

REOPENING OF THE LONGFELLOW

School Board Declares That This
Is the Only Way Out of Pres-
ent Difficulty.

OTHER BUILDINGS CROWDED.

Matter of Sewing Class Goes Over
After Discussion—Admission of
County Students.

That the Longfellow school will again be opened was the decision of the board of education at its meeting last night. The school has been closed for over a year, and last spring the property was not sold, merely because nobody would make a promising offer for it. Now the congested condition of the schools which take pupils from that vicinity compels additional room, and the opening of the Longfellow has been decided upon as the most promising way of furnishing it.

The cost will be \$2,500 for refitting the building, and this fact caused considerable delay last night in getting the motion through to undertake the work. After a long discussion it was carried, however, its chief supporter being Mr. Thomas.

NO SEWING CLASS.

The question of establishing a sewing department at the high school caused an extensive division of opinion. The committee on teachers and school work had previously handled the matter and was ready with a recommendation that the question be deferred for the present owing to the lack of room and the absence of suitable financial arrangements.

Mr. Cummings opposed the report, and wanted the plan carried out, naming Mrs. Tomlinson as a proposed teacher for the school, and allowing her \$900 a year for the place. Mr. Cummings supported him in the move, but Mr. Cummings opposed it. Upon motion of Thomas the question finally went back to the committee from which it came, for further consideration, the vote standing four to four in favor of recommending it.

PIANOS FOR SCHOOLS.

The purchase of a piano for the Washington school, and one for each of the 10 new kindergartens was recommended, and was opposed by Mr. Cummings, who thought the money should go to the establishment of a sewing class in the high school. Mr. Cummings held that the piano was an essential part of kindergartens work, and ought to be furnished.

WILL VISIT THE FAIR.

Friday, Oct. 6, was set apart as the day to visit the State fair, and the school will be closed on that day.

A motion by Mr. Oberlander that a rather be selected by the superintendent for the detention home of the ju-

KIDNEY AND BLADDER TROUBLES PROMPTLY CURED.

A Sample Bottle Sent FREE by Mail.

Dr. Kilmer's Swamp-Root, the great kidney remedy, cures every ailment in promptly curing kidney, bladder and uric acid troubles, rheumatism and pain in the back. It corrects inability to hold water, and saddling pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to get up often during the night and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. Swamp-Root is not recommended for everything, but if you have kidney, liver, bladder or uric acid trouble you will find it just the remedy you need.

If you need a medicine you should have the best. Send for a sample bottle of Swamp-Root, Dr. Kilmer's Swamp-Root, and a book that tells all about it and its great cures, both sent absolutely free by mail. Address Dr. Kilmer & Co., Binghamton, N. Y. When writing, be sure to mention that you read this advertisement in the Salt Lake City Daily Desert News. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

venue court was referred to the committee on school law for report. The contract for furnishing the schools with coal during the winter was ratified, the Bamberger company receiving the contract.

COUNTY STUDENTS.

The question of admitting county students to the city schools received extensive discussion. The Jordan school district desired to admit 15 pupils, and a recommendation was made by the committee that they be admitted on a fee of \$15 each for the year. It was finally referred back to the committee, after it was suggested that their admission would compel the employment of an additional teacher, and entail other expenses.

The final question of the evening was for heat that the members might be warm in their next meeting. Mr. Newman brought the question up, and the clerk was instructed to communicate with the city council on the matter.

DEATH FROM TYPHOID.

Robert, the 15-year-old daughter of Mr. and Mrs. James B. Kibler, of 111 West 10th Street, passed away at the family residence this morning, after an illness of several weeks, from typhoid fever. The little girl was a child of much promise, and her death is a great loss to both parents and relatives, who have the sympathy of a wide circle of friends in their bereavement. The funeral will be announced later.

Cures Winter Cough.

J. E. Gower, 10 N. Main St., Ottawa, Kan., writes: "Every fall I have been my wife's trouble to catch a severe cold, and therefore to cough all winter long. Last fall I got for her a bottle of Horchoud Syrup. She used it and has been able to sleep soundly all night long. Whenever the cough troubles her, she takes three doses of the syrup, and she is able to get on with her work without any further trouble. I am up and well! 25c. 50c. \$1.00. Sold by Z. C. M. I. Drug Dept. B."

CLASS MEETS TONIGHT.

The class organized for the study of the Young Men's Manual will hold its first meeting in Room 24, B. Y. Memorial building at 7:30 tonight. Stake superintendents of Mutual Improvement associations, ward presidents, their counselors, class leaders and all others interested are cordially invited. The class will be under the direction of Elder B. H. Roberts, author of the Manual, and will doubtless be of great benefit to Mutual Improvement workers generally.

TICKET FRAMED BY REPUBLICANS.

Walter J. Beattie the Last Man to
Receive Honors From the
Convention.

NOMINATED FOR TREASURER.

American City Adopted as Party Emblem—City Committee Will Fill Vacancies.

Mayor—William J. Lynch.
Auditor—W. E. Vigas.
Recorder—C. S. Buckwalter.
Treasurer—W. J. Beattie.
The Republicans, in convention assembled yesterday afternoon, nominated the foregoing ticket, the last man to receive honors at the hands of the convention being Walter J. Beattie, who was nominated for city treasurer over Fred C. Bassett and Jonathan Openshaw. By many the latter was regarded as the most formidable candidate of the three, but when voting began it was plain to be seen that Mr. Beattie had his opponents beaten by a safe margin. The successful candidate was placed in nomination by Harry Joseph, who spoke of his man as one of the very best bookkeepers and accountants in the state. Mr. Bassett was nominated by Parley P. Christensen, while the name of Mr. Openshaw was presented to the convention by Attorney General M. A. Breiden. The vote stood: Beattie, 28; Bassett, 16; Openshaw, 10.

CITY COMMITTEE.

The ticket made up city committee men were reported as follows: First ward, J. L. Weiler; William Langenbacher; Second ward, J. J. Greenwald; J. A. Anderson; Third ward, H. S. Anderson; W. C. Mitchell; Fourth ward, Glen Miller; J. C. Shurtz; Fifth ward, J. C. Cottle; William Edwards.

PARTY EMBLEM.

County Clerk Edmund moved, the adoption of the American flag as the party emblem, which was wittily seconded and carried. As this is the emblem claimed by the "Americans" there will doubtless be a sharp legal contest to decide the issue.

The convention closed after thanking the officers for their services and empowering the city committee to fill all vacancies that might occur on the ticket.

Cures Chills and Fever.

G. W. Wright, Neenah, Wis., writes: "My daughter had chills and fever for three years; he could not find anything that would help her till he used Herbine. His wife will not keep house without it, and cannot say too much for it." 25c. Sold by Z. C. M. I. Drug Dept. B."

CUPID'S BUSY DAY.

New Record Established in the Issue of Marriage Licenses.

Twenty-seven marriage licenses were issued by the county clerk yesterday, thus establishing a new record in that department of the clerk's office. Heretofore the record for one day has stood

STRANGER THAN FICTION.

A Remedy Which Has Revolutionized the Treatment of Stomach Troubles.

The remedy is not heralded as a wonderful discovery nor yet a secret patent medicine, neither is it claimed to cure anything except dyspepsia, indigestion and stomach troubles with which nine out of ten suffer.

The remedy is in the form of pleasant tasting, tablets or lozenges, containing vegetable and fruit essences, pure aspartic peptin (government test), golden seal and diastase. The tablets are sold by druggists under the name of Stuart's Dyspepsia Tablets. Many interesting experiments to test the power of Stuart's Tablets show that one grain of the active principle contained in them is sufficient to thoroughly digest a quantity of raw meat, eggs and other wholesome food.

Stuart's Tablets do not act upon the bowels like after dinner pills and cheap cathartics, which simply irritate and inflame the intestines without having any effect what ever in digesting food or curing indigestion.

If the stomach can be rested and assisted in the work of digestion it will very soon recover its normal vigor, as no organ is so much abused and overworked as the stomach.

This is the secret, if there is any secret, of the remarkable success of Stuart's Dyspepsia Tablets, a remedy practically unknown a few years ago and now the most widely known of any treatment for stomach weakness.

This success has been secured entirely upon its merits as a digestive pure and simple, because there can be no stomach trouble if the food is promptly digested. Stuart's Dyspepsia Tablets act directly on the food eaten, digesting it completely, so that it can be assimilated into blood, nerve and tissue, thus curing dyspepsia, heart burn, sour stomach, gas and bloating after meals, because they furnish the digestive power which the stomach lacks and which it is unable to supply itself.

It is useless to attempt to cure by the use of "tonics," "pills" and cathartics which have absolutely no digestive power.

Stuart's Dyspepsia Tablets can be found at all drug stores and the regular use of one or two of them after meals will demonstrate their merit better than any other argument.

At 25 licenses, and that record has been equalled on several occasions, but not until yesterday has it been surpassed. All day long the applicants came tripping in for licenses, and the clerk's record was equalled. Business quieted down somewhat at that time, and it was feared that a new mark was not going to be established. About 4:30 o'clock another couple came in and secured a license, and then shortly afterwards another license was issued, making the total for the day 27, and opening up a new record.

Deputy Clerk David A. Smith had a busy day performing marriage ceremonies, four couples being united in marriage by him during the day. They were: Jackson Greenwood and Wilhelmina Schenberger, of Salt Lake City; A. J. Tait and Logene Ek of Salt Lake City; Frank Downing and Thelma Humphrey of Salt Lake City; Taylor Humphrey of Sandy and Sadie Nelson of Brigham Junction.

SAVED HIS LIFE.

J. W. Davenport, Wing, Ky., writes, June 14, 1934: "I want to tell you I believe Ballard's Snow Liniment saved my life. I was under the treatment of two doctors, and they told me none of my lungs was entirely gone, and the other badly affected. I also had a lump in my side. I don't think that I could have lived over two months had it not been for a friend to try Ballard's Snow Liniment. The first application gave me great relief. After fifty cent bottles cured me, and well, it is a wonderful medicine and I recommend it to suffering humanity." 25c. 50c. \$1.00. Sold by Z. C. M. I. Drug Dept. B."

RECITAL SEASON ENDS.

No More Regular Free Organ Entertainments at Tabernacle This Season.

The Tabernacle organ recital season for 1935 closed with yesterday afternoon's performance; and its twilight glow was a good deal of an aura borealis. Prof. McClellan was at his best, and gave the Wagner program with a vigor and display of artistic effort that was gratifying to the immense audience that filled the galleries.

The program included the Prelude to Tristan and Isolde, the Prize Song from the Meistersinger, and the Tannhauser overture. The orchestral effects in the two first numbers were well marked, and these valuable qualities of the Tabernacle organ were displayed to an advantage that excited complimentary comment. One feature to call for particular special attention was the wood wind and brass choir work as given by large concert bands. Wagnerian scores are favorable to the emphasis of classes of instruments to a considerable degree, and an able hand combined with organ executive is thereby enabled to bring out brilliant effects. The Tabernacle organ is a magnificent aggregation of capabilities in strings, brass and wood wind, widely varied and susceptible of most effective and impressive combinations; and the Tabernacle organist has a splendid mastery of these, and by his genius in performance, skill in registration and musical intelligence has made the season of 1935 the most remarkable in the season of organ recitals.

The Tannhauser overture is difficult enough on the piano; but on the organ the difficulties are increased by the addition of pedaling and intricacies of registration. Yet the overture was given yesterday in a mastery way, with an impressive grandeur, with expression and brilliancy of dash, so that when the final chords died away, and the electric desk lamp was turned off, it was a truly coronal opus. May the season of 1936 be even more successful than the present one has been.

LIKED SALT LAKE.

Chicago Commercial Club Appreciated Its Visit to This City.

The American Lumberman for Sept. 29, 1935, contains a pleasant narrative of the entertainment given by the Salt Lake Commercial club to the Chicago Commercial club delegation on the occasion of their visit to this city, with three pages of illustrations relative to the Salt Lake Journal. Bouquets galore are thrown at the Salt Lake reception committee, and officials of the Commercial club, and the photos of President H. M. Wells and Manager Fisher Harris of the club, and prominent lumbermen of this city are given.

Personal sketches are given of C. L. Jacobson, Theodore T. Burton, Chas. E. Murphy, Theodore R. Nyström, Andrew MacQuig, the former of Hoo-Hoo in Utah; George E. Merrill, Harry J. Hayward, W. B. McCartney, E. E. Cripps, G. E. Asper, George F. Felt, William Asper, Orson D. Romney, William F. Service and Frank L. Parker. The article is written by J. E. Deffenbaugh, editor of the American Lumberman, who was with the Chicago delegation.

CHARGE IS MURDER.

Keethler Must Answer to the Crime of Killing Frank Duval.

Police Officer George Burton has signed the complaint against Albert Keethler, charging the latter with murder in the first degree. The complaint has been filed in Judge Diehl's court, and Keethler will be arraigned before that tribunal.

JAPANESE PORTRAIT OF GEN. ERUL LINEVITCH.

The curious picture herewith given is a portrait of the Russian commander in Manchuria, General Linevitch, and it was drawn by a Japanese soldier of Oyama's army. It was done with a

brush.

Yesterday afternoon County Phys-

icians Whitney and Ostermann and Dr. Anderson performed an autopsy on the body of Frank Duval, Keethler's victim. They took out the bullets in places. One brain had lodged in the young man's brain.

The artist inscribed the sketch with

CATARRH OF STOMACH THREATENED LIFE.

Pe-ru-na Promptly Restored Her to Health and Beauty.

MISS SADIE BRUNELL, member of the Benevolent Sewing Circle, 278 Pearl street, Buffalo, N. Y., writes:

"I wish to express my appreciation of Peruna. I was a great sufferer from catarrh of the stomach and was treated by several physicians, but with little relief.

"Finally Peruna was recommended to me by a friend, and soon after beginning to take the medicine I experienced much relief and at the end of five months I was entirely cured.

"I had suffered with heartburn at times, also sour stomach, and often after eating my stomach felt heavy and I belched gas. My stomach was bloated and I could not bear tight clothes around my waist.

"It is over a year since I discontinued taking Peruna for my trouble, and I am able to eat anything I desire without experiencing any inconvenience, and I do not hesitate to say that I am entirely cured."

The Bane of Her Life Was Stomach Trouble.

Miss Gertrude Pogue, 1407 Central Ave., Cincinnati, Ohio, Secretary Social Economics Club, writes:

"Stomach trouble has been the bane of my existence for a good many years. I tried a number of remedies for dyspepsia and indigestion, thinking that was the trouble, but nothing helped me until I took the right medicine for the right trouble.

"I was suffering with catarrh of the stomach and did not know it. Peruna took hold of the seat of the trouble and soon exterminated it from my system.

"I have a splendid appetite now, my food does not distress me and I am growing fatter. I have a look of health which I have not had for years."

A Heavy, Bloating Feeling of the Stomach—Heartburn, and a Belching of Gas, Entirely Done Away With.

Pe-ru-na Contains No Narcotics. One reason why Peruna has found permanent use in so many homes is that it contains no narcotics of any kind. Peruna is perfectly harmless. It can be used any length of time without acquiring a drug habit. Peruna does not produce temporary results. It is permanent in its effect.

It has no bad effect upon the system, and gradually eliminates catarrh by removing the cause of catarrh. There are a multitude of homes where Peruna has been used off and on for twenty years.
