

DESERT EVENING NEWS.

Wednesday, April 22, 1898.

LOCAL AND OTHER MATTERS.

CORRESPONDENTS writing for publication are requested to write on one side of the paper only. No notice can be taken of anonymous communications. Correspondents' names must in every instance accompany their communications, not necessary for publication, but as a guarantee of reliability.

THEATRICAL.—Last night "Ernest Maltravers" delighted the admirers of the melodramatic and sensational. It was capably placed upon the boards; and the villain was as villainous, the lover as ardent and easily made jealous, the lady as tender and true, and the end as much an exemplification of dramatic and poetic justice as the requirements of the play demanded. It was followed by "The Mummy," which is full of mirth-making points, and was played in lively style.

To-morrow evening Mr. George B. Waldron will commence a brief engagement. It was designed to produce a new piece on the occasion, but the uncertainty of Mr. Waldron's arrival rendered it impossible to decide what to play until he did arrive, when it was too late to act according to that design. "Richelieu" will be presented for the opening, a play of the excellence of which it is needless to say a word, with Mr. Waldron in the title role. The selection is beyond question a good one. During his previous stay in this city, when he played Orseola, in "The Council of Ten," so masterly, there was a general wish expressed to see him as the great Cardinal. Since then we have had impersonations by Mr. Lyne, Mr. Coultick and Mr. Stark, and now to these will be added the one so strongly desired at that time by Mr. Waldron.

We will be gratified to see him greeted with a crowded house and a warm welcome; and hope the enterprise of the Managers in securing the talent and attractions which they have, for the season now commenced, will be appreciated by the public and sustained by a remunerative patronage.

FOR PRESERVING.—We were shown by Aaron Stein, Esq., of Wells, Fargo & Co's Office in this city, a card of admission to the "big show" at Washington—the impeachment trial—which he had received by mail from a friend in the east. On the body of the card, which was neatly got up, was "U. S. Senate. Impeachment of the President. Admit the bearer, April 6th, 1898. George F. Brown Sergeant-at-Arms." And the word "gallery" was printed transversely across it. On the counter-foil, to be torn off, was "To be taken up at Main Entrance, No. 492, U. S. Senate." By the telegrams received recently, we should judge that the performances will soon terminate, and the show will be over.

"HAVE IT BAD."—The Boise Valley farmers have the "yellow-fever" seriously, beyond question. Prospective grasshoppers induced the premonitory symptoms; and the "big thing" on the other side of the South Pass developed the disease in full strength. Here is what the Idaho Statesman says about the matter:

"The Sweetwater infestation has broken out among the farmers of Boise valley. Nearly every day little squads of mules and packs quietly filed together, and their way toward the bridge. Ask where they are going, and 'Sweetwater' is the answer. In this way Boise valley is being thinned out of a large number of farmers."

LIBERTY IS SWEET.—Sheridan, the lunatic, under a sly pretence, gave officer Hyde the slip on Monday evening, and ran several blocks before he was overtaken. He was returned.

RAN AWAY.—Faust & Houtz' 240 gray team, ceased trotting Monday afternoon, and took a run down East Temple street, although Mr. driver pulled for a half a mile. The horses were not stopped until the buggy and driver were considerably injured. Their old driver was not with them.

CALLER.—We had a visit from Mr. Waldron yesterday afternoon, after "locking-up" time, and were pleased to greet him again. He looks perfectly natural, albeit a little burned with the sun on his trip over the snow, which from Bridger here still makes it difficult traveling. His stay in the city will not be a long one, but we wish him welcome. When here before he conducted himself like a gentleman, and left behind him a good name, which is better than gold.

DIED.—Bro. Wm. M. Carmichael died last night about 8 o'clock, of intermittent and lung fever, retaining possession of his faculties to the last. He was in the 64th year of his age, having been born August 15th, 1834, in New York City. Friends are invited to attend the funeral to-morrow morning at 10 o'clock, in the 8th Ward meeting-house.

WASHINGTON ITEMS.—Bro. W. H. Crawford writes from Washington, Washington county, as follows, under date 12th inst.:—"It is raining to-day. The weather has been fine for the last few weeks. Fruit trees are leaved out, and we have a prospect for a heavy crop of fruit. Gardens look fine. A general feeling exists among the people of Washington to assist in gathering the poor. Bishop Covington has succeeded in turning the most of the stock received into money. It appears that the Lord is opening the way for the poor saints to be gathered."

COMING HOME.—The Millennial Star of the 28th ult., announces the departure from Liverpool of Elder Gilbert H. Van Schoonhoven, for New York, by steamer, on his way homeward to Utah.

ON THE WAY.—Several trains of merchandise are expected to arrive next week from the west, to replenish depleted stocks. Buyers will probably hurry up when they learn this. If they don't, nobody can blame "the papers."

POULTRY.—Arizona is a fruitful country for "hen fruit," and raising chickens, judging by the following from the Arizona Miner:—"Poultry increase and multiply exceedingly fast in this part of Arizona. Three years ago, neither a chicken nor an egg could be had for any price. Now, our people live almost on eggs and chickens."

Seeing that chickens and eggs are articles of diet increasing in favor and being more sought after here, this is encouraging to those who "go for" multiplying them. Let's have an abundance of them.

NEW CITY.—A new city has been laid out on the north side of Rock Creek, four and a half miles north-west from South Park city. That is likely to be a crowded and "lively" region before October.

Died:

In this city, on Sunday, April 19, 1898, Horace, son of Hugh and Anne Almira Findlay, aged 16 months and 3 days.

At Fountain Green, Sanpete, on the 12th inst., Edward Collier, aged 45 years and 5 months. He was born in Gloucestershire, England, where he joined the Church of Jesus Christ of Latter-day Saints, on June 23d, 1851.

Deceased was an industrious man and of firm integrity. He was first counselor to the Bishop at Fountain Green, and much beloved by the Saints. He has left many friends who coincide with his family in their bereavement.—(Com.)
