

COAL AND OTHER MATTERS.

THEATRICAL.—"Green Bushes" was presented last evening to a large and appreciative audience. The parts throughout were well rendered. Miss Western, as Miami, bringing down the house with her excellent personation of the brave Indian huntress. To-night, Mr. Horne will appear again as Rip Van Winkle, his great specialty. If our Conference visitors wished to see a bit of splendid acting, and at the same time make themselves sore with laughter, we recommend this evening's performance to their patronage.

ITEMS GROUND ON A COFFEE MILL.

The end of the world is not yet, this will be gratifying news to delinquent subscribers and give them a small margin of time in which to settle up. The weather is delightful. Not a word of our friends are in for Conference, those whom we owe have seen, those who owe us are invited to all and examine some new smilies recently adopted by our coadjutors. Stock is doing well over Jordan. A domesticated yearling doe was noticed walking up East Temple street to-day, reading the signs and sipping the acquaintance of the whites. The city enjoys the society of quite a number of Lamias who are just now beginning to appear. Theatrical tickets, they admit, "holding the mirror up to nature," and think Shakespeare was "big medicine," and might have been an ornament even among the Shoshone. Truth is mighty and will prevail. Also plenty of teams in the wood yard. Beef very high. Levi Garrett gets the English mission by an overwhelming majority in the New Tabernacle. Brother Charles Moore and the balance of the machinery of the new organ approaching completion and favorably spoken of. The Editor of the St. George Cactus stepped on our great toe yesterday. The junction of the Pacific Railroad is definitely agreed upon at last; it will be in the vicinity of some place, or near by it, either a little this side or a little the other side. Utah will not be admitted into the Union, as a State, until after conference. Butter has finally got down to \$1.20 per pound and the cows still have four "tits". Only ninety white headed children born in Utah last year. The report that Doctor Clinton is afflicted with a contagious disease called "Quarantine" is not true.

FROM PAYSON.—Brother George Patton, Payson, called on us this morning and reports agricultural matters in that thriving settlement in a flourishing condition. Planting and sowing is nearly over for this year, with indications of plenty of grass-hoppers, which don't prevent the people from sowing extensively, believing as they do, that the future will reveal some mode of controlling the "hoppers."

PLENTY.—Yesterday, the hay market was in a thriving condition judging from the quantity on hand. People owning cows in the business parts of the city, that are poor (the cows) and hungry for hay, should know that the wood yard is full of the article. The little boys could drive the cows around there mornings, where, during the day, they could fill themselves at the expense of the seller, as it is almost impossible for the owners to herd the animals away and find grass at the same time. The brethren will have to exercise a reasonable amount of wisdom and caution in the management of this affair, but the profits will amply repay the mental investment. Our Local says pro batem eat, which being translated signifies he has proved it.

POLICE.—William Jarman was arrested and tried yesterday for disturbing the peace and threatening the life of his wife, Mrs. Jarman. The Judge fined him \$25 for the offence and an additional \$5 for contempt of court.

REMEMBER Mrs. St. Clair's lecture, to-night, at the 13th Ward Assembly Rooms; subject *Maiden—Wife—Mother*.

DIED.—In child bed, in this city, April 6th, 1899, Mary Ann, wife of Isaac Wardle, and daughter of Wm. and Sarah Ann Ashton, aged 20 years.  
Full Star please copy.

THE NATIONAL WATCH COMPANY.—A few days ago we were favored with a visit from T. M. Rockwell Esq., the agent of the National Watch Company of Elgin, Illinois. Amongst other numerous specimens of the workmanship of this Company, we showed us a watch that almost made us doubt the words of that wise one of old who said there was nothing new under the sun. The case of this unique piece of mechanism instead of being of gold, silver, or pinhead brass, was of shining plate glass, carefully fitted, thus rendering the watch water tight and impervious to dust. Every portion of the watch was of the finest workmanship and finish, a sample of the perfection to which American manufacture can be brought, with care, skill and perseverance.

Mr. Rockwell is here to "talk watch" and by so doing lay the foundation for an extensive connection amongst the rising States and Territories of the Great West.

NEW PERIODICALS.—Mr. James Dwyer, of the Railway News Depot, in this city, has laid upon our table a batch of the latest periodicals from the East, including *Harper's Bazar*, *Candy & Whitehead's Popular Music*, *Atlantic Monthly*, *Every Month*, *Heart and Home*, *Cassell's Magazine*, *Outward*, *The Herald of Health*, and other serials, all popular and of acknowledged excellence. The public can obtain these serials and a great variety of other useful reading matter, and in fact, any book or paper at the establishment of friend James, who supplies them promptly and at the lowest market rates.

DIED.—On the 26th ult., at the residence of James Huntman, after a sickness of sixteen days, Levi Huntman, son of Peter and Catherine Huntman. Deceased was born in the State of Indiana, September 9th, 1864. When dying he said, "My dear mother and my folks in the East, I know the gospel that is taught by this people is true, and I want them to prepare themselves to follow me." He was beloved and respected by all who knew him, and died with the hope of a glorious resurrection. He leaves two children and numerous friends to mourn his loss. [Com.]

ARRIVALS AND DEPARTURES BY STAGE

From the East.—C. A. Kersey, P. Kersey, M. Finley, Geo. W. Snyder, J. R. Liles, B. F. Snyder, D. O. Calder, A. Miner, J. M. Ransom.  
From the West.—W. O. Clark, Jas. Hillman, Augustus Roberts.  
From the North.—Fred White, Miss T. Smith, J. H. Giles.  
To the East.—Geo. Lorigan, Dick McElbey, O. H. Elliott, J. B. Barney, J. N. Trickey, Mrs. S. P. Smith, J. Chapin, Van Doorn.  
To the West.—J. R. Liles, J. P. Burnett.  
To the North.—E. B. Ryan, Martin Carroll, H. D. Martin.

DIED.—On the 31st ult., at his residence in Madison, Sanpete county, Archibald Anderson, son, in the 64th year of his age. Deceased was born in Eastwood parish, Renfrenshire, Scotland, September 24th, 1835. In early life he was a strenuous advocate of the rights of the working classes. He embraced the gospel in 1847, proclaimed its principles for eight years in his native land, emigrating to this country in 1856. He was ordained as High Priest by Bishop Reuben Miller, June 1st, 1856, and at the time of his death presided over that quorum in Fairview. He has ever been on the watch tower, full of faith and integrity, and hundreds have rejoiced through his faith in administering the healing benedictions of the house of God. Before his death he charged his wife and sons to keep their covenants, and prophesied what should befall them if they were faithful. [Com.]

PLEASANT GROVE.—Yesterday Sister Susanah Neff, the treasurer of the Pleasant Grove Female Relief Society, cheered our eyes with the sight of specimens of their home-made straw goods. A very neat bonnet, with beautiful straw trimmings, all of native material, and made by the lady and skillful fingers of the ladies of that society. Surely such works speak volumes for the future of Israel, and will redound with blessings on the heads of our sisters who have so nobly stepped forward to help President Young and the priesthood make Zion independent and self-sustaining. We are glad to hear that the Relief Society in Pleasant Grove was very prosperous, the members, in their labor of love, had done much good; had worked up a large amount of material, and had helped the Co-operative Institution by taking shareholders therein. Success attend all their efforts.

MOUNT PLEASANT.—Brother Edward Cliff, writing from Mt. Pleasant, Sanpete, on the 31st ult., says that two evenings previous a very successful concert was given in that city, under the direction of bro. George Farnsworth, for the benefit of bro. Wm. Paxson, who, through long continued sickness, is unable to provide for his family. The concert, artistically, and its results financially, were of the most gratifying character and all that could be desired. Spring work is in full operation in that section, and much more land is expected, will be planted this season than heretofore. The Co-operative store is proving a success; the Female Relief Society is doing a good work. The necessity of becoming self-sustaining is fully appreciated by the people, and our correspondent thinks, from the measures now being adopted, the people of Sanpete county will not be under the necessity of going to other counties for things they have hitherto imported. The cause of education is progressing in the settlement, nearly four hundred children having attended school during the past winter.

SANTAQUIN.—Bishop D. H. Holladay, of Santaquin, called in yesterday. We were glad to learn from him that the health of the people of Santaquin generally is good. They are busily engaged putting in grain. They are going to fence in a farm of two thousand acres. No signs of grasshoppers in that locality. Co-operation is going ahead; they have opened a store, with every prospect of success, the people taking hold of the matter very spiritingly. A building committee has been appointed to build a store house during the present season. They have already commenced. It is to be 25 by 18, a story and a half high, with cellar underneath.
