quired by a local syndicate. "News" readers are aware that the United States Independent Telephone company, the big eastern concern which stood back of the local com-pany, became financially involved some time ago and that all its assets were offered for sale. The American Telegraph and Telephone company, the parent of the Rocky Mountain Bell, at-tempted to acquire the Independent se-curities, but were prevented by an or-der of court obtained by Elmer B. Jones, manager of the local concern. The total qmount of bonds and obli-gations held in Rochester by the United States company reached close

to two and one-half million dollars, and they were offered to the local peo-ple at a figure under one and one-half million dollars, the latter amount had to be pledged at once, and a cash payment of \$50,000 had to be made to bind the burgan. A local syndicate of local business men raised the \$50, of local business men raised the \$50, of and sent Mr. Jones with it to Roch-ester some days ago. A message from Nr. Jones to Heber M. HOW VIEWED AT THE HAGUE. The Hague, July 19 .--- The abdica-tion of the emperor of Korea was the tion of the emperor of Korea was the general topic of conversation among the delegates to the peace conference today. A majority of them inclined to the belief that even if the emperor had been dethroned it should be con-sidered an indispensable measure to give the Japanese a free hand in es-tablishing a modern system for de-veloping the resources of Korea. Ti Sang Sul, ex-premier of Korea, who is here with the Korean delega-tion which was denied recognition by President Nelidoff, after reading the Associated Press dispatch announcing the abdication, said: "It is another Japanese infamy which 20,000,000 Koreans soon will avenge."

"I don't know why I did, but something just told me to. I went straight to her room, looked in a coat under the lining and there I found the pin." Mrs. Cappuc-cio could not say just how she was "told" to find the pin so quickly. "You had a sort of supernatural You had a sort of supernatural hunch then?" asked Mr. Daly, and Mrs. Cappuccio answered in the affirmative. The case was continued for the purcose of securing another witness.

John Brown, charged with selling jewelry without a license, was released on his own recognizance because the complaining witnesses failed to appear. The witnesses, Nellie Brown and Bes-sie King, were summoned to appear before Judge Diehl this morning at 9 o'clock. They failed to put in an ap-pearance and an attachment was issued for them. When brought into court one of the women made the excuse that she could not get up so early. "It is impossible for me to get up before 1 or 2 o'clock" she said. Judge Diehl held them both in contempt of court and fined each \$2.

the Harriman lines have been endeav-oring to induce western coal dealers to make their shipments this summer in order to avoid a recurrence of last winter's fuel scarcity. The difficulty then in supplying coal to the western states grew partly out of shortage of equipment and partly from the fact that orders were delayed until weath-er conditions made freight movement slow and difficult. The Union Pacific, therefore, took the unusual step of applying to the inter-state commerce commission to be al-lowed to make a reduction in its rate in order to get the co-operation of deal-ers in shipping fuel now when the lines are in good shape to handle it prompt-ly.

Although a Non-Resident, Judgment is Taken Against Him By Justice Durand.

A petition for a writ of certiorari was filed in the district court today by Washington Jenkins of Ogden against Justice of the Peace Charles F. Durand of Murray, Mrs. H. C. Smith, and Francis G. Luke, in which it is asked that the proceedings had by Durand in

that the proceedings had by Durand in the case of Mrs. Smith against Jen-kins and wife be reviewed and that the judgment rendered therein be de-clared null and void because of lack of jurisdiction of the court. It is alleged that the suit was filed by Luke and Mrs. Smith on Oct. 26, 1006, and judgment was asked for \$58. On Nov. 5 Jenkins filed objections to the jurisdiction of the court on the ground that neither he nor his wife were ever residents of Murray pre-clinet and that the obligation sued up-on did not arise in that precinet. Not-withstanding the objections, Durand, on Jan. 2, 1907, rendered judgment against Jenkins and his wife for \$80.59 and the defendants in this ac-tion threaten to collect the said judg-ment. ALLEGES ILLEGAL CONTRACT.

ALLEGES ILLEGAL CONTRACT.

Jenkins further alleges that Mrs. Smith has entered into a contract with Luke whereby she is to give him a certain percentage of what he col-lects in the case and he is to pay all court costs. For that reason also he chains that the judgment is invalid. He asks that the judgment be declar-ed null and void and that he be al-lowed \$25 as attorney's fees and also his costs in this proceeding.

All traffic has been stopped and the Japanese shops are guarded. The police report that 25 Japanese were killed and wounded in the day's rioting. The casualties among the Koreans are unknown. An official report ascribes the shooting today to Korean soldiers, who could not be controlled by their officers. The noise of the firing and the news that casualties had resulted greatly al-armed the emperor, who at 7 o'clock tonight sent by the minister of justice a long, apologetic mesage to Marquis Ito to the effect that he regretted hy ignorant subjects had caused violent commotion. JAPANESE PRESS SYMPATHIZES.

JAPANESE PRESS SYMPATHIZES. Tokio, July 20.—The Japanese press is this morning generally sypmathetic with the retired Korean emperor as an individual, but none, however, regrets the act of abdication. In the absence of the official text it is commented that there is doubt whether the abdication means a complete non-in-terference with the government by the emperor. Suggestion is made that there is necessity of clearly defining the position of the retired emperor in order to prevent even an indirect med-ding with the administration. It is also pointed out that anyhow the change of government was caused by the initiation of the Korean govern-ment, in which Japan had no concern whatever and that it cannot be con-sidered a final solution of The Hague incident.
