

A Final Disposition of Stock

Announcement of Final Clearance of the Entire Stock of the Utah Stove & Hardware Co., at Less Than Usual Cost.

Hose Couplings, 1/2 and 3/4 in. per pair 7c

And right now is the time you need them. Remember what you have paid before.

Beginning Friday morning, May 26, and continuing until Thursday, June 29th, this stock will be entirely disposed of at the lowest prices for cash that possibly can be given. Every consideration for purchasers is borne in mind in pricing the goods for the final disposal, as may be readily seen by reading the announcement below—no regard for profits will be considered during this selling. This is an excellent opportunity for not only the general public, but for retail merchants, to take advantage of the generous underpricing existing during this present selling.

STUDY THIS WELL--IT'S THE COST MARK

Used by this store ever since it was founded, and is published, that you may see for yourself, that every statement made concerning this closing out is absolutely honest. Do you think for an instant, that the cost mark will be spread over this entire intermountain country, if this store expected to continue business? Did you ever see any other store in this city that has conducted a sale, that has ever divulged its cost mark? Hardly. Select your article, look on the article or the box and examine the cost mark, and thus see that this store is conducting the only bona fide closing-out sale ever held in Salt Lake City. It is not necessary to take the word of the salespeople of this store as to the cost. Every article is marked at cost or lower. The cost of an article in this store doesn't include the cost of handling or freight, it means cost at the factory. Thus it is seen that you are getting your supplies at considerably less than usual cost. Let it again be impressed upon you that you had better come early.

Low Prices for Shears.

BUY THESE SHEARS--THEY'RE SO CHEAP THAT THE COST WILL NEVER BE NOTICED. EVERY WOMAN IN TOWN CAN USE TWO OR MORE PAIRS.

A Very Great Bargain in Shears

Read This:

A few months ago I decided to close up this store. Since that time I have been disposing of the stock as fast as possible, but finding it impossible to give my attention to the store on account of other interests, I have contracted with E. H. Miller to close up the business within thirty days, ending June 29. Mr. Miller has explicit orders to close out this stock regardless of cost; to dispose of all fixtures as well, and to turn over the building absolutely empty on July 1.

I hope the people will take advantage of this opportunity to buy hardware at the low prices that will be quoted at this sale. Very cordially,
P. W. MADSEN.

THEN THIS:

The communication, above, by Mr. P. W. Madsen, tells practically the whole story. I have made a contract with him which calls for the complete disposal of this stock by June 29th, and turning over this building, ready for the new occupant, on July 1st. There is but one way to sell this stock so as to guarantee the sale of every article in this store. Having such a short time in which to do this, I have not hesitated in the matter of price cutting. Mr. Madsen's orders to me read: "Sell regardless of any cost; I want to empty the building July 1."

Hoping to have your presence during this sale, I beg to remain Very respectfully,
E. H. MILLER.

AGREEMENT

The undersigned agrees to dispose of the entire stock of the Utah Stove and Hardware Co., within a period of thirty days, beginning May 26th, 1905, and ending June 29th, 1905. PROVIDED: That the undersigned has the privilege of disposing of the stock of said Utah Stove and Hardware Co., at actual factory cost, for cash.
The undersigned further agrees to turn over the building clear of all stock to P. W. Madsen, on July 1, 1905, ready to undergo reconstruction for new lessee.
Approved,
P. W. MADSEN, President
Utah Stove and Hardware Co.
