

## COUNCIL ADOPTS NEW RESOLUTION

That Concerning Refund of Special Tax Assessments Amended and Passed.

MAYOR'S VETOES SUSTAINED.

Move to Narrow South Temple Goes Over—Phone Company Must Pay For Poles.

The city council last night adopted Tuddenham's amended refund resolution which was changed by the author to comply with the suggestions made by Mayor Morris in his veto of the former resolution on that subject. The amended resolution suspends payments on all special tax assessments upon improvements which have not been commenced until April 1, 1906, and provides for a refund of such tax paid in on work not commenced until such time as the same shall become due to the city. The resolution follows in full:

### REFUND RESOLUTION.

Resolved, That in every case where an ordinance has been passed levying a special assessment for a sidewalk extension, or for a paving extension, or for any other work, the collection of the first payment of such assessment, if not already paid, be suspended until April 1, 1906, and subsequent installments be suspended on delinquency for a like period of time after the several dates stated for delinquency in such ordinance. Be it further

Resolved, That all payments made by abaters on any such extensions, upon their request, be refunded by the city treasurer to the persons paying the same or entitled thereto, until such time as said money shall become due to the city hereunder. Be it further

Resolved, That this resolution shall not apply to any extension upon which any work has been done, nor shall any act hereunder or any provision herein be held or construed to prejudice any right of the city under any of said ordinances, or to suspend the operation of any ordinance in any manner except as above set forth.

### VETOES SUSTAINED.

The votes of Mayor Morris to the amended ordinance increasing the salary of the land and water commissioner from \$1,200 to \$1,800 per annum, and of the food inspector from \$900 to \$1,200 per annum, were both sustained by the council. The vote on the first was 7 to 5 and on the latter it was 8 to 4.

The council filed the mayor's veto of the abatement of the sewer tax against the Phillips Congregational church property.

### BOND FUND BALANCE.

City Auditor Felt submitted an amended report of the water and sewer bond funds showing a balance unexpended in said funds of \$175,636.77. The report was filed and the auditor was authorized to transfer the bond premium money amounting to \$15,100 to the sewer bond fund.

### TO NARROW SOUTH TEMPLE.

Mayor Morris recommended that South Temple street from East Temple to State street be narrowed down to conform to the width of that street east of State street as suggested by Col. E. A. Wall, chairman of the board of public works. Upon motion of A. J. Davis, the matter was laid over until next year, as was also the protest against the change in the street submitted by George M. Cannon.

### GRADING ESTIMATES.

City Engineer Hiter sent to the council an estimate of the cost of grading, curbing and paving First street with macadam from A to J streets. The cost to the abutting property owners is estimated at \$3 per front foot, and the cost of the city's portion will be \$12.15. The cost of the watermain on that street will be \$3,500.

### CANAL STOCK ASSESSED.

A communication was received from City Auditor Felt stating that an assessment of \$1.25 per acre had been levied upon the stock of the East Jordan Canal company of which the city owns 1,600 shares. He asked that \$2,000, the amount of the city's assessment, be appropriated. The matter was referred to the city engineer.

### MUST PAY FOR POLES.

Mayor Morris called attention to the fact that the Utah Independent Telephone company had put up 1,600 poles in the city without paying the usual bonus of \$1 per pole for each permit as required by ordinance, and he suggested that the city take steps to collect the money and require the company to comply with the ordinance hereafter. The city attorney and committee on improvements will consider the matter.

### PAY BEFORE CHRISTMAS.

A resolution by Tuddenham and amended by Black was adopted authorizing the heads of the various departments of the city to issue time checks to their employees for time up to and including Sat. Dec. 23, so that they may have their additional pay before Christmas.

Black introduced a resolution instructing the officials of the city to render an itemized account of the money expended out of their contingent funds. The resolution was adopted.

### TO AUDIT CITY'S BOOKS.

The council adopted the Black resolution authorizing the employment of an expert accountant to audit the books of all the city departments and officials at a cost of not to exceed \$5,000. President Hewlett introduced a resolution appropriating \$100 to Officer

## Fifty Years the Standard DR. PRICES CREAM BAKING POWDER A Cream of Tartar Powder Made From Grapes No Alum

Charles Sperry for services rendered during the past two years as sergeant-at-arms of the city council. The resolution was adopted.

### RESIGNATION ACCEPTED.

The committee on police and prison reported that it had investigated the matter of the resignation of Police Officer Moroni Preece and recommended that the resignation be accepted. The report was adopted.

W. C. Ballinger was appointed by Chief of Police Lynch as special policeman at the Orpheum theater to serve without pay from the city. The appointment was confirmed.

### Millionaire's Poor Stomach.

The worn-out stomach of the over-fed millionaire is often paraded in the public prints as a horrible example of the evils attendant on the possession of great wealth. But millionaires are not the only ones who are afflicted with bad stomachs. The proportion is far greater among the toilers. Dyspepsia and indigestion are rampant among these people, and they suffer far worse tortures than the millionaire unless they avail themselves of a standard medicine like Green's August Flower, which has been a favorite household remedy for all stomach troubles for over thirty-five years. August Flower rouses the torpid liver, thus creating appetite and insuring perfect digestion. It tones and vitalizes the entire system and makes life worth living, no matter what your station. Trial bottles, 25c; regular size, 75c. At all druggists.

### FENCES OBJECTIONABLE.

Retard Business on Each Side of Buildings Being Erected.

W. G. Tuttle will bring up before the next meeting of the Real Estate association a feature in connection with the erection of buildings that obtain in other cities, and which he holds should be observed here. He will call attention to the building of fences across the sidewalks in front of buildings going up on the business streets, as directly the occasion of financial loss to the store keepers for a little distance above and below the fence. In other cities instead of a fence, a sort of tunnel is maintained in front of the structure being erected, so that passers-by are amply protected from falling brick or other building material, and at the same time the sidewalk is left entirely open for passage. But with the style of sidewalk fencing as at present observed in Salt Lake, whenever anything of this kind is done, hundreds of people who would prove customers for the merchants on either side, go elsewhere to trade on account of the fence nuisance.

Hollister's Rocky Mountain Tea is simply liquid electricity. It goes to every part of your body, bringing new blood, strength and new vigor. It makes you well and keeps you well. 35 cents. Ask your Druggist.

### MAN YELLED, THUG RAN.

Richard Lindsay Struck Down on East Temple and Fifth South.

Richard Lindsay, a barber who resides at 47 east Seventh South street, was struck down by a sandbagger shortly after 9:30 o'clock last evening. The assault occurred on East Temple street just below Fifth South.

Lindsay was walking home and observed that he was being followed. The man behind him was whistling and Lindsay did not dream that the fellow was a thug. Suddenly he struck him on the head with a sandbag. Lindsay went down, but yelled lustily for help. The thug beat a hasty retreat. The matter was at once reported to the police and although 19 officers were out in plain clothes, the fellow could not be located.

### Cured Paralysis.

W. S. Bally, P. O. True, Texas, writes: "My wife had been suffering five years with paralysis in her arm, when I was persuaded to use Ballard's Snow Liniment, which cured her all right. I have also used it for old sores, frostbites and skin eruptions. It does the work." 25c, 50c, \$1.00. Sold by Z. C. M. I. Drug Dept. B

### MEN GO TO WORK.

Telephone Company and Electrical Workers Reach Agreement.

The management of the Bell Telephone company and the Electrical workers came to a temporary agreement yesterday afternoon, and the installers and inside men who were out are back again to work pending final settlement. The company contended that the May agreement with the linemen stipulated only

No Mother is knowingly careless in choosing food for her children. From

all the fibre and irritating impurities have been removed, while all the wholesome wheat is preserved.

Pacific Cereal Association  
San Francisco, California

linemen and outside workers could join the union, while the committee from the Electrical workers contended for the reverse. It was finally agreed that the company should submit a copy of the agreement and its interpretation to President Fish of the American Telegraph & Telephone company, and the electrical workers should submit the agreement with their interpretation to President McNulty of the Brotherhood at Washington, D. C.

If both of these gentlemen favor the Telephone company, then the installers and inside men will not join the linemen's union. If the decision is in favor of the union, the company will make concessions. It will be about 30 days before the referees are heard from.

### STRUCK BY A CAR.

Furniture Van Demolished and Driver Quite Badly Hurt.

A Kimball van and storage truck was struck by a street car on Second South street yesterday afternoon, while en route to the Rio Grande depot, and the driver, Lee Mayhue, and J. V. Hines, who was seated by him, were thrown to the ground. Mayhue was unconscious when picked up, and was sent to his home, where he was found to be suffering from concussion of the brain, besides sustaining bad cuts about the head, body and legs. The van was demolished, and the horses knocked down and the wreckage piled over them, and they were cut and bruised. The vestibule of the car was smashed, and Motorman William Rogers cut by the flying glass. The motorman says that Mayhue tried to cross the track when within 20 yards of the rapidly moving car.

### No Case of Pneumonia on Record.

We do not know of a single instance where a cough or cold resulted in pneumonia or consumption when Foley's Honey and Tar had been taken. It cures coughs and colds perfectly, so do not take chances with some unknown preparation which may contain opium, and cause constipation, a condition that retards recovery from a cold. Ask for Foley's Honey and Tar and read any certificate offered. For sale by F. J. Hill Drug Co.

### Marriage Licenses.

Marriage licenses were issued by the county clerk during the past week to the following persons:  
Peter Hansen, Heber City, Margaret Hansen, Heber City.  
Frank Holmquist, Ashton, Iowa; Maryetta Rice, Denver, Col.  
Lemuel J. Gibson, Fort Douglas; Elizabeth M. Anderson, Salt Lake.  
Ernest McLeod Fowler, Salt Lake; Martha Antoinette Lambourne, Salt Lake.  
George Turner, Murray; Dora White, Springville.  
Andy Lundquist, Bingham; Mary Peterson, Bingham.  
John B. Armstrong, Salt Lake; Elsie A. Lindsey, Salt Lake.

### KORTH IN LUCK.

Is the Only One Paid for Canvassing Late Election Returns.

So far W. J. Korth, a clerk in the city recorder's office, is the only man to receive extra pay for services rendered in

canvassing the returns of the recent city election. Mr. Korth has received a warrant from Auditor Felt for \$20, the amount due him for such services, but the city councilmen, city recorder and his deputy have not been paid and will not be under this administration at least, as Assistant City Attorney Hiram has rendered an opinion for Auditor Felt in which he holds that Mr. Korth is the only one on the special payroll whose salary is not fixed by law and hence he is the only one entitled to the extra pay for the canvassing work. The special payroll passed by the council contained the names of all of the

councilmen, except Neuhausen, who was ill, and A. J. Davis, who was absent from the city during the canvass. The mayor voted it, but it was passed over his veto and sent to the auditor, who is now holding it up.
