EVENING NEWS.

Saturday, - Mar 3, 1883.

FLOATING FRAGMENTS.

Auditor Nephi W. Clayton has returned from the East.

Spencer Clawson, Esq., has returned from his eastern purchasing trip.

Judge Bean of Richfield, Sevier County, has been in town for a day or two.

The newest thing is those raised pattern pictures of ladies suits or dresses.

A local weather prediction prognosticates a storm in this region on or about the 12th of March.

The Sunday evening meetings in the 14th Ward are now held at 6.30, instead of 6 o'clock, as formerly.

The Seventies residing in the 17th Ward will meet on Monday evening, at 7 o'clock, at the School-house.

We noticed in the market to-day *California-grown* radishes, rhubarb, *lettuce* and broccoli, also home-grown lettuce.

Mrs. Elizabeth Nicholson, of the Eighteenth Ward, completed her 81st year yesterday. She is still comparatively hearty and active.

There will be a meeting of Pioneer Engine Co., No 1 on Monday evening commencing at half past seven.
J. H. KELSON, Secretary.

The 20th Ward Sunday School children had a fine party in the schoolhouse yesterday afternoon. The grown folks indulged similarly in the evening.

We are requested by Bishop Tingey to state that the Sunday evening meetings in the 17th Ward will convene at 6.30 instead of 6 o'clock, as heretofore.

The Stake secretaries of Relief Societies will please remember the notice to send in their report by the 15th of March, that the semi-annual report may be made out as complete as possible for the April Conference.

Henry Brown, of the grocery department of S. P. Teasdel's store, left that gentleman's employ recently, to engage in another business. His fellow workmen manifested their good feeling to him by presenting him with a substantial token of their regard.

"Photos," in which the Harrisons are playing at the Grand Opera House, is one of the funniest plays on the stage, and it possesses the additional merit of containing in its broad drollery not a line to which the most modest of the fairer sex can take exception. A company that is unequaled. The play an ever-changing theme of fun.—*N. Y. Herald.*

LOCAL AND OTHER MATTERS.

Home Mission.—Elders of the Home Mission of this Stake will visit the meetings of the City wards to-morrow evening.

Religious Services.—Religious services of the Church of Jesus Christ of Latter-day Saints will be held at the Assembly Hall, to-morrow afternoon, beginning at two o'clock.

Benefit Performance.—On Monday night, at the Opera House, Dr. D. Banks McKenzie will be the recipient of a benefit. "Pygmalion and Galsten's" is the bill for the occasion.

Address at Centreville. — Last night Elder C. W. Penrose delivered an address at the Centreville Meeting House under the auspices of the Mutual Improvement Association of the Ward. There was a general turn out of all classes, the large hall being filled with an attentive audience.

The Services.—The funeral services over the remains of Sister Sarah C. Armstrong, in the 11th Ward Schoolhouse, yesterday, were numerously attended. President Joseph F. Smith preached the funeral discourse, which was full of consolation to the bereaved and valuable instruction to the congregation.

The Utah Problem.—The *Princeton Review* for March among other interesting articles contains a paper on "The Utah Problem" by Henry Randall Waite of Washington, D. C. It is well written but contains some fallacies which we cannot notice to-day. The magazine is first class and can be had of James Dwyer who has received extra copies.

Sticks to the Storm.—It appears that the talk about Professor Wiggins having withdrawn his storm prediction is all nonsense. He still maintains that between the 9th and 13th inst. there will be one of the greatest storms that ever visited the earth. He is of opinion that among its peculiarities will be a tidal wave on the bay of Bengal, coast of Australia and Gulf of Mexico.

Manti Temple. — This morning we had the pleasure of meeting Elder Wm. H. Folsom, architect and superintendent of the Manti Temple, who is in town on business. We learn from him that scaffolding is being placed in position in preparation for the resumption of rock-laying as soon as the weather will admit. All other departments of labor connected with the building will also soon be in active operation. A large quantity of rock has been cut during the winter, and it is confidently expected that the walls will be erected to the square in time to get the roof on next Autumn and Winter.

Departed in Youth.—Sister Hattie E. Hocking, of the 11th Ward of this city, died yesterday morning at 2 o'clock, of spinal meningitis, after an illness of about five days. Deceased was until recently a resident of the 21st Ward, and up to the time of her demise, was a member of the Sabbath school and first counselor in the Y. L. M. I. A. of that ward. She died in the bloom of life, having reached her eighteenth birthday on the 9th of November last. She was of an amiable disposition, and well respected by her numerous acquaintances.

The funeral services will be held in the 21st Ward meeting house, at one o'clock to-morrow. Friends are respectfully invited to attend.

THE ALLEGED OUTRAGE.

THE CASE UNDER INVESTIGATION IN THE POLICE COURT.

The alleged outrage case mentioned yesterday was under investigation before Justice Spiers to-day. The first witness was Edward Boukofsky, 14 years old, the victim of the reported brutality. He stated that on the afternoon of Thursday his father tied him up with one end of a long strap and whipped him with the other. In answer to a direct question he stated that his father did not hang him up by the neck.

Dr. J. M. Williamson testified to being called to attend Edward Boukofsky, whom he found lying on the floor of the house of Mr. H. Sebree, in an insensible condition. There was a flutter of the heart but no pulsation; his mouth was bloated and frothy and the face black, the result of strangulation, which might have been by choking, by a grip of the hand. Three minutes more of the strangulation process would certainly have killed the boy. It was the worst case of the kind witness had ever seen. The pupils of the eyes were distended and dilated, caused by congestion of the brain, superinduced by the want of breath, the expiration having been cut off. After he had been insensible for a considerable time the boy breathed, and witness stated that he would recover. There was no symptom indicating that the boy had been drinking.

Elisabeth Brown testified to hearing a great deal of noise in Mr. Boukofsky's barn, continuing about ten minutes, and to seeing the lad coming out in a wild and dazed condition, and being assisted into Mr. Sebree's house by Mr. Boukofsky's hired girl.

A number of other witnesses had been summoned, and were expected to testify in the afternoon.

FATAL ACCIDENT.

FRANK TORONTO DIES FROM THE EFFECTS OF AN ACCIDENTAL INJURY.

On Thursday night at 6 o'clock Frank Toronto left E. T. City on horseback for his home at the Point of the Mountain west. It is probable that he was thrown from his animal and struck with his face upon a sharp rock, as he reached the house of Mr. Spencer, not far from his own residence, at 8 o'clock a. m. yesterday, in a dazed condition, with a fearful wound on his face. The bones of the nose were broken to fragments and the organ lay on his cheek. He was brought to the residence of his father in the Eighteenth Ward of this city yesterday, when an operation was performed for the removal of a quantity of broken bone, by Dr. Anderson, but it appears the injury was necessarily fatal. This morning the attending surgeon and other gentlemen of the profession held a consultation, when it was concluded that the case was hopeless. The unfortunate young man expired at half-past 1 o'clock to-day. Deceased was about 26 years old, son of Joseph Toronto, of the 18th Ward.

Sunday School Union Meeting. —The regular monthly meeting of Superintendents and Teachers will be held on Monday, March 5th, in the Assembly Hall, to commence punctually at 7 o'clock p. m.

Elder George Reynolds will deliver a brief lecture on the "Geography of the Book of Mormon."

Superintendents are particularly requested to invite the officers and teachers of their several schools to be present, especially those whose classes are either studying, or who feel interested in the Book of Mormon, and desire a more definite knowledge of its geography.

The Sixteenth Ward have promised to supply both vocal and instrumental music, and also doorkeepers for the evening.

For the purpose of securing quiet and good order at these monthly meetings, no person will be hereafter allowed to remain loitering within the enclosure around the building after the meeting has commenced, and at 8 o'clock the south entrance gate of the Temple Block will be closed. All who feel interested in the cause of Sabbath Schools are kindly invited to attend.

LEVI W. RICHARDS,
Secretary.

A Useful Article. —To-day we were shown a composition for lighting fires with certainty and rapidity. It is called Stephens' patent fire kindling. Its utility was demonstrated before us by lighting a fire with two small pieces an inch and a quarter square each, and half an inch thick. Although it can be used without other kindling entirely, by piling the coal carefully around it, it can be better used by adding two or three pieces of wood. The manufacturer is an old resident here and can be found at his residence, at the corner of 1st West and 2nd South St. One of the chief advantages of the composition is that it saves over two-thirds of the kindling wood ordinarily used.

Unclaimed Emigrant Baggage.—The following unclaimed immigrant baggage, which had lain at Ogden Station since last November, has been returned to Council Bluffs, the owners not having put in an appearance.

One bundle or roll of bedding marked E. Vincent, Evanston; one russet colored common trunk, bound with rope, no address or marks except a transfer or delivery, label (printed) Jackson & Co., Grand Central Depot; one brown painted, wooden chest, marked G. Berson, Ogden; one oak grained wooden box, bound with rope, about 3 feet long, 2 feet wide, and 20 inches deep, has had full name and address printed on the top of the box, but has been so much rubbed and worn that it is impossible to read it.

Benefit Ball.—Last night a ball was given by a number of young ladies in the 19th Ward Hall, for the benefit of C. Alfson, a lad whose feet were amputated on account of their having been frozen. The affair netted about $40, which is to be used toward emigrating the lad's mother from the old country; a worthy object.
