

## LOCAL AND OTHER MATTERS.

**REPRESENTATION.**—The "Duke" was very well performed last night in all its characters. In Mrs. DeBar, Tabitha Stork had an excellent representation, while Kate Dennis's Rosa Leigh was a performance of great merit. We do not remember to have seen a better Miles McKenna than Mr. Wilson made, and Mr. McKenna never appeared as Elliott so to better advantage. Indeed all the characters were well rendered. After the drama Mrs. DeBar executed the Highland fling in real Scotch style, and was loudly cheered.

To-night the attraction is particularly strong for lovers of comedy. The fine farce "The Field of the Cloth of Gold" will be repeated with its laugh-provoking scenes, its puns, dances, songs and side-cracking turn-naming. "Who Killed Cock Robin" will commence the performance; and between the pieces Messrs. Harris and Appleby will appear in a grand farce on the horizontal bar.

To-morrow evening Mr. Lindsay takes his benefit, and he announces it as a farewell one, and will present "The Duke's Motto" on the occasion. The many admirers of his playing will doubt turn out in force to make it a substantial benefit for him. Mr. Lindsay has been several years on the boards here, and has been a careful, studious, painstaking actor, who fairly won his way to the position he has for some time occupied in the company. He will appear in the role of Egardere supported by a full and efficient distribution of characters.

**TREASURY REPORT.**—We are under obligation to Hon. F. E. Spinner, U. S. Treasurer, for the annual report of receipts and expenditures of the United States Treasury, for the fiscal year ending June 30, 1869.

**COMPLIMENTARY FAREWELL BENEFIT.**—Mr. John S. Lindsay, so long and favorably known to the public of Salt Lake, as an actor, is about to retire from the profession; before doing so, his friends, desiring to give him a substantial mark of their appreciation of his merits, have resolved to tender him a complimentary benefit. The following correspondence explains the matter.

SALT LAKE CITY.

January 31st, 1870.  
 Mr. John S. Lindsay:—Dear Sir:—Having learned that you contemplate making a professional tour through the Western States, at the close of the present theatrical season, the undersigned, a few of your many friends, would be pleased to show in some small degree, their appreciation of your character as a gentleman and their admiration of your talents as an actor, by tendering you a complimentary benefit previous to your departure.

It will be agreeable to you and compatible with other arrangements, please notify us what evening will best subserve your interests and we will take pleasure in contributing to make your farewell benefit a success.

Wishing you every success in your launch in a new stream of life, and when ready for your prosperity.

We are yours, &c.

 S. S. Walker, J. K. Walker,  
 J. Cunningham, Chas. Smith.

Fred T. Perris.

SALT LAKE CITY, Feb. 3, 1870.

Messrs. Hussey, Godde, Stein, Walker, Tracy, Lawrence, Mann and others:  
 Gentlemen:—Your compliment has come to hand, and I assure you I am gratified at such a mark of esteem from you. My regular benefit comes off on Friday evening, the 4th inst. I have announced it as "Farewell," in contemplation of a visit to my native place, Liverpool, more than a "professional tour." I shall be happy to see all my friends present on the occasion. The great play of the "Duke's Motto" will be presented.

Yours with respect,

JOHN S. LINDSAY.

**THE MUSEUM.**—We notice that frequent additions are being made to this institution, which are carefully arranged by Bro. Sangiovanni. Among the latest of these are a couple of church relics of an interesting character. One is the sword of General Joseph Smith, the Prophet; and the other is the powder horn of Elder David W. Patten, which was worn by him when he lost his life while defending the Saints against a mob. Other valuable specimens and interesting relics have been lately added to the collection, which is daily growing in value, importance and attractiveness. John W. Young, Esq., its proprietor, has reason to be gratified with his success in gathering together a collection so valuable in so short a time; and we do not know of any in which twenty-five cents could be better invested than in paying a visit to the museum and menagerie.

Additions have also been lately made to the animals, the last being a fine specimen of the wolf.

**ALABAMA.**—Elder J. D. Holladay, on a mission in the States, writes from Moscow Sanford County, Alabama, that the cause is steadily progressing in that region, and that several families are preparing, by disposing of their property, to emigrate to Zion in the spring. He and bro. Matthews are kept busy preaching. Their health is good.

**FEMALE SUFFRAGE IN COLORADO.**—The Colorado Tribune of the 20th ult., states that the ladies of Denver City are getting up a petition asking the privilege to vote. Seventy ladies had enrolled their names on the list and only two to whom it had been presented refused to sign it. The petition was to be freely circulated throughout Denver.

**AN ARTIST IN WAX.**—Brother Louis Davis, residing at Mark Lindsay's place in the 20th Ward, brought to this office this morning, a beautiful specimen of his handicraft, consisting of a basket of fruit, apples, grapes and wild berries, with their foliage, intermingled with specimens of wild grasses. The imitation was so true to nature that a very close view was required before the idea could be dispelled that the fruit was not the real thing. Any parties in the Territory desiring a beautiful ornament of this kind for their drawing rooms can easily procure it of home manufacture, and at the same time give needed encouragement to a poor but evidently very skillful artist.

**IMMORALITY IN SAN FRANCISCO.**—The Daily Call of the 29th ult. says there "seems to be a mania" in that city among "certain classes of beasts" for committing outrages on decency. Since poor little Maggie Ryan, six years old, was outraged and murdered, other cases of a similar character have occurred. The latest of the kind that the Call reports was, on the night of the 27th ult., upon a girl of fifteen, into whose sleeping room a scoundrel managed to effect an entrance. He threatened to kill her if she made the least noise, but she did make a noise, didn't get killed, and the villain was thwarted, managing, however, to make his escape. The next day he was pointed out by some person to a police officer, and the latter attempted to arrest him, when a sharp fight ensued, which was witnessed by 200 persons, none of whom would render the officer the assistance he needed and desired, the result was that he was worsted and the scamp got off.

## Some People "fly completely off the Handle"

When an article is said to do many things; now for our part we esteem and appreciate a preparation just in proportion to the amount of time and labor we can save by its use. The

## RENOVATING MIXTURE

will remove with little trouble, every particle of Grease or Paint from your Coats, Vests, Pants, Hats, Dresses, &c., without injuring in the most remote degree, the finest fabrics. It is also very useful in removing the grease and dirt from doors and jambs much used by kitchen hands. Besides this it will kill Bed Bugs as well as their eggs and Shampooes the head like a charm, creating a fine lather and removing every vestige of dirt and dandruff in a twinkling. It does the hair no harm being principally composed of Nitrogen—the element which enters most largely into the composition of hair.

## WASHING COMPOUND

Causes a great saving of SOAP and LABOR as well as the wear and tear of clothing attendant upon so much washboard rubbing as is usually necessary to bring the clothes to a proper degree of cleanliness.

Some women are in the habit of using Turpentine, Alcohol, Ammonia, Camphor Gum, &c., in their washing fluids; but none of them ought ever to be used for such purposes (one woman lost the use of her arm for six months by using a fluid containing Turpentine). The Turpentine and Alcohol especially tend to open the pores of the skin and thus render the person more liable to take cold as also to weaken the arms. This compound does not fade but brightens Coloreds. It is well adapted for Washing Machines.

## LIQUID BLUEING.

Most of the blueing sold is poor stuff, leaving specks in the clothes. To avoid this, people should purchase ours, as it will be found much cheaper and more reliable. It is also a magnificent and durable BLUEING.

We desire our customers to understand, most distinctly, that we are not the persons to palm off on the public any spurious or inferior articles. To prove this we desire them to try our goods, and if they fail to give entire satisfaction, we here declare our perfect willingness to take them back and refund the means received therefor.

In addition to this, the Florence has received  
 the verdict of

POPULAR APPROVAL  
 ALL OVER THE WORLD.

As evidenced by its  
 IMMENSE SALE!

And Universal Favor.

There are three hundred Florence  
 Sewing Machines in Utah Territory,  
 sold by former agents, and by Chicago  
 and St. Louis Agents.

In answer to advertisement offering to  
 attend to any not giving satisfaction,  
 free of charge, three Machines have been  
 presented, needing slight repairs, JUST  
 ONE IN ONE HUNDRED, after four  
 years of service.

MRS. JOSEPH BULL, in the 17th Ward, has  
 purchased a Florence Sewing Machine. We  
 are permitted to refer to her and extend our re-  
 commendation of a mark of superiority, as Mrs. Bull  
 has had much experience in the use of various  
 Sewing Machines.

MRS. SPIRING, Dressmaker, 14th Ward, says:  
 "I have used a Florence Family Sewing Ma-  
 chine for several years past, and it is always  
 constantly in use, and during that time it has  
 never dropped a stitch, or been out of order a  
 minute."

CAPT. HOOPER says: "I have a  
 and a Florence in my family. For several  
 families use the Florence is the best."

MRS. PIERCE, living in the 10th Ward, says:  
 "I have a Florence Sewing Machine, and it is  
 the best I have ever used. It is simple in  
 the use of a first class Sewing Machine.  
 Simplicity, reliability, quiet and rapid motion.  
 MR. SMITH, of W. F. & Co., purchased a Flo-  
 rence about two weeks ago. A few days after,  
 MRS. MURF, purchased one, and now another  
 of Wells, Fargo & Co.'s employees is about pur-  
 chasing. Thus proving the practical test of the  
 Florence Sewing Machine is its own best recom-  
 mendation."

MRS. SHURTLEFF, of Mill Creek, says: "I  
 am delighted with my Florence. I don't believe  
 anybody would purchase any other Machine if  
 they would once give the Florence a fair trial."

COL. JACKSON, brought a Sewing Machine  
 up from St. George, for repairs; but could find  
 no one in Salt Lake able to fix it. Lock a new  
 FLORENCE home with him last week, as he  
 was determined to have a RELIABLE SEW-  
 ING MACHINE before leaving it two hun-  
 dred miles home.

MRS. STEVENSON and MRS. CRANDELL, of  
 Spring Hill, purchased Florence Sewing Ma-  
 chines last week, after carefully examining  
 to the merits and demerits of the various Sew-  
 ing machines on sale in this City.

DAVID MILLER, WILLIAM MILLER, MRS.  
 SHURTLEFF, and several others, at and near  
 Fa mine on have with in the last few weeks  
 purchased Florence Family Sewing Machines,  
 after satisfying themselves of their great supe-  
 riority.

MR. JEREMY, WILLIAM SLOAN, MRS.  
 STRABLOE, and W. D. BROWN, of Salt  
 Lake City, have recently purchased Florence  
 Machines.

The Florence is the latest improvement in  
 Sewing Machines, embodying the good quali-  
 ties of the older machines with other new and  
 eminently useful features, the result of years of  
 careful labor, making it a most COMPLETE AND  
 PRACTICAL Machine, easily managed, and re-  
 quiring but little skill and experience to op-  
 erate it successfully.

The Florence will sew everything needed in a  
 family, from the heaviest to the lightest fabric;  
 and it is seldom if ever necessary to make any  
 change in the machine for different kinds of  
 work. It is the only machine that can sew in  
 more than one direction, having a reversible  
 foot. It is the only machine having a self-  
 adjusting shuttle tension—a great improvement.  
 It is the only machine making more than one  
 kind of stitch. It is the only machine that ties  
 the thread at the end of a seam, doing it better  
 and quicker than a needle and thread.

The lock stitch of the Florence (both sides of  
 seam alike) differs from the lock stitch made  
 by other machines in elasticity. The seam with  
 stretch as much as the cloth, never giving way  
 in washing, which is of the greatest importance  
 in the sewing for a family. The lock stitch of  
 the Florence is more like good hand sewing.  
 Both sides being alike, either side may be the  
 right side, and the fabric can be sewed either  
 side up or down, as most convenient.

Nothing can exceed the care taken by the  
 Florence Company in the manufacture of their  
 machines, every part receiving a systematic  
 and most faithful inspection, saving all trouble  
 afterwards, no purchaser having paid a cent for  
 repairs in the five years since its introduction.  
 Its reputation as being reliable and durable,  
 is established. So little attention do they need  
 that we will fix any machine sold by us, for  
 nothing, and pay freight both ways from any  
 place within a thousand miles of Salt Lake  
 City, if informed that it don't work well, or  
 needs repairs in the five years since its introduction.  
 A careful examination will fully substantiate  
 all that we have claimed for it, and justify the  
 assertion we now make, that it is the best Sew-  
 ing Machine in the world.

We warrant every Machine to be all that we  
 claim for it, and will give a written warranty if  
 required.
