

PRES. W. A. CLARK TALKS OF ROAD.

Head of Salt Lake Route Expresses Himself as Being Pleased With Conditions.

WILL BUILD ON TO BULLFROG.

Officials Arrive in Order to Attend the Annual Meeting of Stockholders of San Pedro Road.

Senator W. A. Clark of Montana, president of the Salt Lake Route, accompanied by his brother, J. Ross Clark, second vice president, and C. O. Whittemore, counsel for the road, arrived in Salt Lake this morning in order to attend the annual meeting of stockholders of the company and the first meeting of the Las Vegas & Tonopah road, which will be held in the offices of Mr. Whittemore at 4 p. m.

The gentlemen named will vote the majority of the stock, the Harriman interests being represented by Atty. Parley L. Williams.

The party made the trip from Los Angeles in a special train, which left a little over 24 hours. Stops were made at Las Vegas, Caliente and other points, but otherwise good speed was maintained by the special train. On one or two occasions the indicator in President Clark's new car 3001 registered 75 miles an hour for several miles.

VERY WELL SATISFIED.
When seen this morning Senator Clark expressed himself as being very well satisfied with the condition of the road and the outlook for business generally.

"Business is good all over the country," he affirmed, "but there is a shortage of cars in Arizona. We are experiencing considerable trouble in moving ore. Business on the Salt Lake Route looks good and growing every day. We will get our pro rata of oranges and will be kept busy moving them after Jan. 1. The orange crop is a good one this year, and already from central California some are being shipped for the Thanksgiving market."

BRANCH TO BULLFROG.
Coming down to Salt Lake Route affairs, President Clark stated that aside from the branch to Bullfrog there was no new construction under contemplation at the present time.

"We have let the contract for construction to Bullfrog," he stated, "and have ordered enough steel and ties to cover the distance, and the road will be pushed without delay."

RATE LEGISLATION.
When asked as to forthcoming legislation in Congress, Senator Clark stated that he would leave for Butte tonight and after spending a few days there he would go to Washington.

"Would you care to be quoted regarding the railroad rate legislation?" he was asked.

"With a smile he responded, 'As we are the jurors in the case it would hardly be proper for me to say anything.'"

THAT STEAMER STORY.
Vice President J. Ross Clark, who will be in this city for the next two days, in an interview with the "News," stated that he had heard nothing of any order for a line, or any part of a line, of steamers to ply between San Pedro harbor and the Orient in connection with the Salt Lake Route. This statement was made by the Railroad & Engineering Review a couple of weeks ago and went the rounds of the press here.

LAS VEGAS AND TONOPAH.
In connection with the Las Vegas & Tonopah, Mr. Clark said: "We expect to commence construction of the line of grade we already have about Dec. 1, and on the same date we propose to go ahead with the grading operations and push them right through to completion."

"On the main line the dust problem is being solved by sprinkling the track with oil on the worst places where the ballast is not clean. Within about 40 miles yet to be finished the right-of-way through Nevada is now practically cleaned up and the distressing dust that marked the early days of the road is now a thing of the past."

The special train which arrived this morning included the private cars of the senator and his brother. Senator Clark's car is claimed to be one of the handsomest and most convenient yet turned out by the Pullman company. As it has only been in commission a couple of weeks, its newness has not worn off, and today it has been the center of attraction down in the Oregon Short Line yards.

LIMITED DELAYED.
New Fast Train on Salt Lake Route Goes on Dec. 15.

Owing to delay on the part of the Pullman company in turning out the equipment for the new Los Angeles limited, the new train will not be put into commission on Dec. 15, as heretofore advertised. The date now set for the initial run is Dec. 15. As previously noted the train will be operated over the Chicago & Northwestern, Union Pacific, Oregon Short Line and the Salt Lake Routes.

BIGGER SHOPS.
Improvements Scheduled for Salt Lake And Ogden.

The engineering department of the Oregon Short Line has been authorized to furnish immediate plans for proposed extension of the Ogden shops. Among the improvements to be made is a 300-foot extension of the machine shops which were completed some time ago. It is stated that from this time on Ogden will be given the preference over Pocatello on account of its central location on the Harriman lines in this region.

While Harriman is concentrating the mechanical department at Ogden more or less the Union Pacific is getting ready to clear the way for the big shops so long promised and which when completed are to be the joint shops of the Elgin Grande Western and the Western Pacific. Among other things a concrete foundation is being put in adjacent to the site of the proposed shops for a power plant which will provide the company with electricity both for motive power and for lighting purposes.

N. L. DREW'S FIRST VISIT.
N. L. Drew, the new general agent of the passenger department of the Rock Island at Denver, is in Salt Lake today accompanied by I. B. Kimball, the first assistant general freight agent of the same road at Denver. Dr. Drew states that over in Denver the sentiment is that the Union Pacific road to Salt Lake is sure, and that at an early date now the Gore canyon trouble has been adjusted. The Rock Island, he says, has under preparation a great

"WANTED 1,000 MEN."

A gentleman who has just returned from a trip to Chicago reports that in that city there is a big steamer strung across one of the streets which bears the device "Wanted, 1,000 Men for the Western Pacific." He states that men are being shipped daily to the west despite the fact that the Harriman lines very naturally decline to put in a labor agent's rate to furnish a rival with the muscle to build a competing road.

SPICE AND RAIL.

Arthur Thomas, Short Line agent at Rock Fork, has resigned and come to Salt Lake to enter into business for himself.

About 250 sightseers availed themselves of the new train put on by the Salt Lake Route, and went out to Garfield beach yesterday morning.

H. M. Cushing, traveling passenger agent of the D. & R. G., has returned from Ft. Riley, Kan., where he went with the Twenty-second battery, which left Ft. Douglas about a week ago.

Word has been received by the passenger department of the Salt Lake Route that the big hotel at Arroyo Hot Springs has been opened for the season. Automobiles will meet every train at San Bernardino and transfer tourists to the new hotel.

The Oregon Short Line has put in a second temporary track for the trains hauling dirt on the yard improvements. This track extends through the center of the blocks to Fourth North, and passes the route over the site of dwellings that have been pulled down to make room for the changes.

A splendid round trip rate has been put into effect which will be good for six months with stopover privileges. Under this rate it will be possible to go to Los Angeles over the Salt Lake Route thence to San Francisco and home over the Southern Pacific, stopping at every town en route if so desired.

THROWN FROM HIS HORSE.

Deputy Sheriff Beckett Suffers Serious Injury Near Riverton.

Deputy Sheriff David Beckett of Bingham Junction met with a serious accident yesterday, while out serving papers near Riverton. He was out on horseback serving some papers in a civil action, which had been sent to him from the sheriff's office, when his horse threw him off and he fell to the ground. The breaking horse was badly and severely injured his spine. Assistance was given him, and he was removed to his home at Bingham Junction, where he is now receiving proper medical attention, and is settling along very well.

FIGHT OVER A BILL.

A. B. Gibson Charges Robert Roach With Assault and Battery.

A complaint was issued today by County Attorney Christensen against Robert Roach of Bingham, charging him with assault and battery. A. B. Gibson is the complainant in the case, and he alleges that on Nov. 16, at Bingham, he and Roach became engaged in a quarrel, and that Roach, upon being charged with assault and battery, drew a revolver and fired at him, wounding him in the leg. The complaint was filed in Justice Lee's court at Bingham.

PACKARD TONIGHT.

Noted Cartoonist to Give Sketch Lecture in Barratt Hall.

Prof. Alton Packard, the noted cartoonist, is at the Wilson, from Boston, and will lecture this evening, in Barratt hall on "Types of Uncle Sam's People." The artist will sketch pictures more or less humorous as illustrative of these types, and his knowledge of "men and things" is so varied and thorough, that his lecture will give a most entertaining lecture. The lecture promises to introduce several original songs. His pictures will be on sheets eight feet square. Prof. Packard says that his lecture will be the best ever given in this city, and is well appreciated. He lectured with marked success earlier in the season at Ogden and Provo.

READY FOR BUSINESS.

West Mountain Canal Company Elects Officers and Directors.

An enthusiastic meeting of the West Mountain Canal and Irrigation company was held Saturday at the Riverton school house for the purpose of electing new officers and adopting articles of incorporation. The capital stock of the company is \$100,000, divided into 10,000 shares of the par value of \$10 each. Five thousand and fifteen shares were subscribed at the meeting. The new officers elected were: President, C. M. Nokes, vice president, C. M. Nokes, director, C. M. Nokes, C. R. Walter, South Cottonwood; Wm. Bennett, Taylorsville; and Joseph Hutchings, South Jordan.

UTAH ART EXHIBIT.

State Institute Will Conduct One at Logan Next Month.

Logan will have the next exhibition of the Utah Art Institute, which comes next month. A meeting of the directors of the institute decided this Saturday noon, when these committees were also appointed. Exhibition committee—Alma B. Wright, art director, Fairbanks. Lectures committee—J. H. Paul, Mrs. Virginia S. Stephens and Mrs. T. W. Miller. Art committee—L. E. Greene, Richard, Miss Margaret Keogh and Mrs. Joseph L. Rawlin.

STRUCK BY A SWORD.

R. E. Miller Slightly Wounded at Salt Lake Theater.

A singular accident occurred in the Salt Lake Theater Saturday night. During a sword play in the "Logan" opera, the blade of one of the swords flew off the handle, and over to the audience. It struck R. E. Miller, a member of the audience, a slight scratch across his right eyebrow and nose. Mr. Miller pulled out his handkerchief immediately and staunchly. Dr. W. H. Miller, physician at the Salt Lake, where he is being treated, said that the wound was not serious.

WEATHER REPORT.

Record at the local office of the weather bureau for the 24 hours ending at 8 a. m. today:

Barometer reading at 8 a. m., 30.11 inches; temperature at 8 a. m., 45 degrees; maximum, 51; minimum, 32; wind, 46 miles per hour; snow, none.

FORECAST TILL 8 P. M. TUESDAY.

Local forecast for Salt Lake City and vicinity:

Rain or snow tonight; colder tonight.

CITY ACCEPTS HANDSOME GIFT.

New Drinking Fountain in Front Of Free Public Library Unveiled Saturday.

AN INTERESTING OCCASION.

Daughters of American Revolution Tell of Significance of Presentation.

The new drinking fountain placed in front of the free public library by the Daughters of the American Revolution was unveiled Saturday afternoon, as scheduled, before a good-sized audience, and with the assistance of the Twenty-ninth Infantry band from Fort Douglas.

Mrs. L. E. Hall, regent of the chapter of the Spirit of Liberty, presided, and the formal presentation was made by Mrs. L. C. Miller. Mrs. M. P. Allen of Park City, state regent, spoke on the significance of the gift, and the perpetuation of the memory of those heroes to whom the nation owes its prosperity and freedom. Mrs. Allen felicitated herself and the audience upon the presence of a real daughter of the revolution, in Mrs. Elijah Seils, whose father was in the continental army, and whose discharge papers were signed by Washington himself. Mrs. Seils was present to the audience.

Mrs. Miller's address referred to the traditions which the order seeks to keep before the youth of the country, and the reverence for the old days when peace and present freedom were so dearly won. As she offered the gift to the city, the flag which had draped it was removed, and the fountain was uncovered. Mayor Richard P. Morris then in a few words accepted the gift for the city. Rev. R. G. McNeice pronounced the benediction, and the exercises closed with the playing of "America."

A Deseret News reporter was the first person to drink from the new fountain.

A GUARANTEED CURE FOR PILES.
Itching, Blind, Bleeding, Protruding Piles. Druggists are authorized to refund money if PAGO OINTMENT fails to cure in 6 to 14 days.

WIFE WANTS MONEY BACK.

Mrs. Birdie Murray Sues to Recover Husband's Gambling Losses.

In a complaint filed in the district court on Saturday afternoon by Mrs. Birdie Murray against Col. S. Woods, A. A. Gibson and A. C. Prior, proprietors of the Wasatch gambling house, it is alleged that the defendant, William Murray, gambled away \$4,000 during the months of October and November, which belonged to his wife. Further than that, it is alleged that he pawned her diamond ring, valued at \$100, to the defendants, and lost that money, too, at the gambling table. She has demanded the return of the money and the ring, but defendants have refused to return it. Judgment is therefore asked for \$4,000 and the value of the diamond ring. An attachment was issued in the case, and Deputy Sheriff Sharp, Steele and Emery acted as the sheriff's posse. The case was held until the proprietors put up a certified check for \$2,000 to insure the judgment and costs in the case.

ENDORSES MOVEMENT.

Mining Congress in Hearty Accord With "See America" Scheme.

The following telegram was received in this city Saturday night, from El Paso:

"The American Mining congress, in its eight annual session convened, is in hearty accord with the movement for the diversion of European tourist travel to western channels, as inaugurated by the Salt Lake City Commercial club and pledges the support of the members to this cause."

SUSPECTS RELEASED.

Officers Convinced That McMahon's Story of Murder Was Pipe Dream.

Myrtle Huling, a Commercial street woman, and her alleged lover, George Lorenz, who were arrested Friday as a result of a letter written by Henry McMahon who committed suicide at Ogden, charging the couple with murdering a man in Nevada, have been released from custody by the local authorities.

The officers are now convinced that McMahon had a "pipe dream" or something of the sort. The police here telegraphed to Elko, Nev., but were unable to get the slightest confirmation of McMahon's story. Saturday evening the Huling woman and Lorenz were released.

NEED OF THE HOUR.

Joseph Gilbert Says There is No Weakness in Socialist Ranks.

In his talk last evening in Federation of Labor hall, Joe Gilbert, "the Real Need of the Hour for Socialists," said: "Many Socialists think because we only polled a few hundred party votes at the recent election that it showed a weakness in our ranks," he said, "but at present you can get 'little or nothing' out of Socialists. Socialists are not in a position to get anything out of them. Between elections we should prepare for the battle that is to come. We must drill and step in unison like soldiers."

NOTICE OF SALE FOR AUG. WHELE.

Man Charged With Attempting to Murder C. V. Worthington Before the Court.

THE FIRST JURY DISAGREED.

Defendant Retains New Counsel to Conduct the Case—Testimony This Afternoon.

The second trial of August Thiele upon the charge of attempting to murder C. V. Worthington in Keith-O'Brien's store on April 4, 1903, was commenced before Judge Armstrong in the criminal division of the district court today.

Thiele was first tried in May and upon that trial the jury was unable to agree upon a verdict and was discharged. On the former trial Attorney Soren X. Christensen and J. M. Hamilton defended Thiele, but in this trial he is being defended by Attorney H. A. Smith. District Attorney Looftrover is representing the state.

The entire session this morning was taken up in securing a jury. The jurors secured to try the case were W. T. Foulger, W. T. Allen, W. H. Wilkinson, T. Luff, P. D. Hess, W. D. Williams, L. E. Hall and Joseph W. McMurrin. The taking of testimony will be commenced this afternoon after the preliminary arguments have been heard by the jury by District Attorney Looftrover and Attorney Smith.

MUST PAY THE NOTES.

In the case of James F. Green against E. W. Wilson, Judge Armstrong rendered judgment in favor of plaintiff for the total sum of \$4,817.97 alleged to be due on two promissory notes executed by E. W. Wilson to James F. Green in connection with a sheep transaction which Mr. Wilson repudiated upon the ground of fraud and misrepresentation. The court found in favor of plaintiff, however, for the sum stated above.

COURT NOTES.

Frank C. Donovan filed suit in the district court today against R. C. Cameron to recover \$250 alleged to be due on a promissory note executed May 15, 1904, \$50 attorney's fees and \$30 interest.

Suit has been filed in the district court by William James administrator of the estate of James Anderson against E. W. Wilson to recover damages in the sum of \$50,000, alleged to be due on a promissory note executed by E. W. Wilson to James Anderson in connection with a sheep transaction which Mr. Wilson repudiated upon the ground of fraud and misrepresentation. The court found in favor of plaintiff, however, for the sum stated above.

THE QUEEN'S BALL.

Pioneer Stake Fair Comes to a Successful Close.

The Pioneer stake fair closed Saturday night with a grand ball, over which Miss Rose Bowyer presided with regal dignity. The ceremonial attending the crowning of her most gracious majesty, was one of the features of the ball, and the crowning of the queen was a most interesting feature. The queen was crowned by Miss Rose Bowyer, who was in charge of the ball. The queen was crowned by Miss Rose Bowyer, who was in charge of the ball.

LANDS WITHDRAWN FOR STRAWBERRY PROJECT.

(Special to the "News.") Washington, D. C., Nov. 20.—The local land officers at Vernal, Utah, today were instructed to withdraw from entry 2,500 acres of public lands in the district on account of the strawberry irrigation project. The lands thus withdrawn are described as follows: Section 26, township 36 north, range 12 west and sections 1, 2 and 3, township 4, range 12 west, Utah special meridian.

The secretary of the interior today ordered the withdrawal of forest lands for purposes of 174,720 acres of public land lying in Roswell land office district of New Mexico.

J. G. Gardner, of the forest service, has just returned from several months' work in the field devoted to the study and inspection of reforestation projects in several of the forest reserves. He visited Lewis and Clark forest reserve in Montana, giving special attention to the reforestation problem at Sun River, where the reclamation service has a large tract of forest land. Gardner established this fall; the Gunnison reserve, in Colorado, in which areas were selected for preparation for planting spruce and fir. He also visited the Colorado where also the planting problem was taken up.

COMMENDABLE ENTERPRISE.

Residents of Cache Valley Complete \$450,000 Irrigation Project.

Residents of the west side of Cache valley have just completed an irrigation project that will bring under cultivation 30,000 acres of good land. The canal making possible such a distribution of water, has cost in the neighborhood of \$450,000, and covers what is known as the Ogden irrigation district, embracing a chain of such towns as Day-Clifton, Weston and Clifton. There are two classes of lands to be brought under cultivation. Class A comprises 27,000 acres, requiring a full water right, while class B consists of 3,000 acres, which does not need such a right. The lands are all located on the west side of the valley, and the project promises to create a substantial boom in that section.
