of relies from James McKnight, Esq. They consist of curiously conglomerated hardware, nails, bolts, castings, etc., as they were taken from the ruins of Chicago, under the personal direction of the generous donor. Among other things are specimens of bell-metal, antimony and other metals combined together by the intense heat, in the most singular and beautiful manner. From a portion of the bell-metal several "charms" have been

made, besides a paper weight presented to
President Young.

We regret to near that the box was opened somewhere en route to this city, and many very choice relics were ab-

Gor In .- The company of emigrants in charge of Elder Erik Peterson got in at about eleven o'clock last night. The party numbered a little rising of four hundred and, with the exception of a few English, were all Scandinavians. For several hours before the arrival of the train which brought them in, the depot was alive with hearty welcome friends and relations from whom, doubtless, many of them had been long separated.

On the arrival of the train the Scandina vians were escorted to Ballo's Hall, where ers them. they met with a most gratifying reception.
Two rows of tables were ranged along the entire length of the hall, and which fairly groaned with the supply of good things which had been provided by kind friends for the weary travelers and the latter by their smiling countenances and the way in which they made substantials disappear, aboved their appreciation of the enter-

which they made substantials disappear, showed their appreciation of the entertainment. A band of music was present, and played several tunes.

The entertainment was got up at the suggestion of Brother A. W Winberg, and he was assisted in the arrangements by S. J. Jonassed and several others. Donations for the nurses were freely made by the for the purpose were freely made by the Scandinavian brethren and sisters. Bishop Thomas Taylor was at the station when the emigrants arrived and he also visited the hall. Brief remarks were made to the people by some of the brethren, in which advice suitable to the circumstances was incorporated.

THAT FIRE.-As the fire on Mr. Grey's rival of the city engine the boys from the grocery department of Z. C. M. I. were on the spot with theirs, the "Water Witch," a witch which worked admirably, the suction pipe operating in the ditch, and soon afterwards the flames were extinguished.

It may not be generally known that the attaches of the grocery department are regularly organized into a private fire company. The following are the names of the officers of the organization: President, D. L. Davis; Foremen, John F. Hardie, A. E. Hyde, George E. Bourne, and N. A. Empey; Secretary, T. V. Williams.

Since the above was in type we have learned that the suction pipe of the city engine did operate in the ditch, but it was after some delay.

Per Deseret Telegraph. Inlian Murder in Cache Valley.

Logan, 18 .- Yesterday an Indian, nam. ed Weber Jack, while in a drunken state, visited Washakie's lodges, caniped near Hyrum. Jack, who had a grudge against one of the Washakie Indians, pulled out a pistol and shot the latter dead. Another Indian who had a breech loading rifle, then shot Jack. The fourth shot brought him to the ground, dead. Jack emptied his pistol on the first Indian and was des

The Ogden Fire.

Ogden, 17.-Mr. Erbe, of the eating HAS concluded to give up the Millinery Business and accordingly proposes house, lost everything in the house, valued at about eight thousand dollars, and insured for only eight hundred. Mr. Cahoon, conductor, lost all his clothing and trunk, which contained about \$1,000 in currency. All the rest of the boarders lost everything except what they had on. The loss of the express company will be light, not exceeding one hundred dollars, besides their fixtures. Both agents lost all they had.

they had.

The house occupied by Mr. McIntosh was burned and part of his furniture. His loss is between \$200 and \$300.

Mr. Erbe has occupied the depot, and will procure a new outfit of stoyes and dishes.

BEES AND MILEWEED,-Mr. S. H. Putnam helds to his position that the milks weed is not the cause of bees being denuded of their legs, but results from a disease which has appeared among bees in this section, the nature of which he is unable to determine. This peculiar disease manifests itself each season in the month of
July, ceasing within the same month, and
is indicated by the forming of a yellow
scale, or excrescence of some kind on the
feet of the insects. Brother Putnam contends that it is this scale which becomes entends that it is this scale which becomes entangled in the milk weed, and, in their efforts to free themselves from such attachment, the bees frequently leave their legs behind on the flower. In proof of this Brother P. states that every limb found on the flower has this scale formation on it. He showed us a quantity of those scales with pieces of bees' limbs attached, which he had taken from the mouth of a hive, which, he asserts, proves that the effects of this disease are such as to cause the loss of limbs to bees when they are not on milk weed as well as when they are on.

Brother P. has written to the most prominent bee culturists in Indiana and New York, to ascertain, if possible, the nature of the disease alluded to, and whether it is common in other parts of the country besides this.

IMPROVING .- We understand that last evening Mr. Charles F. Kimball was progressing favorably, and was expected to recover, should a reispae not ensue.

SURRENDERED.-Thomas Kelly and four others of the party who took and held forci ble possession of the Silver Circle mine, surrendered to the deputy sheriff of Lewist in and were brought to town by the latter, on Wines & Kimball's stage last evening, and they are now in the County jail. This makes aix of the party now in that place of sale keeping, Harrington having been arrested previously by deputy marshal B.

We understand there are four remaining at the mine, who have not yet surrendered, and of them we expect to hear on the return of deputy Groo and Mr. Huggan, who left a short time since for Lewiston.

Bourn Oven.—Yesterday John Wilson alics John Smith, was bound over, by Justice Clinton, to appear in the Probatice Court on a charge of horse stealing. The bonds not being forthcoming, he will be committed to the county jail.

PERSONAL -Bishop L. E. Harrington.o American Fork, stepped into our office last evening, apparently in excellent health nd spirits. He reports the crops in his listrict generally good and the grain arvest within a week or two. American Fork has three good day schools and an excellent Sunday school in operation re the Juvenile Instructor is us and highly appreciated. The tuition is

GENERAL ELECTION, 1872 property, Second East Street, occurred late in the afternoon yesterday, we were unable to give any details. The city fire engine was on the ground shortly after the fire broke out, but it did not render much effectual aid, as the suction pipe would not operate in the ditch, and a tub had to be procured before water could be pumped upon the burning sheds, the tub being kept supplied with water by citizens armed with bucksts.
