CONGRESSIONAL.

SENATE.

Upon the reception of the Ku Klux bill from the House, a motion by Trumbull, that the Senate recede from its amendments that are not concurred in by the House was rejected, ayes seventeen, nays thirty-three; Caldwell, Hill, Robertson, Schurz, Trumbull and Wright voting with the Democrats in the affirmative.

A committee of conference was ordered, also a committee of conference on the deficiency approbration bill; and at one o'clock the Senate went into executive session.

HOUSE.

Stewart submitted a joint resolution, proposing an amendment to the Constitution, to be known as the 16th, as follows:

Article 15, Section, 1; There shall be maintained in each State and Territory, a system of free common schools. Neither the United States; nor any State, Territory, county or municipal corporation shall aid in support of any school, wherein the peculiar tenents of any religious denomination are taught.

Section 2; Congress shall have power to enforce this article by appropriate legislation.

This was read and objected to by Blair, and withdrawn.

The House proceeded to the consideration of the resolution offered by Blair, of New Hampshire, last Monday, disapproving moderate taxation to pay off the immense sums of the public debt as heretofore practiced by the Secretary of the Treasury, and limit the sum for the principal of said debt to $25,000,000.

Cox, who drew up the resolution, moved to lay it on the table, for the purpose as he said, of showing his vote upon it, intending himself to vote against the motion. The House refused to lay the resolution on the table; yeas 3, nays 159; the affirmative votes being given by Maynard, Sprague and Platt.

The House refused to second the previous question on the adoption of the resolution by 65 to 71; and Maynard having risen to debate on the resolution it went over under the rule.

The Speaker appointed Dawes, Kelly and Beck a conference committee on the deficiency bill.

Butler, of Mass., introduced a joint resolution, requesting the President to cause to be submitted to the joint high commission the claims of American citizens for damages and losses suffered on account of their imprisonment, without the process of law or trial, in British prisons for supposed complicity in the Fenian cause in Ireland. The vote on the second reading, under the previous question, was taken by tellers. Affirmative votes was taken, those who were opposed to the resolution remained from voting, under the lead of Garfield. There was, therefore, no quorum voting, the vote being 103 to 8. A call of the House was thereupon ordered and held, when 175 members answered to their names, and all further proceedings under the call were dispensed with. The morning hour expired and the resolution went over until next Monday.

WASHINGTON, D. C.

Amnesty bill.

WASHINGTON, 17.—The Republican Senators will hold a caucus this morning, to determine what action shall be taken in regard to the House amnesty bill. Senators who favor its passage and who have canvassed the Senate carefully, claim that a majority of the Republicans will vote in favor of the bill, and that it will be made a party measure and passed by an almost unanimous vote. Those who are opposed to it, on the other hand, think that they will be able to defeat it in caucus. They say that they will never support such a measure until the Ku Klux stop their killing. The President is reported to be in favor of amnesty, but to doubt the expediency of giving it just at this time, just after the New Hampshire election. A high government official called upon the President to urge him to recommend, in his message about the Ku Klux, that the bill to provide for suppressing disorder in the South be followed by a general amnesty. It was urged that such a measure would remove all idea from the minds of the Southern people, that the Ku Klux bill was a retaliatory or partisan measure, and would greatly strengthen any legislation that Congress might enact in that direction; and it was also urged that if this measure should be adopted now, it would seem magnanimous; that if several of the close States should go Democratic in the fall elections, and that then a general amnesty bill should be passed next winter, the opposition would charge that it was done in order to save the party in 1872, and not from any sense of justice or magnanimity. The President admitted the force of this argument, and gave the gentleman to understand that, personally, he thought a generous policy the best one, but he seriously doubted that the people were ready for it. Several Southern Senators say that if the members of Congress would only consider the sense of the measure on the South, instead of inquiring how their own constituents would feel about it, amnesty would be granted at once and the North would, in less than a year, be convinced of the wisdom of the action.

The senatorial Republican caucus, after an hour's discussion, tabled, by a vote of twenty to sixteen, the proposition to change the order of business in the Senate, so as to admit action on the House amnesty bill this session. The proposition was advocated by Robertson, Sawyer, Sherman, Lewis, Logan, Buckingham, and Wilson; and was opposed by Chandler, Morton, Scott, Edmunds and Rice, the latter motioned to lay it on the table.

NEW YORK.

Terrific fighting—Editor arrested—Provisions getting scarce in Paris—Stocks.

NEW YORK, 17.—The *Tribune's* Paris special dispatch of Sunday says the firing was incessant during the past forty-eight hours. The government at Versailles says Paris is completely invested, and that a summons to surrender in twenty-four hours will be sent. There is great excitement in the city, and the Commune has suddenly allowed free circulation in the streets and at the railway stations without passes. Most of the city gates are opened. The military reports are highly colored. Gen. Cluseret says: "The attack was extremely vigorous last night, principally against Vanvres, which was obliged to sustain five consecutive assaults. An ambulance was seen carrying off the dead and wounded of the assailants. The 86th battalion merits mention for its admirable conduct at Neuilly. The combat continues foot by foot, each house having to be besieged and the troops have been ordered to storm them. The Versailles government talks of reducing Paris within twenty-four hours; let powder carry the answer."

Gen. Eudes, commanding the southern forts, says: "All seems finished. The night has been terrible, and the battle was incessant from 6 o'clock in the evening. Vanvres bore the most violent assault. The royalists' loss is enormous. They were repulsed along the whole line, giving a complete victory to the Commune. Our troops fought like lions, especially Ledrux, Governor of Vanvres."

Another correspondent telegraphs that he saw fighting which was furious and only four thousand yards from Paris. He was subsequently arrested as a royalist. It is reckoned that during the last two days the Versaillists have lost 1,000 killed and 1,500 wounded; during the last two days all persons have been allowed to leave the city without permit, except men between the ages of 19 and 40. Provisions are rising in price. All the gates except those opposite the enemy, are open all day.

Chandrey, editor of the *Siecle*, has been arrested, charge unknown, and not even his wife is permitted to see him. There has been a great out-cry at the number of arrests, and no more will take place without being reported to the Commune.

The semi-official journals say 1,000 soldiers were killed before Vanvres and several hundred taken prisoners. At Neuilly there was no loss among the Parisians, except Dombrowski who is slightly wounded.

The fresh Communal elections are being held, but they excite little interest. A decree of the Commune places all the railways under its control, and obliges them to produce all their books and documents, if required, for inspection.

Another correspondent telegraphs from Paris, yesterday afternoon: "Yesterday morning attacks were made on Porte Dauphine, which continued all day. The Quartier de Champs Elysees has been exceedingly damaged by the shells, which are still falling thickly. The building occupied by the American legation was struck by fragments of shell on Saturday, nevertheless Washburne continues to reside in the Avenue Josephine. Barricades have been ordered to be erected immediately in the quarters of the Tuilleries and Belleville, which will render Paris impregnable to the assaults of the Versaillists." The same correspondent telegraphed late last night that there had been firing in various directions all day. He saw a shell strike the Arc de Triomphe, to which much damage has been done. It has been struck by thirty shells in all. The Champs is full of people, and carriages and omnibuses get nearly up to the arch. Stalls are open, and Punch and Judy shows are exhibited. Crowds are moving to and fro in holiday attire. Groups gathered together pay little attention to the bombs. No interest whatever is manifested in the elections. The family of Minister Washburne has left Paris. It is anticipated that all the rail way lines will be cut to-morrow, and a state of siege be declared. There are only provisions enough in Paris to last three weeks.

Billiard Match.

CHICAGO, 17.—A deposit of $250, in behalf of Cyril Dion, in his billiard match with Frank Parker, was made yesterday by some friends. Parker is in this city. No notice has been received here as to whether Dion will be here at the time fixed for the game.

Quick Sailing.

PORTLAND, 17.—The steamship *Scandinavian*, from Liverpool 7, Londonderry 8, arrived yesterday morning, having made the quickest passage ever made by a steamer between the two points. She brings over eight hundred passengers.

FOREIGN NEWS.

FRANCE.

Germans will Interfere—An obstinate struggle—Insurgents successful.

PARIS, Sunday evening, 16, *via* London, 17, 2:30 a. m.—General Cluseret, says Fort Vanvres was attacked five times in succession on Saturday. Cannon and musket firing continued all day. To-day an obstinate struggle is going on at Neuilly, where the ground is disputed inch by inch. The detachment of government troops on the island of Grand Jatte has escaped. The Versailles army has been concentrating for the last four days, and a general and formidable attack is momentarily expected.

The Germans at Creteil have been reinforced with 18,000 men and are preparing to interfere. The Commune is resolved to continue the defense to the last. The sale of horse-flesh has again commenced, and there are other signs of scarcity of food in the city.

PARIS, 17.—The night was quiet, there was close fighting yesterday at Neuilly, in which the Communists were successful and captured some colors. The spirit of the troops is good. The commune decrees methodical requisitions, street by street; it also convokes the industrial chambers to draft statistics of abandoned workshops, and arrange for their reopening by workmen, not by the proprietors.

AUSTRALIA.

Colonies fortifying.

MELBOURNE, March 27.—The colonies are fortifying, the home government having warned them that American filibusters are threatening.

GREAT RBITAIN.

Favoring the insurgents—Asniers surrounded—"Alabama" claims.

LONDON, 17.—The *Times'* special says the Versaillists use the Prussian trenches at Mendon. Sixteen guns are pointed at Issy and Vanvres. MacMahon has succeeded in surrounding Asniers. The cannonading of Issy was continued on Sunday. The Prussians are massing large reinforcements in the vicinity of Paris. The elections of the Commune attracted little attention, many abstaining from voting.

There were demonstrations in Hyde Park yesterday in favor of the insurgents.

The Paris special of the *Daily News* says the Germans occupy St. Rouen. It is believed Blanque directs the Commune.

The Versaillists have given Paris twenty-four hours to surrender.

Washburne's family has left Paris.

Thiers in a circular of the 16th, in the evening, says the insurgents are emptying houses and selling the furniture. The government continues to temporize to collect irresistable forces, and also to allow the Parisians time to reflect.

The insurgents say they will shoot prisoners who intend to overthrow the Republic and suppress the nationals.

The *Independence Belge* correspondence says the end approaches. The Asniers affair was disastrous to the Communists. Their lines are filled with dead. The Versaillists are a kilometre from Ternes.

At Marseilles the trials are proceeding.

Cremieux's wife petitions Thiers for her husband's pardon.

A special to the *Times* from Versailles, repeats the news that the Prussian trench in the terrace at Mendon is now occupied by government troops, and 16 guns are pointing towards Issy and Vanvres.

The *Times* in a leader says the *Alabama* case has always created insecurity and demoralized American politics and it will hail a possible settlement with genuine satisfaction. It thinks arbitration will acquit England, as the *Alabama* was partially fitted out in the Azores, hence Portugal is liable.

U. S. ASSESSOR'S NOTICE.

UNITED STATES INTERNAL REVENUE
ASSESSOR'S OFFICE, DISTRICT OF UTAH,
SALT LAKE CITY, March 22nd, 1871.

NOTICE is hereby given to all persons concerned, that the assessment, valuation, enumeration and income list for the District of the Territory of Utah, in accordance with an Act to provide Internal Revenue to support the Government and to pay interest on the public debt, approved June 30th, 1864, as amended by Act of March 2nd, 1867, also as amended by Act of July 14th, 1870, is ready for examination.

Parties who wish to examine said list and make appeal, (which must be in writing,) can do so at my office, in this city, on or before April 25th, 1871.

JOHN P. TAGGART,
d104 1d Assessor District of Utah.

NOTICE!

AT A MEETING of the Bishops of the First Second and Tenth Wards, with a committee of two men from each Ward, it was resolved that:

Whereas, we the property owners of the First, Second and Tenth Wards, having had for the past twenty-two years a lawful claim to the waters flowing from Emigration Cañon, and having at an expense of thousands of dollars built them, and made a ditch to bring said waters to our homes, for the purpose of Irrigation, and,

Whereas, for the past two or three years the settlers on the Bench east of the First and Tenth Wards, have taken from us the water to which they had no claim whatever, causing our crops and orchards greatly to suffer, besides the inconvenience under which we have labored in going from one to three miles to obtain the water, and, after expending, on our return, to be able to irrigate, we find the water again turned off into other channels.

We, therefore, wish to give notice, that any person or persons found taking the water from the ditch owned by the aforesaid Wards will be prosecuted at the law direct.
