store had been ruined. The fixtures valued at \$500 had been ruined.

SELECTS NEW TEACHERS.

The board of education held a special meeting last night, and teachers were appointed for the following school-year as follows:

Charles Joseph, Josephine Moore, Mary J. Helm, Ruth Armstrong, Lulu Penny, Freda Funk, Ruth Christensen, Alda Ormond, Ernestine Lull, M. Pandey, V. Mae Carter and L. Ensign.

The following teachers were granted leave of absence: Amy Lyman, Ruth Palmer, Katherine S. Parsons, Rachel Rosenblatt, May Hogg, and Olive Corlies.

STARVED TO DEATH.

It is what could truthfully be said of many children who die. They have worms, poor little things, they don't know it and you don't realize it. If your child is cross, fretful, pesty complexioned and loses weight for no apparent reason, get a box of Dr. Williams' Pink Pills. You will be surprised at the results and how quickly it picks up. For sale by Z. F. M. I. Drug Dept., 115 and 114 South Main St.

SEES BIG ADVANCE.

Charles S. King, formerly a well known Salt Lake Ogden newspaper man, but who is now engaged in the real estate business in California, is in the city on his way back to the coast from the east. Mr. King has been in Salt Lake for a number of years and expressed himself as being very favorably surprised at the strides being made towards a metropolitan city. There is no doubt, he declared, that Salt Lake today "Salt Lake will have a larger population inside of the next five years than all other metropolitan cities."

That means it is going to forge ahead of Denver. I have taken note of the strides being made in the city of Salt Lake, which convinces me that this region is one of the most prosperous parts of the United States.
