# Don't tolerate that "Tired Feeling"!

In the Spring nine out of every ten people are all used up or "run down.

The reason is simple. They lack nerve force. They are tired because their nerves are tired-overworked.

The nerves supply the heart, the stomach, all the organs of the body, with the power to do their work properly. When the nerves are tired and sick, they don't do their work properly, and the result is headaches, dyspepsia, sleeplessness-in a word, you feel used up.

These are signs that you need new vitality, new nerve

Paine's Celery Compound will give you new nerve power by feeding the nerves themselves. It is a tonic for tired nerves.

Paine's Celery Compound is the prescription of Prof. E. E. Phelps, one of the most famous physicians in the his-tory of American medicine. This famous tonic has stood the test of 18 years. Every physician knows the formula and prescribes it in his practice.

### A Great Nerve Strengthener.

"Some time ago I was greatly bothered with nervousness. I had read and heard about Paine's Celery Compound and decided to try some. I did, and was well satisfied with the re-sults. I proved to myself that it certainly is a great nerve strengthener. Yours respectfully,"-Arthur Frits, 1326 8th St., S. E., Minneapolis, Minn. Mar. 10, 1904.

# **PAINE'S CELERY COMPOUND**

# The celebrated nerve vitalizer and tonic

In every community there are druggists who do not seem to realize that it is actually dishonest to substitute an imitation for the genuine Paine's Celery Compound.

Have you ever asked a druggist for an article, and had him bring you some other unknown article and tell you it was just as good or better? He was trying to deceive you. He was trying to substitute an unknown article for a known product because he would make a few cents more out of your innocence. In his mind the question of real merit did not enter into the transaction-but the question of a few. cents did

When you ask for Paine's Celery Compound see that you get the real Paine's Celery Compound, with the picture of the bunch of celery on the bottle.
