

EDUCATIONAL

WEBER STAKE ACADEMY.

On Wednesday morning the students of the Weber Stake Academy, under the leadership of their principal, Mr. McKay, were engaged in a most interesting and profitable session. The students were given a thorough review of the material covered during the past week, and were also given a practical application of the same. The session was held in the gymnasium, and was attended by a large number of the students and their parents.

The session was held in the gymnasium, and was attended by a large number of the students and their parents. The students were given a thorough review of the material covered during the past week, and were also given a practical application of the same.

EDUCATIONAL

to the engagement of a handmaster for the academy. This will be good news to the school. Such a movement is an imperative necessity. We are in need of good material and a month or two of good drilling should place our band where it belongs, on a par with our choir, which is already second only to the Tabernacle choir, in the state.

Among the most unique social entertainments of the winter, the evening was the reception given to the class of '95 by Miss Martin Holman. The decorations were in keeping with the occasion, and at each table was the following menu, furnished on a paper heart: Beef extract, Crotons.

Love's Attitude.

L. D. S. UNIVERSITY.

Miss Pearl Vincent, one of our commercial students, has been placed in Z. C. M. J. drug department as book-keeper.

On account of the holiday to be given next Wednesday, the students' society will give a grand ball on Tuesday evening Feb. 21—Jennie Pasquet.

Joseph S. Christensen, a second year student in the commercial department, has received a communication from D. B. B. requesting his services in the Hawaiian mission.

Chas. Young, of the Lafayette school, sang two beautiful solos, in vocal on Tuesday. They were "Bethlehem" and "A Little Boy in Blue." The youthful artist's music was appreciated by every one present.—Sara M. Jensen.

A basket ball game was played last Wednesday in the gymnasium between the second years and the commercial students. The game was a close one, the score being 30 to 25 in their favor.—Maud Neely.

The L. D. S. basketball girls have received a challenge to play the University team. The game is to be played in the near future. A number of the University girls were visiting the school Tuesday.—Ira Ashton.

Last Sunday Prof. Mills and several of his students visited Wilford ward. Those who took part in the meeting were: Corneil James, Claudia Holt, Raphael Olsen, James H. Thomas and Mary Grant. Next Sunday night they will visit the Fifteenth ward.

Last Wednesday afternoon, the fourth year normals and the "training school" visited the weather bureau. The object of their visit was to find out how the weather bureau works. The students were given a thorough review of the material covered during the past week, and were also given a practical application of the same.

The Academy, hand accompanied by several of its students, rode over the city on Wednesday for the purpose of advertising Mr. Armstrong's lecture.

The lecture game of basketball played in the Third ward for the training of Sunday school teachers. The game was a close one, the score being 30 to 25 in their favor.—Maud Neely.

Mr. McKay is devoting a great deal of time to the study of the Book of Mormon. His effort is being rewarded by a great enthusiasm for the work shown by his class in that subject. Members of the class have been looking for a new book about the work of the Book of Mormon.

We have some new students entering each week now; of them are returning to complete work that they were obliged to abandon about this time last year.

Every available corner of the building is being used for class work. It is arranged for more than twenty classes in some of the classes. A new building is an absolute necessity.

Principal McKay and Prof. Thos. L. McKay and McKendrick accompanied to basketball team to Provo, where they played their first game with the D. Y. U. boys tonight. The principal and Prof. McKendrick will visit the University on Monday, and be with the class in the morning.

The principal is taking steps looking COMES OF LONG LIVED RACE.

Upper Sandusky, Ohio, enjoys the honor of being the home of a man who was born when his father was ninety-two and who hopes to outlive all his children. He is George Walkin, who is now sixty-seven and has never been ill a day in his life. The family Bible shows that Mr. Walkin's father lived to be 127 and his grandfather 139 years old. Mr. Walkin puts in a hard day's work on his farm every day.

AGRICULTURAL COLLEGE.

Logan.—At the last regular meeting of the Commercial club, Mr. Frank Thatcher of the firm of Thatcher and Hansen, gave a talk on "Holland and the Dutch People." Mr. Thatcher has spent many years in Holland and his remarks were much enjoyed by the members of the club. At this week's meeting a debate took place, Miss Paragon and Miss Deschamps maintaining that women should receive the same wages as men for the same work, while Mr. Wallace and Mr. Hansen most ungraciously tried to prove the contrary to them and the club.

Prof. Robinson on Thursday evening addressed the Y. M. M. I. A. of the First ward, talking to them of oriental customs and dwelling at length on the sad lot of women in the far east. He will repeat the lecture next Thursday in the Fourth ward.

Prof. Robert Northrop, the new director of the department of horticulture, made his debut in chapel on Tuesday morning giving a scientific and literary talk about the rose.

Prof. Studdard of the art department has been granted leave of absence owing to illness and has left for New York. During his absence his classes will be taken by Miss Savage of Salt Lake City.

Dr. Whitson, Prof. Merrill and Prof. Northrop went Thursday to Brigham City to make plans for continuing the series of horticultural experiments begun last summer.

Representatives Lyman and Peterson, Prof. Levi Young of the State University and Mr. Bowen of the Brigham Young college were visitors at chapel last Saturday and addressed the students.

The domestic science department has found a new branch of activity and has established a daily students' lunch at which students may purchase ice cream, cakes and chocolate.

With the help of Mr. John Crockett, Prof. Clark is conducting a series of experiments will soon be given to the public in the form of a station bulletin on butter and cheese making.

Last Saturday a team of students in agriculture defeated a team of engineers in a game of basketball to the score of 20 to 14. Mr. Coburn was umpire and Prof. Campbell was referee.

On Monday evening the Rev. E. S. Goshen gave a lecture on Voltaire in the college chapel before a large number of students and townspeople. The lecture was introduced by Prof. Robinson and then proceeded to take Voltaire's life and work as the text for an invective against bigotry and narrow-mindedness. This same subject has often been treated before Utah audiences by Judge William King, and it was interesting to see how closely the two men followed the same line of thought, breaking away from the conventional idea of Voltaire and exhibiting him as the apostle of free thought and independent action. Mr. Goshen's address was given in his intense, dramatic manner and was much enjoyed and appreciated by his audience.

Professor Ball's talk in the Seventh ward last Sunday was the subject of an interesting article in the Logan Republican. Prof. Ball won much favor and appreciation by declaring himself desirous of getting all the farmers of the valley to co-operate in making Cache valley famous throughout the country for its distinctive agricultural products.

BRIGHAM YOUNG UNIVERSITY.

Provo, Feb. 15.—The president was in Salt Lake last Saturday attending a meeting of the Church board of examinations.

Members of the executive committee visited the institution Thursday. They decided on the immediate improvement of the exits from the buildings.

There was a noticeable evidence of teachers and students at the recent M. I. conference held in this city.

Literary, Rialto, and Speech Improvement, some of the leading auxiliary organizations of the institution are being reorganized with this beginning of this semester.

The Rialto has arranged a system of debates between the various departments of the university, to be held between now and the middle of April. The chief object of these debates is to get the best material in the institution for our inter-collegiate debate in the spring.

Mrs. Baker will deliver two readings in College hall, Saturday afternoon and Saturday evening. They will be Tennyson's "Idylls of the King" and "Paradise Lost"—Wagon.

A large crowd of eager spectators witnessed the basketball game between the B. Y. C. of Logan and the B. Y. U. teams last Saturday evening in the gymnasium.

The fact that this game would be the telling one of the league made the interest more intense. In spite of the fact that Richards, one of our main players, was laid up from a recent operation for appendicitis, and that one of the other players got out of business during the first half, the B. Y. U. boys carried off the victory with a score of 18-12. There will be a game played between the W. S. A. from Ogden and our boys the coming Saturday.

Miss Alice Reynolds gave the literary society a pleasant evening with Stephen Phillips at its last session.

BRIGHAM YOUNG COLLEGE.

Logan, Feb. 17.—The one important athletic event at the college this week was the fencing contest between Prof. Wright, a member of the faculty, and Prof. Albert Bartlett of Salt Lake, which took place Tuesday evening. Prof. Wright again made it plain that he is the champion of the state. The contest was a clean and skillful exhibition of the fencing art, and was thoroughly enjoyed by an audience of 200 people. The result was a decided victory for Prof. Wright, the official score being 21 to 14.

A second event of much interest locally was the contest between Prof. L. M. Christol, late of Paris, and now an instructor of fencing at the Agricultural college, and Mr. D. K. Allen of Logan, the latter a pupil of Prof. Wright. Mr. Christol made a very poor showing against his clever opponent, and at the end of the second bout the contest was closed, with a score of 10 to 0 in favor of Mr. Allen, who was master of the situation from the start.

A game of basketball between the

two college teams added interest to the evening's entertainment.

The college basketball team is in good shape for the game with the L. D. S. university Saturday evening.

The students of the Benson stake enjoyed a social in the college Wednesday evening.

On Monday Mayor Robinson and Miss Lydia Holmgren of the Agricultural college visited the college and spoke to the students in the devotional exercises. They were afterwards guests of Mrs. Homer at a dinner served in the domestic science department.

Prof. Wolfe delivered a lecture at Millville last Sunday evening.

President Linford returned Sunday morning from Bear Lake, where, on Friday evening, he took the students of the geology department to the geology department. He visited the school on Friday, and on Saturday went to Montpelier, where he met the county teachers, taking part in their institute work in the afternoon and in the evening delivering his lecture before them.

On Thursday a Natural History society, consisting of members of the faculty and advanced students, was organized for the purpose of, out of study of natural sciences. Recreation as well as education will be the aim of the society, and rambles in fields and woods will be arranged for the spring months.

The opening session of the conference of the Y. M. and Y. L. M. I. associations were held in the college last Sunday morning. On Monday evening a special officers' meeting of the Young Ladies' association was held in the assembly room. Mrs. Sara Young Gates and Mrs. Minnie J. Snow were present, and the meeting was very instructive and inspiring.

The college athletes are preparing to enter the lists as contestants in the track sports this year, and we expect them to be heard from when the meet is held.

The opera company is doing earnest and effective work on the opera "Hilae Taylor," which is to be presented Monday night. It is a popular one, in comic vein, full of good music, life and merit, and the work already being done gives promise of a splendid entertainment.

UNIVERSITY OF UTAH.

Mrs. Bertha Kunz Baker delivered an address before the students at the general assembly on Wednesday. She emphasized the cultivation of the imagination and its application in practical life. At the close of her remarks she favored the students with two readings, Mrs. Baker created a hearty enthusiasm and was given a hearty applause. The meeting was presided over by Prof. Maud May Babcock.

The department of botany has just received from M. Dode of Paris, France, two packages containing specimens of European species of willows and poplars.

Dr. Talmage's class in advanced mineralogy began its laboratory work Monday. There are now 50 students in the class, and nearly all are sophomore mining engineers.

Next Tuesday evening, the eve of Washington's birthday, the University athletic council will give a grand colonial ball and old-time dance in the museum building, and will occupy all the rooms. Prominent members of the faculty and students will appear in colonial costumes. Booths will be erected in the different class rooms by the various fraternities, societies and class organizations of the students.

The "Alpha Psi" will have a circus in the gym room; the A. F. fraternity will conduct a moot court and investigate the "County frauds"; the other fraternities will tell fortunes in their booths; the college women will sell cider and colonial candy. The invitations are printed on light brown colonial paper and sealed with wax. They run as follows:

"Ye Men and Maidens of ye University of Utah request your presence at ye Grande Colonial Ball and Countee Fair, to be given in ye Universitee Assembly Hall on ye Night of February 18, in honor of the Champions of Nineteen Hundred and Four. Music, Dancing, Funnel Shows, ye Things to Eat and Drink. Tickets at ye Door, One Dollar for Two. Ye Costumes are Optional."

Mr. E. T. Cannon has been appointed by Congressman Howell to fill one of the two vacancies for Utah in the U. S. naval academy at Annapolis. Mr. Cannon is a sophomore engineer in the school of mines.

The '05 normals gave a luncheon in the kindergarten rooms of the Normal building on Thursday. Covers were laid for 75.

Last night the sophomores gave a grand "valentine cotillion" in the Varsity assembly hall.

Yesterday the college students in the departments of arts and science met and appointed the following committee to draft a constitution for an organization: Percy Goddard, Will Dunn, Henry Soule, Lyla Knudson and Virginia Bush. There are now 140 art and science college students in the University.

SALT LAKE CITY SCHOOLS.

The department work conducted by Miss Pollock was visited by the principals in body last Wednesday afternoon.

Principal Farratt of the Fremont has vacated his position to his successor, Mr. D. P. Coombs, who, in turn, has been succeeded in the principalship of the Utah high school by former County Superintendent Ashton. Mr. Farratt, now supervisor of drawing, was feted by his corps of the Fremont at the Kenyon, on his retiring from the principalship.
