

INSPECTING THE UTAH & PACIFIC.

Trip of President Herriman and
Party Causes Speculation.

EXTENSION OF THE LINE.

Talk of Pushing On to Manvel Re-
solved—The Meeting at Denver—
California Fruit-Railway Notes.

Railroad men almost without excep-
tion attach much importance to the
visit here of President Herriman of the
Short Line, and his party, and the de-
parture of the railroad magnates yester-
day afternoon for a trip over the
Utah & Pacific from Milford to Nevada
is considered as full of significance.

Those who accompany President Herri-
man on this trip are President Burt,
of the Union Pacific; President Mohler,
of the Oregon Railway & Navigation
company; Vice President Hancock,
General Traffic Manager, Elkhorn,
H. Young, Resident Engineer, Ashton,
Traffic Manager J. A. Munroe of the
Union Pacific, Chief Engineer J. B. Ber-
trand, General Agent F. B. Chote of the
Union Pacific, Traffic Manager, Ben
Campbell of the O. R. & N., and a num-
ber of clerks.

The party left in five special cars, and
will carefully inspect the line from Mil-
ford to the present terminus of the
Utah & Pacific. A large collection of
the plans covering the line as con-
sidered and projected, with full data
regarding the country.

It is pointed out, in connection with
this trip, that the section of the Short
Line from Provo to Milford, 174 miles, is
one of the least productive of that
system, and that by pushing the Utah
& Pacific on from Nevada to Manvel,
California, a distance of 250 miles, a
connecting link with the coast would
be formed, and the business of the road
from the south increased enormously.
This is the ultimate plan of the Short
Line, and the present visit is looked up-
on as showing that the company is giv-
ing it immediate consideration.

THE DENVER MEETING.

To Settle a Troublesome Question
Among Western Lines.

A meeting is in progress at the
Brown Palace hotel that will probably
reach deep water before adjournment.
It has been called to settle a question
that portends trouble for the lines in
the Rocky Mountain territory, says the
Denver Post.

Room 311 has been given up to the
transmission committee of the West-
ern Passenger association. The com-
mittee was called to order this morn-
ing by J. R. Buchanan, general pas-
senger agent of the Fremont, Elkhorn
& Missouri Valley railroad, who is
chairman of the committee. All the
members of the committee are repre-
sented. The session, which may last until Sat-
urday, is an adjourned gathering from
the Chicago meeting of a few days ago.

The trouble is over passenger rates
from St. Louis common points to North
Pacific coast points. In view of the
Alaskan business, the most direct
lines from St. Louis has established a
one-way rate of \$40, but the Chicago
Great Western and connecting lines,
which are forced to route their busi-
ness by way of St. Paul, ask that the
rate be advanced to \$45.75, claiming
that they are entitled to this differential
owing to their long haul. The through
lines object to this, saying there is no
reason why they should advance their
rates merely to assist rival lines which
must carry patrons a longer distance;
that the shortest route is entitled to
the place, always have done so, and
it is equal with the longer lines to
meet the rates and competition.

The meeting will also be important in
that it will dispel a great number of
questions that have originated since
the presidents' famous meeting in New
York. Among the questions up for set-
tlement is that of divisions east of the
Missouri river. Summer excursion
business will also be passed upon, and
an agreement, based on the fact of the
satisfactory arrangements of last year,
adopted.

The committee does not dabble in
freight matters, confining its delibera-
tions exclusively to passenger business.
Action to carry out to the letter the
dicta of the presidents in regard to
rates and free or reduced transpor-
tation will also be taken. There is
nothing in the call over which it is an
unhappily the lines will disagree.

Edna MacLeod, chairman of the
Western Passenger association, is
among those at the meeting. Mac-
Leod is watching the program
on behalf of the present association.
Colorado lines were represented at the
meeting. Those from outside the State
who are present are: F. A. A. A.
Omaha, representing Chicago, Milwa-
ukee & St. Paul; General Passenger
Agent Black, Topeka, representing
Buchanan, Omaha, Fremont, Elkhorn
& Missouri Valley; John Francis, On-
aha, Burlington; E. B. Wicks, Salt Lake
City, Utah Lines; D. E. Burley, Salt
Lake City, Oregon Short Line; T.
Thompson, Chicago, O. W. Roeder,
Salt Lake City, Rio Grande Western;
John Sebastian, Chicago, Chicago,
Rock Island & Pacific; Eben E. Mac-
Leod, Chicago, chairman Western
Passenger association.

The Southern Strike.

Chattanooga, Tenn., April 14.—A bul-
letin issued by the striking operators
of the Southern railway today insists
that more operators are joining the
strikers every day.

The Southern railway officials this
morning state that the wires have been
cut on the Memphis, Knoxville & At-
lanta divisions of the Southern railway,
and that there is considerable interfer-
ence with the operation of trains, es-
pecially on the Knoxville division. Line
men were sent out from this city and
the officials are taking steps to arrest
and prosecute persons who cut the
wires or otherwise interfere with the
traffic of the system.

The claim is made by representa-
tives of the O. R. T. that the loss to
the Southern railway in perishable
freights since the strike already
amounts to \$200,000.

WESTERN SHIPPERS.

Frank Lines Will Refuse to Make
Split Deliveries.

A New York dispatch this morning
says the trunk line freight commit-
tee has adopted a new rule regarding
Western shippers take advantage of the
export rates and of their ship goods but
not stuff. The matter has been made
subject at various times, of special in-
quiry by the inter-state commerce com-
mission. It has, it is alleged, been one
of the most generally used means of

Neuralgia Cured

Not eased, but cured. Not quieted for a short time,
but permanently cured. Dr. Williams' Pink Pills for
Pale People cure Neuralgia by revitalizing the ner-
vous system and restoring the life-giving elements of
the blood. Women who have been tortured for years
with Neuralgia and Nervous Headache, who have ex-
hausted the skill of eminent physicians, have been
permanently cured by

Dr. Williams' Pink Pills for Pale People

Mrs. William Cotter who lives at No. 42 Windsor Street, Hartford, Conn.,
says: "I was taken with neuralgia several years ago and suffered untold
trouble. I tried many great many doctors and several remedies, but I found
only temporary relief. About three years ago I was advised to try Dr. Williams'
Pink Pills for Pale People and I did so. I thought that the first box
gave me some relief, and my husband insisted that I keep on taking the
pills. I did, and I can truly say that the pills are the only medicine that
ever permanently benefited me."

"I used to have to give up entirely and lie down when the pain came on.
My face would swell up so that my eyes would close. The pills cured all
this, and I have had no return of it for the last two years. I keep the pills
as a reminder of the relief I received, and I believe that they are the best
thing I have ever taken. To Dr. Williams' Pink Pills for Pale People I owe all the comfort I
have enjoyed for the past two years in being free from neuralgia, and I am
glad to be able to recommend them."

Dr. Williams' Pink Pills for Pale People contain, in a condensed form,
all the elements necessary to give new life and richness to the blood, and
restore shattered nerves. They are an unfailing specific for such diseases
as locomotor ataxia, partial paralysis, St. Vitus' Dance, sciatica, neuralgia,
rheumatism, nervous headache, the after-effects of the grip, palpitation
of the heart, pale and sallow complexions, all forms of weakness either
in male or female.

Dr. Williams' Pink Pills for Pale People are sold by all dealers, or
will be sent, postpaid, on receipt of price, \$1.00 a box or six boxes for \$5.50
(they are never sold in bulk or by the box) by addressing Dr. Williams
Medicine Company, Schenectady, N. Y.

RAILROAD NOTES.

Donald Rose, of the Illinois Central,
has returned from a trip as far north
as Butte.

The Herriman party went over the
Tintic branch on its way south yester-
day.

D. E. Burley and George W. Heinz
are expected back from Denver to-
morrow.

P. P. Hitchcock, general agent of the
Wabash passenger department, with
headquarters at Denver, is in town.

F. M. Schumacher, of the Continental
Fruit Express, who was in town yester-
day, says that the California orange
crop for the season is estimated at
15,000 cars, 11,000 having already been
moved.

A deal is on by which the Pennsylv-
ania and Baltimore & Ohio companies
are to absorb the Philadelphia & Read-
ing, and the New Jersey Central roads.
It is now up to the Oregon Short Line.
The Rio Grande Western management
has announced the willingness of that
company to accept the franchise granted
for the Union depot. The Short Line
people will doubtless take the same
view of the matter and announce their
decision with a few days.

OBJECTION TO RAILROAD.

Council Committees Listen to Protests
Against Proposed Road to Ogden.

The council committees on laws and
streets met last evening for the purpose
of hearing protests against the grant-
ing of the proposed franchise to the
Salt Lake Valley Railroad Company
for its railroad between Salt Lake and
Ogden. Written protests were received
from the Deseret National Bank, St.
Mary's academy, W. S. McCormick &
Co., and others. James K. Shaw, D. C.
Dunbar, William Keating and L. S.
Hills appeared in person and made ver-
bal protests. Their objections were
based on the theory that the road would
be operated on First West street
would injure the property on that
street, which, in the main, is a resi-
dential street. It was also feared by
the protestants that the road would
ultimately develop into a regular steam
railroad.

Judge Powers, who appeared in be-
half of the railroad company, asserted
that the road would be operated on
the streets. He was also assured by
the protestants that the road would
ultimately develop into a regular steam
railroad.

NOT YET AGREED.

Board of Education Rejects the Propo-
sition of the City Council.

At the meeting of the board of educa-
tion as a committee of the whole,
yesterday afternoon, the offer of the
city council to trade the city's 12x12
rods lot at the corner of North Temple
and State streets for property owned
by the Board Opera house, and a
piece in the Eighth ward, north of the
City and County building, was rejected.
The board then proposed, as a final
offer, to trade the old Sixteenth ward
school house property and 47 1/2 feet by
10 rods in the Sixth ward for the city's
lot at North Temple and State street.
The Sixteenth ward property is valued
at \$5,000 and the Eighth ward at \$4,500.
which the board thinks a fair com-
pensation for the North State street
property.

NERVES

Tired and Overstrained Nerves
are Given Strength and Vigor by
PAINE'S CELERY COMPOUND
The Spring Medicine.

M. Elizabeth Messick, Emerson Institute, Mobile,
Alabama, writes:

"I was very weak and extremely nervous. For several months
I used prescribed tonics to no avail. I declared the first dose of
Paine's Celery Compound made me feel better, and was laughed at,
but the Compound brought me the desired strength, and in the fall I
returned to school.

"I am now in the Home Missionary Work among the Freedmen
of the South. Never one year could I have finished without Paine's
Celery Compound. At home we have a large family and use the
Compound constantly in the spring. We owe much to your medi-
cine."

Paine's Celery Compound makes nerve fibre,
nerve force, restores the bodily health.

Elias Morris & Sons Co., City,
Gentlemen:—Responding to your request for a testi-
monial regarding the "RADIANT" grate, I am pleased to
state that it is, in every way, all you claim for it—and
more. Aside from the cheerfulness it affords, it possesses
a heating quality which rivals almost any stove I ever
saw. I take pleasure in recommending the "RADIANT"
to all contemplative purchasers.
