# UTAR'S PRUIT BUSINESS

The effects of the Units State leaved of the relations, of whitch Therms Jund of St. George is president, C. St. Biomaterburg of Prave wee president, and J. A. Wright of Ogden wereday, to bring the president end of the Control of the State, are worthy of the State president and real grawers in the State. He-cently the Newsy presented an article from the hard of horticulture, on the singlest of fruit radiug, and now gives monther on the preservation of fruit by drying. This latter was prepared by Mr. Jund, the president, who has made a speakl saidly of the subject to California the past two reary, heatings having had along experience pixelunity.

The fruit touchess in this State shauld be one of its leading industries, since conditions here are typical for its vest amount of fruit its since, of a must accelent quality, and wasted. The horticulturates of Units have become almost a speak two reads and relative to the horticultural transfer of the state of the
