## LOCAL BRIEFS.

The public schools of the city and county open on September 9th.

Anna Payne, a young woman 22 years of age living at 155 south Fifth West, was reported to be suffering with small-pox and was taken to the isolation hospital.

The Alentraz Asphalt Paving company, which has the contract for paving seven blocks on Second and Third South streets will use the cement of the Utah Portland Cement company of this city.

The friends of Attorney O. W. Moyle and wife will sympathize with them in the death of their infant daughter, Rebecca. The little one was born on Thursday and died this morning. The funeral will be held at 4:30 o'clock tomorrow, Sunday afternoon, at residence.

The committee on Buildings and grounds of the board of education has decided to have the rooms of the superintendent, clerk and the board cleaned, renovated and beautified. The walls are to be tinted. In fact they will be the handsomest rooms in the joint building when they are completed.

The annual summer institute of the Teachers' association of the First Presbyterian church of Utah will be held in the First Presbyterian church in this city, August 15th to 22nd. Immediately following the institute the Utah presbytery will assemble. The first session will be held on the 22nd of August in the First Presbyterian church.

Deputy Marshal John K. Hardy went to Union yesterday and arrested Thomas Labrum, who was indicted by the federal grand jury for selling liquor to Indians at Fort Duchesne. The accused was taken before United States Commissioner Twomey and gave bond for his appearance in the sum of \$750. John G. Labrum and Bishop Alva Hunter are the sureties. The trial will be held at the next session of court.

Leonard Hardy is planning to expend \$10,000 in a summer hotel and grounds to be erected in Parley's canyon about twenty miles from the city. The plans cover 120 acres which will be laid out in lots, and landscaped. The hotel will be built of frame and will contain fifty rooms. There will also be a large fish pond and tennis grounds. The plans are in the hands of Engineer T. P. Rigney and they call for a completion of the resort early in the coming spring.

An excellent idea in the way of an interesting feature for Liberty Park is that of the addition of a menagerie to the park. The feature being a most popular one in the public parks of the larger eastern and western cities. A gentleman who suggested the scheme, states that he will contribute specimens of his rare breed of poultry and hares as a beginning for the collection. It is his belief that others will be willing to donate in the same way. Doubtless as time goes on a valuable collection might be gathered through voluntary contributions alone, embracing all varieties of animals. It will be a simple affair to reserve space in the park for the purpose and prepare a suitable receptacle for whatever collection could be made, and the rest could be probably left to the generosity and interest of our citizens, or any who might find it in their way to contribute to the plan.

## AN ACCIDENTAL SHOOTING

Richard Mace of Rexburg, Idaho, Comes Near Losing His Life.

Bullet from a 22 Rifle Struck Near His Heart—The Wound Dangerous, but Not Fatal.

(Special to the "News.")

Rexburg, Ida., Aug. 10.—Richard Mace, a youth of 17 years, was accidentally shot at the head of Moody Creek, yesterday, at 3 o'clock. He was on his way from the saw mill to the place, riding on the running gear of a wagon, and had with him a 22 caliber rifle. It started to slip and in trying to catch it, it was discharged, the ball striking about an inch and a half below the left nipple. He was brought twenty-five miles on the running gear of a wagon to Rexburg to get medical aid. The wound is not necessarily fatal, though very dangerous.

# RATE SITUATION IN SALT LAKE.

Herald's False Alarm Punctured by Railroad Men.

## TARIFF BEING MAINTAINED

Situation Was Never Better in the West Because No Man Dares to Draw His Knife Now.

Despite the report published in a morning paper to the contrary, rates were never in such a stable and good shape as they are at the present time. There is absolutely no shaving of quotations going on among the local agents here. This morning there was a little knot of the prominent general agents with their heads together discussing the situation and endeavoring to unearth evidence which would substantiate the story that such a thing as rate cutting existed at the present time under the new order of things. They were one and all convinced that such a thing was impossible.

Said one of the gentlemen afterwards to the "News" representative: "Such a thing as rate cutting is now out of the question; it is absurd. However, much a man may desire to do so he is afraid to make any such move. Today the rates are stiffer than they have ever been in Salt Lake, and even a shipper of twenty years standing could not get a concession nor free transportation." This sentiment was endorsed by others. One railroad man drew his knife, and the shippers and merchants generally were glad that the rates were to be maintained as they would know where they were, be able to estimate business on a sound basis and not have to go chasing all over town after the agents in an effort to gain concessions. All the leading freight and traffic officials in this city were seen this morning and they one and all stated that rates had never been in a sadder shape as they were right at the present and that further, indications pointed that they were going to be upheld at all cost from now on and the first man who drew his knife would be the recipient of a rude awakening.

## RIGHT OF WAY.

Henry Altman of San Pedro in Riverside on Railroad Business.

A special to the Los Angeles Herald from Riverside says: "Henry Altman, the right of way agent of the Salt Lake railroad, is in the city, a guest at the Holyrood. He expects a corps of engineers here in a few days to decide on the right of way for the new road." It is known that Mr. Altman went to Riverside to consult Allen G. Campbell, who has mining properties scattered along the lines of the proposed roads, and some of the local men are wondering just what the connection is between the two circumstances.

## MEETING IN CHICAGO.

Representatives of Morgan-Harriman Interests in Windy City.

Chicago, Aug. 10.—Several of the more important representatives of the Morgan-Harriman railroad interests, says the Tribune, have arrived in the city. It is surmised for a conference. Among those here are E. L. Lomax of Omaha, general passenger agent of the Union Pacific; R. Ten Broeck of New York; Charles M. Mays, of San Francisco, president of the Southern Pacific; Roswell Miller, of New York, president of the Chicago, Milwaukee & St. Paul; and J. M. McQuinn, of St. Paul, who has had some of the local men engaged last Wednesday. Mr. Miller has just come from Alaska.

## Cannot Please All.

New York, Aug. 10.—The Canadian Railway managers find an element of humor in the proceedings entered against the late freight traffic manager of the Canadian Pacific, "proceedings" are being taken against us by the Interstate Commerce commission because of our rates for carrying hay and stock into the United States are too low.

## May Move to Chicago.

Chicago, Aug. 10.—It has been practically agreed to move the headquarters of the trans-continental passenger association from Denver to Chicago. All the roads interested have voted in favor of the proposition except the Missouri Pacific and Missouri, Kansas & Texas railroads and these, it is stated, will announce their decision within a few days. Chairman Carlton has been in conference with the general passenger agents here regarding the matter, and it is probable that the transfer of offices will be made August 15.

## Triple Passenger Service.

Helena, Mont., Aug. 10.—Owing to the unprecedented heavy traffic the Northern Pacific will on August 15th inaugurate a triple passenger train service west of Billings. Two of these will be regular Northern Pacific trains, the third being a Burlington train which will run through solid from St. Louis and Kansas City to the coast.

## Another Denial.

New York, Aug. 9.—The Evening Post points the following: "One of the controlling interests in the Mexican Central railroad says that a report of the purchase by the Mexican International company are made out of a whole cloth, and that there are no changes in the status of the International railroad or the plans of its development, being worked out by its present owners."
