PRICE OF GOLD.

Corrected Daily by BANK OF DESERET.
SALT LAKE CITY, October 18, 1871.
Buying at $1.11; Selling at $1.14.

WEATHER ITEM.—The highest point reached by the thermometer to-day was 66.

LOCAL AND OTHER MATTERS.

THEATRE.—The fine romantic play, the Foundling of the Forest," and the fun creating sketch, "Our Gal," constitute the bill of fare for to-night. The first is a play of considerable merit, and has not been presented here for a number of years It should draw well.

BENEFIT.—The favorite actress, Miss A. Adams, takes a benefit on Friday night. She is an artiste of talent, and should be encouraged. An excellent bill is in preparation for the occasion. Give her a bumper house.

THE MEMBERS OF THE HIGH COUNCIL are requested to meet at the City Hall tomorrow morning at Ten o'clock.

DISTRICT COURT.—This morning the case of The People *vs.* Thomas Copley was called up. The defendant was charged with assault with intent to commit bodily injury. He, by advice of his counsel, plead guilty, and was fined $100, to stand committed until the fine was paid.

The Hawkins case was the next on the docket, and the task of forming a jury for its trial was commenced. Only five of the regular panel being present the court ordered the deputy marshal to summon thirty talesman. A number of these were soon in attendance and twelve men answered to their names and were sworn on their *voir dire*. The counsel for defendant objected to proceeding further in the formation of the jury until the regular panel had been exhausted. The court give an order for the absent jurymen to be summoned, and took a recess until 2 o'clock, to have the order executed.

FIRE. — About one o'clock yesterday morning a fire broke out in the pig-pen and other outhouses of Jacob Peart, Fourteenth Ward, which, through the exertions of Captain Zabriskie, Mr. William Calder and other citizens, was extinguished before it reached the barn and the dwelling houses in close proximity. Had not this fire been extinguished in its incipiency it might have resulted very disastrously, as it occurred in a rather thickly populated locality. It is supposed to have originated from some ashes which had been carelessly thrown out near the outhouses.

We reiterate our oft repeated warning to our citizens to take every possible precaution against the breaking out of fire from any cause. Mr. Henry Heath has been employed for sometime past, by the merchants on East Temple Street, from the Eagle Emporium to Walker Bro's, as night watchman, and, while engaged in that capacity, has several times prevented what might have grown into great conflagrations from the bursting of lamps, careless throwing out of hot ashes, &c.

THERE ARE MESSAGES at the Deseret Telegraph Office for J. Wentz Wilson, E. Dial, Catharine Wiseman, James Nixon, S. P. Leeds and H. H. Moore.

HOW THEY DO IN WASHINGTON.—Don't read the account, on our fourth page, of how some things are done in Washington. It is very interesting reading at this particular juncture, when such a wonderful effort is being made by certain parties to force Utah over to the same social status as described in the article alluded to. Now don't read it. It will be worse than asafœtida for the crusaders to take.

WALNUTS.—Brother Charles Lambert, of the Seventh Ward, brought some excellent walnuts to our office yesterday, some of them as large as any we have yet seen, and of rich flavor, being what is called the butternut. Besides making a very handsome shade, the trees grow very rapidly and bear well. He purposes raising large quantities of them, and has now on hand about 1,000 young trees.

By Deseret Telegraph.

District Court in Provo.

PROVO, 17.—The First District Court met at 10 a.m.

The names of the grand and petit jurors, held over from March, were called; all answered but two or three, and were dismissed till to-morrow at 9 a.m., at which time they will be dismissed for two weeks.

Some twenty aliens were naturalized, after being questioned as to whether they were living in the practice of polygamy.

The Court adjourned till 9 a.m. to-morrow.

MORE MILITARY.—Over one hundred recruits for the 13th regiment, now at the Camp Douglas post, arrived by last evening's train, from New York.

STUDEBAKER BRO'S. MANUFACTURING COMPANY.—We were shown some very fine buggies this morning, in the establishment of McKimmon, which were manufactured by the Studebaker Bro's. Manufacturing Company of South Bend, Indiana. They are beautifully finished, the workmanship is excellent and they have the appearance of being built for service in a climate as trying as Utah's. Among these is one style of buggies which has been brought to this country by Mr. Clement Studebaker, who is now here, and to which our attention was drawn this morning, that is excellently adapted for family purposes. It can be used as a double seat buggy, and the change can be effected in a few minutes and with very little trouble. The forward seat is comfortable and roomy, and by a very ingenious arrangement its supports can be folded up, so as to admit of the hind seat—to which the top is attached—being slid forward and fastened, by means of a lever, in the centre of the bed. When thus arranged, no person would suspect, unless he examined it closely, that it was anything but a fashionable and very elegant single-seated buggy—the forward seat is so nicely concealed by the sliding forward of the hind seat. Should it be necessary, the forward seat can also be arranged so that children may be seated in front with their backs to the dashboard. Altogether it is a very convenient and elegant equipage, and is likely, we think, to become very popular. Zion's Co-operative Mercantile Institution is A gent for the sale of these buggies. They are not kept in stock, but are manufactured to order.

THE SOUTH AFRICAN DIAMOND FIELDS.—Yesterday we alluded to a call by J. H. Riley, Esq., who makes a passing visit to our city, being on a short trip to California, whence he expects to return to Washington, D. C.

Mr. Riley has recently returned from a visit to the diamond fields of South Africa, which he considers exceedingly promising—and concerning which he is rather surprised that so little interest in England or the United States exists. He left New York for the diamond fields, Jan. 7, via. England, making the journey in eighty-six days, twenty-eight of which were by stage. The journey can now be made in from thirty-seven to forty days from New York, by Garrison's line from that city to Rio being the best way. The fields are about seven hundred and fifty miles from Cape Town, six hundred from Port Elizabeth, and five hundred and fifty from Natal. The best way overland is from Cape Town, whence there are a good road and good stages, time seven days. Mr. Riley left Cape Town July 8, when snow was falling at the fields. The climate is healthy and invigorating, being much like that of California. It is an old but thinly settled country, inhabited by Dutch boors and Caffres; is a fine grain country, and (Caffre) labor is cheap—three shillings a day, or two shillings and rations. 105 is the maximum temperature. Heavy thunder-storms are occasional. Board $5 per week. The district where the diamonds are found is about 200 by 300 miles, so far as known, lapping into the Transvaal Republic. There are about 20,000 people in the region, of whom about forty are Americans, half of them old Californians. Everywhere fine gold is found, but not in quantities to pay, like the diamond diggings. It is also a fine grain country.

Mr. Riley has specimens of the strata from both the dry and the wet diggings. He has also some interesting specimens of diamonds, beautiful onyx, moss agates, emeralds, etc. Besides these the region produces garnets, rubies, sapphires, opals, cornelians, and others not named. The soil is calcareous and ferruginous, of table land formation, much like Wyoming Territory, where also he is confident diamonds will be found. The diggings run from the surface to forty feet deep. Diamonds have been found there as large as 80 carats, worth $700,000. While there he saw no white people seeking work—all seemed to make the digging pay, some averaging $20 a day
