LAWSON WINS FIVE MILE RACE.

Exciting Finishes at the Saucer Track Last Evening.

HODGERT'S PRETTY SPRINT.

Ersiwhile Amateur Surprises Everybody by Running Away from Crack Professionals.

The events on the saucer track last evening were spirited and the management deserves credit for the prompt manner in which they were handled. There was but little loafing and the inish of the qualifying heats as well as the finals were, to quote a wheelman, "full of ginger," and kept the 1,400 spectators present in a state of enthusiasm. There were no accidents, although several times a "spill" seemed imminent.

The feature of the meet was the fivemile motor-paced professional, and the surprising sprint discovered, but heretofore unknown in one Roy Hodgert, an erstwhile Salt Lake amateur, whose bicycle cognomen is "Hodge,"

The first event was a haif-mile handicap professional. The first heat was captured by Johnnie Chapman from the thirty-five-yard mark by one of his brilliant sprints, in 59 2-5, with Rutz ns close second. Vaughan third and Clem Turville fourth. In the second heat Iver Lawson started from scratch and caught the "bunch" in a lap and a half, All indications pointed to a close finish when lyer was thrown out by a puncture to his rear wheel. As soon as lyer was discovered to be out of the race the youngster "Hodge" above referred to began sprinting, and it was as pretty a sprint as one would care to see. Those who followed him vainly en-Those who followed him vainly en-deavored to hang on but were shaken and Roy came galloping home first with several yards to spare. This was a chance for applause, and Roy got a generous hand. The time was exactly the same as the first heat. Gussie Lawson got second and Hausman third. Better time was made in the final, it being 57 4-5, and the finish was very close, almost constituting a dead heat. Ruts got first, Vaughan second, Hodgert third and Guss Lawson fourth.

Hodgert third and Guss Lawson fourth. There was trouble in the two-mile open amateur motor-paced. Fred Meakin, A. W. Smith and King got away with the first heat in the order named, time 2:132-5. The second heat went to Samuelson, Burris and E. B. Heagren. In the final there was conderable jockeying for position behind be motor and after a hard fight Burris it. Fred Meakin made a pretty int around the motor and was cutin from the pole for pace when Burris did a very improper thing ording Meakin down and out of the he rightfully held. Meakin was to drop out of the race alto-Samuelson then tried Meakin's lan but Burris deliberately forced him Burris finished first but Referee ohn Sharp promptly disqualified him if the race went to Samuelson, King I Smith. Eddle and A. W. Smith, brothers and no relation, won the think to the transfer of sixty-five-yard mark. The Heagren brothers got second and Samuelson and

In the final of the five-mile professional Iver Lawson made a pretty and difficult ride. Chapman got first place behind the motor and held it until the last lap, although the other riders vainly endeavored to wrest it from him. Iver rode the entire distance at third place but on the last lap (upmed out place but on the last lap jumped out ahead of everybody with Chapman at his heels. Gussie got third and Rutz fourth. Time 10:152-5. In this one race Lawson and Chapman made \$75, a good night's work.

Sporting Notes.
