LOCAL NEWS.

PUBLICATIONS Received.—We received yesterday from James Dwyer, (who is always up with the times in the matter of current literature), Puck for June 10th, Frank Leslie's Illustrated Newspaper, Harper's Weekly and the Judge for June 13th, and Frank Leslie's Popular Monthly for July—all most interesting, numerous of publications which excel in their several spheres.

ANNUAL EXCURSION FOR THE OLD FOLKS.

The time has arrived for the committee to announce a free excursion for all persons over seventy years old, living in Salt Lake County, to Lake Point on Tuesday, June 23d.

We invite all who are seventy years old and upward, no matter what their religion, politics, nationality or color may be, to participate with us, in a day's enjoyment.

Bishops of the wards, and ministers of all religions denominations are respectfully invited to send in a list of the names and ages of those over seventy, who desire to accompany us on that day, to John Kirkman, Titling Office, and, on receipt of the list, complimentary tickets for the excursion.

To distinguish our honored guests from others on that occasion, all between 70 and 80 must wear a red badge, those between 80 and 90 a blue badge and those between 90 and 100 years of age, a white rosette; these badges to be worn on the left breast, where they can be distinctly seen, and which will also entitle them to a street car ride to and from the depot on that day, through the kindness of the street car company.

The committee earnestly solicit the owners of comfortable conveyances and reliable teams, to convey some of the aged poor, who live a distance from the depot, to and from the depot on that day.

Let the spirit and feeling be universal in every ward.

HONOR THE AGED.

The excursionists must provide and take care of their own picnic, and should be supplied with cups, as lemonade, tea, etc., will be served to them by the committee.

All those generous-hearted citizens who have always assisted the committee with their donations will please do likewise this year.

The street cars will leave their respective places at 7 o'clock, and the excursion will leave the depot at 8 a. m., and return between 7 and 8 p. m.

Through the kind arrangement of Superintendent Rutter, after the arrival of the train at Lake Point, the empty cars will be immediately taken to Tooele, to bring the old folks from that county, to participate with those from this city, in a few hours' social enjoyment.

The brass band of Grantsville will be in attendance, to enliven the honored guests with their cheering strains of music.

Under the supervision of President H. S. GOWANS, Bishop Thomas Atkins, of Tooele, and Bishop Edward Hunter, of Grantsville, committees have been appointed to care for the general comfort of the aged in that county.

The committee rely with the utmost confidence on the kind attention of the Bishops and Relief Societies towards the aged poor of their respective wards, to see that every car is supplied with picnic, and a careful ride to and from the depot.

Through the courtesy of the railway company, the committee feel thankful to announce, that all the old folks living between here and Draperville who have friends in this city, with whom they can stay over night preparatory to starting on the excursion, will be entitled to a free ride on Monday evening, by the Bishop's plan.

To insure tickets for the old folks in time for the excursion, the lists of names and ages from each ward must be forwarded to John Kirkman, Titling Office, by Saturday evening.

Committee—Geo. Goddard, C. R. Savage, W. Edgington, W. Naylor, W. Black, John Kirkman, Andrew Jensen and Nelson A. Empey.

The Surplus Canal.—As was expected, the surplus canal, on the west side of the Jordan, which has been in course of construction for some time past, was opened yesterday, and a portion of the water of the river allowed to flow into it. Quite a large party were present to examine the canal previous to the water being turned on, and to witness its opening, all of whom seemed to approve of the work and were confident of the feasibility of the project.

Among the number were Judge Elias A. Smith and his venerable father, the ex-judge, two of the county selectmen, Mayor Sharp, Councilor Clark, Watermaster Winder, Supervisor Livingston and several prominent landowners.

The water where it enters the canal is about a foot and a half in depth, and at that point the canal is fifty feet in width at the bottom, which width it maintains the rest of the distance to its terminus.

The water is not so high in the river now as it has been, otherwise there would be a greater depth at the outflow; nor has the canal been sunk to the depth intended near the head, the higher and softer condition of the soil having rendered work in the bottom of the canal at that point almost impracticable. It is thought, however, that the water will soon wash out a channel of sufficient depth in that particular part, as there is a fall of three feet in half a mile, forming quite a strong current.

The cost of the canal has exceeded the original estimate, owing to the dry condition of the soil through which it has been constructed, and considerable difficulty has been experienced in getting it completed on account of lack of means in the hands of the committee having the work in charge to hire the necessary help; but now that it is finished and its practicability demonstrated, it is to be presumed that the amount required to liquidate the indebtedness incurred will be readily forthcoming from the parties interested in and to be benefited by the canal.

A statement of the enterprise, including right of way, grading, bridge-building, flume-making, etc., will be made by the parties who had charge of the work at an early day and published, that the public may see how the money has been expended, and may feel encouraged to subscribe what is still lacking to defray all expenses connected with it.

Annual Meeting.—The first annual meeting of the Relief Society of the Orange Ward was held yesterday and was attended by Sisters Bathsheba W. Smith, E. B. Wells and E. H. Woodmansee, of this city, besides a large representation of the ladies and the Bishop and his Counselors and Brother Geo. B. Wallace of Grant.

The meeting was presided over by Mrs. Mary E. Porter, and the verbal and written reports which were made showed the society to be in a good condition and to have done a good work during the first year of its existence.

Remarks were made by the visiting ladies and by Bishop D. McCar and Elder Wallace and a general good time enjoyed.

It is expected that a Primary and Young Ladies' Association will soon be organized in that ward, which, being new, has up to the present, been without those necessary institutions.

"Uncle Joseph."—The presentation of "Uncle Joseph" at the Theatre last evening, was received with the greatest possible favor by a very good audience. No better evidence could be required of the popularity of the comedy and its leading impersonator than was afforded by the large attendance upon this occasion, when we consider the heavy drain upon the people's pockets in the line of pleasure which was made by the recent visit of the circus. We have neither time nor space to present for an elaborate criticism of the play, or the manner in which it was performed. Suffice it to say, it was a life-like presentation of New England customs, costumes and language, which doubtless riveted in many who saw it memories of the dim, distant past, and which left a good impression on their minds by the morals which it conveys. Mr. Thompson was perfection itself in his role, and his respective parts.

TERRITORIAL ITEMS.

CULLED FROM LATEST EXCHANGES.

—A row occurred in Butte last Saturday night which was witnessed by a number of individuals, one of whom had his pocket cut out and lost \$40 while the fight was in progress.

—One night last week an individual named James Curley, was attacked by two men in Anaconda, Montana, and robbed of \$1,400 which he had on his person at the time. Two men were subsequently arrested for the crime and are held for examination.

—Yesterday morning as the C. P. train pulled into the Ogden depot a gentleman in the sleeping car breathed his last. He had been suffering from consumption, and was on his way east to Buffalo, N. Y., accompanied by his wife. The body will be embalmed and sent to its destination.

—About noon last Sunday, Dwight B. Harding, a young man about nineteen years of age, who resides at Williams, in Elmer County, was thrown from his horse about a mile north of the Hot Springs. The horse fell on him and crushed his skull. Dr. Powers, of Ogden, was summoned, and did all he could for the unfortunate man, but did not succeed in restoring him to consciousness until about seven o'clock in the evening. The injury is very serious, but hopes are entertained of his recovery.

An Outing.—The Seventeenth Ward School intend going to Fowler's Gardens to-morrow morning, starting from the school house at 7 a. m. Parents of the children and people of the Ward are invited to go with the school, and make to-morrow, the 17th, a general holiday. Excursion wagons will be at the school house to take all who wish to go to the gardens for 5c. each.

From Provo.—We had a pleasant call this morning from Fernando Lara, professor of Spanish and drawing in the Brigham Young Academy at Provo, who is spending a part of his vacation in this city. Prof. Lara is a Mexican, his birthplace being about six miles from the City of Mexico, where his family now resides. He came to Utah about three and four years ago, and has made rapid progress in the study of the English language. The Professor also exhibited a specimen of his drawing, a fine portrait of a young gentleman of this city, taken from a photograph, in truly artistic style.

Runaway.—On Sunday afternoon a party were coming down the hill from Fort Douglas, when the young lady driving drove the horse up suddenly, the vehicle running against the animal, causing him to kick violently and start on a run. The wagon was turned over on its side, and the occupants, with the exception of a small boy, thrown to the ground. The vehicle was then righted by the jolting, and the horse ran a couple of blocks before being stopped. The boy was unhurt, having held on to the wagon.

A Returned Missionary.—We received a pleasant visit yesterday from Elder Joseph Yates of Call's Fort, Box Elder Co., who returned from a two year's mission to England on the 28th of April last, and who has now come to the city for the first time since his arrival home. He labored during the whole of his stay in the land of his birth (and which he had not before seen since the time of his childhood) in the Leeds Conference, for the first fifteen months as a traveling Elder, and subsequently as President of the Conference. He had a hard field, in which but little interest is manifested in the Gospel, and where the resident members of the Church are mostly very poor, but the whole he enjoyed his labors and feels thankful for the experience he has gained, and that he was counted worthy to go abroad to proclaim the Gospel.

He expresses his gratitude also for the kindness extended to him by Saints and strangers with whom he was brought in contact during his absence.

Teachers' Association.—The Teachers' Association of Salt Lake County will hold their institute meetings in the Fourteenth Ward Assembly Hall, on Friday and Saturday, June 19th and 20th, with the following interesting programme:

5.—Primary class exercise, by Mrs. C. F. Wilcox.

On Friday evening Bishop O. F. Whitney will deliver a lecture entitled "What is Education?" in the same hall to begin at 8 o'clock.

4.—Reading the paper, by Sondra Sanders. Contributors: C. F. Wilcox, D. R. Allen, Miss Rachel Edwards and Miss Emma Finch.

5.—A recitation by Miss Nellie Ripley.

6.—Individuality, by William M. Stewart.

After the conclusion of the exercises on Saturday the 20th, the teachers' institute and special training of the young people of the county will be held at the same place, commencing at 10 a. m. sharp.

We learn that Professor White, the efficient teacher in the deaf mute department of the Deseret University, returned from the East on a Sunday evening, a happy bridegroom, accompanied by his wife, who was formerly Miss Mary Elizabeth Mann, of Cincinnati. The lady was unfortunately deprived of her hearing some years since, as her husband was, by sickness, but retains her powers of speech. We trust their journey, though necessarily silent, may be full of happiness for both.

KANAB STAKE CONFERENCE.

KANAB, KANE CO., UTAH, June 8th, 1885.

Editor Deseret News:

The Kanab Stake Quarterly Conference was held at Orderville June 5th and 6th.

Presiding Elder, D. Woodley, Counselor Thos. Chamberlain, the Bishops and leading brethren were present on the stated day.

Reports were good, and showed that the people generally were feeling well in their spirit. A good spirit prevailed, and much good instruction was given.

Sister Harriet Bunting, was sustained as Stake President of Relief Societies (in place of our much beloved sister, Lucy A. Johnson, deceased), with Sister Artemesia Beemiller, and Lucinda Leifgaard as Counselors.

The Kanab town has suffered very much for water for irrigation purposes during the last two years, but the water canal is now completed, and we hope it will soon bring water to our parched orchards, many trees in which are dead.

On said canal during the last two years \$11,500, and we hope such heavy taxation will soon be a thing of the past.
