WOULD BOOM JUNCTION CITY.

Real Estate Men's Association To Advertise Ogden—Oppose Street Railway Franchise.

BUSINESS IN DISTRICT COURT.

Wedding of Miss Drucilla Coy and Ora Foy—Furniture War—Dr. Green's Lecture.

OGDEN, MARCH 22.—The Ogden Real Estate Men's association held its regular semi-monthly meeting yesterday afternoon at the Weber club. One matter which called forth considerable discussion was the application of the local street car company presented to the city council for the granting of a 50-cent franchise. A majority of the members of the association oppose the granting of the franchise without the placing of further restrictions on the same, believing that the city should receive in consideration of the granting of such a franchise certain dividends or pay from the corporation. That the interests of the city as understood by the members is properly looked after, a committee composed of Messrs. Wedell, Brummitt, Kennedy, Robinson and McGuire was appointed to consult with the city council on the proposition.

The members were not giving Ogden as much push as they should, and decided to extend to the representatives of the press an invitation to attend the next meeting to be held Wednesday, April 4, so that the newspaper men can get an idea of what the association has in view, and to boost Ogden to the front through the columns of the newspapers. The association is getting out 200,000 circulars descriptive of Ogden and its advantages, which will be circulated in the east.

DISTRICT COURT BUSINESS.

McKannon Brothers Lose Suit—Mrs. Belnap Wants New Trial.

Ogden, March 22.—McKannon Brothers Music company of Denver lost its suit against George C. Patch, the jury last evening, after being out for two hours returned into court with the verdict, "No cause of action," and the costs of the suit will be charged up to the plaintiff. The jury evidently believed the testimony of the defendant that when he signed the note for the piano no mention of interest was made in the bill.

In the case of Sarah J. Belnap against James G. Widdison et al, which was decided against the plaintiff, a motion for a new trial has been filed by Mrs. Belnap, who alleges misconduct of jury in admitting evidence to warrant the verdict rendered.

Samuel Fletcher et al have filed a demurrer to the complaint of the Oregon Short Line, which is seeking to condemn certain land along the line of the Short Line cut-off.

POPULAR YOUNG PEOPLE WED.

Miss Coy is now Mrs. Foy, but that change was not made without difficulty. Shortly after noon yesterday, Miss Drucilla Coy, a blushing young maiden of 20 summers of Plain City, appeared at the county clerk's office, on the arm of Ora Foy of Slaterville. County Clerk Mattson was requested by the young gentleman to issue a marriage license, which he proceeded to do, but when the young man gave his age as 20 the genial county clerk stopped and informed them that the consent of the young man's parents must be had before he could grant the license. The young lady appeared to be the spokesman and explained that the minister was to perform the ceremony at 1 o'clock, and that they were to have a wedding supper at 5 p. m., but their pleadings were useless. They had to drive out to Slaterville, a distance of

Advertisements for the Daily, Saturday and Semi-Weekly News accepted on the same terms as at the Salt Lake office.

Circulator, John J. McGregor, 236 Wash. Ave. Ind. Tel. 121. Office with Lambert Paper Co.

Payments for the Daily, Saturday and Semi-Weekly News should be made to the circulator. Delivery made carrier on the same terms as in Salt Lake.

secretary of agriculture, during which the matter of the prohibitive quarantine against Utah and Nevada sheep going into Idaho for the summer range was discussed.

The sheepmen affected are now preparing to drive their sheep into Idaho and to the summer range near Soda Springs. It is a ten days' drive from Tecumseh to the Idaho line. The authority of the secretary of agriculture is regarded as final, and if resistance is offered an appeal will be taken to the courts.

There is going to be a hard fight waged by the Utah and Nevada sheepmen against the prohibitive quarantine, that has been imposed by Gov. Frank Gooding of Idaho. Over 400,000 head of sheep are represented on the southern side of the line which must have summer range in Idaho. It is the purpose of the stockmen to drive their sheep over the summer trail to Soda Springs and the Idaho people have not yet announced what resistance they will offer.

Tonight 30 stockmen met in the offices of Magnus and Corn and decided to institute suit against G. E. Noble, state sheep inspector of Idaho, if any resistance is offered to the entry of Utah and Nevada sheep. In view of the fact that the department of agriculture has declared that no sheep can be introduced into Idaho unless a license is obtained from the public range in Idaho.

While he was in Washington, Dr. Rowe secured the acceptance of his resignation as federal sheep inspector.

BRIEFS AND PERSONALS.

The police are of the opinion that the store of Butch Moulding, which was burglarized Tuesday night, was entered by a boy, judging from the footprints found in the mud outside the broken window, but they have no clue as to his identity.

David W. Tribe and son William D. Tribe have returned from a trip through California and Arizona, which they greatly enjoyed. They visited with relatives in Arizona.

Miss Olga Wehrndt gives her song recital tonight at the Congregational church.

A meeting of the Ogden Humane society will be held tonight at the Presbyterian church to discuss the organization and transact other business of importance. The public is invited to attend.

Oscar McKinnon will serve five days on the rock pile for stealing a hat. Joseph Bauser has sufficiently recovered from his recent illness to be able to go out again.

CANNOT EXCLUDE UTAH SHEEP.

If Free From Disease, Idaho Public Domain Is Open to All Muttons.

Ogden, March 22.—Secretary Wilson of the United States department of agriculture, states that sheep free from disease cannot be excluded from grazing in Idaho or any other section of the public domain, despite the proclamation of any governor. This is the good news brought to the sheepmen of this state by Rudolph Kuchler and Dr. H. M. Rowe, the latter formerly federal sheep inspector for this region, who returned from Washington yesterday morning after a conference with the

FUNERAL OF JOHN C. GRAHAM.

Eulogies by Pres. Joseph F. Smith And Others—Other Funerals.

Special Correspondence. Provo, March 22.—Many relatives and friends from this city and elsewhere in the county and state attended the funeral services over the remains of John C. Graham, held in the stake Tabernacle yesterday. The speakers' stand was draped in white and tastefully decorated with plants and cut and potted flowers. Those seated on the stand were President Joseph F. Smith, Patriarch John Smith, President Seymour B. Young, Elder M. C. McAllister and Phil Margetts, President David John and Counselor Joseph B. Keeler of the stake presidency. The quorum of Seventy, of which the deceased

was a member in his life time, and local church authorities, Bishop Ralph Poulton of the Sixth ward conducted the services.

The following speakers addressed the congregation, congratulating some of the noble characteristics of the deceased, his ability, earnestness, kindness, consideration of employees, etc. Elder Duncan M. McAllister, James C. Smith, Phil Margetts, President Joseph F. Smith and President Seymour B. Young, Elder McAllister brought regrets for Hon. John C. Graham, and President Smith from Elder David McKenzie, old theatrical associates of the deceased, who were unable to attend the services.

President Smith spoke of his acquaintance with the deceased, who had begun in the early sixties in the Liverpool office. He had then admired the ability of the deceased, his cheerfulness and willingness to perform every duty devolving upon him. Again on a later mission President Smith had renewed the acquaintance, and had become more appreciative of the gifts that had been bestowed on Elder Graham by the Giver of all good. Since that time he had admired Elder Graham as being a man of integrity in addition to being a man of ability and energy.

President Smith read from the Gospel of St. John the description of the resurrection of the Savior, the appearance of St. Luke the appearance of the Savior to the two disciples who journeyed to Emmaus. Here was portrayed in its true character the resurrection of Christ, and as He was resurrected so would every soul who had descended from Adam be resurrected or changed. Christ had shown the way, and had passed through that which would have to pass through, to become associated with Him. It was a source of happiness to President Smith to know that some time he again would have the pleasure of meeting his friend John C. Graham. Not some one else, or in some other form, but as he had known him here, in a state where they would not see corruption. President Smith spoke further of the purpose of the Lord in sending His children to the earth, that they might become like God and joint heirs with Jesus Christ. This was a great consolation in the hour of bereavement, and these principles, which assured us that we should again come forth, were something worth living for; and nothing but sin could deprive God's children of these blessings. He closed by exhorting the family to follow the example of Elder Graham in his integrity to the Gospel. The choir sang appropriate selections and solos were beautifully rendered by Miss Eva Ward and Miss Florence Johnson. Invocation was offered by Elder Joseph B. Keeler, and the benediction was pronounced by Elder John E. Booth.

A large cortege followed the remains to the cemetery, where the grave was dedicated by Elder Wm. D. Roberts. The pallbearers were Wm. D. Roberts, A. F. Ablander, Joseph P. Giles, William J. Startup and Daniel H. Thomas, students and Albert S. Jones, clerk of the Thirty-fourth quorum of Seventy, of which Elder Graham was also one of the presidents in his life time.

COMMERCIAL CLUB MEETING.

The following business was transacted by the Provo Commercial club at its meeting last evening:

Fifty dollars was appropriated to the "See America First" league.

The committee on horse show reported all arrangements being under way for the event, to be given April 13, and the committee on railroads was in-

IN A CLASS ALL BY THEMSELVES.

Whoever may be said or written for or against so-called patent medicines, there is this to be truthfully said of Dr. Pierce's medicines that applies to no other medicines put up for sale through druggists. They are entitled to a place all by themselves because they are neither patent nor secret medicines—all their ingredients being openly printed in plain English on their bottle wrappers. Then again they are entitled to a place all by themselves because they contain not a drop of alcohol in their composition, or make up.

Send your address to Dr. R. V. Pierce, at Buffalo, N. Y., with a request for a free booklet, compiled by him from standard medical works and you will learn on reading it that the leading medical writers and teachers of all the several schools of practice endorse and recommend, in the strongest terms possible, each and every ingredient entering into the composition of Dr. Pierce's Golden Medical Discovery, root, all of weak stomach, dyspepsia, catarrh of stomach, "liver complaint," torpid liver, or biliousness, chronic bowel affections, and all catarrhal diseases of whatever region, name or nature. It is also a specific remedy for all such chronic or long standing cases of catarrhal affections, and its results are as complete as throat and lung diseases (except consumption) accompanied with severe coughs. It is not so good for acute colds and coughs, but for lingering or chronic cases it is especially efficacious in producing perfect cures. It contains Black Cherry bark, Mandrake root, Queen's-wort, Stone root, Prof. Harlow, of the Univ. of Pa.; Prof. Finley Ellingwood, M. D., of Benning Medical College, Chicago; Prof. John King, M. D., late of Cincinnati; Prof. John M. Souder, M. D., late of Cincinnati; Prof. Edwin M. Hale, M. D., of Hahnemann Medical College, Chicago, and scores of others equally eminent in their several schools of practice.

The "Golden Medical Discovery" is the only medicine put up for sale through druggists for like purposes, that has any such professional endorsement—worth more than any number of ordinary testimonials. Open publicity of its formula on the bottle wrapper is the best possible guaranty of its merits. A glance at this published formula will show that "Golden Medical Discovery" contains no poisons, harsh or habit-forming agents and no alcohol—chemically pure, triple-refined glycerine being used instead. Glycerine is entirely unobjectionable and besides is a most useful ingredient in the cure of all stomach as well as bronchial, throat and lung affections. There is the highest medical authority for its use in such cases. The "Discovery" is a concentrated glyceric extract of native, medicinal roots and is safe and reliable. Eminent doctors also praise the ingredients entering into Dr. Pierce's Favorite Prescription.

Dr. John Fyfe one of the Editorial Staff of THE ELECTRIC MEDICAL REVIEW says of "Golden Medical Discovery" which is one of the chief ingredients of the "Favorite Prescription": "A remedy which invariably acts as a urine invigorator is the best possible guaranty of its merits. A glance at this published formula will show that 'Golden Medical Discovery' contains no poisons, harsh or habit-forming agents and no alcohol—chemically pure, triple-refined glycerine being used instead. DR. GREEN'S LECTURE.

Dr. Thomas E. Green of Chicago lectured Tuesday in College hall on "The Key to the Twentieth Century." He portrayed graphically the great progress made by the United States in invention and commerce during the nineteenth century, and foreshadowed the great influence the nation would have on the world through the present century, having become a world power in fulfillment of her destiny. While Dr. Green was very optimistic he pointed out the danger to the nation as to men of the future, and the necessity of the state to protect the nation from the influence of the Saviour, that "Whitewash" character to greed, and to do so, you do also with them," was laid down as the safe rule of conduct for nations as for individuals.
