

BRYAN DISCUSSES IDAHO SITUATION

An Effort to be Made to Bring the Warring Democratic Factions Together.

STOCKSLAGER AT FAIRVIEW

Impossible to Obtain from Him or Chairman Mack Any Information as to Conclusion Arrived At.

Fairview, Lincoln, Neb., Aug. 20.—William J. Bryan, Democratic candidate for the presidency, left here tonight on a seven days' trip, in the course of which he will deliver several speeches and hold a three days' conference with his campaign managers in Chicago. The first stop will be at Des Moines, Ia., where, tomorrow night, he will discuss the tariff question. Saturday, Sunday and a part of Monday he will spend in Chicago, and on Tuesday he will be present at the dedication in Indianapolis of John W. Kern, the Democratic vice presidential nominee, and upon which occasion he will speak on the subject of trusts. Two days later, at Topeka, Kan., he will deal with the question of the bank deposits, and will return to Lincoln on Aug. 28.

Notwithstanding his eagerness to complete before his departure the preparation of the speeches which he is to deliver within the next fortnight, Mr. Bryan found time to hold several long distance conferences over the telephone with his campaign manager, Norman E. Mack, chairman of the Democratic national committee, who is at the Democratic headquarters in Chicago, and to discuss the political situation in Idaho with C. O. Stockslager, who is the anti-Dubois candidate for United States senator in that state. The subject matter of the talk with Mr. Mack was not disclosed, and neither Mr. Bryan nor Mr. Stockslager would vouchsafe any information concerning their interview. It was ascertained, however, that the Idaho situation was discussed at length and that all efforts will be made to bring the warring Democratic factions together in the expectation of strengthening the national ticket in that state.

Hundreds of visitors rode out to Fairview during the day, most of whom were afforded the opportunity of shaking hands with the candidate. The moving picture was early in evidence at the Bryan home, having, as he said, come direct from Oyster Bay. He carried away with him a number of films illustrative of Mr. Bryan's home life.

The unanimous action of the state convention of Minnesota in renominating Gov. Johnson for a third term was gratifying news to the Democratic candidate, who at once forwarded a telegram of congratulation. "It is a great compliment to Gov. Johnson to be nominated for a third term by the unanimous action of his convention," said Mr. Bryan, "and I have no doubt that his candidacy will greatly strengthen the national ticket in that state."

MEXICO WILL SPEND MILLIONS ON PACIFIC PORTS

Mexico City, Aug. 20.—It is announced that the Mexican government is to spend millions of dollars on port works on the Pacific coast side of the republic. The first work will be done on the port of Mazatlan, where it is intended to spend many millions in making the shipping facilities of the first order. The works will approach in importance those situated at Salina Cruz, the Pacific terminal of the Tehuantepec National railroad.

GOMPERS COMMENDED.

Helena, Aug. 20.—A special to the Record from Billings says the Montana state federation of labor today adopted resolutions commending Gompers for his efforts in securing concessions from the political parties, but that no particular party was endorsed. The body also demands that candidates friendly to labor, irrespective of party, alone be supported at the polls. The building of a state highway from east to west by convict labor is urged in another resolution.

Food Fads are Soon Forgotten

But Mapl-Flake remains, year after year, the preferred and the staple food. For wheat is the food of the ages, and this is its perfect form—flavored with pure maple syrup.

The best time to try food fads is not in hot weather. In summer, a whole wheat, properly prepared, should form at least one meal a day.

Wheat produces the maximum of nourishment and the minimum of heat. It should largely take the place of meat.

Fad foods cannot do that. These, of all times, are the days for the practical.

You cannot cook wheat as we cook it. Nobody can.

We steam-cook it for six hours, then cure it for days.

Mapl-Flake

The Food That's All Food

We cook our wheat in pure maple syrup, mainly for the children's sake.

You know how they like maple sugar. That's why they like Mapl-Flake.

They are delighted to eat it, as they should in summer, in place of heavier food.

Let them have it tomorrow. If the food is half as good as we say, it is better than other foods.

One package will tell you. You'll be sorry you waited so long.

BANKER DROPS DEAD.

P. G. Ayres Succumbs to a Long Walk And High Altitude.

Trinidad, Cal., Aug. 20.—P. G. Ayres, aged 65, president of the First National bank of Coffeyville, Kan., dropped dead this afternoon at Stonewall, a summer resort, 40 miles west of here, where he was spending a vacation with a number of friends. A party of eight were fishing and had walked about eight miles from the hotel. The exertion and effects of the high altitude are supposed to have brought on an attack of heart failure. It was Ayres' bank that the notorious Dalton band of outlaws had robbed before the battle which resulted in their being wiped out by citizens. Mr. Ayres was shot in the jaw during the fight. Ayres' body will be sent to Coffeyville tomorrow.

WATERING OIL STOCK.

Los Angeles, Aug. 21.—At their meeting yesterday, the Union Oil company directors took the final steps to increase the company capitalization to \$50,000,000. The action was authorized at a shareholders' meeting held earlier in the day.

The regular September dividend was declared, payable Sept. 20. The directors declared a dividend of \$200 per share, payable out of the surplus earnings. The regular monthly dividend of 50 cents a share was also declared.

SECRET TREASURE ROOM.

Commodore Bourne's at Oakdale, L. I., Robbed of \$60,000 Worth of Jewels.

New York, Aug. 20.—It became known tonight that jewels valued at more than \$60,000 had been stolen from a secret treasure room in the mansion of Commodore Frederick G. Bourne, at Oakdale, L. I. The treasure room was built when the mansion was erected, and its existence was known only to the family. The jewels were those worn by Commodore Bourne's three daughters, the Misses Marion, Marjorie and Florence, at brilliant society functions following the departure of the family for a vacation, workmen were employed to make repairs on the house and detectives believe that in this way the treasure room was discovered.

WORK OF REFORM MAKES

PROGRESS IN TURKEY

Constantinople, Aug. 20.—The work of reform is making considerable progress here. The staff of the sultan's military household has been greatly cut down, the number of his aides de camp being reduced from 200 to 30. An trade has been issued ordering the imperial princes to restore to the government all the crown properties which they obtained gratuitously through the sultan's favor. Arrangements in salaries in the military and civil administrations will be steadily taken over by the government which has obtained further advances to \$1,750,000 for this purpose from the tobacco regime and the Ottoman bank. The regime already gives indications of favoring in a measure the emancipation of women, who will obtain greater freedom in the matters of dress, appearance in public and travel at home and abroad.

FATAL BOILER EXPLOSION.

Colorado Springs, Colo., Aug. 20.—Mrs. Caroline Kirchoff, 60 years of age, mother-in-law of E. F. Woestman, wholesale grocer of this city, was killed, and Henry Hanning, 46 years of age, was fatally injured by the explosion of a boiler at the Edgerton saw mills, 10 miles north of Colorado Springs, this afternoon.

JOHN V. FARWELL DEAD.

Chicago, Aug. 20.—John V. Farwell, senior member of the wholesale dry goods firm of J. V. Farwell & Co., died at his home in Lake Forest, Ill., tonight, after a long illness, aged 83 years. He had been engaged in the dry goods business in Chicago since 1862.

MR. TAFT WIKES TO MAKE SPEECHES

He Knows of Nothing More Enjoyable Than Making One Speech a Day.

HE MAY CHANGE HIS PLANS

Matter is Entirely in Hands of the National Committee—Wants No Whirlwind Campaign.

Hot Springs, Va., Aug. 20.—"After the first week of any speaking campaign has been gone through with, and one finds himself, as it were, talking without difficulty on all of the various subjects of discussion, I do not think there is anything more enjoyable than making at least one speech a day."

This utterance by Judge Taft today presents his attitude toward campaigning. He added that in the 1904 campaign he made speeches during a six weeks' tour of New York and New England, and "I enjoyed every minute of it."

When asked if it were not a possibility that a change might be decided upon in the announcement that he would not leave Cincinnati during the campaign, Mr. Taft replied:

"Of course, there is nothing to prevent a change of these plans." Any change of plans affecting the candidate, however, was stated, was a matter entirely with the national committee. That Mr. Taft is entirely willing to accommodate himself to anything but a whirlwind campaign, as he put it, was made plain. "There is no harder work," he added, "than making hurried speeches from the rear end of a train, and I doubt if such work is effective."

Hot Springs is in readiness for the Republican rally tomorrow. Col. S. Brown Allen of Staunton made a final inspection of the ball park, as chairman of the arrangements committee, at the close of the day, and placed his approval on what had been done. Col. Allen's estimate of the crowd to come includes 3,000 from the Shenandoah valley, 1,000 or 1,500 from the Potomac division, from Richmond another 1,000, and from Highland, Bath and Allegheny counties 1,200 to 1,500 more.

Robert Mather of the Rock Island reached here today and paid his respects to Mr. Taft.

ROBBED OF THOUSANDS.

Seattle, Aug. 20.—Patrick Ryan, aged 50 years, mine owner and prominent citizen of Denver, Colo., reported to Deputy Prosecuting Attorney John F. Murphy today that since his arrival in Seattle, Tuesday night, he had been robbed of cash and certificates of deposit amounting to \$8,672. A search warrant was issued.

FAVORS GUARANTEED DEPOSITS.

Butte, Mont., Aug. 20.—A Miner dispatch from Billings, states that the Montana federation of labor convention this afternoon unanimously adopted a resolution favoring a national and state guaranty of bank deposits. Another resolution adopted favors the affiliation of the Montana federation of labor with the American federation of labor.

TREATMENT OF FORAKER

Ohio Senator Says He Does Not Seem To Be Needed or Wanted at Youngstown.

Washington, Aug. 20.—Senator Foraker of Ohio was in Washington today, after a vacation in Maine. On his arrival Senator Foraker found a dispatch from Frank H. Hitchcock, Republican national chairman, expressing regret that the senator had not met the Republican leaders in New York and conveying the hope that he would be in the city again they would meet. The reporters desired an expression from the senator relative to his non-participation in the opening of the Republican campaign in Youngstown, Sept. 5, where Senator Beveridge of Indiana, and Gov. Hughes of New York are to sound the campaign keynote.

The senator expressed his views regarding the action of the state committee of Ohio in inviting him to attend the opening and his prospective attitude in the campaign. "I don't know," said Senator Foraker, "what action the state committee took, except as I have been advised by the newspapers. I see by the morning papers that Charles W. Williams says he has me an invitation last night, but I have not received it. All I know, therefore, is that, according to the newspapers, I do not appear to be either needed or wanted at the Youngstown exposition. I am not going to sit on the platform and listen to the speeches that are delivered by the orators chosen for that occasion. I would, of course, be glad to hear these speeches, but I can read them in the newspapers."

"The fact that I do not care to make any speeches under the circumstances, will not necessarily interfere with my making speeches and other appearances. I find on my desk today a number of invitations to speak, some from Ohio and some from other localities. If I feel fit to accept any of these invitations, while I would be happy to speak in such a way as certainly to help the Republican cause, I yet feel that I shall be at liberty to express my own views on important questions about which there will probably be more or less discussion during the progress of the campaign."

WOMEN INVADE RURAL FREE DELIVERY FIELD

Washington, Aug. 21.—Positions as rural carriers are not supposed to be open to women and the postoffice department does not encourage their employment as such, but an increasing number of women are invading the rural delivery field, sometimes as regular carriers, and more frequently as substitutes.

Asst. Postmaster General De Graw is authority for the statement that when women obtain places as rural carriers they invariably accept cheerfully the hardships that accompany the work in bad conditions of road and weather, and vie with the male carriers in enthusiasm over their work. An example of this enthusiasm is shown in a report received at the department of the case of Miss Lena Senol, who is the substitute carrier on a 25-mile route in one of the New England states. She has held the position for three years, and although the route is a long one and is thickly wooded in some sections, Miss Senol never complains as to her driving over the route alone. She carries no weapon of defense but considers that she is able to take care of herself. When asked what induced her to enter the service, Miss Senol said that one day about three years

ONE SIDE OF HEAD ENTIRELY BALD

Hair Began Falling Out After a Severe Illness—Consulted Several Barbers without Satisfaction—Friend Cured Same Trouble with Cuticura and Advised Its Use.

CUTICURA REMEDIES EFFECTED HIS CURE

"After a severe attack of sickness my hair fell out all over. One side of my head was completely bald. I was frightened, not knowing what to do for it. I was almost blind. I consulted several barbers with no satisfaction. A friend of mine told me that his hair fell out in patches all over. He had secured a set of Cuticura Soap, Cuticura Ointment and Cuticura Resolvent which stopped his hair falling out and made it grow again as thick as ever. He proceeded to try the Cuticura Remedies. I began using them and in forty days, more or less, I noticed my hair coming out all over the bald spots. I was so glad I did not know how to praise the goodness of Cuticura. I used three cakes of Cuticura Soap, three boxes of Ointment and two bottles of Resolvent Pills. I can prove by numbers of persons that I was bald before using the Cuticura Remedies, and you may use my name as a guarantee of their wonderful cure. George Simmons, 1630 So. Franklin, New Orleans, La., October 10 and 22, 1907."

ago, the regular carrier told her he was unable to find a substitute and jokingly asked her if she would like to substitute for him.

"I told him I would like to be his assistant, or substitute," said Miss Senol, "providing he had horses that had some life. He agreed he had good horses, so I was sworn in as his substitute. I have been carrying the mail ever since. I never carry a gun or any other weapon save the ones that were born with me. I don't say I am a boxer, but I can hold my end of a tussle with anyone."

"No, I have never been afraid because there is nothing to fear. I have everyone wearing a smile, and for that reason I believe I have their good will."

CAMPAIGN IN ILLINOIS

Ex-Vice President Adlai E. Stevenson Believes That the State Will Go Democratic.

Chicago, Aug. 20.—Former Vice President Adlai E. Stevenson, Democratic candidate for governor of Illinois, came to Chicago today from his home in Bloomington, and for over an hour conferred with the National Chairman Mack on the general situation and what part the national committee would take in the state campaign. Mr. Stevenson's visit followed a luncheon at the Lincoln Hotel, where the Illinois club, at which he predicted a Democratic victory in November, in a speech which brought round applause from the large number present.

In company with Francis Peabody, his campaign manager, Mr. Stevenson called on Chairman Mack at the national committee headquarters, and discussed the outlook and problems that the Democrats will meet in the fight in this state. Mr. Stevenson told the national chairman that from reports received by him, he believed Illinois would go Democratic for both the gubernatorial and national tickets. Mr. Mack informed the former vice president that the national committee had planned an effective campaign in this state, and that it would lend any aid required by those directing the gubernatorial fight. Mr. Stevenson will make several speeches in the state during the next two months, and it is not unlikely that he may be called on by the national committee to go outside his state on a short stump tour.

Speaking of the Democratic outlook in the national campaign this year, Mr. Stevenson said, in his address at the Lincoln luncheon:

"It looks like a return of the Democratic spirit of 1892, when Cleveland was elected. Everywhere I have spoken I have found Democrats formerly opposed to Mr. Bryan with him now, and they tell me they wish to support me also. It is astonishing the assurances of support I have received from the Republican leaders, who believe the time has come for a change. If we put our shoulders to the wheel we can bring about a great Democratic victory in November."

E. L. Jones, national committeeman from Maine, was a visitor at the Democratic headquarters today and talked with Chairman Mack about the assassination of Governor Madsen in the campaign, which is now on in earnest. The election in Maine takes place Sept. 14, and will be the first held during the campaign. Speaking of the Maine situation, Mr. Jones said:

"The present campaign is being waged largely on state issues, but do not mistake the fact that it is a red-hot contest and that we are making an aggressive fight. There is not a dissenting Democrat in Maine, and every one of them will vote for Bryan and Kern in November. I am not predicting that the Democrats will carry the state, but we are making a fight to win and will certainly cut down the Republican majority."

CUNARD LUSITANIA BREAKS THREE RECORDS

New York, Aug. 20.—The Cunard liner Lusitania, which sailed from New York across the Atlantic at 2:30 o'clock tonight and when the official figures for the trip become available after the liner had anchored outside the bar for the night it developed that the big

turbine had not only lowered all records for the transatlantic voyage, by nearly four hours, but that she had also broken three other records.

The official timing of the Lusitania placed her off Daunt's Rock at 11:30 last night. Steaming abreast of the light-ship at 9:30 tonight, she had made the passage in just 4 days and 15 hours. The best previous record, made by her on Nov. 8, last, was 4 days, 18 hours and 40 minutes, her new performance lowering the previous mark by 3 hours and 40 minutes.

On the whole trip of 2,718 miles the Lusitania made an average speed of 25.05 knots an hour, a new record, the previous one being 25.01, made by her on her record trip last November.

The third record broken is that for the greatest day's run—650 knots up to noon of the 17th—in which she also set a new record in steaming an average of 25.65 knots for the 24 hours.

The day's runs to noon of each day as given out tonight were: Sunday, 210 knots; Monday, 650 knots; Tuesday, 631 knots; Wednesday, 623 knots; Thursday (to noon), 610 knots, and from noon today to 9:30 tonight, 246 knots.

MRS. CHADBOURNE PAYS DUTIES AND PENALTIES

Chicago, Aug. 20.—Further action, if any is taken in the case of Mrs. Emily Cockwell Crane Chadbourne, who is alleged to have smuggled in \$80,000 worth of art treasures belonging to Mrs. "Jack" Gardner of Boston, must be taken by Dist. Atty. Sims at Chicago, who is at present away on a vacation. Since the seizure of the goods by Collector of Customs John C. Aines and the assessment of \$30,000 in duties and \$40,000 in penalties, which has been paid by Mrs. Chadbourne, the property has been retained in custody to allow the department of justice to make a further investigation if it be deemed necessary. If a criminal charge is brought, it is stated that it will allege conspiracy between Mrs. Gardner, Mrs. Chadbourne and a third woman, whose name has not been made public. However, Asst. Dist. Atty. Davis stated today that his office had taken absolutely no action save to receive a routine report from the customs officials. In cases alleged to be similar, Mr. Davis said it has been very difficult to prove intent to defraud the government.

The statute covering conspiracy to defraud the United States in any manner for any purpose provides that the defendant shall be liable to a penalty of not more than \$10,000 fine or imprisonment for not more than two years, or both fine and imprisonment, at the discretion of the court.

LIFE UNDERWRITERS ELECT THEIR OFFICERS

Los Angeles, Cal., Aug. 20.—Officers of the National Association of Life Underwriters were elected today. Charles Jerome Edwards of New York was re-elected president; John W. Whittington of Los Angeles, first vice president. Among other officers elected were: William Tolman, Bridgeport, Conn., second vice president; William A. Waite, Detroit, secretary, re-elected. William M. Wood of Pittsburgh was chosen third vice president, but withdrew as it is customary to have Canada represented among the officers. Louisville, Ky., was selected as the place for holding the next convention at a time to be determined by the executive committee.

This afternoon the prizes for insurance essays were awarded. Charles E. Bent of Los Angeles won the first prize cup and Alf C. Newell of Georgia the second.

A BOY'S FISHING EXPERIENCE.

New York, Aug. 21.—William Tenney, 13 years of age, of Passaic, N. J., is in danger of losing his sight as a result of an experiment in fishing. The lad conceived the idea of blowing fish out of water with lime and catching them in a net. His plan was to fill a bottle with lime, put a little water inside, put in a cork and drop the bottle where the fish were likely to be.

The boy fixed his bottle near his home. He did not consider the lime a water would cause so loud an explosion. After pouring a little water into the bottle, but when he removed his hand the cork shot back striking him in the face and the lime rushed out and burned his face and eyes so badly that he may never see again.

PARKER ON EVILS OF GREAT CORPORATIONS

Seattle, Wash., Aug. 21.—Judge Alton B. Parker spoke to an audience of about 1,800 at the coliseum last night. The meeting was held under the auspices of the King county Democratic club and the Bryan Volunteers. His speech dealt with issues of the national campaign, and he devoted his principal attention to the evils of the great corporations which he declared are fostered by the present high tariff.

The remedy, Judge Parker declared, is in the tariff wall and this he doubted if the Republican party should be continued in power another four years. Judge Parker denounced the idea of federal control of corporations as a remedy. He recommended a statute imposing a jail sentence upon corporation officers convicted of contributing money to a campaign fund. Eleanora Nicol of New York, followed Judge Parker in a short address.

BABY LION BORN.

New York, Aug. 21.—Bismarck, king of the Central park menagerie, and his mate, Rose, are the proud parents of a baby lion born yesterday. The cub's arrival was the signal for his sire to shake the lion house with his roars and the sextet of lions and lionesses and all brothers and sisters of the new cub, joined in the tumult. Keepers took the precautions necessary to give Rose another latent pregnancy, the twelfth, and the comforts the occasion demanded and as they strung a tarpaulin in front of the cage the cub, which has been named Gink, was purring in perfect contentment.
