

DR. SCHILLING'S

ORSETS

HEALTH PRESERVING

ABDOMINAL

This is the ORIGINAL Colic Spring Elastic Section Health Preserving Corset. Beware of other so-called health preserving corsets, stuffed with **WOOD** and other worthless material, and called by **CABALISTIC** names to deceive you.

ASK FOR THE **DR. SCHILLING'S CORSET**, AND TAKE NO OTHER. **MONEY REFUNDED** at any time the corset does not prove satisfactory.

FOR SALE BY **Z. C. M. I., Salt Lake City.**

DELANO & CO.

CHEMICAL BAKING POWDER

CRITICAL ANALYSIS.

UNIVERSITY OF DESERET, Salt Lake City, June 8th, 1897. By carefully examining DeLano's Chemical Baking Powder with the microscope and with chemical reagents, I find that it is free from Alumina, Starch, Flour, House Ash, Ammonia and White Earth; and that it consists essentially of Cream of Tartar and Bicarbonate of Soda.

The Baking Powder examined I purchased at Harney & Larue, in this city.

J. T. KINGSBURY, Chemist.

MANUFACTURERS, CHEMISTS, GOVERNMENTS, PRINCIPALITIES AND POWERS

are unable to disprove the statement on every can of DeLano's Chemical Baking Powder. Made of Pure Grape Cream Tartar and Soda. No fillers. No fillers.

CAUTION—Use one-fourth less of this Baking Powder, and one-half less shortening with all recipes than with other brands.

Utah Central Railway.

New Time Card, December 29th, 1897.

LA MAI

UNACQUAINTED WITH THE GEOGRAPHY OF THE COUNTRY, WILL OBTAIN MUCH VALUABLE INFORMATION FROM A STUDY OF THIS MAP OF THE

CHICAGO, ROCK ISLAND & PACIFIC RY.

Its central position and close connection with Eastern lines at Chicago and continuous lines at terminal points, West, Northwest, and South, make it the true mid-link in that transcontinental chain of steel which unites the Atlantic and Pacific. Its main lines include Chicago, St. Paul, Minneapolis, St. Louis, Kansas City, Omaha, Lincoln, St. Joseph, and Denver. Its branches include Chicago, St. Paul, Minneapolis, St. Louis, Kansas City, Omaha, Lincoln, St. Joseph, and Denver.

It is also a CHOICE OF ROUTES to and from the Pacific Coast and the West. It also offers a CHOICE OF ROUTES to and from the Pacific Coast and the West.

THE CHICAGO, KANSAS & NEBRASKA RY

Extends west and southwest from Kansas City and St. Joseph to Fairbury, Nebraska, Horton, Topeka, Hutchinson, Wichita, Caldwell, and all points in Southern Nebraska. Interior Kansas and beyond. It is the shortest route to the celebrated Pullman manufacture. Solidly built and modern improvements. Commodious, well-built stations. Celerity, certainty, comfort and luxury assured.

THE FAMOUS ALBERT LEA ROUTE

Is the favorite between Chicago, Rock Island, Atchison, Kansas City, and Minneapolis and St. Paul. The shortest route to all Western points. It is the shortest route to the celebrated Pullman manufacture. Solidly built and modern improvements. Commodious, well-built stations. Celerity, certainty, comfort and luxury assured.

CASTING WROUGHT IRON.

A new system of manipulating wrought iron has just been introduced in the east the importance of which, if correctly stated, can hardly be overestimated. The Boston Herald of the 15th inst. says:

A large number of scientific men from all parts of New England and New York assembled at what has long been known as the "Swedish" foundry at Neponset, yesterday, to witness the first casting of wrought iron scrap by the Mullis Wrought Iron and Steel Casting Company. The company is incorporated under the laws of Massachusetts, with a capital of \$100,000, and have purchased the Swelling property, consisting of a brick building and other buildings for offices and other purposes, and an acre of wharf front, all of which originally cost \$40,000. The foundry has been fitted with large dry ovens for drying moulds and three furnaces to be heated by crude petroleum, coal not being capable of heating to a sufficient temperature. The system is a pouring process, in which a very small portion of the metal at the melting point. The products of this system are castings of all sizes, welded, bent or twisted, as is the case with ordinary forged goods. Some of the castings were of the size of a small barrel, and others of the size of a small barrel. The products of this system are castings of all sizes, welded, bent or twisted, as is the case with ordinary forged goods. Some of the castings were of the size of a small barrel, and others of the size of a small barrel.

\$1,000 REWARD for any man who will care a case of Iching, Ulcerated and Bleeding Piles as well as any other kind of hemorrhoids. Dr. J. C. Smith, of the Great Western Medical College, St. Louis, Mo., has a special medicine for the cure of these diseases. It is a simple, safe, and reliable remedy. It is a simple, safe, and reliable remedy. It is a simple, safe, and reliable remedy.

LEGAL NOTICE.

In the Probate Court, in and for the County of Salt Lake, Territory of Utah.

In the matter of the Estate of James Marsden, Deceased.

Order appointing time and place for settlement of final account and to hear petition for distribution.

ON READING AND FILING THE PETITION of Joseph Harker and Ellen Nora Marsden, Administrators of the estate of James Marsden, deceased, setting forth that they have filed their final account of their administration upon said estate in this Court; that all the debts have been fully paid, and that a portion of said estate remains to be divided among the heirs of said deceased, and praying among other things for an order appointing time and place for distribution of the residue of said estate among the heirs of said deceased.

It is ordered that said persons interested in the estate of said James Marsden, deceased, be and appear before the Probate Court of the County of Salt Lake, at the Court Room of said Court, in the County of Salt Lake, on the 15th day of February, 1898, at 11 o'clock a. m., then and there to show cause why an order appointing time and place for distribution should not be made in accordance with the petition of said administrators.

Witness my hand and the seal of said Court, this 15th day of January, A. D. 1898.

ELIAS A. SMITH, Probate Judge.

Dated Salt Lake City, January 15th, 1898.

The system is a pouring process, in which a very small portion of the metal at the melting point. The products of this system are castings of all sizes, welded, bent or twisted, as is the case with ordinary forged goods. Some of the castings were of the size of a small barrel, and others of the size of a small barrel.

How's Your Liver?

Is the Oriental salutation, knowing that good health cannot exist without a healthy liver. When the liver is torpid, the blood is sluggish and congested, the food lies in the stomach undigested, poisoning the blood; frequent headache ensues; a feeling of lassitude, despondency and nervousness indicate how the whole system is deranged. **Simmons' Liver Regulator** has been the means of restoring more people to health and happiness by giving them a healthy liver than any agency known on earth. It acts with extraordinary power and efficacy. NEVER BEEN DISAPPOINTED.

As a general family remedy for Dyspepsia, Torpid Liver, Constipation, etc., I hardly ever met anything else, and have never been disappointed in the effect produced; it seems to be almost a perfect cure for all diseases of the stomach and bowels.
