### HAL CLAWSON IN MEXICO. The Young Hypnotist is Mining in Far-Off Guerero.

"Hal" Clawson, son of Dr. S. H

Clawson, well known in the community on account of his skill as a hypnotist, writes his parents from the far distant state of Guerero, Mexico, stating that he has entered the business of mining there, and that he is located in that region for an indefinite period. He says the district is the richest minera eld in Mexico, and just bout the wildest, his camp being inaccessible to travel except by burros, and the swolen condition of all the rivers rendered raveling extremely dangerous. Though is parents write to him regularly, ells them that months have passed without any intelligence from home nd to get his letters sent to them an Indian had to be hired to twim a very deep atream. He speaks interestingly of a puined city, which hes about two days' travel from his camp, and adds that the natives say it measures miles

extent He is in the very peaks of the range, which he says the mountains surcounding the City of Mexico can be seen on one side and the clear waters of the Facilic ocean on the other. Some the figures he gives of mining values there are almost breathtaking. He says the tops of the mountains are al-most covered with gold, the ore rubning crin three to seven ounces to the ton. One shipment he speaks of as going a One shipment he speaks of as going a 1,556.51 ounces silver to the ton, and over 100 cances gold. He says "that sounds steep but I copied the ligures from an assay sheet." The value of a ton of the cre, in Mexican money, is 36,061.93. He is so strongly impressed with the money to be made there, that he asis his father to consider the or he asks his father to consider the or ganizing of a local company with \$2 000. or \$3,000 capital, to secure mining claims here. He calls it the chance of a life.

"Hal" says he is now engaged in getting up mining machinery to Teotenes having a number of natives working un der him. Prof. Neven, a noted scientist, who is located in that country, narrates many interesting things to him

regarding the natives. He says they are a branch of the ancient Aztecs, and that they speak a language of their own mixed up with some Spanish, though one speaking pure Spanish would find it impossible to make himself understood among them. # NICKAPOO JAGWA **RESTORES LOST HEALTH**

The Indian shut out from all outside help was obliged to wrest from Nature the secrets of her healing herbs. Slowly, he gleaned his knowledge and perfected it. Those centuries of slow results are represented today by the perfected compound Kickapoo Indian Sagwa. There is no other remedy that has so many and so wonderful cures to its credit. It is purely vegetable. It is Nature's own remedy, as used by Nature's own children. It purifies the blood, strengthens the stomach, assists the kidneys in their functions, regulates the liver, and makes the whole man sound and strong. No other remedy is sold under a guarantee that your money will be refunded if it does not fulfill every claim made for it. You can lose nothing by Sagwa while you can obtain the wealth of health by using it as directed. Sold by all druggists.
