BROOKVILLE, Pa., April 27, '73.
Dr. R. V. PIERCE.

Sir:—Having first applied to a number of home physicians and failed to get relief, I resolved to try your Remedy. Four bottles have completely cured me of one of the worst cases of Catarrh of which I have any knowledge, having suffered four months with an acute pain in the head, and breathed only with the greatest difficulty. I deem it due you as well as suffering humanity that this recognition be made of what we deem an invaluable medicine.

d102 LOUIS A. BERTRAND.

LOCAL AND OTHER MATTERS.

THERMOMETER 56 degrees F. in the shade, at 1 p. m. to-day. Dull.

Returned.—Mr. Hadley D. Johnson, who has been on a trip to the Eastern States, returned to the City on Wednesday evening.

Postponed.—On account of the storm, the races at the Agricultural Park are postponed, until Monday afternoon, at two o'clock.

Bee Meeting.—A Bee Keepers' meeting will be held in the City Hall at 7 p. m. tomorrow. All Bee Keepers, Bishops and others interested in "Beeology" are earnestly invited.

Notice.—The Territorial Superintendent of Public Instruction requests the County Superintendents and teachers of this Territory to meet at the University building on Saturday, May 9th, at 4 p. m. Important business to be transacted.

Spring Shower.—A fine refreshing shower of rain fell during last night and this morning, which will impart renewed vigor to vegetation, and cause it to spring up like magic. It has also made pedestrianism pleasant by laying the dust on the streets.

Foolish.—Some boys in passing along the street, in a mere spirit of "bravado," lift all manner of things from stores where they are exposed for sale, such as radishes, carrots, asparagus and the like. Now as this is generally performed in broad daylight, and not in a sneaking or stealthy manner, but only when a few boys are together, it might not be not called theft; but actions more than motives are the things which would be judged if there should be an arrest made. It would be a sad thing for a person's reputation for honesty to be blasted through an action of mere "fooling."

Sunday School Meeting. — The meeting held in the interest of the Sunday School movement in the Old Tabernacle last night was numerously attended by people interested in that good work.

Assistant General Superintendent Geo. Goddard spoke of the proposed jubilee, in which, he said, it was expected that about 8,000 children of this City, Provo, Ogden and surrounding settlements would participate. Arrangements had been made with the two railroad companies to carry the children the round trip from Ogden and Provo for 50 cents each.

The price of admission to the auditorium to the public would be 50 cents, which would entitle the party purchasing a ticket to a book of the songs and music, which were by our home authors. Brother Goddard also mentioned, incidentally, that the books would be sent post free to any address at $15,00 a hundred.

Elders I. M. Coombs, W. G. Young, R. Ballantyne, and ——Brown, Bishop Harrington, and Elder John B. Maiben also addressed the meeting on Sunday school matters, and all in a very encouraging manner.

Theatre.—There was a large audience at the Theatre last evening to see the drama of "Cigarette," which was excellently played.

This evening the gorgeous spectacle of the "Nymph of the Lurleyberg," preceded by the "Limerick Boy," Mr. Crosbie as "Paddy," Mrs. Crosbie as "Jane," and Mrs. Douglas as "Mrs. Fidget."

Grand matinee to-morrow.

Grand complimentary benefit to Mr T. A. Lyne on Monday.

Lecture by Mrs. Victoria Woodhull on Tuesday.

Miss Florence Colville and Mr. Wm. Hoskins are announced for an early appearance.

Robbery. — Yesterday Brother Chas. Cooper, of the 17th Ward, was somewhat surprised to discover, on opening a trunk, that somebody had robbed him of a silver watch, an overcoat, dress coat and vest.

On acquainting the police authorities with the matter he found that the latter had already found the clothing, the articles having been discovered stuffed away in a corner at the blacksmith shop on City Creek, where they were found by one of the workmen. The police watched near the spot till near midnight on Tuesday, for the depositor, but he never appeared. The watch has not yet been recovered.

Bro. Cooper thinks the thief must have gained ingress to the room by a window. The burglar was probably new at the business and disposed of the clothing as described to elude discovery.

Torchlight Procession. — There will be another of those grand torchlight displays, by the City firemen, to-night. The whole strength of the company will take part in the spectacle, so that there will be about two hundred torches carried, which will be well worth seeing. The procession will start from the engine house, at the City Hall at 8 o'clock, accompanied with all the fire extinguishing appliances. The course of the procession will be, from City Hall to East Temple Street, thence north to South Temple, thence east to First East, counter-marching to West Temple, thence south to Third South, east to East Temple, north to First South, and back to engine house. The firemen are requested to evince their usual alacrity, and be at the engine house at half past seven o'clock so that no unnecessary delay may be occasioned, but that the procession may start at the advertised hour.

TO-DAY'S DISPATCHES.

CONGRESSIONAL.

SENATE.

WASHINGTON, 8.—A number of private bills was passed.

Sherman gave notice that as soon as the Geneva bill and the civil rights bill were disposed of, he would ask the Senate to take up the finance bill, reported for Wednesday.

EASTERN.

Disasters and Suffering by Flood.

MEMPHIS, 8.—Letters from the lower part of Arkansas give more gloomy accounts of suffering among the people from floods. In the vicinity of Bernard, Chicot county, thousands of persons were reported destitute, their farms inundated and stock starving or lost; 350 colored laborers in Arkansas city send a petition for help, stating that they have only a few days rations and those furnished by planters who have not a enough for their own families. Plantations are submerged, fences gone, and stock drowned in every direction.

WEST INDIES.

Tremendous Fire and Loss of Life and Property.

HAVANA.—The *Bidro Nelanila* has details of a fire in the town of Lavag, Phillipine Islands, on the 28th of January. Two children, left to themselves, set a house on fire. The conflagration extended so rapidly that in four hours half the houses of the town, nearly 2,000, were destroyed; not a fruit tree remained. Thousands of weaving frames were destroyed and multitudes of cattle perished; fifteen persons, including two children, were burned to death.

Our Country Contemporaries.

Ogden *Junction*, May 7—

A man called "Dave," a runner for the Delmonico Hotel, was arrested this morning on a charge of petty larceny. A bundle of clothing and other articles were found tied up in his bedding, and his ownership to the same was disputed by two other parties. He has accepted the hospitalities of the city, awaiting an interview with the Alderman to-morrow.

We are pleased to learn that two car loads of castings and machinery for the Ogden Iron Works, the shipping bills of which have been received, are expected to arrive early next week. Madam Rumor, whose veracity is always questionable, has been very busy of late, and she has been whispering it around that the company had suspended operations. The officers of the company remain in blissful ignorance of the fact, and they are pushing the work ahead like men who mean business. We wish them every success, and if our citizens who are interested in the enterprise will do their part, the whole town and surrounding country will share in the prosperity that is sure to result from the successful development of our unlimited resources.

Beaver *Enterprise*, May 4—

When the roads were bad and almost impassable, the mail would arrive about 5 o'clock in the morning, or before. Now, when the roads are in excellent condition, it cannot get here till after noon. Can any one account for this? It is certainly an imposition upon the public to be humbugged in this manner.

Wooden shoes are beginning to come into use in Southern Utah and we should think they would answer a better purpose in the hot sand in the Summer time than leather, as they would not be so easily burned by the heat of the sand, but the St. George *Enterprise* says, "The people of 'Our Dixie' do not like the idea of wearing wooden bottomed shoes or clogs, but for the benefit of our readers we give them what the *Aurora* says about the matter:

"Wooden shoes are highly recommended by the agricultural societies and governments of Europe, as it is shown that many diseases, resulting in impaired constitutions and even in the loss of life, have resulted from wearing leather shoes in wet weather. * * They are light and easy to wear."

THE ONLY MEDICAL FRIEND,

IN case of Diarrhœa, Dysentery, Cholera Morbus and Cholera, is **Maguire's Benne Plant**, a thirty years' remedy in the Mississippi Valley. The acknowledged specific in 1849 and 1866. Sold by druggists everywhere.

Read the following testimonial from the late Father DeSmet, the great Indian missionary:

ST. LOUIS UNIVERSITY, June 9, 1873.

Messrs. J. & C. Maguire:

Long experience in the use of your valuable EXTRACT OF BENNE PLANT justifies me in saying that I believe it to be an excellent remedy for any form of bowel affections for which you recommend it. On every occasion when I have given it, I am happy to inform you that it has been successful in affording relief.

Very truly, your friend,
P. J. DESMET, S. J.

From Rt. Rev. Bishop Ryan:

I fully endorse Father DeSmet's testimonial. P. J. RYAN.
