

Idaho is a foregone conclusion. Construction in this direction in the form of the Malad valley branch is already under way. Following the completion of this work the engineering department will turn its attention to the building of a branch line into the big tract of country that is embraced in the Twin Falls Irrigation company's scheme and other propositions along the Snake river. Preliminary steps in this direction

will be taken in a very short time. With this object in view William Ashton, resident engineer of the Oregon Short Line, accompanied by W. G. Flier, vice president and general man-ager of the Twin Falls Irrigation comager of the Twin Falls Irrigation com-pany, left Salt Lake last night for American Falls and Kimama, Ida. It was the original intention of General Manager W. H. Bancroft, and Assist-ant General Manager E. E. Calvin to accompany the party, but at the last minute they found that they would have minute they found that they would have important business here that would re-tain them. Accordingly, Mr. Ashton has gone up to look over the country, and when he returns he will be in a position to report on the best route into the section tapped.
