these experiments, a standard railroad coach is being equipped and will shortly be in operation on the same road. The chief claims made for this system are the extreme simplicity of the generating plant which consists only f a standard boiler, and pump to feed

It, and the fact that there is less weight and greater mileage due to the utiliza. tion of all the available heat units instead of only about 33 1+3 per cent, as in the best of the other powers used in street railway service. In electriciin street rallway service. ty there are expensive plants to generate the power, and expensive wires and equipment on cars before it can be utilized. In using super-heated water, the power is turned into work at point of its generation, that is, in the cylinders. This simplicity of con-struction and operation is the great ad-vantage claimed in view of the absence of the complicated, machinery necessary in electricity,

Southern Pacific trains 5 and 6, be-tween San Francisco and Ogden, now

carry diners. The Western expects to commence laying rails of the Marysvale extension

about the 4th of July. Crowds of people from the city to the resorts kept the street and steam railroads very busy yesterday,

The Caledonians are invading Ogden in force today, a small army of them having gone up on the Oregon Short Line this morning.,

Matt McCune writes Assistant Auditor Critchlow of the Utah & Pacific that at Milford the weather is cooling off lown there, it being a hundred in the shade "only" now.

At Hillsdale, sixteen miles east of Cheyenne, the custbound fast express ran into the rear end of a freight train, slightly injuring the freight conductor, who was in the caboose.

The Western is preparing some very fine Utah advertising matter to be used at the Kansas City convention, as was one for the Philadelphia gathering. Much good will come to the State and the railroad from these attractive announcements.

From Evanston and intermediate points upon the Union Pacific, and from all points in Utah upon the Oregon Short Line and Rio Grande Western, a one-fare round trip rate is announced for the Sunday school rally to be he at the Congregational church, in this city, on July 1st and 2nd.

A track walker for the Rio Grande Western was struck by a switch engine on Saturday and received such severe injuries that he may not recover. He was taken to St. Mark's hospital, suf-fering concussion of the brain and being unconscious. The accident occurred in Spanish Fork canyon.

It is estimated that over million dollars' mersase will be shown in the Rio Grande West-ern's gross earnings for the fiscal year ending June 30th. For last week the gross earnings were \$104,900, an increase of \$32,100 over the corresponding period

Off the Track.

This means disaster and death when applied to a fast express train. It is equally serious when it refers to people whose blood is disordered and who consequently have pimples and sores, bad stomach, deranged kidneys, weak nerves and that tired feeling. Hood's Sarsaparille puts the wheels back the track by making pure, rich blood and curing these troubles.

Constipation is cured by Hood's Pills. 25c
